Hilltop Is Proud Of Dick Hoover

It has been a pleasure to work on a committee this past week making arrangements for "Dick Hoover Day" at the Red Bird Stadium on Saturday of this week.

Dick, a former West High boy who made good in baseball and is now pitching for the Minneapolis Millers, comes back here Saturday to play against the Red Birds and it is hoped the community and city at large will turn out to give a home town boy a big hand.

Numerous gifts are to be presented him that day and anyone desiring to add to the list is asked to have said gift at the Record office by noon Saturday so it may be presented with those from the Hilltop.

"Dick has gone a long way in baseball, and is such a fine boy with it," has been a typical comment of all who know the boy.

The Hilltop is proud of Dick Hoover. Good Luck!

West Students Take Over Next Week

This corner as well as all corners of The Hilltop Record will be taken over next week by West High students, members of the journalism class.

Several years before the war we instituted this program of having members of the Occident staff down to edit the paper for one week. During the war we were so short handed we were unable to give it proper supervision and so now again we are back to normal and glad to welcome these students to our offices.

Each year the athletic teams at the local school are banqueted and given proper recognition but little is done for other types of extracurricular activities. In our small way we have taken it upon ourselves to give this due recognition to some of the students who work hard all year in the production of the school paper. It is our hope the experience will be of value to them.

Following next week's paper a luncheon in their honor will be held at Schmelzer's Restaurant.

His Majesty's Military Cross Will Be Awarded Local Man

Notice was received this week by Capt. Henry Melragon, 3587 Packside-rd, that he will be awarded His Majesty's Military Cross in special ceremonies to be held in Cincinnati May 17. The presentation will be made by Lord Ivercharged, representing His Majesty, The King of England.

The citation is being made in recognition of his services in the vicinity of Luttrebois, Belgium, during December, 1944.

Prior to receiving this award, Capt. Melragon has received the Silver Star, Purple Heart with two Oak Leaf Clusters, two Croix de Guerre with Palm, Presidential Unit Citation, four Bronze Battle Stars and one combat infantry badge.

He took part in the battles of Southern France, Bastogne and Germany with the 4th Armored Division which spearheaded the drive of General Patton's 3rd Army. He spent two years in a medical hospital recovering from seven battle wounds.

Commanded Small Force

While still a 1st Lieutenant, he was given command of a small task force consisting of a platoon of infantry and three medium tanks with the mission of clearing some woods running along the route Arlon-Bastogne Highway. Heavy small arms fire was encountered but Lt. Melragon's force of tanks and infantry succeeded in dislodging the enemy.

The American troops pursued the enemy force through the wooded area and up to the edge of the town of Luttrebois, Belgium. While he waited for instructions, Lt. Melragon, with two men, set out on a patrol to locate the troops on his left flank.

While halted, he noticed a group of 15 enemy soldiers approaching. He opened fire, killing 12 of them. For more than two hours the enemy attempted to assault or infiltrate the thin defensive perimeter that had been set up by the Americans but the attacks were beaten off.

Capt. Melragon, 36, is married and the father of three children. He is a graduate of Aquinas High School and Ohio State University.

He Rates Tops In Scholarship

Richard J. Edris

Richard Edris, 82 N. Roys-av, recently earned 246 points out of a possible 300 to rank West High School fourth in the list of greater Columbus schools in the senior scholarship tests conducted at Ohio State University.

Richard Laymon, 345 S. Eureka-av, was close behind with a 244 to give West the fifth position as well.

Anniversary Editions Still Available

Persons who did not get a copy of the 30th anniversary edition of The Hilltop Record published on Sunday may get them at local news stands while they last. Hundreds of extra copies of the 64-page issue were delivered during the early part of the week.

A few complaints were called in to the office Monday due to papers being blown off porches or otherwise damaged in handling. These were taken care of as promptly as possible. If any subscriber failed to get his copy of the paper or some portion of it was missing or damaged, a call to the Record, RA. 1125, will bring a complete new copy. (The paper was made up of Sections A through H, inclusive.)

Judge Rose To Speak Today On Juvenile Delinquency

"Responsibility for Juvenile Delinquency" is the subject of an address to be given today by Clayton W. Rose, judge of the Court of Domestic Relations, before the Hilltop Kiwanis Club.

The meeting will serve as "kick off" for the start of the Hilltop Juvenile Council. Personnel for a major part of the council was approved last week at a meeting of the executive board of the Kiwanis group.

The idea of the board has been developed by Don Smith, local attorney, who is chairman of the underprevileged children's committee of the Kiwanis Club. It is patterned after similar councils functioning in cities throughout the West.

Miss Genevieve Taylor, referee of the juvenile section of the domestic relations court, will serve as advisor in setting up the local council. A time and place for the first meeting will be announced in a few days.

The plan of the council calls for local consideration of youth problems involving delinquency in cooperation with law enforcement and court officials. It is made up of persons experienced in handling young people.

The May 8 meeting of the local Kiwanis Club will be held at Glenwood Methodist Church in the evening. A Mother's Day program has been planned.

Saturday Jobs Will Aid YMCA Re-build Centers

Are there any odd jobs to be done around your home or place of business? If so there is an excellent opportunity to help some Hi-Y member at West High School help out on a worthy cause.

On Saturday, May 3, members of the local club, together with students from the other city high schools, will do all sorts of odd jobs in their respective neighborhoods. The money which they earn will be turned in to the club to be applied on a city-wide goal of $2000 in the nation-wide World Restoration Fund drive. The money will be used to help rebuild the 105 YMCA's that were destroyed during the war.

A call to RA. 0267 will schedule you for work to be done by some local student.

The climax of the evening will be the awarding of the $1,000 prize.

R. J. Finneran grand knight, extends a cordial invitation to the people of the community to inspect the new quarters.

Two Are Hurt In Saturday Crash

Two persons were injured Saturday evening in an accident involving four autos at Eureka-av and Broad-st.

Officers said Charles Kuhlwein, 58, of 845 Thomas-av, stopped for a traffic light at the intersection and his car was struck from the rear by an auto driven by Elza Thornberry, 55, of 333 S. Harris-av, knocking the Kuhlwein auto into two other cars. Kuhlwein and Thornberry were treated for cuts and bruises in Mt. Carmel Hospital.

Emergency squadmen who started to the scene were unable to complete their run when the squad car broke down because of carburetor trouble. Police completed the run.

Hilltop Evangelical Lutheran Church

Building Addition To Get Under Way

Ground breaking ceremonies, launching an ultimate $100,000 addition to the Hilltop Evangelical Lutheran Church, will be held at 3 p. m. Sunday on the church-owned property at the rear of the present structure at Broad-st and Terrace-av.

Only the basement portion of the new stone-finish addition will be completed at the present time, due to scarcity of materials and government restrictions.

This portion will include a church school auditorium, with stage; Sunday School classroom facilities and church parlors.

The pastor, Rev. Russell J. Olson, will be in charge of the ground breaking ceremonies and will turn the first soil. The church's former pastor, Rev. Carveth P. Mitchell, will deliver the address.

The church's vested choir, under the direction of Roy Baumgardner, will sing special music.

The committee arranging the program is headed by L. O. Pearch, 25 N. Burgess-av, and Mr. Baumgardner.

B. L. Emrich, 2608 W. Broad-st, is chairman of the planning committee for the church addition. The architect for the structure is Ralph Orr. The contractors are Earl Pfaltzgraf and Harley Conrad.

The Hilltop Evangelical Lutheran Church was organized Aug. 16, 1916, and the present church building was erected in 1919. It now has a membership of 400. W. B. Dilsaver, 149 S. Westgate-av, is the lay vice-president of the church congregation.

Dr. E. F. McNamee, 2543 Sullivant-av, and his committee were busy this week completing arrangements for the annual Hilltop Business Association spring dance-dance. The affair will be held at the Beechcroft May 6.

Other committee members are Bill Cook, Bob Miller, Sandy Hendricks and Tom Sawyer.

Sale of tickets, cut short by overbuying, was closed by noon Saturday of this week. Tickets have been placed on sale at Cook's Tobacco Service, 2714 Sullivant-av, and the Record Shop, 2502 W. Broad-st.

16-Page Section On Store Opening

The largest grocery advertising section ever used by a Hilltop firm is contained in a special 16-page tabloid supplement in today's Hilltop Record, advertising the grand opening of the new Sparks-Kent Food Market today, Friday and Saturday.

The firm will have free gifts for all who visit them during the opening.

Wholesalers have cooperated to provide the firm with very outstanding opening specials that should attract hundreds of food buyers this week-end.

Numerous photos of the new market are contained in the supplement.

A Hilltop man, "Ziggy" Coyle, and his orchestra will furnish music for dancing.

April Showers Upset Cowboy Diamond Plans

April showers (of which there have been many) continued to play havoc with the schedule of the City League Baseball teams this week.

West was scheduled to play North at Magly Field Tuesday afternoon but was rained out. The Cowboys were to have played off the postponed game with Central on the Central diamond on Wednesday, weather permitting.

Thursday Coach George Williams is to take his squad to St. Charles and then go to Chillicothe Saturday.

Boosters To Buy Trophies For Relays

The West High Boosters' Club in a called meeting Tuesday night voted to spend $40 to purchase trophies to be given at the first Hilltop Relays to be held at Magly Field on the evening of May 23.

Coach Rufe Glass said that amount would make available an individual, two junior high and one major trophy for the winning team in the meet. The six city league schools will each enter teams in the event as well as all junior high schools.

Football Coach Mack Pemberton reported that the electric scoreboard will be installed this summer in time for night football next September. Plans for the press box are now in the hands of the architect at the Columbus Board of Education.

Plans are shaping up for the second paper drive this year to be put on by the West High Boosters Club for the benefit of improvements to Magly Field.

M. E. (Jack) Sensenbrenner, 335 Guernsey-av, will again head the drive to be held May 25. Dick Francis, 370 S. Richardson-av, is president of the club.

Proceeds from this drive will be used to build a press box on the stadium at Magly Field.

School Roundup Starts Today

Parents of children expecting to enroll for the first time in Hilltop elementary schools are asked to contact their school for an appointment for registration and examination, starting today and continuing throughout the month.

Any child who will reach the age of six before Jan. 31, 1948, is eligible to start to school in September. The schedule of the school nurse during the month is as follows:

Highland Avenue — Monday afternoon: Thursday morning.
West Broad—Tuesday morning: Friday afternoon.
John Burroughs — Monday morning: Wednesday 10:30 a.m. to 3:30 p. m.; Friday morning.
West Mound—Wednesday, 9 to 10 a. m.

Seniors Prepare For Class Play

"You Can't Take It With You," the Pulitzer prize winning play of a few seasons back, will be presented by the senior class of West High School May 16.

Rehearsals have been under way for several days. Tickets for the one-night performance are on sale at the school office. All seats will be reserved.

Mrs. Evelyn Hall is the director. Student directors are Phyllis Smith, Margie Mitchell, Joan Fondaw and Barbara Coffman.

Walt Schum To Play Saturday Night Dance

Saturday night the Teen Canteen will feature Walt Schum and his orchestra in one of the dance series.

The dance will be of a different style than usual. It will be cabaret or night club style. Tables will be placed around the ballroom but will not interfere with the dancing. Refreshments will be had and the admission prices will range from 25c for members to 50c for non-members.

Another reminder to members: Dues should be paid some time this week to avoid getting behind.

This past week the Canteen staged a ping-pong tournament with Ronald Bryant taking a very close decision over Vic Lehmkuhl to take Class A. Dick Hershberger took Class B and Doris Johnson won in Class C. The winners received their prizes last Saturday at the dance.

During this present week the Canteen is having a pool tournament and is putting the finishing touches on the checker and chess tournaments.

Next Tuesday a general meeting has been called for the Canteen members and Jake Jacques, president of the Canteen, has advised every one who can to please attend. A number of important subjects will be discussed.

Antique Furniture Is Stolen Tuesday

Antique furniture and imported Japanese figurines, valued at $800, were stolen from a garage at the home of Grace Smith, 51 N. Huron-av, Tuesday morning, police reported.

Twenty boxes of small figurines and an antique desk, five antique chairs, an antique rocker and a table model radio were among the loot.

HCC Meeting To Be Thursday

The Hilltop Community Council will meet at the Teen Canteen, W. Broad-st and Burgess-av, Thursday night at 8 o'clock. It will be the regular May meeting, with Phil Stout, president of the council, in charge.

Reports of special committees will be heard at that time.

Pistol Tournament Plans Are Complete

The Hilltop will be host to a state pistol tournament at the Columbus Police Pistol Range, 2609 McKinley-av, on May 25.

The 12-match event is being sponsored by the Central Ohio Pistol League. A gold medal will go to the winner of each match regardless of class.

The range is open for practice on Saturday afternoons.

Hilltop Merchants Slow To Follow Price Cut Program

Hilltop merchants have not gone "all out" on President Truman's appeal to cut prices to stem inflation.

A glance at business places in the community show only a few merchants who have cut prices on a store-wide scale. In one case a straight 10 per cent cut had been put into effect while another store reported even greater reductions on some merchandise.

Most merchants looked upon the plan as only a temporary measure that cannot be maintained in view of continued high prices from wholesalers.

Trustees To Get Petition For Election

Franklin Township Trustees are expected to be faced with a petition from residents living west of the city limits again tonight.

The controversy over calling a special election to determine how many of the persons in the Camp Chase area desire an incorporation is expected to come out in the open again at this May meeting of the township officials.

Robert M. Draner, 74 N. Roys-av, attorney for the sponsors of the incorporation plan, will present the petition bearing "40 or more" signatures asking that a special election be held to determine the will of the voters living in that area.

The trustees have taken the stand that calling the election is outside of their jurisdiction. A supreme court ruling on the case several months ago favored the township officials.

Ed. Lantz, 325 Derrer-rd, is sponsor of the petition.

"Dick Hoover Day" Is Saturday —

Former West Pitching Ace To Be Honored Here Sat.

Not so many years ago Dick Hoover attended the ball games at Red Bird Stadium as a member of the Knot Hole Gang.

Saturday he will make his Columbus pitching debut in the "big time" before a Knot Hole crowd that has proclaimed the occasion as "Dick Hoover Day." He will be giving those youngsters the same sort of thrill he experienced watching the "pros" back in the days when he himself was playing sandlot ball.

There will be many grown-ups in the crowd too—particularly Hoover's friends (he has many) and former classmates at West High School, where he was a pitching sensation.

When it became known on the Hilltop that one of its "sons" is to be honored by the Knotholers, plans were gotten under way to make it "Hilltop Day" at the stadium.

Edgar Planck, president of the Hilltop Kiwanis Club, and Dr. R. J. Miller, president of the Hilltop Business Association, were appointed by Mayor James Rhodes to serve as co-chairmen in making arrangements for pre-game ceremonies honoring Hoover.

It was understood that gifts are to be presented from the two organizations and from the West High Alumni Association during the ceremonies scheduled to start at 2:15 p. m. The game itself will get under way at 2:30 o'clock.

Planck and Miller asked that if any individuals had gifts they would like to have presented at the game they should be brought to The Hilltop Record office, 2465 W. Broad-st, before noon Saturday. They will be included in the presentation at the stadium.

Knothole Gates To Open At 1:30: Tickets Available

The City Recreation Department announced that the Knothole gates would be open at 1:30 to admit the large crowd of boys and girls expected. The gate used by the boys is the last one on the west side of the stadium. The girls will use the No. 1 gate on the north side of the stadium.

Knothole tickets may be purchased at the recreation office or at the game Saturday. A dime admits boys and girls to all of the games designated as "Knothole Day."

Dick Hoover

Dick will record the mound for the Minneapolis Millers when they meet our Columbus Red Birds in the first series of the year between the two teams. There will be some mixed emotions in the crowd too, as loyal Bird fans find it difficult to root against their favorite team and at the same time hope to see a victory for the Hilltop's own Dick Hoover. But, win or lose, Dick will be in there throwing 'em for all he's worth.

The 21-year-old left hander is starting the season with the Millers after almost a year with the Jersey City Club in the International League. He is the property of the New York Giants and worked out with the major league team this spring—being one of the last pitchers cut from the roster. He signed with the Giants shortly afterward, ending his high school career. He helped pitch West to three straight championships.

His first season in organized baseball was with the Bristol

Style Show At West High School Will Be Long Remembered By All

Long remembered will be the style show, "Spring's New Dimensions," which was presented by the West High School Home Economics Department April 22, under the direction of Miss Rhoda O'Hara.

The garments were modeled by the young seamstresses themselves, and Harriet Worthington commentated about the newest and latest as the girls made their way across the auditorium stage. There were showings of sackdresses; skirts, of all materials, styles and drapes; pedal pushers, slacks and summer play clothes; dresses, afternoon and dinner; suits and coats; negligees, brunch coats, and robes. These ensembles were all admired by the PTA members who were the guests.

The climax came when, after two appropriate solos by Jo Heischman, Pat Perry modeled a wedding gown made by Freda Baas Elder, '43, and was preceded down the aisle by Freda's bridesmaids, whose dresses she had also made. The bridal gown was of white satin, styled with a sweetheart neckline, long sleeves pointed over the hands, and a long train. The "bride" carried a white prayer book and a white orchid.

The style show was followed by a tea served the PTA by the food classes. The afternoon was enjoyed by those attending.

She Was Bride Of Clifford Kronk

Mrs. Clifford N. Kronk, Jr.

Candelabra, palm, fern and spring flowers formed the background design for the marriage of Miss Jessie C. Ridenour to Mr. Clifford N. Kronk, Jr., on April 19 at 3:30 o'clock. The bride is the daughter of Mrs. Faye Ridenour, 359 S. Warren-av, and the groom is the son of Mr. and Mrs. Clifford N. Kronk, Sr., of London. Rev. Winget of Lafayette performed the ceremony in the bride's home.

Miss Nancy Ridenour attended her sister as maid of honor and Mr. Willis Godden of West Jefferson acted as best man.

A reception for the immediate families was held at the bride's home immediately following the wedding service.

The bride is a graduate of Grove City High School and is now associated with the Ohio Farm Bureau. The bridegroom graduated from West Jefferson High School and is employed at the Lennox Furnace Co.

After a short wedding trip, the couple now resides temporarily at 359 S. Warren-av.

"that's a fine home you're building!"

YES, I think I'm going to like it.

I wish I had a home of my own.

Well, why not?

My wife has the idea that it would be a great worry if anything happened to me.

Nothing to it, my boy. The arrangements I've made with the SUN LIFE OF CANADA will clear the mortgage in the event of my untimely death.

I never thought of that. What about the cost?

Insignificant! In fact, it adds very little to the carrying charge of the mortgage.

IF you are a home-owner, make your investment safe for posterity. A SUN LIFE man will be glad to talk it over with you.

She's Featured In "Stairway To Heaven"

Kim Hunter

For the first time in the history of Columbus, a first run motion picture will be presented simultaneously in five theatres when "Stairway to Heaven," the "command performance" film, opens full week engagements at the new Esquire, University, Westmont Beechwold and Boulevard Theatres, Wednesday, May 7.

Brought here direct from record-breaking $2.40 reserved seat engagements in New York, Boston, Chicago and Los Angeles "Stairway to Heaven" will be shown at regular first-run prices.

Starring David Niven, Raymond Massey, Roger Livesey and Kim Hunter, this film was produced in the new chromatic technicolor process by J. Arthur Rank in London, and was honored by King George VI of England at the "command performance picture of 1946"—the first time any cinema had earned that distinction.

Hunting Licenses Reach New High All Over Nation

The U. S. Fish and Wildlife Service figures for the 1945-46 fiscal year ending June 30, 1946, point to an all-time peak in the sale of hunting licenses throughout the nation. Hunters during that period purchased 9,854,313 hunting licenses, breaking the peak record of 8,532,354 in 1942.

Ohio hunters during the 1945-46 season bought 579,326 licenses, placing the state in fourth position. Michigan topped the states with a sale of 827,309, Pennsylvania second with 678,228, and New York third, selling 676,117 licenses. Ohio Conservation Commissioner H. A. Rider stated this week that, although final figures will not be available until the end of the license year which ends Aug. 31 in this state, the total will probably reach 700,000 or more.

South Dakota, for the past several years a pheasant hunter's paradise for the entire nation, moved ahead of both Pennsylvania and Michigan in revenue from licenses, with a total of $1,958,331. Ohio placed sixth in total income from hunting licenseses since the state does not attempt to attract out-of-state hunters. Thousands of hunters for years have flocked to the pheasant ranges of South Dakota, where agricultural practices lend themselves naturally to the production of pheasants, and pay $20 for a license. Resident hunters of the state seldom buy more than 100,000 licenses.

All states have shown a decided increase of around 20 per cent in the sale of licenses, except Indiana, which issues free licenses to all war veterans. The total income from hunting licenses in the nation was $19,805,444 for the 1945-46 season. Sportsmen also purchased a record breaking number of 1,725,505 duck stamps for migratory waterfowl shooting. This stamp is a federal license costing $1 each.

Jackson County Club To Meet On May 7

Former Jackson County residents now living in Columbus are invited to attend the 10th anniversary meeting of the Jackson County Club which will be held Wednesday, May 7, at the Southern Hotel. A total of 400 is expected to attend.

Speakers include John A. Lloyd, former state insurance superintendent of Cincinnati, Mayor James A. Rhodes and Harold K. Schellenger, 516 Piedmont-rd, toastmaster.

The Jackson County Club was organized in 1937 and comprises former residents of that county now living in Columbus.

Committee chairmen appointments include Wayne E. Brown, 2395 Andover-rd, and Judge Cecil J. Randall, 1939 W. Broad-st, co-chairmen of the program committee.

Arrangements for the program will be announced within the next week, Mr. Branson said.

The students of the Plain City High School will present a variety show in the school auditorium Friday night, May 2, at 8 o'clock.

Pools To Be Repaired

Money was appropriated recently for the repair of the wading pools at Glenwood and Holton Parks, it was announced this week by Henry Koontz, 485 Hilltonia-av, Hilltop councilman.

These two pools have not been in use for several years because of the need of repairs.

A seven-pound, two-ounce boy was born to Mr. and Mrs. William Murray, 97 Chase-av, in St. Ann's Maternity Hospital Tuesday morning.

Softball Teams Are Ready For Season Openers Here

Its May 1 and time for activity on the softball front to start.

Here on the Hilltop softball and baseball will take on additional emphasis with the coming weeks. The West Church League is scheduled to open on May 5 with the Lutheran League set to start playing on the following Friday.

The West Church League promises some fast action this season with eight entries scheduled to open. The first round of games is set as follows:

Burgess vs West Park
Westgate Evan. vs Hoge Memorial
Hilltop Church of God vs Hilltonia
St. Aloysius vs Glenwood

All games will be played on the four diamonds out at Westgate Park

The Lutheran Athletic Association, playing under the supervision of the City Recreation Department, will use the Westgate diamonds on Friday night. There will be both senior and intermediate loops.

Senior teams include Grace, Christ, First English, St. Peter, Hilltop, Emmanuel, St. Paul (Rome), Trinity, Hope, St. John, Grove City, Faith, St. Paul (Gahanna), Zion, Obetz, Bethlehem, Zion, Martin Luther.

Intermediate Loop

Intermediate teams are Grace, Christ, Hilltop, St. Peter, Emmanuel, Clinton Heights, Trinity, Hope, St. John, Center and St. Paul.

Down at the State Hospital diamond there will be plenty of action under the lights. The Columbus Night League will use the field regularly as will the Columbus Nationals of the National Softball League when they are at home.

The lights will be on almost every night of the week once the season gets rolling and some of the best softball seen anywhere will be played there.

On Sunday evening, May 18, the 740 AC team will meet the highly rated Covington, Ky., team on the hospital diamond.

Madison Lake Offers Convenient Fishing Spot For Hilltoppers

In reply to numerous inquiries about fishing on Madison Lake six miles southeast of London, Ohio, Conservation Commissioner H. A. Rider this week stated that the lake is now complete and open to public fishing under the division of conservation's current fishing regulations.

The lake, officially named Madison Lake at the March meeting of the Conservation and Natural Resources Commission, has 108 acres of water area surrounded by a several hundred foot margin of public picnic and outdoor recreation grounds for the free use of the general public. W. R. Wheelock, in charge of the division's recreational lake park development, announced a few days ago that the shelter houses at both the east and west ends of the lake will be under construction within the next few weeks, the boat house and state office building are nearly complete and will care for the limited amount of fishing that will be done at the lake since newly opened lakes seldom produce exceptionally good fishing and therefore are not too popular the first year.

E. L. Wickliff, chief of the fish management and propagation section of the division, stated that the water level of the lake is now at normal stage and due to the lake's being located on Deer Creek, which is normally a good fishing stream, and the fact that every advantage of fish habitat facilities have been provided, Madison Lake promises to be in a few years a popular fishing area, in addition to furnishing much needed public recreation grounds.

That is about the amount in wages that striking employees could be taking home now if The Ohio Federation of Telephone Workers had accepted the offer of the company to arbitrate the wage issues. THE OFFER STILL IS OPEN.

A peaceful settlement could have gone ahead while people were at work and receiving these wages. IT COULD NOW.

Service to the public could have gone ahead without interference. IT COULD NOW.

Who is willing to pay this exhorbitant price to get compulsory union membership (union shop) and the issues other than wages . . . . and why?

The Way of Ohio Arbitration

Anyone who knows telephone workers knows that their wages and working conditions are favorable. Telephone wages should fit Ohio conditions because Ohioans pay the telephone rates that pay telephone wages—and they have no way of shopping around for telephone service. Telephone wages should fit the pattern of the community.

It makes sense to arbitrate Ohio wages in Ohio and get a settlement that is fair to everybody concerned—and do it now.

THE STRUGGLE FOR POWER IN A NATIONAL TELEPHONE UNION SHOULD NOT BE ALLOWED TO STAND IN THE WAY OF SUCH A FAIR DEAL TO THE EMPLOYEES AND TO THE PUBLIC

The Ohio Bell Telephone Company

The company sincerely appreciates the cooperation and understanding of its customers and thousands of favorable comments which it has received. The company will continue to do everything possible to complete calls.

West Bows To Springfield

Coach George Williams took his West High baseball team to Springfield Monday and came out the loser by an 8 to 4 score.

Chuck Weeks pitched for the Cowboys, giving up seven hits, but lacking in control for a couple of costly innings when he walked nine batters.

The Cowboys were held at three hits, two of them going to Pitcher Weeks. Chinn worked behind the plate for West. The Springfield battery was Lucas and Clark.

Springfield was charged with two errors while the Cowboys played flawless ball all the way.

The score by innings was as follows:

West	0	0	0	0	1	0	3	—4
S'field	0	0	0	4	1	3		—8

West Trackmen In Fast Company

Competing against a field of 1700 of the state's best scholastic track athletes, West High eked out two points in the Ohio Wesleyan Relays held at Delaware Saturday.

The three-man team of Smith, Lohr and Hicks jumped a total of 60 feet, one inch, but it was only good enough for fourth place this year, the Cleveland East team taking first place in the event with 62 feet, six inches. Last year the West mark would have come close to winning first place.

Springfield won the relays in what was described as an outstanding field of track material representing 80 teams in both Class A and B schools. Six new records — three individual and three team—were recorded.

Plans are rapidly taking form for the first Hilltop Relays to be held at Magly Field May 23. Field events will start at 6 o'clock while the running races will get under way at 7 o'clock. Arrangements are being worked out to have trophies given in the outstanding events.

The Junior high quadrangular meet, rained out last week, will be held tomorrow at Magly Field, weather permitting.

Yesterday afternoon the varsity squad was scheduled to play host to Newark and Saturday the Cowboys are to enter the Newark Relays at Newark.

Republican Women To Meet

The Women's Republican Club of Ohio, Inc., will have as their guest speaker, Dr. Carroll Lewis, superintendent of White Cross Hospital, when they meet Friday evening, May 2, at the Southern Hotel at 8 o'clock.

A quartet from the legislature will render a program of music under the direction of Representative Robert W. Dunkle of Ross County.

Youngsters "Push Leather" Here

Rev. Edgar Hoffman, assistant pastor of St. Mary Magdalene Church, referees a bout between Robert Schwarz, 6, of 715 Wiltshire-rd, left, and Bobbie Wolf, 6, of 788 Chestershire-rd.

Wednesday night is a big night in the lives of youngsters who take advantage of the recreation program in the basement of the St. Mary Magdalene School. Each week upwards of 200 boys and girls from the first grade on up gather to back their favorites in the boxing bouts.

Rev. Raymond Bauschard, pastor of the church, started the program in 1935. It is only a part of an expanded recreation program being developed by the school and church. A large athletic field between Roys-av and Powell-av, just east of the parish house, is gradually being equipped for a year-round center.

The boxing bouts stimulate much enthusiasm among the youngsters. Boys are invited to post their names during the week along with the boy each would like to have as his opponent. Matches are then arranged with that as a basis providing there is not too much difference in their sizes.

Women Shoppers Plan Price Cut Drive

The Columbus League of Women Shoppers in line with the policy of the National League is planning a long range campaign against the high living costs prevalent today. League branches throughout the United States have successfully waged campaigns of protest against the constantly rising prices since the end of price control. In Omaha, New York, New Jersey and other areas, league programs had the cooperation of the majority of the merchants. Price cuts on many items up to 50 per cent followed these campaigns.

As a wind-up to the campaign, league members are also planning a housewives' rally about the last week in May. The time, place and speakers will be announced at a later date.

Hill Climb Set For Sunday P. M.

The Buckeye Motorcycle Club of Columbus will stage another of its motorcycle hill climbs Sunday at the Club Hill, located three miles east of Westerville. The event will start at 2:30 p. m., rain or shine (provided there is not too much rain). A small amount of rain makes the climb more interesting

The top professional riders of the country will be on hand to compete against Columbus talent, of which there is plenty, in the well known names of Willard "Red" Bryan, A. W. French, Clarence Eichner, Spike Jenkins and Shorty Cramer.

This will be the first and only event of its kind in central Ohio this season. The first event always proves to be the "thriller" as the boys are always a bit rusty from their winter layoff. This hill is a tricky but short one, and a 100-second electric operated stop watch is needed to determine the winners

Water Carnival To Be Held On May 17

The final program of the Community Junior Theater series, a water carnival at the Ohio State University Natatorium, previously scheduled for May 10, has been postponed until May 17.

Complete plans for the two performances of this popular event will be announced soon. Tickets issued for May 10 will be honored May 17.

May 1 Is Our Third Anniversary

We take this opportunity to thank our friends and customers for their patronage during the three years we have been in business in the community.

We shall continue to give the kind of service that will merit your continued support and good will.

It's Your Strike, Too

The remark of a friend the other day upon seeing the pickets out in front of a local store brings out a point every American should consider.

"I'm helping to pay for that strike," was the remark as we drove past the store that at the moment was having labor difficulties.

How true! How true!

Whether or not we care to admit it, the cost of every strike, national or local, goes right back to the ultimate consumer of the product involved. If you're in business for yourself the effect may be seen in the number of dollars available to buy the goods or services sion you pay in the form of increased prices and deflated you have to sell. If you're on a salary or on a commisdollar values.

We as Americans pride ourselves on enjoying the privilege of working or not working as we see fit and how thankful we should be that this is so. But when we band ourselves together in the form of an organized strike to serve as a bargaining weapon to force our demands on some one else we are disturbing the economic balance of every individual directly or indirectly.

We do not condemn the right to strike but it's time every thinking person concerned himself with issues involved in strikes and voiced himself accordingly. As long as the public takes a passive "I don't care" attitude the use of the indiscriminate strike as a bargaining weapon will continue to be used.

So whether or not you like it—it's your strike too. You're the one who will eventually pay the bill.

Around West High

By Janet Baker and Judy Jones

About 10 persons from West went to Ohio State last Saturday to learn all about tennis. Marjorie Swain, Martha Smith and Shirley Bailey were not able to lift their arms after two or three hours of strenuous (?) practice. Senior play practice is getting along very— very— well, okay, anyway. Ditty Barfield with ye olde south accent sounds like a southern mammy! The girls' volleyball teams played some games with North High last week. The atmosphere here at school just wasn't right that day for some of our players, so, as a result, we were not able to get our usual high score. In other words, North really took us for a ride.

A sport that is relatively new at West is golf. Five boys, Bob Hakola, Don Cross, Vincent Oddi, Gene De Paul, make up our golf team. They have won every match except one, that with North.

The National Honor Assembly last Tuesday with Harlan Hatcher, dean at Ohio State, as speaker, showed us all that if we would work just a little harder maybe we could make the grade, too!

Commencement time is drawing near and with it comes the practice of the graduation songs we are to sing. One song entitled "Hiking," which has a part that is supposed to be whistled, is well liked by some people. One reason which explains this is that it will be the first time they have been able to whistle in school without being reprimanded. Congrats to those people who were chosen to edit the Record this week. Tonight West's baseball team has a game with St. Charles, and Saturday [illegible] with Chillicothe.

Be seeing you.

CALL OR WRITE

We're glad we did not write . . .
We would have never known
A hill slope covered with
Blue chickory, wind-blown.

Red apple boughs that framed
A pane with ruby light,
And a small bird swaying there
Half hidden in leafy light.

Though the owner praised the roof,
Each sturdy rafter and sill,
We bought the window and
The chickory-covered hill.

IRONY

The irony forever mine
works in me once again—
To hold a pod of loveliness
and reap a bed of pain.

I gather rapture in my hands,
and fearful, hold it there—
So garmented, so shut-away,
it dies for need of air.

SILENCE

Silence is sweet—and sly—
Like soothing fingers of rain
Cool on the fevered brow
Of the unslaked earth, like pain
That skirts the windowless mind,
A dark beast prowling in the night.
Or waits in the meadows of dawn
For a bird's first flight.
Silence is shadow—and sun—
The pit, and the lighted door;
The surfeited ear eludes
The clutch of the sound before,
And stands in an instant's triumph
To listen and rejoice,
Only to find the echo
Louder than the voice.

On The Move Again

The dusty fields south of Naples were virtually crawling with soldiers, awaiting the invasion of Southern France. The entire might of the U. S. Seventh Army was being coiled there to strike at the beaches. The harbor at Naples was crowded with ships. The dirt roads, which were interwoven through the whole area, bore the weight of all the military traffic. Soldiers, bivouaced at the sides of roads, were covered constantly with dust. Water had to be hauled several miles and was at a premium. At night it was possible to attend a movie in an outdoor theater. Thousands of OD clad soldiers sat on the ground in a large field. Some were as far as 500 feet from the screen. The sound could be heard a mile away.

Fuller

These troops were veterans. They had seen action in Africa and Italy. Several historic campaigns were already behind them.

German "recon" planes were nearly always over the area and the harbor. What was to come off was no secret to them or to us. In fact, almost every Italian civilian guessed it too.

A few days prior to the invasion, assault troops began to move to the transports. Eagerly followed were the reports of the great advances of the Allied forces in Northern France, which had broken out at St. Lo and were moving rapidly toward Paris. This news was an excellent morale builder.

Gradually the area emptied. The invasion was nearing. We moved out of the dust bowl into Bagnoli, a suburb of Naples, where a former college had been converted into housing for troops. We could see the harbor jammed with shipping. Every night the anti-aircraft units set up there would fire spasmodically at the high flying reconnaissance planes. This at first resulted in a mad dash to the shelters by our bomb leery outfit. Finally we became accustomed to it, but being awakened at 3 a. m. by the blast of a 90 mm. ack-ack gun a few hundred feet away isn't the most pleasant sensation in the world.

This was the same Bagnoli we had come through several months previously on our way to join the Fifth Army. Conditions had improved immensely. Starving people no longer gathered around every chow line or rummaged through the garbage dumps for food. The problem was still severe but had been relieved somewhat. From the top of the hill we could see an enclosure below. It was a small barbed wire cage and inside were an Italian man and his small daughter. A guard patrolled outside to see that they did not escape.

Reap a Profit

We were informed they were being punished for stealing food. They had to stay in the cage three days without anything to eat because they had been caught pilfering enough to keep alive. In this case we were more sympathetic with the criminals than with the authorities. The entire company tested its throwing ability by hurling boxes of K rations into the little enclosure. Those that missed the mark were picked up by the guard, who figured it would be a good idea to turn them over to the unfortunate man, especially since about 150 pretty husky GI's thought it would be a good idea, also. The Italian father and his little girl profited by their turn in jail to the tune of about two weeks' supply of food.

We awakened one morning to find the Bay of Naples empty. The ships had moved. Then we received our orders. We went by truck to the docks where we were taken aboard small Higgins boats which transported us out into deep water where we boarded a large transport. In a few hours the convoy began to move. Slowly the coast of Italy faded into the distance. We were off for France.

Boyhood Ambition

A lawyer was making a speech. "When a boy," he cleared his throat, "I wanted above all else to be a pirate."

From the back of the hall came this retort:

"You're lucky. Not everyone gets to realize his ambition."—By Daniel F. Lindsay.

Conditioned Reflex

The ship's gunner was home on leave, sitting peacefully before the kitchen fireplace with the family cat. His wife had some shopping to do, and before she left she warned him to keep an eye on the fire.

But the gunner fell asleep.

Cat in lap, two hours passed. And the fire died.

When his wife returned, she took one look at the cold fireplace and ranted: "Fire!"

The startled husband scrambled to his feet, grabbed the cat by the tail, tore open the oven door, rammed the cat inside, slammed the door, stood at attention, and shouted: "Number Two Gun ready!" — By Tom Gootee.

News of Rome

By Mrs. E. C. Sheets

I. A. Thompson, Lawrence-av, who has been on the sick list for several weeks, is reported O.K. again.

Mrs. Hutchinson, formerly of Rome, now of Marietta, was visiting with Mrs. Brooks over last week-end. She came to attend the wedding of Jonathan Richardson, son of J. L. V. Richardson, Maple-dr.

Jonathan Richardson and Dorothy Jane Riddle, daughter of Mr. and Mrs. George Riddle of W. Broad-st, were married Saturday morning, April 19, in the rectory of St. Cecelia Church. They are now at home at 57 S. Harris-av.

Mrs. E. E. Palmer and three little daughters of Osborne, Ohio, are visiting her mother, Mrs. Albert Caris, Maple-dr. Mr. Palmer came over for the week-end.

Mrs. E. C. Sheets entertained Mrs. Frank Titus of Pomeroy last Wednesday.

Mrs. Hugh Cox, Buena Vista-av, entertained the Women's Sunday School Class of Columbia Heights Church last Thursday evening. There was a good attendance and the poem read by the leader, Mrs Joe Stormont, entitled "Two Sisters," regarding the Mary and Martha of the Bible, proved that two sisters of today could have the same principle. Delicious refreshments were enjoyed. The next meeting will be with Mrs. Garretson.

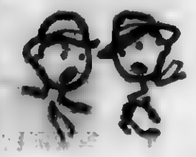
Rome has quite a number of newcomers these days, because it is a good place to live, provided you can find a house. Some of the new residents are being located here through transfer to the G. M. plant. The Shaner family, formerly of Detroit, now of Smith-rd, we are glad to welcome. Mr. Shanes is connected with General Motors. Over the week-end his parents, Mr. and Mrs. H. L. Shaner, of Detroit, paid them a visit. Their daughter, Shirley, who is remaining in Detroit to finish her senior year at high school, came down with her grandparents and after graduation will be at home on Smith-rd. Little Cookie Shaner, the five-year-old, will go back to pay her grandparents a visit. Gordon Gabriel of Detroit was also a guest of the Shaners.

Tommy Joe Lamb and Alfred Sheets were among the guests who attended the 16th birthday party for Peggy Brashear, daughter of Dr. and Mrs. Richard I. Brashear, Dublin-rd. The affair was held at the Country Club and a most enjoyable time was had by the young folks.

Mrs. M. A. Howell of Pasadena-av, who has been sick for the past week, is able to be around again.

Mrs. Joe Stormont went to Springfield Saturday night with Mr. and Mrs. Asa Bradley to attend the Norris Chapter of the OFS.

Miss Mary Patterson, Mrs. John Geihl, Mrs. Oscar Baker and her sister, Mrs. Arthur Mossman of Dayton, Mrs. Stormont and Mr. and Mrs. Lawcence Karnes attended the inspection dinner of the West Jefferson Chapter No. 492, OES, which was held at the Grange Hall in West Jefferson. Following the dinner, they retired to the Masonic Hall to view or take part in the inspection of the chapter. Blanche Rhea of Urbana, who is the deputy grand instron of the 18th District, was the inspecting officer.



The Men's Community Forum held in the basement of the Columbia Heights Church last Friday evening, proved to be one of very much interest. Much discussion took place. Many questions were asked by those who were leisurely sitting around the supper table, after enjoying the very good meal. The answers were given by men of authority on their respective subjects, including Carl Dellinger, Grover Kaderly and Elmo Spring. At this meeting the maintenance of Prairie Township was covered in detail.

W. G. Lamb was master of ceremonies. The supper was arranged by the ladies of the church. This is the last meeting of the "Forum" until next fall.

W. G. Lamb is at home, sick with a chest cold.

SUNDAY LESSON

Today's Palestine Story a Reliving Of Ancient Strife

The International Sunday School Lesson for May 4
Scripture: I Kings 12:1-5, 12-15, 19, 20

REVOLUTIONS are strange and unpredictable affairs. History shows that people will suffer grave injustices and oppressions, especially if they are under the rule of a strong hand. But when some leader arouses and organizes smoldering discontentment, action may be swift and sweeping.

The revolt of 10 tribes of Israel against Solomon's son and successor, Rehoboam, is typical. While Solomon lived he held the kingdom together.

A man named Jeroboam, "a mighty man of valor" and servant of King Solomon, had sought to lead a revolt, but had been unsuccessful and had been forced to escape to Egypt.

Now, as Rehoboam played the fool, Jeroboam had his opportunity. Returning from Egypt, he successfully led the 10 revolting tribes to the establishment of the so-called Northern Kingdom.

The story is thrilling and instructive. When the people came to Rehoboam, demanding reforms and asking that their burdens be lightened, the king requested three days to consider.

A great opportunity was his. But when the people came three days later to receive his answer, Rehoboam spoke in those tragic and memorable words of an oppressing fool: "My father made your yoke heavy, and I will add to your yoke; my father also chastised you with whips, but I will chastise you with scorpions."

It was the beginning of the end. The Northern Kingdom went down in defeat and dispersion, and the Southern Kingdom, though it continued for over 100 years, experienced defeat and captivity in Babylon.

In Palestine momentous events are happening again. Will the future see a strong Jewish nation in that Jewish homeland?

692 Pedestrians Killed In Ohio During Past Year

One thousand, eight hundred and twenty-three persons lost their lives in Ohio's motor vehicle accidents last year and more than one-third of the victims were pedestrians. "These 692 persons would be alive today if motorist and pedestrian alike used reasonable care while driving and walking," according to J. C. Hiestand, president of the Ohio State Safety Council.

The outstanding pedestrian error is crossing streets between intersections, with diagonal crossing, sometimes termed "jaywalking," a close second. Many walkers along the highway still do not use the LEFT side of the road. Unless they FACE oncoming traffic they cannot see or avoid the vehicle bearing down upon them.

Many pedestrians do not realize that a car at 30 miles per hour travels a city block while one walks across the street. Likewise, motorists overlook the fact. The combination of errors frequently brings the pedestrian in front of the car, unexpectedly. Each saw the other, but neither realized that an accident was in the making unless one or both changed speed or course.

At intersections pedestrians have the right of way over turning vehicles, and once a pedestrian has started across the street at an intersection, motor traffic should wait until the pedestrian has reached a place of safety.

Sixty per cent of pedestrian victims were over 45 years of age, so there is the possibility that some physical factors such as hearing, eyesight or agility may have presented the pedestrian from realizing his danger until too late.

Streets and highways can be safe for all if the motorist drives and the pedestrian walks the Green Cross Way—Safely.

Most Fires Can Be Prevented

Most fires can be prevented. Ninety percent of all fires, big and little, are the result of someone's carelessness or neglect. While fire prevention is generally considered a cooperative effort, yet it is largely an individual responsibility because fire hazards are mostly the result of individual carelessness.

Most people know the danger of allowing rubbish to accumulate around the home or factory. They know the danger of using defective heating equipment. People know frayed insulation on electric wires invites trouble and most people know that they should use only 15 amp fuses in the lighting circuits. They know too, the danger of putting pennies behind 'burned out" fuses. Yet these hazards are responsible for a large percentage of our fires.

There is nothing difficult about eliminating this type of fire hazard, and it means the saving of thousands of lives and millions of dollars in property values. It is your problem, and it is your life, it is your property and your job that may be involved should a fire occur in the place where you live or work.

The simple precaution of correcting hazards may save any one of us from being the victim of fire.

A Little Rain With The Sunshine

"Sweet are the uses of adversity," said Shakespeare. Longfellow confirmed that "Into each life some rain must fall." Songwriters of recent years have admonished us to "Look for the sunshine behind the clouds."

Says the Bible: "He maketh the rain to fall on the just and on the unjust." The rains of April bring forth the flowers of May. The dreary days water the fields that feed the world.

So with life's hardships and obstacles. From them springs the joys and victories of the brighter days. Adversity has its place in the lives of all of us. With a deep-rooted faith in our Creator, the rough spots of life seem smoother. Without that faith, fear and trembling assails when disaster strikes.

Attendance at church services regularly aids in the development of the faith necessary to "remove mountains." Prayers of thanksgiving, not only for life's bright moments, but its rainy days, help toward a better understanding and appreciation of all that this world has to offer in good years and lean ones.

"Remember thy Creator in the days of thy youth," and let Him and His church point the way to victory. It is good to go into the House of the Lord, for therein are "many mansions" and the uses of rainy days and fair ones are revealed more clearly.

Burn-off Plan Is Condemned On Farm Land

Ohio farm officials annually point out to the farmers of the state the injurious effect "burning-off" practices have on farm land when carried to extremes, stating that when the vegetation is burned, other parts of the soil are destroyed, including humus, soil porosity and microscopic plant and animal life necessary for plant growth, adding that it takes several years to build back these unseen resources.

Many farmers follow the practice of burning off stubble fields before plowing, believing that it destroys weed seed when actually most seeds resist a great amount of heat, especially flash fires that move rapidly across a field.

Aside from the damage to soil nutrients, the danger of starting forest fires is a serious factor to consider since about 38 per cent of the state's forest fires are started by debris burning and burning-off fires that quickly get out of control. Such fires also destroy thousands of ground nesting song and game birds and rabbit nests.

"But dear, you told me to try and stop the game when you had enough to get coal with — and I believe you have!"

HILLTOP DISTRIBUTORS OF YARDLEY QUALITY PRODUCTS

Have you ever noticed the charm and distinctive appearance that beautiful venetian blinds lend to the charm and dignity of a home? Did you know that these "newest of the new" custom-built venetian blinds and window shades are now available at 2283 W. Broad-st, RA. 7214? Daugherty's handle both wood and flexible steel venetian blinds —the steel with baked-on enamel finish. They are custom-built, not expensive yet durable.

This firm has been awarded school, church, public and semi-public building contracts as well as industrial contracts, which is evidence of their ability to supply quality and to meet any specification. They handle only venetian blinds that are practical, smart and new. They feature the most modern—those which are washable, will not rain-spot, crack or pin-hole.

Daugherty's venetian blinds are easier to clean because of the absence of perforation in which dirt can lodge. You do not pay as much as you do on shops where venetian blinds are just a side line.

All hardware is the best obtainable and is rust-proof. Cords and tape of various colors have been stocked so that the color scheme of a room can be blended.

Mr. Schmelzer has found that windows that are supposed to be mates will vary in size from one to three-quarters of an inch, therefore company employees measure all installations before blinds are custom built.

Record Subscription Special, Paper Drive to Aid West High Booster Club in Campaign

A Hilltop wide campaign for subscriptions for The Hilltop Record will be conducted during the period of Friday, May 16, to Saturday, May 24. The drive will be sponsored by the West High Booster Club in an effort to raise funds for the further improvement of the West High Staduim and athletic field and the athletic program.

In this connection The Record has announced that a subscription special will be offered at which time the public may subscribe at the rate of $1.50 per year—a savings of 50c per year.

A special assembly is being held today at West High to secure approximately 100 volunteer student workers who are interested in helping the Boosters Club in this program.

Twenty or more members of the West Boosters Club will act as supervisors in the drive, having four or five students assigned to each man, who in turn will make a complete canvass of the entire community.

The Record is making a very liberal commission allowance to the club for all new and renewal subscribers, so any subscription turned in will be aiding the school athletic program.

The price reduction will apply to both old and new subscribers. Any present subscriber whose subscription is not due for renewal is urged to extend his or her subscription at this time, thus saving 50c per year and at the same time assisting West Boosters in their compaign. Anyone desiring to subscribe for more than one year at this rate may do so and a proportionate commission will be turned over to the club.

Each student solicitor will be equipped with proper identification credentials and temporary receipt forms. In view of the fact that they will not have the exact dates of expiration of all their customers at hand an office receipt showing the proper expiration date will be returned by The Record to each individual subscriber within a few days after the subscription is turned in.

C. Carlton Hartley, publisher of The Record stated this week, "Such a price reduction is in keeping with the nation-wide effort to reduce prices and we of The Record are glad to make this offer at this time. This, plus a liberal commission to the Boosters Club is made possible by the wholesale canvass of the community, making a savings possible which in turn is passed on to the subscriber. The Boosters are to be congratulated on their fine efforts to assist West High in its athletic program and deserve the support of the citizens of the Hilltop."

Sensenbrenner Heads Drive

Jack Sensenbrenner has been assigned the additional duty as chairman of this drive as well as the paper collection drive set for Sunday, May 25.

Every cent of the money raised in both campaigns will be used for improvements for the athletic field which will include the installation of an electric scoreboard and a press box for the stadium.

Residents of the community are urged to save their old papers, magazines and rags for the Booster drive. Trucks will make a tour of the entire Hilltop starting at 11 a. m. on Sunday, May 25.

In the forthcoming campaign a prize list totaling $160 will be provided for the students turning in the most subscriptions.

PARKS-KENT SUPPLEMENT | Columbus 4, Ohio | Thursday, May 1, 1947

Sparks - Kent Mkt. Opening May 1-2-3

Krause & Pagura Had Contract

Four months ago Charley Kent and Franklin Sparks talked with Bill Krause and Fred Pagura of the firm of Krause & Pagura, general contractors, relative to construction of a new super market building.

Four months later the store had moved into the new quarters, one of the records of the day for quick construction, and especially speedy was the service in view of the fact that some days of very bad weather were encountered during that time.

Kent and Sparks are proud of the job done by Krause & Pagura and highly recommend their services to those interested in building.

Both Bill and Frank are Hilltoppers, Krause living at 321 S. Richardson-av, and Fred at 99 S. Warren-av. Bill and his wife have a daughter, Joan, employed at the Ohio Bell Telephone Co., and Fred and wife have a son, Frank, serving in Japan with the navy; Fred, Jr., a student at Aquinas College; a daughter, Cosmia, 14, who will graduate from St. Aloysius this year, and a son, Robert, 7, at St. Aloysius.

Fred Pagura is worth a story in himself, having come to this country from a community near Venice, Italy, 25 years ago. He came over here after getting acquainted with several Americans during World War I, and today swears "one square foot of America is worth all of Europe." He went back to Italy in 1927 to get married and brought his wife back to America

Fred was a foreman with the F. & Y. Construction Co. for 14 years and he and Krause decided to go into business following the war.

Krause was formerly a stone contractor and during the war was an inspector for the government on the Vandalia Modification Center.

Krause & Pagura do all kinds of construction and list as some of their better late jobs the following: Remodeled recreation room of Althen Apartments, Westgate Methodist Church, remodeled Hanna Neil Mission, addition to Seiller's Dept. Store, Carl Rife Mkt., West Side Motors building at 230 N. Central-av, and addition to the Broad Street West Side Motors building, remodeling warehouse and offices of Hilltop Van and Storage at 162 N. Third-st. Now under construction are buildings for the Borror Electric Co., Falter Packing Co., American Welding Co., and others.

Super Market Occupies Fine New Building

Franklin Sparks and Charley Kent Form Partnership To Operate Hilltop's Big New Super Market

Two of the Hilltop's best known grocers are combining their talents and efforts in the opening of the new Sparks-Kent Super Market at Haldy and Broad streets.

Franklin D. Sparks and Charles L. Kent need no introduction to the Hilltop.

Charley was in the grocery business on Sullivant avenue for many years and "Sparky" was manager of a local chain store here for many years previous to the purchase of the Hauntz Market a few years ago.

Charley got his start in the grocery business back when he was a boy down at Gallipolis, Ohio. He was a grocery boy then and later served in the same capacity as far back as 1916 with the old Ohio Grocery Co., with store at 234 S. Fourth st.

He went in business for himself Oct. 1, 1935 when he opened his store at Sullivant and Harris ave. Later he moved his store to the corner of Hague and Sullivant where he attracted business from all over the Hilltop. A year ago he sold that store to the Hess Brothers and Charley bought a farm and hoped to devote his time to that.

Now farming is a pleasant hobby with Charley but somehow the grocery business must have been well implanted in his system so when he learned that Franklin Sparks was looking for a room for a store he got together with him and decided to build the present fine new building and go into partnership with "Sparky."

"Sparky" lives at 108 N. Roys ave., with his wife and daughter, Betsy Ann, and son, Edwin. He started in the grocery business with A. & P. 16 years ago. Previous to that time he worked in a store at Sunbury, Ohio after school.

He was the first and last manager of the A. & P. store located at Richardson and Sullivant ave., and while there acquainted himself with many Hilltoppers who have since patronized his store.

When he bought the Hauntz Market following the death of Ray G. Hauntz he acquired one of the old landmarks of the Hilltop yet the Hilltop's most modern food market. A few months ago the building that store occupied was sold and he was forced to look for quarters for his store.

During the war "Sparky" served with the U. S. Army for two years. His son Edwin was with the Seabees. Mrs. Sparks was an accountant during the war and has since assumed that position with the new firm.

"Sparky" is a member of the West Gate Masonic Lodge, Scioto Consistory, Aladdin Temple and Shrine and AMVETS.

Both Charley and "Sparky" are members of the Hilltop Business Association and the Hilltop Kiwanis Club.

Charley and Mrs. Kent live at 323 S. Terrace ave. Mrs. Kent has been associated with the Midland Mutual Life Insurance Co. for the past 26 years.

Franklin Sparks — Charles Kent

Open Friday Night

Management of the new Spark-Kent Super Market advised this week that the store hours would be from 8 a. m. to 6 p. m., daily and until 8 p. m. on Friday. This will allow customers the advantage of doing their week-end shopping on Friday evening.

Store Is One Of Finest In State

This supplement of The Hilltop Record serves as an invitation to every family of the Hilltop to visit the new Sparks-Kent Super Market, 2976 W. Broad st., near Haldy ave., to participate in the festivities of the Grand Opening of the new store this Thursday, Friday and Saturday of this week.

Franklin Sparks and Charles Kent, co-owners of the new store, urge all their friends and customers to visit the store on these days.

There will be free gifts for each member of the family.

Doors of the new store will open at 8 a. m., and close at 6 p. m. except Friday evening at which time the store will remain open until 8 p. m.

The new store, one of the finest buildings in this section of the city, and classed as one of the most up-to-date markets in the country, occupies a space 50 by 110 feet facing on Broad street with large adjoining parking lot.

Burn-off Plan Is Condemned On Farm Land

Ohio farm officials annually point out to the farmers of the state the injurious effect "burning-off" practices have on farm land when carried to extremes, stating that when the vegetation is burned, other parts of the soil are destroyed, including humus, soil porosity and microscopic plant and animal life necessary for plant growth, adding that it takes several years to build back these unseen resources.

Many farmers follow the practice of burning off stubble fields before plowing, believing that it destroys weed seed when actually most seeds resist a great amount of heat, especially flash fires that move rapidly across a field.

Aside from the damage to soil nutrients, the danger of starting forest fires is a serious factor to consider since about 36 per cent of the state's forest fires are started by debris burning and burning-off fires that quickly get out of control. Such fires also destroy thousands of ground nesting song and game birds and rabbit nests.

Record Subscription Special, Paper Drive to Aid West High Booster Club in Campaign

A Hilltop wide campaign for subscriptions for The Hilltop Record will be conducted during the period of Friday, May 16, to Saturday, May 24. The drive will be sponsored by the West High Booster Club in an effort to raise funds for the further improvement of the West High Staduim and athletic field and the athletic program.

In this connection The Record has announced that a subscription special will be offered at which time the public may subscribe at the rate of $1.50 per year—a savings of 50c per year.

A special assembly is being held today at West High to secure approximately 100 volunteer student workers who are interested in helping the Boosters Club in this program.

Twenty or more members of the West Boosters Club will act as supervisors in the drive, having four or five students assigned to each man, who in turn will make a complete canvass of the entire community.

The Record is making a very liberal commission allowance to the club for all new and renewal subscribers, so any subscription turned in will be aiding the school athletic program.

The price reduction will apply to both old and new subscribers. Any present subscriber whose subscription is not due for renewal is urged to extend his or her subscription at this time, thus saving 50c per year and at the same time assisting West Boosters in their compaign. Anyone desiring to subscribe for more than one year at this rate may do so and a proportionate commission will be turned over to the club.

Each student solicitor will be equipped with proper identification credentials and temporary receipt forms. In view of the fact that they will not have the exact dates of expiration of all their customers at hand an office receipt showing the proper expiration date will be returned by The Record to each individual subscriber within a few days after the subscription is turned in.

C. Carlton Hartley, publisher of The Record stated this week, "Such a price reduction is in keeping with the nation-wide effort to reduce prices and we of The Record are glad to make this offer at this time. This, plus a liberal commission to the Boosters Club is made possible by the wholesale canvass of the community, making a savings possible which in turn is passed on to the subscriber. The Boosters are to be congratulated on their fine efforts to assist West High in its athletic program and deserve the support of the citizens of the Hilltop."

Sensenbrenner Heads Drive

Jack Sensenbrenner has been assigned the additional duty as chairman of this drive as well as the paper collection drive set for Sunday, May 25.

Every cent of the money raised in both campaigns will be used for improvements for the athletic field which will include the installation of an electric scoreboard and a press box for the stadium.

Residents of the community are urged to save their old papers, magazines and rags for the Booster drive. Trucks will make a tour of the entire Hilltop starting at 11 a. m. on Sunday, May 25.

In the forthcoming campaign a prize list totaling $160 will be provided for the students turning in the most subscriptions.

Only top quality meats will be handled in the new Sparks-Kent Super Market, owners of the firm stated this week. With prices of meats as high as they are the public is entitled to only the best quality, is their claim.

One of the best stocked meat departments in the city awaits the customers of this new market. In addition to all kinds of fresh meats they will carry a very large selection of cold cuts and sandwich spreads.

Record Subscription Special, Paper Drive to Aid West High Booster Club in Campaign

A Hilltop wide campaign for subscriptions for The Hilltop Record will be conducted during the period of Friday, May 16, to Saturday, May 24. The drive will be sponsored by the West High Booster Club in an effort to raise funds for the further improvement of the West High Staduim and athletic field and the athletic program.

In this connection The Record has announced that a subscription special will be offered at which time the public may subscribe at the rate of $1.50 per year—a savings of 50c per year.

A special assembly is being held today at West High to secure approximately 100 volunteer student workers who are interested in helping the Boosters Club in this program.

Twenty or more members of the West Boosters Club will act as supervisors in the drive, having four or five students assigned to each man, who in turn will make a complete canvass of the entire community.

The Record is making a very liberal commission allowance to the club for all new and renewal subscribers, so any subscription turned in will be aiding the school athletic program.

The price reduction will apply to both old and new subscribers. Any present subscriber whose subscription is not due for renewal is urged to extend his or her subscription at this time, thus saving 50c per year and at the same time assisting West Boosters in their compaign. Anyone desiring to subscribe for more than one year at this rate may do so and a proportionate commission will be turned over to the club.

Each student solicitor will be equipped with proper identification credentials and temporary receipt forms. In view of the fact that they will not have the exact dates of expiration of all their customers at hand an office receipt showing the proper expiration date will be returned by The Record to each individual subscriber within a few days after the subscription is turned in.

C. Carlton Hartley, publisher of The Record stated this week, "Such a price reduction is in keeping with the nation-wide effort to reduce prices and we of The Record are glad to make this offer at this time. This, plus a liberal commission to the Boosters Club is made possible by the wholesale canvass of the community, making a savings possible which in turn is passed on to the subscriber. The Boosters are to be congratulated on their fine efforts to assist West High in its athletic program and deserve the support of the citizens of the Hilltop."

Sensenbrenner Heads Drive

Jack Sensenbrenner has been assigned the additional duty as chairman of this drive as well as the paper collection drive set for Sunday, May 25.

Every cent of the money raised in both campaigns will be used for improvements for the athletic field which will include the installation of an electric scoreboard and a press box for the stadium.

Residents of the community are urged to save their old papers, magazines and rags for the Booster drive. Trucks will make a tour of the entire Hilltop starting at 11 a. m. on Sunday, May 25.

In the forthcoming campaign a prize list totaling $160 will be provided for the students turning in the most subscriptions.

West High Students Write, Edit Record

The journalism class of West High School wishes to express its deepest appreciation for the helpful experience gained in editing The Hilltop Record and for the opportunity thus provided by C. C. Hartley, Paul Wichterman and the staff of the Record.

All of the stories and news features in today's Hilltop Record were written and edited by journalism students.

It was an experience we will never forget, full of countless journalistic pointers, interesting details, practical experience and a lot of fun, too.

Thanks, again, to The Hilltop Record for aiding us in our struggles in the world of the newspaper.

Burn-off Plan Is Condemned On Farm Land

Ohio farm officials annually point out to the farmers of the state the injurious effect "burning-off" practices have on farm land when carried to extremes, stating that when the vegetation is burned, other parts of the soil are destroyed, including humus, soil porosity and microscopic plant and animal life necessary for plant growth, adding that it takes several years to build back these unseen resources.

Many farmers follow the practice of burning off stubble fields before plowing, believing that it destroys weed seed when actually most seeds resist a great amount of heat, especially flash fires that move rapidly across a field.

Aside from the damage to soil nutrients, the danger of starting forest fires is a serious factor to consider since about 38 per cent of the state's forest fires are started by debris burning and burning-off fires that quickly get out of control. Such fires also destroy thousands of ground nesting song and game birds and rabbit nests.

"But dear, you told me to try and stop the game when you had enough to get coal with — and I believe you have!"

One of the features that makes the Sparks-Kent Super Market an interesting place to shop is the bakery department near the front of the store, stocked with tasty pastries and breads from the store's own bakery.

Shown in the above photo are Ann Work, right, and Hazel Butte, left.

Very few markets can boast of a bakery of their own right in the store but such is the case of the new Sparks-Kent Super Market. The bakery is three times the size of that of the old Hauntz Market.

Charles Solomon, with 25 years of baking experience in some of the best bakeries in the state, is in charge of this department. New oven equipment is on order and should be installed soon.

The firm will also feature the new Downyflake Donuts soon. A machine is on order that will provide 40 dozen donuts per hour.

Birthday and wedding cakes baked to order are a specialty of the firm.

Burn-off Plan Is Condemned On Farm Land

Ohio farm officials annually point out to the farmers of the state the injurious effect "burning-off" practices have on farm land when carried to extremes, stating that when the vegetation is burned, other parts of the soil are destroyed, including humus, soil porosity and microscopic plant and animal life necessary for plant growth, adding that it takes several years to build back these unseen resources.

Many farmers follow the practice of burning off stubble fields before plowing, believing that it destroys weed seed when actually most seeds resist a great amount of heat, especially flash fires that move rapidly across a field.

Aside from the damage to soil nutrients, the danger of starting forest fires is a serious factor to consider since about 38 per cent of the state's forest fires are started by debris burning and burning-off fires that quickly get out of control. Such fires also destroy thousands of ground nesting song and game birds and rabbit nests.

Record Subscription Special, Paper Drive to Aid West High Booster Club in Campaign

A Hilltop wide campaign for subscriptions for The Hilltop Record will be conducted during the period of Friday, May 16, to Saturday, May 24. The drive will be sponsored by the West High Booster Club in an effort to raise funds for the further improvement of the West High Staduim and athletic field and the athletic program.

In this connection The Record has announced that a subscription special will be offered at which time the public may subscribe at the rate of $1.50 per year—a savings of 50c per year.

A special assembly is being held today at West High to secure approximately 100 volunteer student workers who are interested in helping the Boosters Club in this program.

Twenty or more members of the West Boosters Club will act as supervisors in the drive, having four or five students assigned to each man, who in turn will make a complete canvass of the entire community.

The Record is making a very liberal commission allowance to the club for all new and renewal subscribers, so any subscription turned in will be aiding the school athletic program.

The price reduction will apply to both old and new subscribers. Any present subscriber whose subscription is not due for renewal is urged to extend his or her subscription at this time, thus saving 50c per year and at the same time assisting West Boosters in their compaign. Anyone desiring to subscribe for more than one year at this rate may do so and a proportionate commission will be turned over to the club.

Each student solicitor will be equipped with proper identification credentials and temporary receipt forms. In view of the fact that they will not have the exact dates of expiration of all their customers at hand an office receipt showing the proper expiration date will be returned by The Record to each individual subscriber within a few days after the subscription is turned in.

C. Carlton Hartley, publisher of The Record stated this week, "Such a price reduction is in keeping with the nation-wide effort to reduce prices and we of The Record are glad to make this offer at this time. This, plus a liberal commission to the Boosters Club is made possible by the wholesale canvass of the community, making a savings possible which in turn is passed on to the subscriber. The Boosters are to be congratulated on their fine efforts to assist West High in its athletic program and deserve the support of the citizens of the Hilltop."

Sensenbrenner Heads Drive

Jack Sensenbrenner has been assigned the additional duty as chairman of this drive as well as the paper collection drive set for Sunday, May 25.

Every cent of the money raised in both campaigns will be used for improvements for the athletic field which will include the installation of an electric scoreboard and a press box for the stadium.

Residents of the community are urged to save their old papers, magazines and rags for the Booster drive. Trucks will make a tour of the entire Hilltop starting at 11 a. m. on Sunday, May 25.

In the forthcoming campaign a prize list totaling $160 will be provided for the students turning in the most subscriptions.

Record Subscription Special, Paper Drive to Aid West High Booster Club in Campaign

A Hilltop wide campaign for subscriptions for The Hilltop Record will be conducted during the period of Friday, May 16, to Saturday, May 24. The drive will be sponsored by the West High Booster Club in an effort to raise funds for the further improvement of the West High Staduim and athletic field and the athletic program.

In this connection The Record has announced that a subscription special will be offered at which time the public may subscribe at the rate of $1.50 per year—a savings of 50c per year.

A special assembly is being held today at West High to secure approximately 100 volunteer student workers who are interested in helping the Boosters Club in this program.

Twenty or more members of the West Boosters Club will act as supervisors in the drive, having four or five students assigned to each man, who in turn will make a complete canvass of the entire community.

The Record is making a very liberal commission allowance to the club for all new and renewal subscribers, so any subscription turned in will be aiding the school athletic program.

The price reduction will apply to both old and new subscribers. Any present subscriber whose subscription is not due for renewal is urged to extend his or her subscription at this time, thus saving 50c per year and at the same time assisting West Boosters in their compaign. Anyone desiring to subscribe for more than one year at this rate may do so and a proportionate commission will be turned over to the club.

Each student solicitor will be equipped with proper identification credentials and temporary receipt forms. In view of the fact that they will not have the exact dates of expiration of all their customers at hand an office receipt showing the proper expiration date will be returned by The Record to each individual subscriber within a few days after the subscription is turned in.

C. Carlton Hartley, publisher of The Record stated this week, "Such a price reduction is in keeping with the nation-wide effort to reduce prices and we of The Record are glad to make this offer at this time. This, plus a liberal commission to the Boosters Club is made possible by the wholesale canvass of the community, making a savings possible which in turn is passed on to the subscriber. The Boosters are to be congratulated on their fine efforts to assist West High in its athletic program and deserve the support of the citizens of the Hilltop."

Sensenbrenner Heads Drive

Jack Sensenbrenner has been assigned the additional duty as chairman of this drive as well as the paper collection drive set for Sunday, May 25.

Every cent of the money raised in both campaigns will be used for improvements for the athletic field which will include the installation of an electric scoreboard and a press box for the stadium.

Residents of the community are urged to save their old papers, magazines and rags for the Booster drive. Trucks will make a tour of the entire Hilltop starting at 11 a. m. on Sunday, May 25.

In the forthcoming campaign a prize list totaling $160 will be provided for the students turning in the most subscriptions.

West High Students Write, Edit Record

The journalism class of West High School wishes to express its deepest appreciation for the helpful experience gained in editing The Hilltop Record and for the opportunity thus provided by C. C. Hartley, Paul Wichterman and the staff of the Record.

All of the stories and news features in today's Hilltop Record were written and edited by journalism students.

It was an experience we will never forget, full of countless journalistic pointers, interesting details, practical experience and a lot of fun, too.

Thanks, again, to The Hilltop Record for aiding us in our struggles in the world of the newspaper.

Burn-off Plan Is Condemned On Farm Land

Ohio farm officials annually point out to the farmers of the state the injurious effect "burning-off" practices have on farm land when carried to extremes, stating that when the vegetation is burned, other parts of the soil are destroyed, including humus, soil porosity and microscopic plant and animal life necessary for plant growth, adding that it takes several years to build back these unseen resources.

Many farmers follow the practice of burning off stubble fields before plowing, believing that it destroys weed seed when actually most seeds resist a great amount of heat, especially flash fires that move rapidly across a field.

Aside from the damage to soil nutrients, the danger of starting forest fires is a serious factor to consider since about 38 per cent of the state's forest fires are started by debris burning and burning-off fires that quickly get out of control. Such fires also destroy thousands of ground nesting song and game birds and rabbit nests.

A Hilltop wide campaign for subscriptions for The Hilltop Record will be conducted during the period of Friday, May 16, to Saturday, May 24. The drive will be sponsored by the West High Booster Club in an effort to raise funds for the further improvement of the West High Staduim and athletic field and the athletic program.

In this connection The Record has announced that a subscription special will be offered at which time the public may subscribe at the rate of $1.50 per year—a savings of 50c per year.

A special assembly is being held today at West High to secure approximately 100 volunteer student workers who are interested in helping the Boosters Club in this program.

Twenty or more members of the West Boosters Club will act as supervisors in the drive, having four or five students assigned to each man, who in turn will make a complete canvass of the entire community.

The Record is making a very liberal commission allowance to the club for all new and renewal subscribers, so any subscription turned in will be aiding the school athletic program.

The price reduction will apply to both old and new subscribers. Any present subscriber whose subscription is not due for renewal is urged to extend his or her subscription at this time, thus saving 50c per year and at the same time assisting West Boosters in their campaign. Anyone desiring to subscribe for more than one year at this rate may do so and a proportionate commission will be turned over to the club.

Each student solicitor will be equipped with proper identification credentials and temporary receipt forms. In view of the fact that they will not have the exact dates of expiration of all their customers at hand an office receipt showing the proper expiration date will be returned by The Record to each individual subscriber within a few days after the subscription is turned in.

C. Carlton Hartley, publisher of The Record stated this week, "Such a price reduction is in keeping with the nation-wide effort to reduce prices and we of The Record are glad to make this offer at this time. This, plus a liberal commission to the Boosters Club is made possible by the wholesale canvass of the community, making a savings possible which in turn is passed on to the subscriber. The Boosters are to be congratulated on their fine efforts to assist West High in its athletic program and deserve the support of the citizens of the Hilltop."

Sensenbrenner Heads Drive

Jack Sensenbrenner has been assigned the additional duty as chairman of this drive as well as the paper collection drive set for Sunday, May 25.

Every cent of the money raised in both campaigns will be used for improvements for the athletic field which will include the installation of an electric scoreboard and a press box for the stadium.

Residents of the community are urged to save their old papers, magazines and rags for the Booster drive. Trucks will make a tour of the entire Hilltop starting at 11 a. m. on Sunday, May 25.

In the forthcoming campaign a prize list totaling $160 will be provided for the students turning in the most subscriptions.

You Come Out Here -- Come Again!

After you have made your tour of the store the checkers shown above will add your sales slips and bid you "Come again." They are Ed Sparks, on the left, Judy Reeves, in center, and Mary Zulauf, right.

Firm Employs 16 In All Departments

That it takes a lot of manpower . . . and womanpower, to handle all the details of the operation of a super market is evidenced in the fact that the new Sparks-Kent Super Market employs 16 people in it's many departments.

Even though the store is a self-serve market it still takes clerks for certain departments. For example the bakery . . . in this spic and span corner each and every roll you get in your package is handled carefully by a neatly dressed clerk who takes care to see that each roll is picked up in wax paper.

The vegetable department takes a clerk at all time as does the dairy department. Two to three checkers are on duty always and a couple expert butchers are available to provide your choice cuts.

No small item is that of keeping the shelves properly stocked with the thousands of different items and marking each item with the proper price.

Paul "Bill" Weimer, 323 S. Terrace-av, is one of the newcomers with the firm. His home is in Chicago but he thinks he will like grocery business here. He is 24, single, served four years as a radioman in the navy, finishing as RM1c. During the war he had experience aboard a destroyer escort in both the Atlantic and Pacific.

Dick Anthony, another store employee, was a prisoner of war in Germany. He is taking courses at Ohio State at present and works part time at the store.

"Boots" Elmore butcher, served with the army in both Antwerp and Berlin as a baker.

Ed Sparks, son of Mr. and Mrs. Sparks, served two years with the Seabees.

Clarence Bateman, teacher at West High, is another part time employee of the new store, helping in the meat department on Saturdays.

Other part time help includes Betsy Sparks, Jean Work, Douglas Thompson.

CELERY FRITTERS

2 eggs, beaten
2 cups cooked celery, in pieces
2 tablespoons parsley, chopped
½ teaspoon salt
dash of pepper
½ teaspoon soda
1 teaspoon warm water
½ cup fine bread crumbs

Mix beaten eggs, celery, parsley, salt and pepper. Dissolve soda in warm water; add to celery mixture. Add bread crumbs and shape mixture into cakes. Fry in deep fat until golden brown. Drain on absorbent paper. Serve with savory tomato sauce and a sprinkling of chopped chives.

Watch for Sparks-Kent Super Market Specials each Thursday in The Hilltop Record.

Burn-off Plan Is Condemned On Farm Land

Ohio farm officials annually point out to the farmers of the state the injurious effect "burning-off" practices have on farm land when carried to extremes, stating that when the vegetation is burned, other parts of the soil are destroyed, including humus, soil porosity and microscopic plant and animal life necessary for plant growth, adding that it takes several years to build back these unseen resources.

Many farmers follow the practice of burning off stubble fields before plowing, believing that it destroys weed seed when actually most seeds resist a great amount of heat, especially flash fires that move rapidly across a field.

Aside from the damage to soil nutrients, the danger of starting forest fires is a serious factor to consider since about 38 per cent of the state's forest fires are started by debris burning and burning-off fires that quickly get out of control. Such fires also destroy thousands of ground nesting song and game birds and rabbit nests.

"But dear, you told me to try and stop the game when you had enough to get coal with — and I believe you have!"

Burn-off Plan Is Condemned On Farm Land

Ohio farm officials annually point out to the farmers of the state the injurious effect "burning-off" practices have on farm land when carried to extremes, stating that when the vegetation is burned, other parts of the soil are destroyed, including humus, soil porosity and microscopic plant and animal life necessary for plant growth, adding that it takes several years to build back these unseen resources.

Many farmers follow the practice of burning off stubble fields before plowing, believing that it destroys weed seed when actually most seeds resist a great amount of heat, especially flash fires that move rapidly across a field.

Aside from the damage to soil nutrients, the danger of starting forest fires is a serious factor to consider since about 38 per cent of the state's forest fires are started by debris burning and burning-off fires that quickly get out of control. Such fires also destroy thousands of ground nesting song and game birds and rabbit nests.

Record Subscription Special, Paper Drive to Aid West High Booster Club in Campaign

A Hilltop wide campaign for subscriptions for The Hilltop Record will be conducted during the period of Friday, May 16, to Saturday, May 24. The drive will be sponsored by the West High Booster Club in an effort to raise funds for the further improvement of the West High Staduim and athletic field and the athletic program.

In this connection The Record has announced that a subscription special will be offered at which time the public may subscribe at the rate of $1.50 per year—a savings of 50c per year.

A special assembly is being held today at West High to secure approximately 100 volunteer student workers who are interested in helping the Boosters Club in this program.

Twenty or more members of the West Boosters Club will act as supervisors in the drive, having four or five students assigned to each man, who in turn will make a complete canvass of the entire community.

The Record is making a very liberal commission allowance to the club for all new and renewal subscribers, so any subscription turned in will be aiding the school athletic program.

The price reduction will apply to both old and new subscribers. Any present subscriber whose subscription is not due for renewal is urged to extend his or her subscription at this time, thus saving 50c per year and at the same time assisting West Boosters in their campaign. Anyone desiring to subscribe for more than one year at this rate may do so and a proportionate commission will be turned over to the club.

Each student solicitor will be equipped with proper identification credentials and temporary receipt forms. In view of the fact that they will not have the exact dates of expiration of all their customers at hand an office receipt showing the proper expiration date will be returned by The Record to each individual subscriber within a few days after the subscription is turned in.

C. Carlton Hartley, publisher of The Record stated this week, "Such a price reduction is in keeping with the nation-wide effort to reduce prices and we of The Record are glad to make this offer at this time. This, plus a liberal commission to the Boosters Club is made possible by the wholesale canvass of the community, making a savings possible which in turn is passed on to the subscriber. The Boosters are to be congratulated on their fine efforts to assist West High in its athletic program and deserve the support of the citizens of the Hilltop."

Sensenbrenner Heads Drive

Jack Sensenbrenner has been assigned the additional duty as chairman of this drive as well as the paper collection drive set for Sunday, May 25.

Every cent of the money raised in both campaigns will be used for improvements for the athletic field which will include the installation of an electric scoreboard and a press box for the stadium.

Residents of the community are urged to save their old papers, magazines and rags for the Booster drive. Trucks will make a tour of the entire Hilltop starting at 11 a. m. on Sunday, May 25.

In the forthcoming campaign a prize list totaling $160 will be provided for the students turning in the most subscriptions.

The Spectator
By C.C.Hartley

This week's guest editor is Ken Dickerson, Jr., of the West High Occident.

You saw in this column last week an announcement about high school journalists editing the Record this time. Now, whether you looked forward to this issue with anticipation or dread, we hope you will ultimately be satisfied with our efforts.

We aren't altogether inexperienced. We've published our school paper, The Occident, for the previous year and will now terminate our high school journalism course by putting out a large scale commercial newspaper.

In our own paper we have a feature called "The Occident Roses of the Month." These roses are presented to any person or organization performing outstanding deeds in furthering the school or community. If we were to incorporate such a feature here, we would give the roses to the regular Hilltop Record staff. Without their patient assistance and deep understanding this great privilege would not be extended us.

This is supposed to be "The Spectator," so we'd better begin spectating. Understand that Jack (Bring In That Paper) Sensenbrenner is planning the biggest and best paper drive yet held on the Hilltop. The goal is $2000, to be used for a press box in the West High stadium. It is scheduled for the 25th of May . . . W. D. (Doc) Campbell is contemplating another trip to the Adirondacks. As usual he is taking a group of high school boys with him. They always seem to have a good time up there . . . Heard that Shank & Saunders, Realtors, have been doing a land office business. That's not surprising though . . . Local Attorney, George Tarbutton, had delivered his case to the jury and received a verdict in his favor. After the trial a woman juror told him that she had enjoyed his "speech" very much. When pressed for details she seemed hesitant but finally came up with the fact that she had really liked his pretty tie . . . The Equestrians, a newly formed club at West High, are planning a horse show for the near future. The public will be invited . . . Haydn Jones, the popular leader of (mostly) Welch songs, has formed a young people's mixed choir at Hoge Memorial. It is the offshoot of a service conducted by the Westminster Fellowship. They sang so well together they decided to make a permanent thing of it . . . We've often wondered if, in the spring, the bees tell their young about people . . . Notice that two Hilltoppers are appearing in the musical "Naughty Marietta." Susan Johnson and Allen Seiple, West High graduates, have long been interested in the theater . . . Bob Nash had to play the Birthday song for himself at last week's Kiwanis meeting . . . The first of a series of spring dances will be held at the Teen Canteen May 10. Music is to be by Walt Schrum and his band . . . Morris Lopper has been awarded the Croix Militare by the Belgian government at the decree of the Prince Regent. Lopper was a captain in charge of civilian travel at the time of the battle of the bulge, and performed meritorious service in that capacity. He was promoted to a major for his work . . . Mrs. Gladys Harrison, 42 N. Ogden-av, was awarded $1000 at the K of C open house last week.

Other games today will be Marion vs. East, on Ohio State diamond No. 3; Arlington vs. Bexley on the Ohio State diamond No. 2; Circleville vs. Aquinas at Arlington, and Grandview vs. St. Charles at West. All games start at 4 p. m.

Central plays the winner of the East-Marion game Friday. No teams were seeded.

Wes Fesler, OSU Mentor, Speaks At HBA Meeting

The Hilltop Business Association will hold its monthly meeting Tuesday night, May 13, at Schmelzer's Restaurant. The occasion to be observed is father-son night, when each member of the association is invited to bring his son for an evening's entertainment.

The speaker will be Wesley Fesler of 2000 Devon-rd, new football mentor at Ohio State University, who took that post several weeks ago at the resignation of Paul Bixler.

A male quartet made up of HBA members and Allan Snoddy, a tenor soloist heard in the recent minstrel, and Susan Johnson, well known soprano, will present special music. The meeting will start at 6:45 p. m.

Fesler, who rated all-American during his three playing years at OSU in '28, '29 and '30, held coaching positions at Harvard, Connecticut Wesleyan and Princeton after graduation. During past years he has been head football coach at the University of Pittsburgh.

Over 2500 Attend Opening Of The Sparks-Kent Mkt.

More than 2500 persons visited the new Sparks-Kent Super Market for its grand opening last week-end according to Charles Kent and Franklin D. Sparks owners.

Using a 16-page tabloid supplement in The Hilltop Record as their only advertising, the firm did an outstanding volume of business and attracted a record number of customers.

"Exceptionally well pleased," was the comment of both Sparks and Kent.

More than 1500 gardenias were given away. The proprietors expressed their regret at being unable to secure enough for all the visitors but the crowd exceeded their expectations.

Miss Alice Outcalt, 162 Guernsey-av, was winner of the electric food mixer.

The firm secured 26 floral pieces from well wishers.

HCC Meets Tonite At Teen Canteen

The Hilltop Community Council will hold its regular monthly meeting tonight at the Teen Canteen, 2585 W. Broad-st, at 8.

Charles Reichelderfer, vice-president and chairman of the special events committee, will announce the tentative plans for Memorial Day reviews.

Melvin Griggs, supervisor of the Canteen, and Gene Jacques, the Canteen president, will give a full report on the activities planned for the coming months.

Members of the Canteen are now in the midst of their "spring cleaning" program, giving advance notice of many innovations for this summer.

Record Want Ads Bring The Calls

Mrs. D. S Bunner, 3232 Wicklow-rd, sold her Sunbeam Mixmaster from the first call on her classified ad in The Hilltop Record, but was kept busy the rest of the week-end with an additional 50 calls she received.

Mrs. H. Mowrey, 2935 Crescent-dr, had similarly outstanding results, selling seven different articles which she advertised. She had 30 telephone calls from Thursday morning until late Sunday afternoon.

F. J. Currier, 51 N. Burgess-av, also had good results, receiving 20 calls on his Servel gas refrigerator.

Briggsdale Student In May Queen Finals

Lynn Weygandt, Briggsdale, has been selected as one of the five girls who will make up the court of the Ohio State University May Queen.

The six candidates sponsored by the Ohio Student Party Association were chosen from a field of 14 for honors in the finals Tuesday evening.

The queen and her court were presented to the students at a stadium rally and they will reign at the annual May Hop, Friday May 16, in the men's gymnasium.

Mandamus Suit Will Be Filed Again

A second mandamus suit to try to force the Franklin Township trustees to call a special election in an area west of the city will be filed "as soon as possible," according to Robert M. Draper, 74 N. Roys-av, attorney for a group of residents in the Camp Chase area.

It will be the second such suit filed within a year. It involves the calling of an election to determine whether or not residents of that area want to incorporate into a proposed village of Camp Chase. The issue went all the way to the Ohio Supreme Court a few months ago and a decision was handed down that upheld the action of the trustees. Township officials have taken the stand that it is not within their jurisdiction to call the election when both platted and unplatted territory is involved.

Ed Lantz, 325 Derrer-rd, is sponsor of the petition that was turned down by the trustees at a meeting Thursday night. It bore the names of 48 persons living west of the city. A similar petition was refused by township officials originally more than a year ago.

The proposed village of Camp Chase would include a large area west of the city. It would be bounded on the south by Sullivant-av and the Sullivant-av extension; on the west by the Franklin-twp line; on the north by the Pennsylvania Railroad tracks; and on the east by Wilson-rd and the western corporation limits.

Businessmen Hold Spring Dance

By Crawford

The spring dance sponsored each year at this season by the Hilltop Business Association was held Wednesday evening at the Beechwold. Dancing came later, to the music of Ziggie Coyle's orchestra.

In the course of the evening 20 booster prizes were awarded, including two door prizes. Spontaneous entertainment was afforded by members of the Hilltop Minstrel cast.

Faded Newspaper Clipping

Fitting Memorial On Mother's Day

A faded yellow newspaper clipping taken from a newspaper (now unknown) more than 50 years ago has become one of the most cherished possessions of Mrs. Mary Long, 24 S. Oakley-av.

She brought it in to The Hilltop Record office this week and permitted a copy to be made for publication in honor of her mother, Mrs. Nora Evans Richards, who died in 1915. Its timely thought could well stand as a memorial to every mother, living and dead, whose memory will be revered on this Mother's Day, Sunday, May 11.

Mrs. Richards came to the Hilltop in 1891. Her daughter, Mrs. Long, attended school in three school houses that have long since given way to modern buildings. One was located on Clarendon-av, another on Price-av (now Whitethorne-av), and the third (remembered by some of the "old timers") two dwellings on S. Oakley-av.

The piece is as follows:

Honor The Dear Old Mother

Time has scattered the snowy flakes on her brow, plowed deep furrows on her cheeks—but is she not sweet and beautiful now? The lips which have kissed many a hot tear from the childish cheek are the sweetest lips in all the world.

The eye is dim, yet it glows with the rapt radiance of a holy love which can never fade.

Oh, yes, she is a dear old mother.

Her sands of time are nearly run out, but feeble as she is they will go further and reach down lower for you than any other on earth.

You cannot walk into midnight where she cannot see you; you cannot enter a prison whose bars shall keep her out; you can never mount a scaffold too high for her to reach that she may kiss and bless you.

In evidence of her deathless love, when the world shall despise and forsake you—when it leaves you by the wayside to die unnoticed, the dear old mother will gather you up in her feeble arms, carry you home and tell you of all your virtues until you almost forget that your soul is disfigured by sins.

Love her tenderly, and cheer her declining years with holy devotion. Sel.

April 9 Wedding Solemnized

Mr. and Mrs. Capretta

Easter lilies and ferns decorated the altar of St. Aloysius Church when Miss Rosemary H. Dehl became the bride of Mr. Raymond A. Capretta at 9:30 a. m., April 9, with the Rev. Father William Maloney officiating at the ceremony. The bride is the daughter of Mr. and Mrs. Otto F. Dehl, 563 S. Hague-av, and the bridegroom is the son of Mr. and Mrs. Carl C. Capretta, 247 Midland-av.

Given in marriage by her father, the bride wore a gown of white satin and marquisette with a marquisette yoke, long sleeves coming to points over the wrists with the skirt falling into a cathedral train. A bonnet shape cap of illusion caught the lace edged veil of bridal illusion and she carried a bouquet of calla lilies. Her only jewelry was a pearl rosary given her by the bridegroom.

Miss Dorothy Dehl, sister of the bride, was maid of honor, and another sister, Miss Darlene Dehl, was bridesmaid. The attendants wore matching gowns of peach minon with high neckline, cap sleeves and wide bustle. Their headdresses were of braided satin in an apple green shade and they wore long apple green gloves. They carried shower bouquets of peach carnations. Carol Dehl, also a sister of the bride, was miniature bride and wore a gown and veil styled exactly like that of the bride and carried a miniature bouquet of calla lilies.

Mr. John B. Capretta, brother of the bridegroom, was the best man and ushers were Mr. Robert J. Capretta, Mr. Carl E. Capretta, Mr. William L. Dehl and Mr. James A. Dixon.

Mrs. Dehl wore a dress of aqua crepe with black and white accessories and a corsage of pink carnations. Mrs. Capretta chose a dress of French blue crepe with black accessories and a corsage of pink carnations. A breakfast at the Beechwold followed the ceremony. Mrs. James A. Dixon and Mrs. Clement E. Innis were hostesses.

The bride is a graduate of West High School and is employed at the F. & R. Lazarus Co. Mr. Capretta graduated from Holy Family High School and is associated in business with his father.

For their wedding trip to Chicago the bride chose a black gabardine suit with black accessories and a topcoat of autumn mist. She pinned white camelias at her shoulder.

The couple will reside temporarily at 247 Midland-av.

Mr. Turner became judge of common pleas court in May, 1939, and served until October, 1940, when he was elected judge of the supreme court of Ohio by an 860,000 majority his present position.

On Dec. 11, 1902, he was joined in wedlock to Nan A. Yahn. Their son, Carl, who served as a lieutenant colonel in the army from 1940 to 1946 is now a lawyer of the Columbus Bar and lives on the Hilltop with his wife and two children.

Judge Turner has been recognized by "Who's Who" and is president of the Charity Newsies. He is a 33rd degree Mason, which is an honorary degree.

He has lived in his present home 12 years. The farm (formerly 1400 acres), which extends both north and south of Rout 40, was diminished by 200 acres when the Fisher Body Co. chose to purchase its present site to erect its large plant.

Quite a traveler, Mr. Turner has motored through every state in the Union, most of the states of Mexico, and nearly every province in Canada. He has toured extensively in South America and Europe, having been in Russia in 1937, where he "never saw a smiling face." He has sailed the Atlantic from North Cape in Norway to the southern tip of South America and the Pacific from Alaska to the Straits of Magellan, though he has not crossed the Pacific—yet.

Mr. Turner stated that the West Side is a most desirable area for city expansion as it is easily accessible and has no great smoke problems. 75 per cent of the winds being from the west and southwest. He also stated that he might possibly expect some day to see his farm broken up an an ultramodern residential district take its place.

Tennis Club To Be Organized

A meeting of the Westgate Tennis Club has been called for 8 p. m. Friday at the Hilltop Sporting Goods Club Room for the purpose of organizing a tennis team to represent Westgate in the recently organized Greater Columbus Tennis League.

The Central Ohio Tennis Association recently organized this league to promote tennis in Franklin County.

The association recently staged a successful tennis clinic at Ohio State University, and later will promote two area tournaments, one junior and one open. Both tournaments will carry the sanction of the U. S. Lawn Tennis Association as the local association is affiliated with the national organization.

The tennis league will be formed of teams representing Grandview, Arlington, Bexley, Westgate, Southwood, Beatty Park, Franklin Park, Olentangy, Columbus Tennis Club and Ohio State University. Matches will be played on Sundays. A schedule is now being prepared, to begin in early June.

All Hilltop tennis players interested in league play are urgently invited to attend this meeting at the sporting goods club room. Membership plans and court facilities will be discussed.

Mailmen On Hill Tramp Day by Day

By Crawford

A letter from cousin Ethel; a post card from mother; that new magazine you've been expecting —the coming of the mail usually makes a pleasant diversion in the course of the day's events and relieves the monotony of routine schedules, but little thought is generally given to the men in blue who tramp long miles each day so that you may hear from your friends and receive looked-for communications. The mail carriers, with their worn packs and long-legged strides are responsible day in and day out for the delivery of your mail. Rain or shine, snow or sleet, the old symbol of "the mail must go through" is for them a vital, living creed and as important as the air they breathe. It is the law by which they work.

There are, on the Hilltop, 23 letter carriers, 20 regular men, two auxiliary helpers, and one rural route delivery man.

The oldest mailman on the Hill at the present time is C. Pearl Clark, 137 N. Roys-av, who is now 48 years of age. Mr. Clark entered Uncle Sam's postal service March 25, 1919.

Lloyd J. Clark of 294 S. Richardson-av, is the mail carrier with the longest foot distance to travel. He possesses a route of seven and nine-tenths miles, which distance he covers twice a day, making a total of fifteen and four-fifths miles traveled daily.

Mr. Clark entered the mail service in 1937. He went into the army in 1945, and after his release from duty, returned to his position. He is now 30 years of age.

Mail carrying is not an especially inviting occupation if you don't care for walking, but you could desire. Next time you look in the mail box you might stop a minute and think about how those letters got tucked inside and maybe you'll find yourself wanting to say thanks to the man in the blue uniform next time he goes by.

West High Track Team Qualifies 8 In City-wide Meet

In the qualifying rounds of the city high school track meet Tuesday West High School's thinclads qualified eight men. Central led all schools in qualifying with 13 men. Next in line came North, which placed 12 in seven events and East with nine in four.

The second day the meet was to have been run off yesterday and it's up to those eight boys to defend the title West captured last spring.

Bob Smith led all the competing broad jumpers in the city when he jumped 20 ft., 6¾ in. Hicks of West also placed. Stout placed in the 440 yard dash, Hicks in the 220 and Miller and Evans qualified in the high and low hurdles. Masdea and Hicks also qualified in the 100 yard dash.

Fesler Presents Next Year's Team

When Wesley Fesler struts his first Ohio State football squad before the eyes of Columbus fandom Saturday afternoon in Ohio Stadium only two regulars from last year will be on the "A" team line-up.

Among Fesler's starting backfield will be Dick Slager, the former West High star and main cog in the Cowboys' co-championship team in '45, at quarter.

It will be interesting to note that Dick is only a soph at State and if he continues to show up as he has in the past few weeks, he has a very good chance of gaining a berth on the starting 11 next fall.

The occasion is the annual inter-squad scrimmage between "A" and "B" teams.

Game time will be 3 p. m. and the admission will be 50 cents.

Mother's Day Brings Memories To Elderly Lady

By A. M. Crawford

Each year at this time as the passing of days brings Mother's Day closer to our immediate horizon our thoughts naturally turn to an image nestled in the hearts of each one of us of a kind-faced, gentle woman with helping hands always ready — the image of "mother."

Such a mother as this is Mrs. Anna Cramer, now living with her daughter, Mrs. Marian Line, at 2577 Steele-av. Mrs. Cramer is no new hand at the business of being a mother; she's been at it a good many years and she wouldn't trade it for all the other jobs in the world, if you asked her. Mrs. Cramer is 93 years "young."

She has been a member of Hoge Memorial Presbyterian Church 15 years. She has four children, two of whom are living; four grandchildren and nine great-grandchildren.

Mrs. Cramer, although made nearly an invalid by the hand of Time, still manages to keep quite mentally alert, reading newspapers and books for recreation. Several years ago when her eyesight permitted, Mrs. Cramer enjoyed fancywork. Now, most of her pleasure stems from her radio and her treasure house of memories.

It is women like Mrs. Cramer who make the word "mother" so full of warmth and meaning for us all. She is a living symbol of all the things dear to our hearts to which we humbly pay tribute on Mother's Day

Susie Johnson To Sing In 'Marietta'

By Crawford

Susan Johnson, 49 N. Wayne-av, is climbing higher and higher on the road to fame and the Hilltop is behind her all the way.

Susie, a Hilltop girl and graduate of West High School, has been in the limelight of show business since her debut in the Hilltop Minstrel at the age of five, and from all indications she means to stay right there.

With a vast record of shows and entertainments to her credit, including the post of staff vocalist for WBNS, and operas such as "The Merry Widow" and "No, No, Nanette," with the Columbus Light Opera Co., Susie will appear this spring singing the lead in the Columbus Light Opera's presentation of "Naughty Marietta," to open at the Hartman Theatre Friday and run through Saturday and Sunday evenings, May 9, 10 and 11.

A special matinee has been arranged in cooperation with the school boards which all high school and junior students are invited to attend

Game Profits Aid Ruined Texas City

On May 20, at Red Bird Stadium, there will be a benefit game between Indianapolis and Columbus. It will be the first home game after an extensive road tour. The game will be played in the evening with the tandard ticket prices prevailing.

Under the suspices of the 166th Infantry Association, it is directly supervised by George Ward, Sr. The funds raised will go toward the relief of the stricken Texas City, Tex. The association is attempting to help the people at the scene of that terrible disaster because of the hospitality extended them while stationed there during the war. The 166th, made up of nearly 1000 Ohioans, was assigned to defend the numerous docks and refineries in and around the city.

Details as to ticket sales and committees have not been released at this time but will appear in detail in the issue of May 15.

Less than average amounts of plant rust are reported from the Southwest, so Ohio crops may escape serious attacks from that crop destroyer in 1947. Rust spores travel on the wind and proceed northeast in successive waves to start new disease centers.

W. E. Ferguson Appointed Camp Fire Councilman

W. E. Ferguson, 34 N. Brinkerav, is one of three members of the Columbus Camp Fire Council recently appointed to regional and national positions during the annual convention in Indianapolis.

Ferguson was president of the Camp Fire Council in Columbus for two years previous to his appointment. Both he and his wife, the former Rose Briggs of Briggsdale, are and have been active in Camp Fire work for several years.

"Contrary to the usual belief, there have been many men active in Camp Fire work," said Mrs. Ferguson. At the present time Judge Fred Donnally is president of the board.

The national officers in New York divide the states into regions and then the members of the board are chosen for their respective regions.

At the present time both Mr. and Mrs. Ferguson are members of the Columbus Camp Fire Board.

Mr. and Mrs. C. A. Weekly were hosts to Reverend Mrs. L. L. McFarland, whose home is near Orlando, Fla., and Mr. and Mrs. John Imboden, of Erie, Mich.

Hilltop Juvenile Council Moves Into Full Swing

By Crawford

No doubt you have heard much talk concerning the proposed Juvenile Council plan on the Hilltop, and you are quite likely to hear much more of the same, as the organization gets properly under way and gains momentum in its forward progress.

Taking its basic ideas from the Altadena Juvenile Council organized Sept. 4, 1943, in Altadena, Calif., the Hilltop Juvenile Council is joining a fast-spreading movement of similar plans now operating in some 50 cities throughout the West.

The Hilltop believes, with J. Edgar Hoover of the Federal Bureau of Investigation, that the plan is "a step in the right direction," and aims to go on moving in the right direction where its youth are concerned.

The proposed Hilltop Juvenile Council is a voluntary advisory service to parents and youngsters. Its primary object is to help correct juvenile delinquency and remove its causes. Its members feel that no amount of time and energy would be too much to expend in bringing about these ends and they will go all out, accordingly.

The council will, in the way of suggestions and assistance, try to be of aid to its fellow citizens and neighbors in meeting the problems of certain selected youngsters acceptable to such a program. It will not attempt to perform the function of a court or of a social agency. Rather it aims through friendly and constructive assistance to benefit both parents and children and bring about better, happier, more wholesome lives for all.

Also, the council will seek the causes lying beneath the problems and will be prepared to bring urgent needs and improper conditions to the attention of the proper agencies promptly and effectively.

No services are undertaken unless they are voluntarily requested by parents and agents directly concerned. Such services are not extended without the cooperation of these parties.

Members of the Hilltop Juvenile Council will consist of representatives of such groups as the Hilltop Business Association, Hilltop Kiwanis Club, the Community Council, the American Legion, the Police Department and the PTA.

Some of the members already selected are Col. Ward, Floyd Moon, of plain clothes division of the State Highway Patrol, Leo Phillips and Bernard Schoff, a member of the juvenile squad. The lawyers include George Tarbutton and Walter Hill, chief attorney of the OPA.

Ministers who will serve are Rev. Shellhaas and Rev. Goewey.

Phil Stout will represent the PTA and Fred Polack, chief probation officer-elect, together with Dr. Miles, Dr. Cramer and Dr. Kaiser of Columbus Boys' School, will also be members of the Hilltop Juvenile Council. Representing the schools will be Irvin Young, principal of West High School, Mr. Gronan, Frank Mason, principal of Highland Avenue School, and George Williams, coach at West High School.

The young people will not lack representation since two members are to be chosen from the sophomore and junior classes for this purpose.

Such a worthwhile venture is vitally important to each and every person interested in the welfare of our youth and our nation, since the two interlock so closely and will be blended into one as the years pass. Firm support of this plan is needed to bring about a deeper understanding between officials, parents and youngsters and to build in the minds of all, true and strong ideals of finer, more useful citizenship—a sure foundation for the years to come.

Capital Music Conservatory Now In Sixth Successful Year

Thanks to the cooperation and foresight of Mr. Koler, director of music at Capitol University, and Mrs. George Mitchell, 2881 W. Broad-st, the Hilltop now has its own and, incidentally, much needed, music conservatory.

For a number of years preceding the birth of West Broad Capitol University Conservatory, the sole medium of music lessons from Capitol was Mrs. Robert Draper, wife of Robert Draper, president of Columbus School Board, who traveled over the Hilltop teaching piano to various students.

The need for such an establishment was undeniable and in recognition of this fact an agreement was reached between Mrs. Mitchell and Mr. Koler and the Capitol Music Conservatory took its first unsteady steps on the Hill at 98 N. Powell-av.

It later moved to its present location at 2881 W. Broad-st, which has proved to be an ideally centralized spot for convenience of teachers and pupils. Here 12 teachers from Capitol University give musical instruction after school hours and in the evening. There are seven piano teachers, two violin, one clarinet, and one accordion instructor.

The lessons are given on a semester basis although they may be started at any time. Mrs. Mitchell, who serves in the capacity of secretary between the pupils and teachers, reports that the conservatory is now rounding out its sixth year of existence and from its meager and lowly beginning it has risen to capacity and a sizable waiting list to boot.

The conservatory has done and is doing a great job in furthering music appreciation and instruction on the Hill. Thanks are due Mrs. Mitchell and Mr. Kohler for their work in making such an establishment possible and for bringing the convenience of location and opportunity to music lovers on the Hilltop.

Hilltop Riding Academy Plans For Young People

Hi there, pod-nah! Want to rent a hoss? If you do, we know just the place it can be done. The Hilltop Riding Academy, Eakin-rd, is the home of approximately 100 horses of all gaits, temperaments, sizes and kinds—one to suit every rider. Whether your taste runs to western or English style "equestrianism," you're sure to find your heart's desire in the big barn owned and managed by John Davis.

Mr. Davis has been in the horse business all his life and so he knows pretty well everythinger knows pretty nearly everything there is to know about the animals. In his opinion riding, in the recreational bracket, "is spreading" on the Hill, and more and more horses and bridle paths will be in use in the future, he avers.

At the Hilltop Riding Academy, riding lessons may also be had. Mrs. Bonny administers instructions in English riding, while Bill Irwin whom Mr. Davis termed a "real cowboy," handles the western department.

The horses, besides individual centers, are put to various uses each entailing a sizeable amount of pleasure and enjoyment, including moonlight rides, hay rides, wiener roasts, paper drives, parades and sleigh rides. On several occasions the Hilltop Riding Academy has used its horses to help out football rallies staged by the West High Booster Club and various scrap and paper drives.

Board Additional Ponies Here

A surprising number of Hilltoppers own horses which are boarded at the Academy. Here they can readily go out for a brisk ride or teach the horses such desired attributes as "neck reining" and "working the barrels."

A few of the well-known horse fanciers on the Hill who stable their steeds with the academy are Dot Roederer, Mr. Martain, owner of Co-op Cabs, Mr. Ray, owner of Ray's Bicycle Shop, Floyd Born of Born Funeral Home, Ethel McKinley, Harry Haner, Bill Coon, Jack Bryant, Mr. and Mrs. Caldwell, Marylin Swearinger and George Shears.

Caters to Children's Whims Also

Besides the horses, Mr. Davis manages to have at least 15 ponies on hand at all times so that the children will not find themselves left out of the fun. In an enclosed ring they may enjoy themselves in ease and safety.

Every good stable, of course, must be kept in spic and span order, by stable hands, and the Academy stable is no exception. Keeping things in order, Don, Tom, and Bill Fisher, West High boys, find adequate employment grooming horses and caring for the barn.

Club House Built For Youth

Becoming more and more of a social center for young people, the Hilltop Riding Academy is expanding itself to meet new demands. A new club house has been joined to the barn with a great 34 by 40 foot concrete floor providing ample room for big times to come. Helping out the fun will be a piano and juke box. A place to roast wieners and a horse shoe court are also in the not-too-distant future.

Taking advantage of a budding recreation are such groups as the Equestrains of West High embracing 20 members and expanding at an amazing rate.

Some Sundays in summer, Mr. Davis reports that he has from 100 to 200 riders traversing the pleasant bridle paths.

Davis Is Versatile Sportsman

"Anything to do with outdoor sports we're interested in!" declared Mr. Davis and from that we may draw the conclusion that the future will see even more improvements and additions to the Hilltop Riding Academy.

If you haven't tried horseback riding as yet you may be missing some fun. You've heard the expression, "Give a man a horse he can ride." Well, the Hilltop Kiding Academy is willing to do just that—so, see you in the saddle, pod-nahs. So-long!

Local Man Owns Private Aviary, Keeps Pheasants

By J. M. Jones

Harley Conrad, 63 N. Ogden-av, has a most interesting hobby of raising pheasants of many origins and colors.

Bob Wolfe, of the Dispatch started Mr. Conrad on this hobby by about 15 years ago and now he has more than seven different kinds of birds, which he keeps by pairs in pens in his back yard. They come from states ranging from California to New Jersey.

Most of the birds, Mr. Conrad told us, are not even half as much trouble as chickens, their eating habits being nearly the same except that the pheasant eat approximately one-half as much. Due to their very keen sense of smell, however, it is necessary to handle their nests with gloves in order that they don't detect it, in which case they would refuse to enter their nest again.

The Checker Tartirdge, the only bird Mr. Conrad keeps which is not a pheasant was originally from the extreme heart of India. It can't be kept on the ground because of a certain illness which it contracts and it will not set in captivity.

Amhurst pheasants have a plumage of nine different colors their tail feathers often being used to trim ladies' hats. They are about two-thirds the size of a common pheasant.

One of the most interesting of the various types of pheasants is the Golden, only one-third the size of a regular pheasant, imported originally from China. They are the most colorful and are, as their name suggests, of the more brilliant hues.

The hardest to raise, and therefore the most expensive of his birds, Mr. Conrad says, is the Swinhoe, which is of dark blue plumage with a white diamond bordered with a copper color, half way down the back and extending up on the neck. On both sides of the tail plumage is a white feather.

A very popular pheasant is the Silver, coming from Bermuda which is a chicken type and can be easily tamed.

The Formoson comes nearest to resembling the English Ringneck with which most of us are familiar, the difference being that in place of the red or rust back of the common pheasant, the Formoson's plumage is of a very delicate powder blue. They will not set in captivity.

A contractor by trade, Mr. Conrad has lived on the Hilltop for the last 27 years. His other hobbies include his flowers and goldfish, and since he is "only 56" years old, he still finds time for this "foolishness."

The back yard of 63 N. Ogden-av is made intriguing not only by the pens of bright birds but by a beautiful rock garden banking on an attractive fish pool, in which the backs of many golden fishes may be seen flashing in the sunlight. Mr. Conrad's "menagerie" has always been a delight to his neighbors, young and old alike, and they will always appreciate his devotion to nature.

W. D. Campbell, West High Pupils Plan Adventures

W. D. Campbell as he appeared several years ago.

By Phil Smith

Timber! is the cry you hear and 4,000,000 acres of it too. But no, you are not in a lumber camp. Something much finer. You are in "Doc" Campbell's camp, that is if you are one of the exceptionally lucky fellows chosen to accompany W. D. Campbell, art instructor of West High School, on his ninth annual trip to the Adirondacks.

Mr. Campbell has chosen six fellows to go with him and has divided them into groups of three each with himself making up the fourth in both cases.

The first group is composed of Bill Farrand, assistant chief and cook; Mr. Campbell, chief; Bob Henery, secretary and dishwasher and Cliff Voss, boatswain and woodchopper.

This group will go first to the greatest metropolis in the world —New York City, for a week. While there they will stay at the great Sloan House "Y", situated near the heart of Broadway. They will visit Radio City, the Statue of Liberty, the zoo, the largest television studio in the world and other notable places of interest.

The quartet of adventurers will then sail up the Hudson River on a large 3,000 passenger day boat to Albany, N. Y., passing West Point on the way.

Turtle Island, one of the 11 islands in the midst of Lake George, is their final destination. There they will disembark for three weeks of wild camping and mountain climbing. Really roughing it in the true sense of the word.

The second group consists of Mr. Campbell, acting as chief; Frankie Onargo (his second trip) assistant chief, boatswain and cook; Pat Barry, secretary and woodchopper, and Jerry Solinger dish washer and wood chopper.

They plan to arrive July 13 for three weeks at Camp No. 6 on Big Burnt Isle. They have many things on their curriculum for these weeks, including the delicate disuse of all shaving materials!

Fort Ticonderoga, located about 18 miles from their camp, is one of the spots they plan to explore. They will also take three mountain climbs, scaling the heights of Black, Tongue and Erebus Mountains.

All equipment has been rented for both groups. The first one leaves Saturday, June 14, and the second one leaves Friday, July 11, and returns to Columbus Aug. 3.

Mr. Campbell, being a very foresighted gentleman, is already planning his 1948 trip. It will be a trip to Maligne Lake, "Jasper National Park," Canada. He already has one fellow ready to go with him and needs two more real husky fellows.

So get your compasses in working order, your axes sharpened, your Boy Scout knife in readiness and start taking a mail order Charles Atlas course so that maybe you too will be lucky enough to accompany "Doc" on one of his annual expeditions into the wilderness!

Columbus Public School Garden Club Now Begins New Projects

The Garden Program in Columbus has had a long and interesting history. A new phase of the program started in 1942 when the Columbus Public Schools joined in the Victory Garden effort. Pupil participation in this program was very ably led by three successive directors and a teacher in each of the 66 participating schools.

Each year, from 1942 through 1946, seeds were purchased and distributed to the children at cost. The local teacher-leaders and the director visited [illegible] to encourage the pupils and give advice.

In the year 1944 a high was reached in enrollment with over 4000 registered gardners and hundreds more who participated by helping their parents.

In 1946 there were about the same number of registered gardeners as there had been in the previous year.

This year a new program is being inaugurated. The name has been changed from Columbus Public School Victory Garden Program to Columbus Public School Garden Club Program. The clubs in the participating schools are organized with a teacher sponsor and pupil officers. In some of the larger clubs there are also captains for the various divisions in the district.

The program is broadened to include not only vegetable gardens, but also annual flower gardens, perennial flower gardens and such special projects as landscaping, rock gardens, berry gardens, lily pools, etc.

The names and addresses of the club members are published by each club so that the members may have a ready reference for exchanging visits. The teacher advisors visit many of the gardens. During the summer months L. W. Huber, director, and Starling Junior High principal, will notify the pupils of a certain club, or of a division of a larger club, and conduct a hike to the gardens in the neighborhood. These hikes will be continued until at least one has been held in each district of the city. It is the aim to make these hikes as educational as possible.

Types of projects in the program include vegetable gardens, annual flower gardens, and perennial flower gardens.

Special projects suggested for the student are: landscape projects, rock gardens, berry gardens, lily pools, tree surgery, lawn improvement, hedge projects, ornamental gourds, trellis projects, tree planting, grape arbor planting, wild flower gardens, nursery projects, budding and grafting, herb collections, climbing vines, collections of cacti, window boxes, collection of many species of any one genus of flower.

City-Wide Dirtribution of Trees

The Garden Clubs cooperated in a fine project in April of this year. Fourteen thousand small shade trees were presented to the boys and girls of grades 5-8 by organizations interested in the future beauty and welfare of Columbus. These trees were distributed to the schools in proportion to the number of pupils each school had in the grades mentioned. The local clubs then distributed the trees to the boys and girls, together with information concerning the proper planting of the trees. Most of the trees were taken home to be planted, but some few were planted on school grounds or other public grounds.

School Exhibits

School exhibits will be held on Thursday and Friday of the second week of school in September by each of the 66 local garden clubs. Vegetables and flowers will be exhibited, as well as many clever creations prepared from vegetables and flowers, and other miscellaneous exhibits which have resulted fromspecial projects. It is appreciated when the school enlivens such a show with a special theme of feature. Parents will enjoyseeing it.

First and second place and honorable mention ribbons will be awarded. Each school should select its garden enthusiasts, or local senior garden club members. Allowing pupils to view the exhibit is of educational value.

Ohio State Fair

There will be a department set aside in the Junior State Fair for School Gardens. In years past the Columbus Schools have supported this project in a commendable fashion. This year it is desired that there will be a fine exhibit. Individual pupils many exhibit either separate specimens or sets of plates. School clubs may present either small or large exhibits as outlined in the premium list.

If you are interested in competing, ask your teacher how to obtain a premium list or send a post-card to the Ohio State Junior Fair Manager in the State Office Building. Premium lists will be sent to all School Garden Club officers.

Clubs should consider making school entries. It can be a lot of fun and the prizes are valuable.

West's Ball Team Tops Chillicothe

After suffering a double loss on home ground at the hands of our Cowboys, Chillicothe came to Columbus for revenge, but with Wally Watkins on the hill the Westerners did not have too much difficulty in turning them back, 5 to 2.

Watkins held Chillicothe hitless until the sixth inning, when the visitors combined two hits and a couple of errors to score their two runs and their only hits of the game.

Wally struck out 10 men and walked three, and also gathered two hits for three times up.

Jerry Chinn took hitting honors for the day when he hit three for three.

The instrument cost $55. Mr. Young advised, and was used in the recent Hilltop Minstrel Show.

Mother of 12 Knows Real Meaning of Mother's Day

By A. Crawford

"All that I am or ever hope to be I owe to my dear mother" these words of Lincoln, to many comprising his most familiar, most often quoted statement have found reflection and deep endorsement in American hearts wherein mother-love has dwelled down through the years.

It is not too often in this modern, large-family-shy era that all of 12 people find themselves paying tribute to one woman on Mother's Day. This, however, is the case with the family of Mr. and Mrs. Homer Burke of 163 Whitethorne-av., who have had no less than 12 bundles of joy delivered to their home, making a family of 14 in all.

The children, in order of their age beginning with the youngest are, Billy, 6; Pat, 8; Dick, 11; Ralph, 12; Mary, 14; Jim, 15; Edwin, 16; Eva, 18; Raymond, 19; Donald, 20; Homer, Jr., 22; and Betty, 24.

All of the children but two, Homer, Jr., and Raymond, reside at the home of the parents. Raymond Burke is now serving as Seaman First Class in the U. S. Navy.

Mrs. Burke admitted readily that keeping such an array of youngsters fed and clothed is a large-sized job. From our viewpoint, it requires much skill and diligence and probably a large measure of patience to boot.

Makes Children's Clothes

Mrs. Burke, who makes most of the children's clothes herself, calculates that she cooks about the same foods other people do, but there's always "more of it."

"It keeps me pretty busy," Mrs. Burke admits, proving herself adapt at understatement.

Prior to their residence in Columbus, the Burkes lived on a small farm on Cline Pike near Grove City. The father, Homer Burke, has been an employee of the Central Ohio Paper Co. for the past 25 years.

Edwin and Donald also find employmept here. Eva works at Key's Five and Ten Cent Store.

The children's education encompassed such schools as Grove City, West Broad, Highland, and West High School. Mrs. Burke reports that the family has a lot of good times together and that she has always "enjoyed" her children to the fullest extent possible. Imparciality is a top rule with here where the children are concerned.

We wish to join whole-heartedly with the Burk family in wishing Mrs. Homer Burke a very happy Mother's Day.

Birthday Party Honors Frank Crego

Mr. and Mrs. H. N. Crego, 366 S. Warren-av, entertained at their home Thursday evening, My 1, in honor of the 14th birthday of their son, Frank.

The dining room was decorated with pink and blue paper streamers hanging from each corner of the room to the chandelier, and from there to each corner of the table which was laid with a pink, blue and white "Happy Birthday" table cloth. Ice cream, cake, candy and nut favors and pop were served.

The guests included their eldest son George and his wife Sherlee, and William Moore, Onda McPherson, Frank Underwood, Barbara Williams, Ronald Raike, Karen Griffith, Ronald Grant, Nancy Moss and JoDell Barger.

Couple Celebrate 50th Wedding Anniversary

Mr. and Mrs. James L. Weiner, 412 S. Yale-av, formerly of Corning, Perry County, will observe their 50th wedding anniversary May 11.

The couple were married at St. Rose's Catholic Church, New Lexington, May 11, 1897, by Rev. Wagner.

They have seven children living, one deceased, 24 grandchildren and five great-grandchildren.

Due to the recent illness of Mr. Weiner, there will be no celebration as formerly planned.

TO HONOR MOTHER

On Mother's Day the Avondale Evangelical United Brethren Church will pay tribute to the oldest and the youngest mother attending the church service.

May 11 will also be known as Loyalty Day in the church.

Mrs. Bercaw Is Very Prominent Business Woman

By Crawford

Mrs. Hazel Bercaw, 78 S. Richardson-av, is an example of one of the Hilltop's most active and successful business women. Mrs. Bercaw, who has been in the business world now for twenty-five years first started her enterprise in the form of a beauty shop in her home just twenty-five years ago.

The venture soon out-grew its bounds and Mrs. Bercaw moved to her present location at 2842 W. Broad-st, where she added an attractive gift shop to the front of her establishment, calling it Bercaw's Beauty and Gift Shoppe. Mrs. Bercaw's mother, Mrs. Clara Mullins, manages the gift shop at present, handling an extensive array of fine vases, lamps, pieces of china, glassware, all sorts of nick-nacks and fancy work to catch the eye of any with a sense of beauty.

Together with her successful concern, Mrs. Bercaw has managed to raise three children, Mrs. Evelyn Malone, Mrs. Lucille Parkinson, and James Bercaw, now a student at West High School.

Mrs. Bercaw, who likes to shop in what spare time she can find, helped to organize the West High Band and the Band Parents Organization. She was, for some time, president of the latter group. She is an active member of the Hilltop Business Association and the West High PTA.

With such a record of activity and accomplishment back of her Mrs. Bercaw has certainly proved that women are more than edging their way into the horizon of the business world, and if you ask us, they're there to stay!

About the only thing they're ever able to get out of a beauty contest winner is: "I'm so thrilled."

Dried and Frozen

Combining partial dehydration with freezing to preserve foods is one of the promising research projects at the Western Regional Research Laboratory of USDA. Reduction of water content eases up the load on the freezer, and the foods are said to have better flavor than those quick frozen without the preliminary processing.

Softball Leagues Schedule Openers Before Hilltop Audiences During Next Week

Lutherans Set For Friday Openers

Cold weather forced cancellation of the opening of the West Church Softball League scheduled for Westgate Park Monday night, but plans are worked out for the Lutheran League opener tomorrow night, weather permitting.

Scheduled to lift the lid on the 1947 softball season are eight senior teams representing Lutheran churches throughout the county. The bookings of the teams for tomorrow night are as follows:

No. 1—Rome vs. Emmanuel.
No. 2—Hilltop vs. St. John.
No. 3—St. Paul vs. Grove City.
No. 4—Bethlehem vs. Martin Luther.

The Columbus Night League is making plans to open Wednesday night at the State Hospital diamond with appropriate pregame ceremonies. Two Hilltop teams will be represented in the fast softball loop. They are the Hilltop Van & Storage and Hilltop Garage & Service Station.

At the night league opener Mayor James A. Rhodes will be on hand to pitch the first ball. Nick Barack, recreation director, will be the catcher. Members of all eight teams will be introduced.

The Hilltop Business Association and the Hilltop Kiwanis Club are cooperating by urging attendance of their members at the league opening games Wednesday. Booked to play the opener at 7:30 p. m. are Whittacker Morticians vs. 740 AC. The second feature will find Williams McNabb opposing the Hilltop Garage & Service Station.

Friday night will see Lane Askins opening against Hilltop Van & Storage in the 7:30 feature, followed by Borean & Meadowbrook vs. Columbus Merchants.

The West Church League will make a second attempt to open the season on Monday night with the following schedule of games to be played at the Westgate diamonds:

No. 1 — Hillcrest vs. St. Aloysius.
No. 2—Church of God vs. Glenwood.
No. 3—West Park vs. Hoge Memorial.
No. 4—Burgess vs. Westgate Evangelical.

Hillcrest Baptist Church was admitted into the West Church League upon the withdrawal of the Hilltonia Evangelical United Brethren nine. The Hilltonia team will be entered in the Evangelical United Brethren League being organized to play at the new diamonds now nearing completion at Goodale. It will include teams from all over Franklin County.

The Hilltop Merchants team would like to schedule Sunday games with any fast class B or A teams. Out-of-town games would be welcome.

Players on this team are returned veterans and are well known in the West Church League. The roster includes the following players:

Joe Galloway, Bill Dawson, Tom Rebholtz, John Devlin, Bob Grashel, Harry Grashel, Don Davies, Bob Rich, Earl Bland, Ray Midlick, Darrell Horne, Pat Purcell and Al Dildine, the manager."

The team is sponsored by the following merchants:

Helen's Sandwich Shop; Ed Wolf's Gulf Service; Bellman's Market; Ray's Market; Hilltop Sporting Goods; Corner Grocery; White Chef Sandwich Shop; Esquire Men's Shop, Georgiton's Candies; Mames' Carry-Out; Goodwin's Drugs; Midland Market; Rivoli and Ritz Theaters; Hilltop Record; and Noland's Auto Service.

They Are In Starling Plays

This group of young people has parts in two one-act plays to be presented at Starling Junior High School tonight and tomorrow night. In the front row are (left to right) Gerry Evans, Bob Greene and Jerre Bussard. Standing are Frank Bursins, Dick Moss and Donald Lynch.

The two plays are "Let's Make Up," and "High School Daze." They are both directed by Mrs. Verona Rothenbush. In addition to the plays there will be a musical interlude by the school chorus and orchestra. Mrs. Gertrude Woodin directs the chorus while Hobart Rockey will be in charge of the orchestra.

The programs start at 7:45 p. m.

West Defeats Newark Track Team In Meet

West High's thinclads came through with a hard earned 70¼ to 67¼ victory over Newark in a dual meet at Magly Field on April 29.

Although Newark piled up eight first places to West's six, the Cowboys mounted points in the second and third positions to provide the winning margin. The Westerners only double winner of the day was Walter Hicks who took first place in the broad jump and the 100 yd. dash.

Hoover Showered With Tributes

By Bryant

Last Saturday, at Red Bird Stadium, was "Dick Hoover Day." The former West High hurling sensation received gifts from his many friends and followers.

Here are some of the many gifts he received in the pre-game ceremonies.

First of all he received two pieces of luggage from the Hilltop Business Association and the Hilltop Kiwanis. The American Legion presented flowers to Dick's mother and grandmother and also presented Hoover with a baby buggy.

West's baseball team gave him a sweater and West High presented him with a scroll.

The Knot Hole Gang gave the Hilltopper a pen and pencil set and the Alumni Association gave him a lounging robe and a shirt.

As to the game, it definitely was not "Hoover Day" as the Red Birds caught hold of just too many of Dick's southpaw plants and drove him to the showers after only two and one-half innings of work. The game ended with the Red Birds downing the Minneapolis Millers (Hoover's team) 10 to 9.

Now To Eat Egg Shells

Nutrition experts have found a new way of incorporating an excellent source of calcium in human diets. Egg shells are almost half calcium in a form which can be assimilated. Finely powdered egg shell can be put in scrambled eggs, cakes, muffins, popovers, custards, ice cream and cakes without the eater suspecting its presence.

West High Holds Hilltop Relays Here Friday, May 23

Instituting a novel athletic attraction of city-wide interest West High Track Coach Rufus Glass has invited Columbus High Schools to compete in a Hilltop Relay to be held on Magly Field, Friday, May 23.

The meet is unique in many ways, Coach Glass said.

No preliminary contests will be held at this event. Each school will select the one and only entry for each event.

Field events will start at 6:30 p. m., followed by running competition at 7:00.

Ohio State University Track Coach Charles Beetham, holder of a number of world records, will officiate at the meet.

Numerous awards, trophies, and ribbons will be given the winners.

The school garnering the most points will receive a beautiful trophy to embellish its loving cup cabinet. An attractive trophy will be presented to the individual high scorer in the meet. Special ribbons have been provided for all place winners."

Two junior high relays will be run, winners to receive appropriate recognition trophies.

Five major field events will fill the 6:30 card, including running high jump, running broad jump, shot, discus, and pole vault.

Nine running events will highlight the 7:00 sportcard until dark.

The marathon events include: 120-yard high hurdles, 100-yard dash, 880-yard dash, 440-yard dash; 440-yard relays(Jr. and Sr.); 880-yard relay (Jr. and Sr.); mile relay, and two-mile relay.

A popular price of 25c will be charged at the gate. Tickets, also will be sold in the high school cafeteria corridors, the week before.

Cowboys Crush South Bulldogs

By Glasgow

Monday our West High School Cowboys had a field day at the expense of South's Bulldogs who weren't able to stop an 18 hit attack which netted the cowboys 19 runs.

Wallace Watkins of West led the team with two long swats that soared up and over the fence for home runs. Ralph Watts also connected for a round tripper.

Bill Buckingham coasted to his fifth straight win as he twirled four hit ball against the Bulldogs.

Two of South's three runs came in the sixth inning when Dewey golfed a low pitch into the street scoring the walking Karch ahead of himself. The other South run came earlier in the game on a hit, two stolen bases and on an error.

Cowboys Take Double Header

West High's baseball team journeyed to Chillicothe over the week-end and engaged the latter in a double header Saturday and returned home with a double win, 2-0, 4-1.

Bill Buckingham pulled the old ironman stunt as he pitched the first four innings of the first game and the first two of the second and got credit for the win in both games.

Paul Theisen relieved Buckingham in the 2nd game and to start the third inning and went the remaining five innings, allowing only two hits.

Buck allowed two hits in the second game in the four innings he worked and didn't allow a run. Chuck Weeks pitched the last three innings and he too held the Chillicothe team scoreless.

FAITH IN YOUTH

By Ken Dickerson, Jr.

This week the entire Hilltop Record is being written and edited by a group of seniors from the journalism department of West High School. To some, this may seem to be merely a generous attempt on the part of the Record to show the high school students the complicated intricacies of a commercial newspaper.

In reality we feel, that while we are receiving invaluable experience in this type of work, it is actually a symbol of the grand feeling that our community has toward its youth. It exemplifies the spirit of freedom and of equal opportunity that is the very essence of the democratic way of life that has always been known on the Hilltop.

The Hilltop Record has long been influential in the affairs of our community. After 30 years of uninterrupted service its existence is directly due to its policy to promote the general welfare of the community and to present fairly both sides of controversial local questions.

The Record, in permitting us to carry the flaming torch of the press, is again displaying its faith in the modern youth. It is a faith which we pray to God to be able to justify in the critical eyes of our fellow citizens.

COURT FEES UP $13,954

Clerk of Courts William F. Berkhemer this week reported a $13,954 increase in court fees and costs during the first four months of the year, compared to a similar period in 1946. The 1947 total paid to the county treasurer was $45,872, compared to a $31,918 collection last year.

Around West High

By Judy Jones and Janet Baker

Rain is drip, drip, dripping down,
Everything is damp and wet,
And our hair's so nice and straight,
Looks just too cute for words, we bet.

Once we had a baseball team,
But the sport is now no dice,
All our players on the field
Are farming little plots of rice.

The Y-Teen girls are looking forward to the banquet this evening. All the seniors belonging to the Y-Teen will be the guests of honor. Guess what, the girls have a new G. A. A. advisor! Dave Randall, P. O. D. teacher, has professed a great interest in the girls' athletic program, so all the G. A. A.'s are going together and buy him an attractive gym suit, in order that he will feel more like "one of us." Karl Schlottig insisted we put his name in the column, so here it is — KARL SCHLOTTIG. Satisfied now, Karl? We are all happy to see Mrs. White back at West to finish out the semester as vocal director. Congratulations to all those students who were elected to attend Rotary luncheon last Monday. They got out of school most of the day too! If there is any news on the Hilltop we think Joy Bliss will be sure and find it out. Joy has really been working hard on the Record this week. The baseball games have been postponed so often we really don't know whether it is wise to predict the next. But we think it is supposed to be a game between Grandview and West at Grandview May 14. All Latin students are looking forward to the Roman banquet May 21. Some of the fellas who are slaves really have a good time. In their little white costumes and pattering around in their bare feet they really contribute to the Roman atmosphere. The city track meet was Tuesday and Wednesday of this week. We hope West's boys made a good showing. Question of the week: Where does Johnny Prose get all his pencils? Be sure and get those senior class play tickets for May 16. They are all reserved seats. Be seein' you.

Modern Poetry

By Annabel Crawford

I HAVE SEEN—

I have seen ruins in Rome
And mountains reaching to the sky,
Where white-winged eaglets soaring high,
Find their home.

I have seen a dusk-grey dove,
Alighting on temples, marble-bright,
I have seen the world bled white,
And healed by love.

REQUITAL

"'Tis naught but quartz; could never be a precious jewel,"
So they said, and I believed it, like a fool,
And took the stone and cast it into the sea

And by so doing, forsook the finest love,
I'd ever known,
Irretrievably domed myself to live a life alone,
And weep in solitude for what may never be.

YOUTH

All the world is spread about me,
Waiting for the hand that I
Eagerly shall place upon it,
For my singing in the sky.

Life is flowing through my fingers,
And my burning youth, it seems,
Presses me to catch the minutes,
Quickly in my cup of dreams.

TO GOOD MOTHERS

Mother, whose work is never done
Mother, who's always on the run
Just to keep me straight and right
Mother, who used to tuck me in at night
Who cared for me when I could not
And protected me when I was just a little tot
Who, when needed, was always near
Keeping me from knowing such a thing as fear.
Do you think I could ever forget you
Loyal Mother always true
Whom I love and ever will
Now we children are still
As we pause to say
"Dear Mother," on this, your day.

SONNET TO A FRIEND

To need a friend in a sad and dark hour
When all the world looks gloomy and sour
And that friend tries to cheer you,
No matter if he succeeds or not,
But shows you that he's loyal and true,
And when he knows you lost what you sought,
With a comforting thought he'll be there,
It'll make no difference because he's a friend
And no matter if your dreams end in the air
A word of comfort and help he'll always send
And if for a while you think you're mighty and tall
And then from your throne you take a hard fall
He's always around, with a smile
And he'll be there always, not for just a while.

Troops Get A Scare

The route which we traveled to Southern France from Naples in Southern Italy followed the Italian coast northward for several hundred miles, then swung westward to pass through the narrow passage which separates the island of Corsica from Sardinia, then north again to the beaches, which were between Cannes on the east and Marseilles on the west.

Fuller

The huge converted luxury liner which was our transport slid lazily along in the smooth Mediterranean waters. It was difficult to realize you were even moving. The rest of the convoy stretched out on either side. Along the horizon, the tiny corvettes, which were our principal defenders against submarines, darted here and there, sometimes disappearing for a time and then reappearing as the convoy zigzagged in another direction. The sun beat down and there was no wind. Troops were sprawled out in every corner of the spacious deck. Some were playing cards, some reading and some just talking quietly in little groups. Men lined the rails watching the quiet green water, the porpoises, the other ships in the distance, or just the horizon. The sea seems endless and devoid of life but men always spend hours looking at it and it is always interesting.

Alarm Sounded

At noon on the second day out, our calm was pierced by the call to "general quarters." The crew hustled to their stations and we troops were ordered below decks. One of the most terrifying sensations that can possibly beset a man is to feel trappend and unable to watch what is happening or be able to do anything. All we had to go on were the orders that came over the loud speaker and the sounds that reached us from above. Many strained and anxious men listened to the voice that came over the loud speaker. First, he announced that unidentified aircraft had been sighted at 10 miles, a few seconds later they had been identified as German JU 88's, twin engined bombers that were deadly at low level attacks. As the description continued, our anxiety rose. There were eight planes. They came closer, 8,000 yards, 5,000 yards, then 1,000 yards.

At 1,000 yards, the speaker informed us the planes were preparing to launch a low level torpedo attack. Then all the deck guns broke loose, the ship swerved, shuddered, then stopped, the lights went out, leaving us altogether in darkness, crewmen with flashlights and hoses ran excitedly through the compartment, the loudspeaker designated where the ship had been hit, and the casualties. We stood in the darkness for several minutes. Then the announcement came that the problem had ended and the speaker commended the crew and troops for the excellent way in which they behaved and handled the assignments. Up until that moment, every one on ship, below decks, thought it was the real thing. It was so realistic that many refused to believe it was just a drill and for many hours later held to the belief that we had actually been attacked.

Tension Broken

Everyone had a terrific laugh after it was over, because the joke had been definitely on us. However, much of the mounting tension was broken and we were all much relaxed for the next day or two.

The coast line came into sight early in the morning. Our transport dropped anchor at the entrance to a cove. The beach and trees behind it were barren, having been raked by fire from the navy previously. The unloading operations proceeded rapidly. We climbed down the rope nets into Higgins boats and were hurried ashore. No enemy planes came over to bother us and the German defenders had been routed by the assault troops who landed a few days before. All we had to do to get ashore safely was follow the white tape and not step on any mines.

Our Readers Say

Editor, The Hilltop Record

We want you to know how pleased we are with your paper, The Hilltop Record. It must have taken a great deal of effort on the part of you and your staff to publish your special edition of April 27. The Hilltop community can be justly proud of such a publication.

We are enclosing 15c in cash in payment of the edition we received.

Sincerely yours,
G. F. Clements
Engineer-Director

Editor Hilltop Record:

Thank you so very much for your prize of ten dollars offered for the best (according to your judgement) letter in your recent contest. It was such a surprise.

Since we really do love this part of town, it was a pleasure to work out the details of the letter with my husband.

Your anniversary edition was truly a wonderful paper.

Sincerely,
(Mrs. M. T.) Dorothy Seifert

Editor, Hilltop Record

We wish to direct your attention to the proposed plan of the Columbus and Southern Ohio Electric Company for the establishment of additional and better transportation facilities to the various sections of the city of Columbus and surrounding communities. We note that the West Side (Hilltop and neighboring communities) have been completely omitted in these plans for better transportation.

As you no doubt already know, the transportation facilities to the southern portion of the Hilltop, namely Sullivant-av and Mound-st, together with Broad-st, do not adequately serve that portion of our community. This is borne out by the severe traffic congestion on Broad-st and Sullivant-av which, besides being a tremendous inconvenience, has already cost many lives. Surely something should be done about improving this service and it should certainly be included in the proposed city-wide transportation setup.

During the past several years we have been striving to build a better community out on the Hilltop and we are bringing into this section considerable numbers of new home owners and tenants of a high type. During the past year alone we have completed 100 homes in this section, 80 per cent of which were occupied by people who moved to the Hilltop from other cities or from other sections of Columbus. Surely, if we aim to attract more people out here, something should be done about this transportation problem, as well as other problems neglected for want of action on the part of the residents of this community and the Hilltop Business Association in particular, whose members benefit the most from purchases, etc., of the people moving into this community.

Do not the people of this section contribute by way of taxation to the same extent as people of other sections of the city, and therefore are they not entitled to the same consideration as other residents of the city?

Very truly yours,
Tonti Brothers (Alfred E. Tonti)

Rev. Shellhaas, Glenwood Pastor, A Friend To All

Rev. Shellhaas

• • •

By Janet Baker

Rev. Joseph Shellhaas, pastor of Glenwood Methodist Church, and one of the most liked and well known ministers on the Hilltop, is very proud of his large church membership which numbers 3400 members. This church has the largest Methodist membership in the city of Columbus.

Rev. Shellhaas was born in 1895 in Miami County, near Laura, O. His childhood days were spent on a farm where he lived with his parents, two brothers and two sisters.

At the age of six he decided to become a minister and was determined from then on to preach the gospel. He studied at Garret Divinity School, Chicago University, Washington and received his B. A. degree from the latter. He received his M. A. degree in 1922, B. D. degree in 1926 and S. T. M. D. degree in 1928.

Rev. Shellhaas has been pastor of six churches, including Methodist Church, Bladensburg, Md., St. Johns Methodist Church, St Johns, O.; Methodist Church, Elida, O.; Methodist Church, Crrev, O; Methodist Church, Wapakoneta, O.; Methodist Church, Bellefontaine, O., and is now in his eighth year at Glenwood Methodist Church.

Married in 1923, he and Mrs. Shellhaas have one son, Glen, who at present is a lawyer in Bellefontaine.

Makes 2000 Calls

During a year Rev. Shellhaas makes over 2000 calls, preaches 240 addresses and sermons, performs at least 100 marriages and conducts 100 funerals.

Among all his duties he is also working on his Ph. D. degree at Ohio State University.

To him the most important duties of a minister are to explain the Bible, present the gospel, and visit the members of the church. He has one of the finest private libraries in the state with many books on theology and philosophy. His favorite light readings are the novels of George Eliot and Hauptmann's dramas.

Rev. Shellhaas enjoys sports and likes baseball best. While in high school he played baseball and basketball. He also played baseball in college. His hobbies are: adding books to his library and managing his farm in Van Wert county. He doesn't care for vacations and traveling. A bit of philosophy that Rev. Shellhaas thinks might apply to some people is that we must carry knowledge with us when we travel or we do not gain it; but most people travel without knowledge and do not gain a bit.

"The Hilltop shows a great deal of community spirit," according to Rev. Shellhaas. This is shown in the interest displayed in trying to provide recreation facilities for the young people.

Three highlights of his career were his graduation from college, his acceptance of the pastorate of Glenwood Methodist Church, and the return of his son from war.

Glenwood Choir Director Is Versatile Lady

Mrs. Walton

• • •

By Janet Baker

Editor's Note: National Music Observance this week calls to mind the musical achievements on the Hilltop. Mrs. Charles Walton has added much in her contribution to music circles on the Hilltop, and we present herewith a thumbnail sketch of this versatile lady and her musical family.

Mrs. Charles Walton, well known director of Glenwood Methodist choir, has a long record in musical activities on the Hilltop. A resident of the Hilltop all her life, Mrs. Walton makes it plain to all her friends that she has no desire to live in any other part of the city.

She attended Highland Avenue grade school and began her musical career at that time by studying piano. Later she took organ lessons and became the organist at Glenwood Church as a young girl with "braids down her back" and remained organist there for 20 years.

Meanwhile she continued her education by attending Ohio Wesleyan University, majoring in music, and received her degree from that college. Mrs. Walton, who giving piano lessons for many years, became interested in voice training and now teaches both piano and voice.

She has been active in church work more than 30 years and also belongs to many musical organizations, which include Women's Music Club, Columbus Music Teachers' Association, Central Ohio Chapter of the American Guild of Organists, Franklin County Council of Church Women, and directs the music for the Women's Welsh Club.

Mrs. Walton's father at one time was supervisor of the State Hospital and Mrs. Walton played the organ there for the chapel services.

Her favorite type of music is that of the old masters, Beethoven being her favorite. She is very fond of the opera, enjoying Wagner's "Lohengrin" more than some others.

To Mr. Walton, who is associated with the F. G. Howald Co., she attributes much of her success in the professional world; for without his assistance she would not have been able to continue, she avers.

The Waltons have a son, Charles, who is a professional musician and is now studying in New York City. A daughter, Elizabeth, is a teacher at Cassingham School, Bexley, and likes music as a hobby.

Mrs. Walton believes that our younger generation should make more of an effort to hear good music. There are so many more activities to take part in that we do not have enough time to devote to one interest, she believes. In her own words, "Our schools are doing a marvelous job in promoting good music with the great number of pupils they must reach."

Spraying equipment used to apply 2,4-D must be thoroughly cleaned before used for ordinary sprayings or desirable plants will be killed by the 2,4-D residue.

Local Church To Build

With Rev. Carveth P. Mitchell, a former pastor, turning the first spadeful of earth, a new building addition was launched by the Hilltop Evangelical Lutheran Church Sunday afternoon.

In the above Journal photo Rev. Mitchell is shown at right with the pastor, Rev. Russell J. Olson, presiding over the ground-breaking ceremonies. Actual work on the $100,000 addition is expected to get under way at an early date.

Harris To Sing Here Sunday

Daniel Harris

Daniel Harris, baritone, will be guest soloist at the Hilltonia Evangelical United Brethren Church Sunday morning at 9:30. Professor Harris is on the faculty at Oberlin and was formerly with the Metropolitan Opera Company. He is a member of the Hilltonia Church and the son of a former minister there.

It will be Volunteer Day at the church, when the new church budget will be subscribed. All mothers of the congregation will be honored. Rev. Glendon Herbert, the pastor, will speak in the service. The church is located at 522 Columbian-av

Hillcrest Will Honor Mothers On Sunday

Mother's Day will be observed at the morning worship in the Hillcrest Baptist Church, W. Broad-st at Eldon-av. At this service the oldest and the youngest mother present will receive special recognition. Rev. J. Herbert Goewey, pastor, will use as his sermon subject, "Mothers, All." The choir will render a special Mother's Day anthem.

The Church School will meet 15 minutes earlier this Sunday, 9:15 a. m., and will gather in the Fellowship Room to view the third film in the Life of St. Paul, "Faith Triumphant."

Mount Vernon, the home of George Washington, on the Potomac River near the city of Washington, was built in 1743.

SUNDAY LESSON

False Gods Can Destroy Today as In Ancient Times

The International Sunday School Lesson for May 11
Scripture: I Kings 18:20, 21, 30-39

• • •

ALL through the Old Testament runs the story of the conflict between true worship and the worship of idols—the moral and intelligent worship of a Supreme Being and the superstitious bowing down to wood and stone.

It was a boldly noble conception in which man dared to say that he was made in the image and likeness of God.

Wherever men had this conception of God, no matter how dimly they perceived it, they were lifted toward something better.

Contrast with this the pagan and his grotesque and ugly objects of worship.

But the people often turned from the God of their fathers to worship graven images and to practice idolatrous rites. This is not true of a few. These were humble and lowly saints and the great prophets. The Lord reminded Elijah in his mood of depression, following his great victory against the prophets of Baal, the sun god, that there were 7000 who had not bowed the knee to Baal.

Why were the people drawn to idolatry when their religious heritage ought to have kept them true? For precisely the same reason that people turn to false gods and false ways today—the line of least resistance.

It was the way to indulgence and immoral allurement. The heathen rites had licentious and sexually degrading aspects.

What does all this mean in terms of today? The idols and images are different, but the allurements and the moral degradations are the same. Every daily paper; as its news columns reflect the moral, social, and religious life of our time, reveals how paganism is in our midst.

And it is true, as it was of old, that sin seeks out individuals and peoples. False gods and false worship can destroy us as surely as they destroyed of old, unless the good that is in us prevails over evil.

Religious Books Recommended By Ministers

By J. M. Jones

Many people, even those who read a great deal, are often guilty of skipping by the shelves on which the spiritual books are placed. If they are asked why they don't read more of these books their answer is usually that there are "good books" and "bad books" and they just can't trust their own judgement.

Since May 4-11 is National Religious Book Week, we have gone to the trouble of compiling a list of "good" religious books so that everyone can read at least one of them during the oncoming week. These books are the suggestions of various pastors on the Hilltop and profess their own personal opinion.

Rev. J. L. Dean, of the Community Church, recommends to the people of the Hilltop, "Victorious Living," by E. Stanley Jones.

The pastor of the Westgate Evangelical United Brethren Church, Rev. Harold Dutt, would have his parishioners read, "In His Steps," by Sheldon.

"On Being Fit to Live With," by Harry Emerson Fosdick, was suggested by Rev. J. Herbert Goewey, of the Hillcrest Baptist Church.

The book which was recommended by Rev. John Crumrine of the Sullivant Avenue Friends Church was "The Purpose of Calvary," by Rimmer.

A book equally enjoyed by young and old is "In The Years of Our Lord," by Manual Komkoff. This was the suggestion of Rev. James Lorenz, of the Westgate Methodist Church

Get one of these books, or all of them and read today.

Don't let it worry you, if your efforts are criticized; you must have done something worthwhile.

REVERENCE
OF ALL the hallowed customs of men, few are as rich in meaning as the final tribute paid to the dead by the living. The form and ritual may change with the age, the people or the country, yet the purpose is ever the same: To take farewell and pay rightful honor and respect and devotion to the departed one. We approach our part in the memorial service in a spirit of sincerity and understanding — the same spirit which is part of all our service.

Rev. Wold, Hoge Pastor, Voices New Church Need

By A. M. Crawford

One of the most prominent and well-loved men on the Hilltop is undoubtedly Rev. A. J. Wold, 3503 W. Broad-st, pastor of the Hoge Memorial Presbyterian Church. Rev. Wold, whose friendly face and pleasant voice are a most welcome sight to all Hilltoppers, will have been guiding the Hoge congregation for eight years this summer, a most worthy and happy eight years for all.

Besides the above mentioned post, he is also chaplain of the house of representatives of the Ohio State Legislature. He is a former moderator of the Columbus Presbytery and holds the position of chairman of the committee on church extension. He is a member of the children's and family bureau board, a Community Chest agency.

Engaging in studies at the University of Chicago and Garret Institute of Evanston, Ill., Rev. Wold graduated from Macallister College in St. Paul, Minn., and McCormic Seminary, Chicago.

Born in Norway, he came to this country with his parents at about 12 years of age. He spent what he termed a "beautiful childhood" in northern Minnesota. After his graduation from McCormic Seminary he was associated with two Chicago churches, being with one seven and a half years, and another, on the North Shore, five and a half years. He also officiated in Minneapolis churches before coming to Hoge in Columbus in 1939.

Rev. Wold

Rev. Wold modestly stated that he grew into the ministry. Upon reaching the age of 16 he began thinking of a field for his life's work in which he could be of the most service to his fellow men and of aid and assistance to young people in particular, helping them build full, constructive lives. The natural vocation of the ministry suggested itself and claimed him for its own.

Mrs. Wold is the former Anne Ericson, a native of Minneapolis, Minn. The Wolds have one daughter, Eleanor a graduate of West High School and Ohio State University, who is now studying voice in New York under Merle Alcock. Eleanor also holds a position in the French department of Columbia University.

Kept busy with the church and the many attendant pastoral duties, Rev. Wold finds recreation time scarce in his daily schedule. However, he manages to keep up a lively interest in a great number of things, including wood work, fishing, gardening, reading and golf. He also developed a love for skiing while in his native Norway.

Balancing heavy and light reading, he covers a literary field of the latest in science, philosophy, history, religious topics and some new fiction. Rev. Wold is also a fan of college and high school sports, including football and basketball.

The Hoge Memorial Presbyterian Church, he stated, now has a membership of approximately 1200 people. This is a vast number indeed, considering the small brick church which fills to overflowing every Sunday and still is pitifully insufficient.

Plans are being made, therefore, for the construction of a new church to be located at 2924-30 W. Broad-st.

With a population of approximately 50,000 now it is predicted that the Hilltop will grow swiftly within the next few years. That fact constitutes a challenge to Hoge Memorial Church, since it is the only Presbyterian Church on the Hilltop. The plans, following gothic structure, have been drawn by Ralph R. Cox, a nationally known church architect, and are designed to provide a seating capacity of 750 in permanent pews on both floor and balcony, with space for an overflow audience of at least 200 additional. Work may start this year and a half, if all goes well.

One of the principal reasons for the building of the new church, he feels, is the inadequate size of the present one. It is twice as large into even more as you would find such churches as it is today. The pastor believes the youth problems which confront us today is largely due to the aftermath following every great war. Upset homes, lack of parental care and the difficulty into "basically a home problem," he declared. Here on the Hilltop, above all else, a community recreation center is needed, Rev. Wold also reported. Hoge is trying to promote better environment for its youth by various recreational activities, including basketball, softball, choir and other young people's organizations. The pastor believes that this movement should be spread over the Hilltop by means of a community center and outdoor playgrounds so that the youth of the community will be given clean, wholesome lives, a great step to combatting the pressing problem of juvenile delinquency.

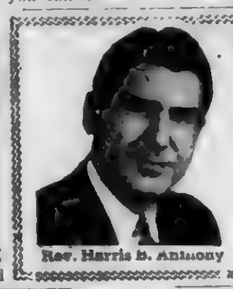
Rev. Wold, who never fails to enrich and inspire the minds of his congregation with his well-planned, skillfully delivered sermons, believes that the church is becoming an institution not only dealing with the spiritual side of its congregation but with the mental and physical as well. In the future, he hopes to see church activity spread and broadened throughout the Hilltop to promote clean, constructive and happy lives for young and old alike.

Following Rev. Wold's ideas, the Hilltop can become a better, more wholesome place in which to live. A place with high standard to be upheld, in which pride can be rightly taken and maintained. The future is in your hands, Hilltoppers, let's see what you can do!

Hymn Singing, Wholesome Recreation For All

By Crawford

Ever since the first settlers of the New World established their wilderness churches, hymn singing has played a great part in the religion of America. Mediums of true and heartfelt expression of heart and soul, the ageless hymnal verse and chants have become as much a part of our land as the rich soil itself and so will continue to be as long as man can sing his voice in tribute to God.



For years the churches of the Hilltop have been uniting the community together in an understanding and deeply lasting union by means of "Hymn Sing" gatherings held every other week at various churches. Usually between approximately 150 and 200 people of mixed sects attend these meetings, singing the hymns well-known and loved by all.

The music leader of the church at which the "sing" is held leads the group in vocal tribute. The participants nominate hymns of their own choice to be sung. At each gathering a banner is presented to the congregation having the largest representation in the group.

If you want an evening of good, wholesome enjoyment and glowing companionship, singing your favorite hymns, watch for the next "Hymn Sing" and be one of those present at the gathering. You won't regret it.

The next "Hymn Sing" will be held Sunday night at Westgate Evangelical United Brethren Church.

Come—Bring A Friend

A memory that lives is often inspired by the monument erected to a departed loved one. To have lived in such a way that the memory of a person continues to inspire good deeds in others, denotes a life that has accomplished much in a constructive way.

Longfellow in one of his immortal poems pointed out that lives of great men can remind us that we, too, can lead sublime lives; that our footsteps in the sands of time can give fresh hope to a discouraged one.

A worthy goal in life is to live so that we leave the world better off than we found it; in such a way that our life proves a blessing and an inspiration to others, even years after death.

The church teaches us to live such a life. It shows us by example how our life can so influence others that our contribution in Christian living can make itself felt by an increasing number of persons of each succeeding generation.

What kind of memory will we leave behind as evidence of our contribution to a better world? The church and the Sunday School can best give the answer to this question. How we live; how we raise our children, will determine whether our memory will live, or whether it will be buried with our mortal remains.

Resolve now to make your influence felt by others, who, seeing your good works may glorify their Father in heaven.

Mother's Day Problems Not Too Hard To Solve

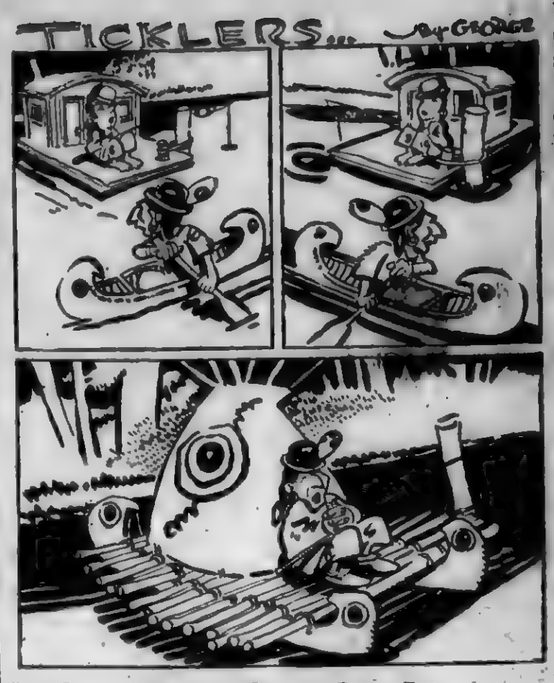
HILLTOP, May—Mr. John Doe was worried. Here it was only a few days until Mother's Day and he had just remembered the staggering list of gifts he had to buy. When his shopping list was finally completed he had presents to buy for Mary, his wife; his mother, and Mary's mother. Also he had to see that there were gifts from his three daughters, Susie, 4; Lucy, 6; and Jo-Ann, 9; which meant an increase of weekly allowance for his three lovely girls.

Now he was really faced with a problem. Yes, here was the old, old question, popping up in his mind, what to buy? Well, first of all, he got out the family car, the kids piled in, and father and children drove to the neighborhood shopping district.

Little Susie decided to spend her sole fortune on two lovely pastel shaded lamps she had seen advertised at the Westgate Electric Co. After her purchase she had the sum of $3 left, which she spent on two bottles of "Kiss and Tell" cologne for her grandmother. These she bought at Wright's Store.

Lucy and Jo-Ann pooled their money and after much consideration picked out a General Electric alarm clock which featured a plug to be connected to any electrical appliance. (For example, if the clock were attached to the radio and was set for a certain time, then the radio would start playing at the stated hour.) This gift the girls purchased at the Hilltop Jewelers, for $14.95. They then decided on some Apple Blossom dusting powder for their maternal and paternal grandmothers, which they purchased from Todd's Drug Store.

With the gifts from the children taken care of, dad set out to do his own shopping. Spying an electric mixer at Kirk's, he hastened to buy it for he was sure that it would be just the thing for his wife, Mary. His next stop was in the women's department at Seiler's. Here he found various attractive articles. After a few minutes of looking, he chose nylon hose at $1.55 pet pair and two Kyser slips at $1.98 each. These gifts purchased, he headed for home, his shopping task over until the next holiday.



He was quite pleased with the wise buying techniques displayed by his children. He was sure that mother would be well pleased with the two lamps from the youngest girl, Susie. At the time he didn't know how soon they would be in use because Susie unable to keep her secret, gave them to her mother as soon as they reached home, but all the other gifts were put safely away, awaiting Mother's Day, May 11.

Boy, 5, Causes Kidnaping Scare

The West Side was recovering from a kidnaping scare last week after a five-year-old Wrexham-av boy was missing after being sent to the grocery. He was lost for several hours

He was William Deitrich, son of Mr. and Mrs. C. R. Deitrich, 339 Wrexham-av, who was sent by his mother to a grocery at Lechner-st and Sullivant-av. He failed to return and the mother called police shortly after noon. Cruisers were sent to search the neighborhood.

Meanwhile, the youngster was playing at John Burroughs School. He was seen by the principal, who sent a 13year-old youth out with the youngster to try and find his home. Failing this, the principal called the police and Billy was returned to his home in a cruiser.

Judge Rose Speaks At Kiwanis Luncheon Thursday

The meeting of the Hilltop Kiwanis Club of May 1 was addressed by Clayton W. Rose, judge of the court of domestic relations. Judge Rose spoke on the responsibility for juvenile delinquency and commented on the splendid goal of the Hilltop in organizing its Hilltop Juvenile Council.

He stated the best defense against the delinquency of minors is to make every juvenile a good citizen. This must be done through a four-fold program embracing the home, church, school and community. While none of these can hope to prevent delinquency by itself, the concerted effort of all will tend to help the juvenile keep an emotional balance.

The meeting for this week will be held as an evening affair at the Glenwood Methodist Church. Wives and sweethearts of members are to be guests at a special Mother's Day observance. Bob Nash is in charge of the program.

Broken Home Greatest Detriment

The major factor contributing to delinquency is a broken home, the judge said. The effects of a divorce on a child tend to make him distrustful and insolent.

Because a divorce-child has seen his parents fail to solve their problems and have to resort to separation, he has less chance for a successful marriage of his own. Children from broken homes can't have the advantages of normal children. Since most divorces occur in the lower income bracket the divided income can't always provide for the necessities and often the further education of the child is arrested.

"An increase in delinquency as a direct result of the increase in divorces is to be expected," he said. He stated 75 percent of all cases filed in the county court system are filed with the Domestic Relations court and while in 1900 only one out of nine marriages ended in divorce, today one out of three is an admitted failure.

Praises School's Work

He declared that even though the schools are handicapped by lack of funds and highly trained personnel they perform a splendid job of helping potential delinquents maintain an interest in constructive things.

A school must have a complete extra-curricula system as well as the specified academic subjects. The modern school offers a well rounded list of subjects that should satisfy the most critical.

Community Has Been Extended

The modern youth has become mobilized. He may drive 20 and 30 miles to seek his entertainment. Thus he is projected into a strange group of people to whom he is not known and hence is not greatly governed by public opinion.

The community must also glorify a successful home instead of publicizing the failures of people to adjust themselves. The court has the morbid task of performing the autopsy on a dead marriage. The broken home is not the result of divorce but divorce is the result of a broken home, he emphasized.

Church Must Continue Work

The church has been doing a wonderful thing with its youth movements but must continue to support its program for the benefit of the teen age group as a whole if the interest of a youth is brought into a church it will strengthen it. A strong church promotes a strong home, and a weak church tends to make a weak home, he declared.

At the conclusion of the meeting Judge Rose was presented with a check for $100 by Donald Smith, representing the Kiwanis, to be used to send 10 under privileged children to camp this summer. The camp is run under the private supervision of Judge Rose to permit children to have a week of enjoyment that they otherwise would have been denied.

Hilltop Firemen Lead Busy Life

By Prose

It is 7:55 in the morning, and the roll call is sounded for the off-going shift of men at Engine House No. 17 at Wheatland and Broad.

Thus with the roll call of the on-coming shift, a new day is begun.

These men have no easy task. They work 24-hour shifts and cook their own meals.

One every-morning chore is the cleaning of the quarters, which have the rather disgusting habit of becoming very much disheveled, and sometimes require a great amount of manual labor to be put back together again.

Another everyday job is the check of all equipment which above all, must be kept in readiness at all times.

Then follows a schooling session in the locations of buildings, streets, etc. Then men on duty here are required to know every nook and cranny of all principal buildings on the Hilltop, such as the state institutions, schools, business establishments and public buildings—as well as all the principal buildings in the downtown district.

A periodic inspection of these buildings is another duty of the fireman as well as a hydrant inspection. If a hydrant is faulty, it must be put back in working condition. This includes the thawing out of frozen hydrants in the winter.

One man must be on duty at all times to take calls. Bill O'Connor, fireman on watch at the time of interview, stated that the old gong system, though still in use, is largely replaced by a public address system. Instead of coming into the engine house directly, alarms go to the central office, where they are sent to the respective systems via the p. a. system. This eliminates a lot of confusion and only the engine house in the immediate district of the fire is affected.

The fire truck at No. 17 answers all calls from Sandusky-st west, while the pumper covers everything west of Central-av.

The most frequent cause for extensive damage from fires is delayed alarms. When a fire breaks out, people try to combat it themselves, instead of summoning the fire department immediately.

False alarms are the pet peeves of the firemen, but the penalty for tuning in a false alarm has been made so great that the men are seldom bothered with them any more.

The Hilltop station averages about 50 to 55 runs per month, so they have no dull time of it.

THE YOUNG LAMPLIGHTER —This unique lamp, made of soft drink bottles and phonograph records, hangs in the Hilltop Teen Canteen, 2585 W. Broad-st. Tending it is Anna Belle Crawford, 7199 Dublin-rd, a 12A student at West High School.

Local Library Dispenses 100,000 Books Per Year

By Janet Baker

The Hilltop branch of the Carnegie library has been supplying books to many Hilltop adults and children for about 19 years.

There are three full-time librarians, Miss Mildred Phalor, Mrs. Harry Emerick and Mrs. Dorothy Wilson. Four college girls who work part time include Pauline Kaufman, Barbara Granville, Wilda Swain and Jeanne Grady.

The local book repository holds 16,673 books of all types: fiction, biography, history, science, useful arts, philosophy, fine arts, sociology, travel, all types of literature, religion, newspapers, periodicals and abridged readers' guides to help in reference work.

Always there has been the question, "Who are the most avid readers, men or women?" According to Miss Phalor, women read more books than men. But, then, there is an explanation for this, for more men work and do not have time to read. So we can't prove much by these statistics.

Historical novels, exciting westerns and mystery stories seem to top everyone's list of reading matter.

During book week in November there are many pictures and new books to brighten the library and make it even more attractive.

West Broad School Reads There

In the school year many classes from West Broad School come over to the library for a reading period. Summer brings the story hour which is at 10 o'clock on Saturday mornings. This is looked forward to by many youngsters as the outstanding event of the week.

There are books for the young and old. Some parents begin to "charge out" books to read to their children before the children are four years old, the librarians said.

Just to give you an idea how many people read books, more than 11,000 were issued in March. This branch library also serves the county as well as the Hilltop, and about 1200 books are issued there in a month.

The library is open from 1 p. m. to 9 p. m. week days and from 9 a. m. to 9 p. m. on Saturdays during the winter months.

Two Youths Plan Ministry Career

By "Phil" Smith

There are two boys in West High's June graduating class who have already chosen their lifetime work. They plan to enter the ministry. Robert Kimes and James Hiland are entering different phases of their chosen profession but they both have the same desire and urge to become ministers.

Robert plans to enter Ohio Wesleyan in the early fall, where he will work for his bachelor of arts degree, and from there he will go to Drew Seminary in New Jersey for two years, and then one year in Boston, whence he will graduate and receive his bachelor of divinity degree. He will minor in music but has not decided what he will make his major interest. Robert feels that there is an urgent need for ministers and it has been his ambition since he entered senior high school. He is a member of the Glenwood Methodist Church.

Jim Hiland plans to attend Wittenberg College for four years to acquire his B. A. degree and then to Hamma Divinity Seminary in Springfield, Ohio, where he will acquire his B. D. He will major in psychology and speech at Wittenberg. Jim's decision to become a minister stemmed from his experiences at Lutheran Youth Camp. He attends Hilltop Lutheran Church.

The third annual Y-Teen prom was held Saturday, May 3 at the Y. W. C. A. It was a formal affair and many beautiful gowns were seen. Beautiful corsages were much in evidence.

The mellow dreamy music was supplied by Lennie Wynn's band. The dance lasted from 9 to 12, and a good time was had by everyone who attended.

Hi-Y Members Double As City Governors For Day

Hi-Y boys took over the job of running the city government Friday, May 2.

Mayor Rhodes proclaimed that day as City Day. He asked about 70 city officials to turn over their posts to Hi-Y Club members for the day.

Last week city officials and their youthful successors had luncheon at the YMCA, 40 W. Long-st. During the afternoon a model city council meeting was held in council chambers at City Hall.

A feature of the afternoon was a radio program at 4:15 p. m. Several of the young officials were interviewed from Station WHKC. Bill Smith, Ohio School for the Blind student, was elected mayor for the day, and West High's Jim Slager, Council prexy.

Other officers for the local high school were:

Ralph Watts, commissioner of the board of health; Don Borror, superintendent of markets; Bill Buckingham, judge of municipal court; Vincent Pepe, chief accountant; Jim Vickers, chemist of sewage maintenance; Brad Richardson, president of the board of education; Norris Booth, captain of traffic court; and Don Cross, presiding judge of municipal court.

Sullivant Avenue Airport Is Rapidly Growing Center

By Crawford

Without a doubt, the United States, as a nation, is taking to the air. In a sky-minded world where air travel and facilities are uppermost in transportation circles it is only natural that thriving and up-to-date communities.

Responsible for one of the most modern and growing small air concerns in the country is Gomer Jones, owner and operator of the Sullivant Avenue Airport, 3869 Sullivant-av. Mr. Jones, who was a student of East High here in Columbus, worked with the Doddington Lumber Co. before beginning his air enterprise, in 1933. The Sullivant Avenue Airport was started in October, 1937, and since May, 1938, has possessed the proud name of an incorporated project.

Gomer Jones

As is the way with many interesting but nearby places, the Sullivant Airport is often overlooked by many Hilltoppers as being a place of absorbing interest. The long, low hangars and machine shops hold a world of new and engaging aspects to those who will but discover them.

Accommodates 38 Planes

Housing, in all some 30 aircraft, both instructional and privately owned planes, the Sullivant Airport offers both civilian flight instruction and veteran air training. Having the approval of the Civil Aeronautics Board, the airport is able to offer five courses in all both to veterans and civilians, including instructional flying, private training and instrument flight course, and commercial and multi-engine courses.

Comprises 182 Acres

Proving itself to be a growing concern, the Sullivant Airport started with only 100 acres but is now spread over all of 182 acres. Mr. Jones estimates that within the next five to 10 years, 150 to 200 new planes will make their appearance on the airfield.

Besides instructional flying, all sorts of charter trips, both passenger and light freight, are made covering a radius of some 300 miles around Columbus. Companies desiring emergency runs sometimes call upon the Jones Flying Service to get things delivered on schedule, knowing that they can depend on speed and efficient service. Sight-seeing and business flights are chartered to spots all over the country by air-minded citizens, recognizing the travel mode of the future.

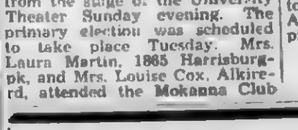
Four passenger Stinson planes were recently sold at the Sullivant Airport so if you're thinking of buying the family a new car this spring, why not invest in a nice roomy airplane? Everyone will be doing it in a few years, like as not?

Snyder Aircraft, leasing from the Jones Flying Service, handles all types of aircraft supplies right at the airport.

Installs Parachute Shop

One of the spots of interest at the Sullivant Airport is the newly-added parachute shop. This entails a government-approved parachute loft (license No. 24u6) where the repairing, inspection and repacking of parachutes is handled. Here billowing silk from such far-flung spots as Springfield, Zanesville, Price Field, Port Columbus, and spots all over central Ohio are strung up by the tops to hang in the properly regulated loft for check-ups and repairs.

In the same building a government approved airplane repair station occupies worth-while space where all kinds of aircraft are checked and double-checked by experts in the business.



30 Employed by Mr. Jones

In all, some 30 persons find employment at the Sullivant Airport, including instructors, the maintenance crew and restaurant workers. Over-night lodging facilities are also an indispensable feature for men of the sky, consisting of eight bunk-beds and one private room.

To illustrate what careful and meticulous care the mechanical birds of Gomer Jones receive, all of the school's planes are listed with chalk on a blackboard and a careful account of the hours aloft is kept. When the 100 hour mark is reached, the plane is brought promptly into the repair station, where all of the inspection holes are duly opened and the cables and engine carefully checked. After 500 hours in the air the motor of each plane must be entirely rebuilt.

The pony express is far outmoded; however, its successors, including the Jones Flying Service, are of inconceivably greater interest. The intricacies and mechanical ingenuities entailed in the shops, hangars and aircraft themselves would take great spans of time to go into fully. However, Mr. Jones feels that the citizens of the Hilltop, being interested in coming things and the travel of the future might be interested in a free conducted tour offered to any group of citizens who care to partake of it.

You are invited to come and see for yourself the strides being made in air travel. You may even want to take a plane home with you, but we don't advise it. You probably wouldn't get away with it.

Neighbor, Rome Installs Lights

Controlled by an electric eye, a new street lighting system was in operation in New Rome last Friday—climaxing years of waiting and a long fight against wartime restrictions.

The electric eye atop a utility pole behind the village schoolhouse, turns the lights on when it begins to get dark and off at dawn, regardless of the hour of the day. Since it operates on the light density, no seasonal adjustments are required.

The village, six miles west of the Hilltop, started negotiations for the installation of the equipment at the outset of World War II, but efforts were stalled because of inability to secure necessary materials.

But less than a month after the Japs threw in the sponge, Mrs. Mac Karnes, then serving an unexpired term as mayor of New Rome, signed a contract for the installation with the Columbus & Southern Ohio Electric Co.

Power was turned into the lighting system Monday. "Everyone in the village is proud of our new lights," Mrs. Karnes reported.

The utility company made the installation and supplies electricity for the lights at $32.50 a year for each light.

Five lights are located along the six-block length of New Rome's main street, U. S. Route 40, and a sixth is on West-st.

Girl Follows Footsteps Of Father As Coach, Scout

By "Phil" Smith

You have doubtless all heard of Sue Glass, the dancer who has appeared in almost every musical that West High School has presented for the last few years, but have you heard of Sue Glass, the coach?

Although we can't say whether she is a full-fledged one, still she is of great help to her father, Coach H. C. Glass, of the track team, at times when he is urgently in need of some one to pinch hit for him.

Sue, growing up as she has, is very much interested in the cinder-path. She never fails to read reports of all meets and knows how to keep score and records. She sometimes substitutes for the managers in this capacity when they are unable to attend the meets.

Sue also acts as a scout at times, going with the managers to various schools to scout out their promising material, reporting her observations to Coach Gl...

A Day At West High
School Reporter Tells All

By Glasgow

Many parents never have the chance to visit a modern high school except on special occasions and then they never see students as they really are.

So I'd like to show you a typical day of a senior at good old West High School

Before registration the students may sit anywhere they want to in the auditorium or they may walk around the halls. When the bell rings at 8:50, contrary to most people's conception, the pupils don't dash madly to their seats. As a matter of fact they don't even seem to hurry.

In registration the announcements for the day are made along with the messages for a day or two ahead.

The average student carries four major subjects, along with four or five periods of elective work. The best schedule available is one that spreads the major subjects over the day.

The one subject that is required for seniors is Problems of Democracy, of which, no doubt, you have heard if you have an offspring in the senior class. Since we can't take every period in the day as every student's schedule is different we'll take the one class all seniors enjoy (I think).

We've all heard people say, "School is not what it used to be," but, on the contrary, I believe school is basically the same as it was in the "good old days."

Probably you parents had a course in government when you were in school. P. O. D. is just a study of government, the same as civics, only on a little higher plane. The classes are run in an orderly fashion, with everyone given a chance to recite. One day a week is devoted to current affairs so that it will keep the students aware of national affairs. The other days are devoted to the study of citizenship, crime, local and national government and many other things that will be of help to graduates.

The rest of the day is divided between majors and study halls until the sixth period, when lunch is served in a very well equipped cafeteria. Then back to classes until 3:25, when school is dismissed for the day.

MOTHERS' CLUB MEETS

The Mothers' Club of Hilltop Lutheran Church met at noon Thursday in the church for a luncheon. Hostesses were Mrs. Jennie Betsch, Mrs. Clara Strickler and Mrs. Marie Kinman.

Community Church Boasts Members Who Plan To Enter Ministry Soon

J. M. Jones

The Hilltop Community Church is one which can be very proud of the young people affiliated with it who are going into the ministry or the field of foreign missions. J. L. Dean, pastor, believes the church has a membership of approximately 55 members, of whom four are going into Christian study.

This is definitely a percentage of which to be proud. John and Mary (Mr. and Mrs.) Swentzel are both studying at the Intercession Biblical College, Intercession, Fla. The day of female preachers being approached, the Community Church boasts another woman theological student, Mis Netty Davis, daughter of Mrs. Henriette Davis, 2700 Dibble-av, who is attending Marion College, Marion, Ind.

A course in theology at Taylor University, Upland, Ind., is the beginning in the long, strenuous education needed to be a Christian teacher for James McElwee. James is the son of Mr. and Mrs. James McElwee, 125 S. Ogden-av. "I don't know what is happening," said Rev. Dean, "but our young peole just seem to have something."

May all the young people of the Hilltop have that "something" in which Rev. Dean has encouraged the young people of the Hilltop Community Church.

School-age Youngsters To Be Examined This Month

If Johnny or Mary enters school next year, it's time to start thinking in terms of their health.

With this goal in mind, Columbus public schools, Thursday, started their semi-annual health roundup which will continue every school day through May. The opening day coincides with national Child Health Day.

Any child who will enter the city schools next September or February is eligible for the examination which is given by school nurses, W. W. Miller, assistant superintendent in charge of elementary schools, said yesterday.

Parents Get Findings

To enter in September a youngster must be six on or before Jan. 31, 1948. For Feb. entry, he or she must be six on or before Aug. 31, 1948.

Nurses' findings will be turned over to the parents with the suggestion, where necessary, that the child be taken to the family physician.

Youngsters examined now will have from three to nine months for correction of health defects, depending upon the semester in which they enter school, Miller pointed out.

He requested that parents phone the principal of their neighborhood school for appointments for their youngsters in order to avoid long waits at the school.

Schedules Are Listed

Starting last Thursday and continuing through May, school nurses will be on hand at the following schools and on the same time schedule:

Highland Avenue — Monday afternoon; Thursday morning.
West Broad—Tuesday morning; Friday afternoon.

John Burroughs — Monday morning; Wednesday 10:30 a.m. to 3:30 p. m.; Friday morning.
West Mound—Wednesday, 9 to 10 a. m.

Perma-Stone Co. Enlarges Business

The Perma-Stone Columbus Co., 719 E. Hudson-st, announces the inauguration of an extensive advertising campaign, in line with its newly enlarged organization. The campaign is designed to popularize the company's low-cost remodeling service. This service is now within the means of every home-owner, and is available through the company's associated contractors throughout the city. It is the plan of the Perma-Stone Columbus Co. to bring before the home-owning public the economy of installation and upkeep of Perma-Stone, as well as the many protections and savings derived from its use.

Perma-Stone is not a tacked-on siding, or painted-on imitation of wood or brick. It is a stonelike veneer, permanently secured to block, concrete, tile or used brick. When finished, Perma-Stone looks, feels and wears like stone. Perma-Stone becomes a new and extremely durable wall, encasing the building an an armor, the strength and beauty of which will endure forever. The many hundreds of Perma-Stone buildings in all parts of the country, tested under extreme climatic conditions over a period of years, have proven beyond doubt the permanence and satisfaction of Perma-Stone.

The Perma-Stone Columbus Co. offers a wide variety of budget plans to home-owners installing Perma-Stone. They will arrange payments over a period of one to 10 years, in addition to supplying complete service on all phases of remodeling. The company believes that this is the lowest-priced service of its kind ever offered to home-owners throughout the United States.

National Honor Pupils Continue Good Record

By Phil Smith

West High School received its charter for its chapter of the National Honor Society (Magly Chapter) in 1930, although the group itself had been in existence for some years.

Of this first group, composed of three boys and 13 girls, Jack Williams was president.

Perhaps it would be interesting to those members of the '1947 group and those aspiring to be future members to know of those early members and to what heights their ambition and hard work took them. So with the help of Miss Blanche Kern, West High vice principal, we picked out some names at random to find in what occupation they are now engaged.

Out of the 1930 group Charles Boyd is now a professor at Northwestern University, and Lyman Brownfield is a lawyer practicing here in Columbus

From the classes of 1931, Kenneth Clark emerged to obtain his degree of doctor of philosophy in 1940 and is now an instructor of psychology in Minnesota University, and Jack Miles is now a well known physician here on the Hilltop.

Norman Broadway, Margaret Mitchell, Dorothy Seiller of the class of 1932 all made Phi Beta Kappa at college, and Margaret Flitche, Dorothy Jones, Rachel Richardson and Silas Sharpe each graduated Summa Cum Laude. Of these latter four, Dorothy Jones is now an assistant professor in a college of nursing.

The years 1933 and 1934 also produced some top-notchers in their fields of work. Norton Benton is a junior executive of the Council of Social Agencies in Hartford, Conn.; William Brownfield is a Methodist minister; Bob Miles is an accountant at Ranco; Charles Walton was a teacher of music in Iowa State College and a navy chaplain's assistant during the war; George Armour is a member of the Federal Service Commission at Washington, D. C.

The Spectator
By C.C. Hartley

An original Ohio Senate bill that would have provided $1,035,000 for Columbus public schools was later cut to $639,000 in the Senate committee and now comes the House committee cutting this amount to $413,000.

Because of the House leadership's attitude, there is no reason why Speaker C. William O'Neill and Paul L. McCormick, House Majority Leader, should not get some firsthand knowledge of the rumblings of public discontent over the reduced program in S. B. 48 which they have espoused.

A quick way to measure the effects of this cut is to point out that it will offer $125 to $150 less per teacher in salary next year and thereafter than would otherwise be possible.

It is time that the Ohio legislative bodies look seriously to this matter of aid for the public schools. If something isn't done right away to give our teachers a better break we will find many of them unavailable when school opens next fall.

This legislature owes it to the people of Ohio to put this school program first and foremost in their thinking. We are not saving money by reducing this school financing program.

Life On The Farm: Early to rise after getting that new alarm clock that wakes you up to radio music, only to have the blamed thing go off at 6 a. m. on the first trial and playing, of all things, "Star Spangled Banner." Playgrounds To Be Opened With Special Rites

At its regular meeting Thursday night at the Teen Canteen the Hilltop Community Council made tentative plans for the opening day ceremonies for the five Hilltop playgrounds—Glenwood Holton and Westgate Parks, and John Burroughs and West Broad Street Schools.

In conjunction with the board of education and the city recreation department, this year's opening day program will be enlarged to include flag raising ceremonies; a parade of decorated vehicles—bikes, baby buggies, tricycles, scooters; baseball games; and a general field day.

Charles Reichelderfer, chairman, will be assisted by several members of the various PTA groups, the Child Conservation League members the Girl Scouts, Boy Scouts and Camp Fire Girls.

Gene Jacques, president of the Teen Canteen, announced the establishment of a studio and well equipped dark room by the Camera Club. Spring housecleaning and redecorating are under way, it was announced and a request was made for much needed new furnishings for the Canteen.

A journalism club and an art club are in the process of being organized.

Due to disinterest of organizations contacted, there will be no Hilltop celebration of Memorial Day this year.

Considerable discussion on the needs of our various recreational facilities followed

Phillip Stout, the president, is a member of the city recreation commission. Mrs. Ray Cave also represents the Hilltop on the recreation department's facilities survey board.

Hilltoppers Are High On Honor Roll

Three Hilltop students were credited with all "A" work in the college of arts and sciences at Ohio State University during the winter quarter. Several other local students rated high on the honor list just released by the university.

Name Omitted

Due to an oversight, the name of James Torrie, 132 N. Hague-av, was omitted from a list of local honor students at Ohio State University in last week's Hilltop Record. Mr. Torrie was among those averaging 3.00 to 3.49 points in the college of education.

Those with perfect grades were John A. Brown, 2709 Elliott-av; Regina M. Hofmeister, 297 N. Burgess-av; and Gerald E. Meyer, 286 N. Powell-av.

Wife and Mother To Go To Europe

A Hilltop wife and mother are anxiously awaiting word from Washington that will give them permission to sail for Italy, where they expect to join their husband and son now with the occupation forces in Europe.

The wife is Mrs. Velma Butte, 180 N. Powell-av, who has been planning for several days for the trip. Her husband, Lt. Charles D. Butte, a graduate of West High School in the class of '38, is serving with the quartermaster corps in Italy. His mother is Mrs. Hazel Butte also of the N. Powell-av address.

Newspapers in Italy recently carried an article telling of the untiring work of Lt. Butte in the moving of graves of Americans who lost their lives in Italy during the war.

The article read in part:

"The American cemetery of war was started one day in September of 1943 in the plains of Paestum (near the Salerno beach). There were many crosses planted there—that is how it came to be located thus.

"It was here that the German fighting was most severe. After the bodies were collected the Americans were buried at Paestum and the English at Bellizzi. The cemetery is to be made bigger. From Sicily the coffins are brought by train and placed in the cemetery at Paestum. There are many more to come—about 2000, we were told by Lt. Butte, a tall, blond boy from Ohio, who works from morning till night at the head of 60 workers. The work is long and tedious but Lt. Butte works with patience and competence that he acquired in the camps at Belgium and France."

Several suggestions were advanced as being worthy of consideration by city recreation officials. Harold Fox, of the HBA recreation committee, presided over the meeting. Phillip Stout, a member of the Recreation Commission and president of the HCC, was one of those attending as was William Moler, president. Bill Mawhirter and Bill Ewald of the West Side Board of Trade.

It was decided to give further consideration to the needs of the community at next month's meeting of the Hilltop Community Council.

Tarbutton Is Considered For Council

The name of George Tarbutton, 2917 Crescent-dr, was being prominently discussed as a "compromise" candidate for city council on the Democratic ticket.

Tarbutton, an attorney with offices at 17 S. High-st, admitted that he had been approached by persons interested in drafting a slate of candidates that would be acceptable to both the Heer and the Slade factions of the Democratic party. He has never been a candidate for any public office.

Martha Merriman, 65 N. Brinkley-av, president of the Franklin County Democratic Women's Club and a member of a committee named to recommend a slate of candidates, told The Record this week that a ticket was ready to be submitted to the committee Thursday night and that it contained the name of a Hilltop man for council. She refused to comment further on the subject until after the Thursday get-together.

Spears Won't Run

Jerry Spears, jr., 2672½ W. Broad-st, was being considered but it is understood he refused to let his name be used. At least two other names were being discussed for the council spot on the Democratic ticket. They were Harry L. Zulauf, 136 S. Roys-av, and Eddie Egan, manager of a local Kroger grocery store.

There seemed to be some question as to whether or not Zulauf could hold a public office and continue his teaching position at West High School.

Tarbutton admits that his affiliations have always been with the Heer faction of the party and that he would not consent to run unless the unqualified support of both groups could be assured.

Mrs. Merriman, long a party worker on the Hilltop, was to have been installed as president of the Franklin County Democratic Women's Club for the fifth consecutive time at special installation ceremonies planned for the Democratic headquarters last night. Her position in the party can be judged by the fact that she was one of those chosen to draft a "harmony" slate of candidates for the August Primary.

May 29 is the deadline for candidates filing for a place on the ticket.

"You Can't Eat Football," OSU Grid Mentor Explains

"You can't eat football."

Wesley Fesler, new football mentor at Ohio State University, told a capacity audience of Hilltop Business Association members and their sons Tuesday night that an athlete must have more to sell than his ability to play the gridiron sport.

Stressing the "absolute necessity" of candidates for his team "knowing what they are in college for," the new OSU coach told his audience, "When football gets so important that we lose sight of the primary reason for going to college, I'm ready to quit coaching."

"We want to have the kind of men that Ohio business men will be proud and lucky to get," Fesler said

Fesler explained that the morale of the team must be good at all times, both during and out of the playing season.

150 Attend

The dining hall at Schmelzer's Restaurant was packed with 150 persons to hear the new OSU coach and former All-America grid star.

Susan Johnson and Allan Snoddy each sang two selections. A quartet made up of H. G. Deems, Dr. C. H. Lose, C. H. Campbell and W. H. Jones added a couple of numbers with Mrs. Ed Witherspoon as the accompanist.

Six new members were voted into membership. They are Hilltop Hardware, Dr. Fred Marsh, Nippert Electric Company, Ohio Advertising Distributing Company, Rosebud Floral Company and Woods Grocery.

14 Are Inducted

Fourteen new members were inducted into the organization.

Chief Garrett's Dog Lost, Strayed, Stolen?

Battalion Chief Charles F. Garrett, 350 S. Richardson-av, will be lost on his fishing trips this summer if his dog Trixie doesn't show up.

The 18-year-old white shaggy-haired dog has been his constant companion and "good luck" piece on fishing trips around Ohio and in the north woods. Trixie disappeared from home Saturday and has not been seen since.

Because of her size, approximately 10 inches high, Chief Garrett says she may have been mistaken for a puppy. She has two black ears, black eyes and a black spot above the tail.

Chief Garrett suffered a nail wound in the right foot while fighting a fire Monday of this week but was able to be up and around after treatment at St. Francis Hospital.

Cockfield, Panos, Watkins Named To Boy State

By Phil Smith

Six Hilltop boys were selected as delegates or alternates to the Buckeye Boy State this week, it was announced by Chester W. Wagner, 667 Wiltshire-rd, representing Camp Chase Post No. 98, American Legion.

The delegates are James Cockfield, 469 S. Harris-av; Ralph Panos, 46 N. Westmoor-av; and Donald Watkins, 457 S. Harris-av. Alternates are Kenneth Mahan, 1771 Sullivant-av; Don Hutchinson, 3033 Crescent dr; and Paul Theisen, 273 N. Ogden-av.

Buckeye Boy State will be held at Ohio Wesleyan University June 14 to 24. The three local delegates are sponsored by the Hilltop Kiwanis Club, Hilltop Business Association and Camp Chase Post.

Sponsored By Legion

Boy State is a project sponsored annually by the American Legion. The chosen few who attend are picked on the basis of leadership, scholarship and character.

The Legion pays all expenses such as transportation, medical attention, etc., for the 10-day sojourn at whatever university it is held. Last year the site chosen was Miami University.

The object of Boy State is to make the boys familiar with governmental procedure. The boys, while there, live in dormitories. So many rooms make up a county and so many a city. All in all there are 16 cities and four counties.

Conduct Elections

Elections are held for various state offices exactly as our own state elections are held. The campaign covers two days, then the election is held on the third day. The elected then occupy offices for seven days. They have two political parties, the Nationalists and the Federalists.

Boy State is in reality a mythical 49th state. Ohio is not alone in this project as 37 other states also have similar projects.

Boosters To Start Record Subscription Drive Tomorrow Afternoon

Last minute details were being ironed out this week in preparation for launching the big Hilltop Record subscription drive to be out on by the West High Boosters Club with the help of West students.

A group of 20 Booster supervisors met at the school Monday night to "be briefed" on the subscription drive that will get under way Friday noon and continue for one week. A liberal commission on every new and renewal subscription will go to the Boosters to help in their program of equipping Magly Field for night football this fall.

Richard Francis, 370 S. Richardson, president of the Boosters Club, announced that there will be an important meeting of the supervisors working on the subscription drive Monday evening. The meeting has been called for 8 o'clock in Room 101 at West High School.

A special price of $1.50 per year is being offered for the duration of the drive. This is a savings of 50c over the regular price of $2.00 per year.

A total of $150 in cash prizes will be given to the students getting the most new and renewal subscriptions.

The following men are serving as supervisors of the various territories:

Fred Bell, 184 N. Hague-av; Bob Chrisman, 21 N. Burgess-av; John Kuhn, 36 N. Roys-av; Roger Essig, 229 S. Westgate-av; Chuck Weigand, 2923 Crescent-dr; Forman Slager, 3122 Wicklow-rd; E. B. McCrady, 178 S. Roys-av; Gilbert Buckingham, 171 S. Terrace-av;

Jack Buckingham, 171 S. Terrace-av; E. A. Schambs, 3036 E. 13th-av; Bob Maxwell, 104 Highland-av; Paul Wichterman, 1640 Reaver-ln; Paul Leighninger, 2999 Fremont-st; Malcolm Pennell, 87 Maple-dr; Herbert Thomas, 307 N. Warren-av; Harry Yank, 656 S. Hague-av; R. F. Wilson, 2859 Sullivant-av; Lee Weigand, 3181 W. Broad-st; Bob Case, 67 N. Westmoor-av; and Phillip Stout, 2532 W. Broad-st.

M. E. (Jack) Sensenbrenner, 335 Guernsey-av, is serving as chairman of the subscription drive and the paper and rag collections that will follow on May 25. Following a talk before the students of West High School last week 300 students volunteered to serve as solicitors in the drive.

Urges Public Support

Always an enthusiastic worker in anything he does, Sensenbrenner made the following statement to the residents of the Hilltop this week:

"Help West High students and West High Boosters to realize their vision of the best equipped athletic field in the city.

"Someone once said—

'A task without a vision is drudgery;

'A vision without a task is a dream;

'A task with a vision is victory.'

"The West High students start out on a TASK Friday, May 16, which with your help will give them the VICTORY.

"The Hilltop Record has offered their services to the students in the form of a generous bonus for every new subscriber and also every renewal to the Record. They have also reduced the price from $2 to $1.50 per year as an added inducement to help West High. This is a special price which is only applicable during the drive.

Many Prizes

"The Record is also giving a generous donation in cash to be added to an amount contributed by the Boosters which will be used as prizes to be given to 20 students bringing in the most subscriptions and renewals.

"If your subscription is not due, renew and take advantage of the 50c savings and at the same time you will be helping a very worthy cause. If you have a boy or girl in the service, send them the Record. If you have a friend who would enjoy reading the Record, subscribe and present them with a gift they will enjoy for a whole year.

"When the students call on you, give them a good reception—a renewal—and a new subscription where possible — and let's show our boys and girls that we are back of them in every constructive venture for the building of a better community.

"The big paper and rag drive will be on Sunday, May 25, at 11 a. m. Save your paper, rags, magazines and cardboard for West High.

"Remember—we are not doing things for the boys and girls of West High—but with them."

Free Lunch

A lunch counter, free to all students who work on the paper drive, will be operated throughout the day by Curt Wilcox, Harold Greene, E. B. McCrady and John Apel. Donations of food and soft drinks have already been received from the Kroger Grocery Company, the Columbus Packing Company, Fred Bell Service Station, Art Schaeffer North Market, Kool Aid Bottling Co. and the Smith Packing Co.

South-Clements Vows Exchanged April 27 In St. Paul's Church

The altar of St. Paul's Church of Rome was beautifully decorated with fern, spring blossoms and seven branch candelabra on April 27 when Miss Virginia Clements became the bride of Mr. Robert W. South. Rev. Ivan Menchofer, the former pastor, officiated at the 8:30 ceremony.

The bride is the daughter of Mr. and Mrs. Ralph Clements of 163 Lawrence-av, and Mr. South is the son of Mr. and Mrs. Ray South of 417 S. Powell-av.

She wore a gown of velveray embroidered on white organza, with a fitted bodice, and deep square neckline edged with a wide ruffle in both front and back. The full skirt accentuated by flounces formed a Cathedral train over the white taffeta. The long sleeves came to points over the hands. Her veil of bridal illusion was held in place with a pearl trimmed Juliet cap. The bride carried a white Bible, the gift of the bridegroom, topped with pink orchids.

Mrs. Leonard Frantz, was the matron of honor, while Mrs. Carl Headlee of Hilliards, and Mrs. Bert Frank of Detroit were bridesmaids. They were attired in similarly styled gowns of pastel marquisette, with matching flowers in their hair. Their bracelets were gifts of the bride.

Mr. Robert Wright attended the groom as best man and the ushers were Mr. Jim Miller and Mr. John Stamper.

A reception was held following the ceremony at the home of the bride. Assisting hostesses were Miss Mildred Strickler, Mrs. Robert Wright and Miss Patti Stauch.

For their wedding trip through the south, the bride wore a soft grey, peplum styled suit with white accessories. She pinned a pink orchid at her shoulder.

The bride graduated from Hilliards High School and attended Ohio State University. She is now associated with her father in business at 5279 W. Broad-st. Friends Rescue Home To Celebrate 42nd Anniversary Here Next Thursday

The Friends Rescue Home, 245 N. Powell-av, will celebrate its 42nd anniversary on Thursday, May 22. A home for unfortunate girls, it is one of the oldest institutions of its type in the city.

The anniversary services will consist of a prayer service lead by Rev. John R. Bartow, of Marysville, at 10 a. m.; a luncheon at noon; and a service at 2 p. m. by Rev. Kenneth Marsh of Mt. Gilead. There will be special music and the public is invited to all services. Anyone wishing to visit the local home is asked to call Ra. 5585 and they will be picked up at the bus line by automobile.

Founded in 1906 by the late Evangeline Reams who devoted her life to helping unfortunates, the home is maintained for unwed mothers who are brought here from various parts of the country. It is a participating agency of the Community Fund, and is financed largely by the Friends Ohio Yearly Meeting of which the local Friends churches are a part.

Rev. Fred Cope, pastor of the Highland Avenue Friends Church at the time, became interested in Mrs. Reams' work, and with the cooperation of his wife and members of his church the benevolent work began.

The home was opened originally moved to 13th-av and in 1918 was brought back to the Hilltop when a group of local business men succeeded in purchasing the Captain Roys estate at the N. Powell-av address.

Since its founding it is estimated that over 2500 mothers have been cared for at the home. The mothers and babies are cared for until a time when a suitable environment can be provided for them.

The caretaker is the Rev. Herbert Haldy. Harry Clark is the director of the Friends Home.

Local Man Heads Drive For Texas City Disaster Victims

Columbus and other Central Ohio communities will have an opportunity to share in the relief being sent to the Texas City, Tex., blast victims.

Following up an idea he had shortly after the small Texas town was ripped by a demoralizing explosion a few weeks ago, George M. Ward, 685 S. Roys-av, former Columbus safety director and ex-battalion commander with the 166th Infantry during the recent war, will head the sponsoring of a benefit ball game May 20 at Red Bird Stadium.

The game will be a regularly scheduled contest between the Columbus Red Birds and the Indianapolis Indians. Proceeds will go to aid in the rehabilitation of the Texas community.

Mr. Ward got the idea while listening to a broadcast in which the announcer issued a plea for agencies to sponsor benefits to help the town. He got the backing of the 166th Infantry Association and other veterans groups plus the unbounded support of Al Banister, president of the Columbus Red Birds and his organization.

During the early part of World War II, Mr. Ward was a lieutenant-colonel in command of the second battalion, 166th Infantry, stationed at Texas City in the southern defense command.

During the unit's time in the little southwestern town, Mr. Ward explains, the townspeople were wonderful to the men. They aided in the camp's construction, provided entertainment and took the men into their homes. Therefore, he feels Central Ohio should have a hand in helping re-establish Texas City and its people.

Most of the men in Mr. Ward's unit were from Marysville, Lancaster, Chillicothe, New Lexington and Columbus. Some of the men married Texas City girls.

Arrangements for ticket sales and last minute plans for the game are now being made.

West Church League Opens

Perfect weather marked the opening of the West Church League Monday night after a one week delay due to earlier frigid temperatures. A goodly crowd of softball fans was on hand to cheer their favorite teams as one of the Hilltop's most popular pastimes got under way.

Two lopsided scores featured the first night of play as Hilltop Church of God and Hillcrest Baptist, both newcomers to the loop this season, suffered severe poundings at the hands of two veteran ball clubs.

St. Aloysius got off to an early lead to pour on a 33 to 3 shellacking to the Baptist nine while Glenwood Methodist hammered Hilltop Church of God 16 to 2.

In a close contest, Westgate Evangelical took a 2 to 1 decision from a sister church, Burgess Avenue Evangelical United Brethren. West Park Methodist came out on the long end of a 11 to 7 score with Hoge Memorial Church.

West Church League games are played on the Westgate Park diamonds every Monday night (weather permitting). Play is scheduled to start at 6 p. m.

Stump Is Speaker At Civic Meeting

Attorney Dale Stump outlined some of the objectives of the Citizens' Group for County Development Monday night when he addressed the Wilson Heights Civic Association at Wilson School.

Reports were made on the progress of getting gas and city water for the community and a very encouraging report was made on the possibility of having some sort of bus service down Brown-rd soon. One bus company is understood to be considering operation of a line down Jackson-pk, west on Hart-rd to Brown-rd and thence north to Mound-st.

Present plans call for start of the service within another month, it was said.

F. E. Campbell, president of the group, presided over the meeting. Refreshments were served at the close of the meeting.

Stephens Heads Amateur League

Mark Stephens, Sr., was elected president of the newly formed Saturday Amateur Baseball League that is scheduled to open play this week.

The league is composed of 12 teams, and it has been divided into two subdivisions. Teams will play around twice, with the winners, playing a best out-of-three game series at the close of the season to decide the championship.

No age limit was set, and most of the teams will have ex-service men in their lineups. A trophy will be awarded to the championship team.

Following is Saturday's schedule:

League 1

Milo Merchants vs. Upper Arlington, Clintonville vs. Worthington, and Green Cabs vs. Dublin.

League 2

Reiners vs. Columbus State School, Camp Chase vs. Columbus Indians. Servers vs. St. Charles. Reynoldsburg draws a bye.

West Trackmen Fourth In Meet

The West High thinclads came in fourth in the city high school track meet held at the Ohio Stadium oval last week, while the junior squad rolled up 42 markers to take first place in that division.

In the senior meet the Cowboys tallied 33¼ points while Central, the winner, was rolling up 70½ points. Lanigan tied for second in the high jump event while Hicks placed fourth in the broad jump.

In the 100-yard dash, Masdea took second while Hicks came in fifth. The Cowboy team took first place in the 880-yard relay while Stout came in fifth in the 440-yard dash.

Ham and Mahan of West took third and fourth in the 880-yard run while the mile relay team finished in third position.

The junior high relay teams swept the 880-yerd and 440-yard events.

Individual winners were Coup in the low hurdles; Carson in the broad jump; and Cunningham in the high jump.

Co. Fire Fighters Will Benefit From Ball Game

The largest crowd of the current local American Association season is expected at Red Bird Stadium on May 22 when the Red Birds meet the Louisville Colonels in the feature attraction of the Franklin County Fire Fighters Night. A 400-piece band, fireworks and a long list of prize awards will supplement the game between the 1946 champions and this year's high-flying Birds.

The Fire Fighters Association has taken over the ticket sales for the entire stadium, and proceeds will be used to purchase a two-way radio installation on the county fire fighting equipment. Arrangements for the program are under the direction of S. L. Foster, chief of Upper Arlington. Tickets are on sale at all county fire departments.

The Indianapolis Indians will invade Red Bird Stadium for single games on Tuesday and Wednesday. On May 22 and 23 the Louisville Colonels will provide the competition for the Red Birds.

Disney Cartoon To Show Here

The Walt Disney cartoon feature, "The Caballeros," will be shown at the Westmont Theater Sunday, Monday and Tuesday of next week. The companion feature is "13 Rue Madeleine."

Elementary Schools Busy With Spring Graduation

By Crewford

With the coming of spring, comes also a burst of activity amid the various scholastic centers of the Hilltop to finish out the public school year with a bevy of interesting "goings on."

As proof of this statement, West Broad Street School is offered as an excellent example of coming attractions in the not-too-distant-future, most of them flourishing in the ripening of the season.

During the remainder of the month of May, two assemblies are to be held at West Broad, one on the 20th, will be a Memorial Day program.

Health Check-ups

At present examinations are in process every week encompassing all beginners planning to enter West Broad in kindergarten or the first grade. Julia Crumley, school nurse, makes the examination while Matilda Stuart, principal of West Broad, has a chance to become acquainted with the prospective pupils.

Throughout West Broad, art is being used as a medium of expression for the youngsters in all subjects being taught. Such things as water life, gardening, birds, trees, butterflies, history, and geography, turn fruitful subjects to the eager paint brushes of the pupils.

Nine new pictures were recently purchased to decorate the halls of West Broad, at a cost of approximately $100.

Later in May two excursions are being planned by West Broad classes to the museum and art gallery. The spring promotion exercises will take place on June 11 with a class of 65 receiving diplomas. The subject of the graduation exercises will be "Light," with special emphasis upon the birthday of Thomas A. Edison.

Present Variety Show

At John Burroughs School another full calendar presents itself. May 7-8 was the annual John Burroughs Variety Show with a grand display of amateur talent. Six-A promotion exercises will be held at John Burroughs on June 11.

Some time later in May, E. B. Graham, principal of the school, reports that six students from that school will compete in the Dispatch Quiz Show sponsored by that newspaper.

To greet the activity that spring excites in young bodies, two new jungle gyms were being put up on the school playground and will make a welcome addition to the other playground equipment.

Highland Receives New Records

Frank Mason, principal of Highland Avenue School assures us that at Highland, too, warm weather has brought plans to the front. Classes of 1-A and 2-B students have scheduled all-day trips to the zoo this month.

Garden plans are also thriving. Seventy-two youngsters have signed up for gardens this spring. Mrs. Hardman of Highland in charge of the enterprise.

The PTA of Highland Avenue School recently purchased a volume of records for the school, including such outstanding numbers as "Tales of Uncle Remus," "Hansel and Gretel," "Warsaw Concerto," "The Shoemaker and the Elves," and many others.

A mothers' and daughters' banquet is being planned for May 15 at the school. Graduation at Highland will be June 11 with a class of 40 receiving the honors.

All in all it promises to be a very busy month for the schools in general.

Handicaps Will Be Determined In Golf League

Even though about 20 brave souls showed up for the qualifying round of the Hilltop Wednesday Afternoon Golf League last Wednesday at Beacon Light Golf Course, the event was postponed a week with the hope that the 14th would be a more decent day to establish the handicaps.

League competition will start the following week, May 21. The following concerns have expressed their willingness to sponsor teams: Jerry Watson's Red and White Grocery, Haas Brothers Market, Corner Cafe, Westgate Drug Store, Wylie S. Shroyer Funeral Home and Seiler's Department Store. One more franchise is still open and there are a few golfers needed to complete the above teams.

Any Hilltop golfers who are interested in participating in weekly league competition on Wednesday afternoons are asked to contact Paul Leighninger. He can probably arrange a place on one of these teams. It is not necessary to be a member of the Hilltop Business Association in order to share in the fun.

Victor Voeller, Administrator, with Will Annexed of the Estate of Barbara Gray, deceased, 354 Wilson Avenue, Columbus, Ohio, Plaintiff, vs. Margaret Voeller, 358 Wilson Avenue, Columbus, Ohio; Victor L. Voeller, 358 Wilson Avenue, Columbus, Ohio; Raymond Ayres, William Ayres, Glenna Ayres, James Courtney, Barbara Courtney, Mrs. John Coleman, 2048 Tremont Road, Columbus, Ohio; Mrs. Sadie Young, 256 East Mound Street, Columbus, Ohio; Mrs. Anna Buell, 684 High Street, Worthington, Ohio; Mrs. Margaret Russell, Cleveland, Ohio; Frank Seable, Lima, Ohio; Will Seably, Lima, Ohio, Defendants.

James Courtney and Barbara Courtney, whose last known place of residence is in Los Angeles, California, and Frank Seable, whose last known address is Columbus, Ohio, are hereby notified that on Feb. 10, 1947, Victor Voeller, administrator with will annexed, of the estate of Barbara Gray, deceased, 358 Wilson Ave., Columbus, Ohio, filed his petition in Cause No. 128111 in the Probate Court, Franklin County, Ohio; that they have been made parties defendant in said cause.

Plaintiff further says that on or about the 17th day of January, 1947, Barbara Gray died a resident of Franklin County, Ohio, leaving a Will which was admitted to probate by the Probate Court of said County and State on or about the 10th day of February, 1947, that thereafter administration proceedings were had as to the Estate of the said Barbara Gray, deceased, as more particularly set forth in the proceedings and the records of said Probate Court and that the Inventory and Appraisement has been filed in said Estate. Said Will is attached hereto and made a part hereof.

Plaintiff says that the bonds mentioned in said Will as Linwood Avenue was sold in 1946.

Plaintiff further says that Mr. Courtney and Howard Courtney died after the execution of said Will.

Plaintiff further says there was in the safety deposit box in the Ohio National Bank, Town and High Branch, Four Thousand One Hundred Forty Dollars ($4140.00), Five (5) One Thousand Dollar ($1000.00) United States, Series G. bonds and a Postal Savings of Five Hundred Dollars ($500.00). That there was in the Ohio National Bank, Gay and High Branch, the sum of Two Hundred One Dollars and fifty-nine cents ($201.59), that Barbara Gray died seized in fee simple of the property located at 1046 City Park Avenue; that the insurance amounted to the sum of Three Hundred Fifty-six Dollars ($356.00) and has been paid to the Administrator herein.

That the said Barbara Gray died, leaving as heirs closer than first cousins; that Margaret Voeller, mentioned in said will, is a first cousin of said Barbara Gray, deceased, and that said Mrs. John Coleman, Mrs. Sadie Young, Mrs. Anna Buell, Mrs. Margaret Russell, Frank Seable and Will Seable are first cousins of the said Barbara Gray, deceased; that Raymond Ayres, William Ayres, Glenna Ayres, James Courtney, Barbara Courtney and Victor Voeller are second cousins of said Barbara Gray, deceased.

That besides the property mentioned in said petition there is a diamond ring and household furnishings.

That there are important, difficult and doubtful questions respecting said Will and the disposition of said property under said Will and that plaintiff is in doubt as to the construction of said Will and as to the rights of parties in the distribution of the property under said Will, that plaintiff is in doubt about the following:

(1) As to whether the insurance is to go to Raymond Ayres, under the provisions of said Will?

(2) That plaintiff is in doubt, since the property on Linwood Avenue was sold prior to the death of said Barbara Gray, whether said devisees mentioned as to receive said property, are entitled to anything under said Will.

(3) That plaintiff is in doubt as to whether 1076 City Park Avenue is to go to the heirs of Ida Courtney and Howard Courtney, who were deceased prior to Barbara Gray's decease, or to Margaret Voeller or to become a part of the residuary estate and be divided among all the cousins mentioned herein.

(4) The plaintiff is in doubt as to whether said insurance is to be paid to Margaret Voeller.

(5) The plaintiff is in doubt as to whether the $4140.00 in cash, which was in the safety deposit box of the Ohio National Bank, Town and High Branch; the five $1000.00, Series G. United States Bonds, also in said safety deposit box the $500.00 Postal Savings, also in said safety deposit box, and the $201.59 in the Ohio National Bank, Gay and High Branch, after the payment of debts more to said Victor Voeller.

That if the Court should decide that the five $1000.00 bonds do not go to Victor Voeller or any other part contained in said safety deposit box, out of which the debts of the estate are to be paid first, and to whom is the balance to go.

WHEREFORE, plaintiff prays that judgment and direction of the Court in regard to the true construction of said Will and the disposition of the property under said Will and as to his duties in the premises and especially to the five questions raised in the petition herein and an order as to the duties of the plaintiff in regard to them.

Naval Reserve Training Offered

The Columbus Naval Air Reserve announced today that it has been authorized to open 200 billets in its carrier squadrons at Port Columbus to men from 17 to 18½ years of age who have had no previous service in the armed forces.

The Air Reserve's move to open its peacetime membership to men below draft age gives 17 and 18-year-old youths an exclusive opportunity for part-time associations with Naval aviation.

Captain John G. Foster, Jr., USN, commanding the Naval Air Station at Port Columbus, said approximately one-fourth of the openings in the station's Organized Air Reserve program are now available to high school and vocational school students who have passed their seventeenth birthday and are under 18½.

The other 600 billets are open to men who had wartime service in aviation, ground and surface branches of all the armed forces, Captain Foster said.

Members of the Station's organized reserve squadrons visit the base once or twice each month for training periods with pay, he explained, adding that his squadrons are setting up $1,000,000 in modern aviation equipment for their use. The men also work with Navy fighting planes in the hangars and shoprooms.

Air Reserve members are also eligible for two-week cruises with pay with Navy fleet units each year, Captain Foster said.

Under-draft-age youths who join the Naval Air Reserve must be released when they become eligible for Selective Service at the age of 18 years and six months, under Naval Reserve regulations.

Track Event To Start At 6:30

Tickets for the first Hilltop Relay went on sale at West High School Tuesday of this week for the big track event to be held at Magly Field as a twilight feature on May 23.

Selection of a five-queen court was to have been made at the school Wednesday afternoon following a school election. The queens will make the presentations after each track and field event.

Six city high schools and an unknown number of junior high schools will send their best athletes to take part. Trophies are being made available by the West High Boosters Club. R. C. Glass, track coach at West, is in charge of the affair, which promises to be one of the top track events of central Ohio this spring.

Each school will be entering its best men in the five field events and the seven running races. There will be no "heats" so that every event will be a final event.

Event Each 10 Minutes

According to Coach Glass, there will be an event scheduled at 10-minute intervals so that there will be no delay in the program. Individual winners will each get ribbons and a beautiful trophy will go to the school garnering the most points. There will also be individual and junior high trophies.

Field events will get under way promptly at 6:30 p. m. These will include the running high jump, running broad jump, shot, discus and pole vault.

The nine running events will be ready to go by 7 o'clock.

Nine running events will highlight the 7:00 sportcard until dark.

The marathon events include: 120-yard high hurdles, 100-yard dash, 880-yard dash, 440-yard dash; 440-yard relays (junior and senior; 880-yard relay (junior and senior); mile relay, and two-mile relay.

A popular price of 25c will be charged at the gate. Tickets will also be sold in the high school cafeteria corridors the preceding week.

West Downs Central 2-1

The West High School baseball team scored its sixth City League victory of the season by taking a close decision from Central on the downtown diamond Monday afternoon. The score was 2 to 1 with Bill Buckingham getting credit for the win.

Wally Watkins drove in Ralph Watts with a double in the first canto. Central came right back to tie up the count. In the fourth inning the Cowboys squeezed out another tally on two singles, a sacrifice and a long fly ball.

Buckingham held the Centralites to four scattered hits while chalking up eight strikeouts. Score:

		R	H	E
West	1 0 0 1 0 0 0	2	6	1
Central	1 0 0 0 0 0 0	1	4	1

Buckingham and Chinn; Jones and Logan.

As this is being written West had suffered only one league defeat—that at the hands of Linden McKinley.

West Loses In Tourney Saturday

After eliminating South High in the district baseball tournament Friday, West went down to defeat at the hands of St. Charles in the semi-finals Saturday at Ohio State University.

The Saturday score was 7 to 3 although the Cowboys outhit St. Charles 12 to 10. Earlier in the season Coach George Williams' boys had defeated the same team by an 8 to 3 count.

West expected to be busy this week trying to get some of the "rained out" contests from the first round of City League play out of the way. Play has already started in the second and final round.

Wally Watkins started on the mound for the Cowboys, giving up two hits in three and one-third innings. He was relieved by Bill Buckingham in the fourth and by Paul Theisen in the seventh.

The South score was 6 to 1.

With the elimination of Linden McKinley by North in the tourney opener and the later downfall of North, it was figured that West stood a good chance of coming through the district event but the boys from St. Charles had other ideas.

Bowling Gifts Are Ready For Boy Bowlers

Any boy who is a member of Seiller's "Brand-Boosters" Bowling League who has not received his season's bowling award, a beautiful gold-plated Hickok "bowling" tie bar which was donated by the Hickok Co. to every regular participant in the league, may call for it any day this week by asking Jack Fox in the boys' department at the Seiller store.

Each of the bowlers in the Girls' League will also be presented with a special award for her "Brand-Boosting" this past season but the slow delivery of this item has delayed their presentation.

Paul Leighninger reported that he and his partner, Jack Merriman, are planning on making both of these leagues "really something" next year.

With the cooperation of the select 16 firms they hope to have regular bowling shirts for every team and an exciting prize list, headed by a trip to New York to the national style show in the spring, to be awarded to the outstanding "Junior Miss" bowler. She will stay at the Ritz-Carlton with all expenses paid. Other awards include war bonds and several hundred dollars worth of merchandise. The season will get under way about Oct. 4.

Mr. Leighninger solicits any suggestions from the young people, bowlers, parents and members of any youth organizations, which might be constructive in making the "Brand Booster" League as big a benefit to the young Hilltoppers as possible.

What Price Divorce?

What has happened in the last 25 years to shake the foundation on which our home life is built?

That question is being asked on every hand by persons who are evidencing proper concern over the DEPLORABLE divorce rate all over the land. Judge Clayton W. Rose in a talk before the Hilltop Kiwanis Club gave some startling facts on the breakdown of home life in Franklin County.

In the year 1945, 4700 marriage licenses were issued in this county. At the same time 4800 divorce cases were filed. Of that number approximately 3200 were granted. Last year with 6400 marriage licenses granted there were requests for 5500 divorces with 3500 to 3800 of them being granted. The national average during recent years has been running one divorce out of every three marriages.

A dozen causes might be advanced as reasons for this condition but basically one fact includes them all. That fact to us is easily stated thusly: "Unwillingness to accept and abide by Christian principles as outlined in the Bible."

Christian people and the church as an institution need to be awakened to this dangerous situation. It is difficult to curb juvenile delinquency when the home-life of young people is torn and tried by divorce. There's a terrible price to be paid if this condition goes on unchecked for a few more generations. Someone has said that the strength of a nation is in its closely knit family life. If this is true we should look well to the condition of that home life.

Around West High

By Judy Jones and Janet Baker

Spring is here at last, we hope! Joe Moore was back to give helpful criticism on the senior play "You Can't Take It With You." His ideas were greatly appreciated.

Dave Orr had a brain storm when he investigated the proposal of going down to hear the General Assembly, the other day. The 25 POD students that got out of their classes to attend this excursion say for us to thank Dave. "Thanks!"

We hear that Ann Hood was raising a big fuss the other day because in a play given at Glenwood Methodist Church she was to make love to someone besides K. E. Annie True Blue, we call her.

Those basic-math classes are just a headache to Ken Kronk. It seems he has lost his fortune on the "stock market."

Three victims of the make-up students of the senior class have been Margaret Frost, Luke McKeever and Ginny Woolson. Let us tell you these kids are good sports.

The Aquinas prom was a week ago yesterday and everyone that attended proclaimed a good time. Of course Thursday morning Phil Smith, Ann Guido and Ruthie Hulls looked just a little bit sleepy.

The seniors at last have scored a victory! They are having a closed banquet after which the Y-Teens and Hi-Y are having a "Rose Ball," a semi-formal dance, to which anybody may come provided of course they have enough money.)

This dance will be June 5 and the senior graduation will be June 10 at 8 p. m. All the other kiddies leave the brick building for the summer vacation June 13.

All the Senior High Latin students are getting fixed up in their Roman togas for the Roman banquet May 21.

Be sure and see that senior class play tomorrow night! All seats reserved, it's got to be good.

The Hilltop Record

We, of the West High Occident, wish to extend our hearty thanks to The Hilltop Record for the splendid opportunity given us during the past week. It was a great privilege, rich in practical experience, to edit a community newspaper such as The Hilltop Record.

We shall always remember it as one of the big events culminating our high school journalism course.

Sincerely yours,
Ken Dickerson, Jr.
Editor: Occident Staff

Editor, Hilltop Record

I want to compliment you on the fine anniversary edition of the Record. My family and I were former residents of the Hilltop for many, many years, having moved there in 1942. Like many others, I received my education at Hilltop schools. I worked as clerk there at West High under the late D. Reighley, and of course with Mr. Zulauf while in school. A paper from home such as the Record is like gold here in California. You have certainly done a fine job toward making the paper widely known. Thanks very much for helping to bring the home-town here to our family and friends from Ohio.

Sincerely,
Maxine Mathews

The Editor:

Your 30th anniversary edition of the Record was something special. When I first opened it I thought I was getting a copy of the Sunday New York Times. You and your staff made an interesting issue out of it all the way through.

Best wishes,
Jim Wallen

Supplies Move From Beach

We landed in Southern France in the late afternoon. The Higgins boats emptied us onto a little strip of beach near the small town of Frejus. We assembled a few hundred yards inland and awaited further orders.

The fringe of shore rapidly filled with piles of supplies, unloaded from the ships lying off in the cove. Most of the stacks were rations. "K's" and "ten-in-one's" predominated. The troops poured off the transports in steady streams. They were mostly French and Colonials, elements of the French First Army which was operating with the American Seventh.

Trucks groaned and labored along the improvised roads that led to and from the beach. The French drivers, relatively unfamiliar with the American vehicles, had a hard time getting off the beach. They nearly ran down a number of GI's and were called some rather unkind names in return.

Fuller

We spent several hours in the assembly area, while someone tried vainly to find out where we belonged. It was difficult to locate any kind of headquarters and none of our vehicles was ashore. No one could go very far in search. To pass the time, we went swimming in the cove. If any Jerry planes had seen fit to strafe the beaches that afternoon it would have found a number of unsoldierly looking men clad only in dogtags.

At sundown, the unloading operations were completed. We were notified that the beach was "off limits" after dark. So we began to walk toward Frejus. After a five-mile hike, we hopped some trucks which took us to a grassy field, where we pitched puptents for the night. That thick grass was the most comfortable I ever slept on. It seemed even softer after the long walk and truck ride.

Germans Clear Out

Those early autumn days in France were clear and crisp. The Germans were in full retreat and Tactical Air Force strafed and blasted them as they fell back along the roads. American and French forces followed relentlessly up the Rhone valley. The drive moved so fast that those of us back on the beaches soon found ourselves several hundred miles from the front.

There was an urgent need for gasoline, ammunition and food. Every available man in the beachhead area was employed in moving the essential materiel forward. Our equipment lay idle and we were put to work in a gasoline dump. We worked 12 hours each day, filling cans with gasoline as it was piped in from the tankers off shore. Then we loaded the cans into trucks and onto trains for the trip north.

To Be Train Guard

On returning to the area one evening, I was told to get a good night's rest because, in the morning, I was to board a ration train with two others. We were to act as guards during the 400-mile trip north. This was a great break. It not only relieved me of the labor in the dump but provided an opportunity to see some of the most picturesque territory in all of France.

On Sept. 15, the train, engineered by French civilian railroad men, chugged out of the railhead at Frejus loaded with rations and gasoline. The three guards had no idea how interesting the trip was going to be.

Assembly On Safety

"Caution, common sense, and courtesy are the watchwords of safety," said Officer McDonald in a talk to seventh and eighth grade pupils at an assembly held as part of Starling's observance of Safety Week. He outlined cautions which school children should observe as pedestrians and bicycle riders.

Every person who owns a bicycle should have a license as a means of identification in case of theft, said the officer. He also urged pupils never to swim where lifeguards are not provided or there is an older person to help in case some one gets beyond his depth.

St. Paul's Church To Launch Fund Drive For Annex Here

A campaign to raise funds for an annex to be erected on the lot in the rear of the church will get under way at the St. Paul's Evangelical Congregational Church within the next few months. Definite plans for the building have not yet been drawn but the project has been under consideration for some time.

The cost of the building has not been estimated, pending more information and specific plans for the structure. The building will, however, include a basement for recreational purposes, an addition to the main auditorium, pastor's study, choir room official board room, and at least 10 church school rooms.

A new two-manual Wurlitzer pipe organ will be presented as soon as a suitable instrument can be secured. New carpet will be laid, and stained art glass doors placed at the main entrance of the church, in memory of Rollin E. Chapman. The board of stewards has secured robes for the vested choir. At this time repairs are being made on the seven-room brick parsonage at 34 S. Warren-av, also on all departments of the church school, dining room and kitchen being painted, along with other repairs to the church property. Funds are on hand for all work.

The Call of Amos Needed to Make Peace Firm Today

The International Sunday School Lesson for May 18
Scripture: The Book of Amos

• • •

NOWHERE, perhaps, in all the history of nations are there to be found more idealistic regulations for the prevention of social injustice than among the Jews in their ancient homeland.

One recalls the Cities of Refuge, the land laws, the provisions for the protection of debtors, the Year of Jubilee and other regulations all designed to safeguard human rights and welfare.

Yet, in spite of all this, injustice and oppression were prevalent. Then, as now, there were grafters and exploiters.

Imagine some thoughtful, intelligent, hard-working farmer who understands the conditions upon which our life and welfare depend coming into one of our modern cities. He would observe the ease and luxury of those making no real contribution to society, not to mention the evil and corruption that are so flagrant. Then you can understand something of what the Prophet Amos was to his times in ancient Israel.

Amos was a herdsman, accustomed to clean living. He was roused to indignation by what he saw . . . "the dust of the earth on the head of the poor . . . the righteous sold for a pair of shoes."

He saw the gross immorality of fathers and sons, the turning of judgment to wormwood, and the abandonment of righteousness. He saw the very acts and rites of religion perverted.

Amos represents God as saying, "I hate, I despise your feast days, and I will not smell in your solemn assemblies." But he calls for repentance: "Let judgment run down as waters, and righteousness as a mighty stream."

Don't we need that call today? The association of righteousness with peace is not accidental. It reminds us of the only true foundation upon which peace can be built, whether it be domestic peace, industrial peace or international peace.

When you build or modernize, provide adequate wiring.

"The Good Shepherd Giveth His Life For His Sheep"

The Good Shepherd in Biblical history might be likened to our world leaders today in all of the many fields of human endeavor. Leaders must point the way to accomplishment of the most worth-while objectives.

The truly permanent things of life find their roots in the teachings of the churches and Sunday Schools of the world. Few men attain immortality without the faith that is founded on a rock, the anchor of all civilization, GOD.

We are taught that it is "more blessed to give than to receive," and the greatness of charity as a human characteristic. Leaders must serve and give. They do not reach eminence through being served and taking the cream from the top of the bottle.

International Rotary's slogan is, "He profits most who serves best." Such idealistic utterances have been scoffed at by many, but the fact remains that the greatest leader and teacher of men, Jesus Christ, won millions to His way of life, because He served and gave to humanity more than anyone in all the history of the world.

It is important that the children of today, who will be the leaders of tomorrow, be given the training that our churches have to offer. They must be taught to love their fellow men, for wars are bred by hate and selfishness. We are warned that another war would destroy civilization.

Every age of living man must be brought within the realm of God's teachings and His love. Faith founded on such a rock will produce leaders in the constructive phases of human endeavor. Love, not hate, is the only force through which humanity can survive.

Work Of West Journalism Students Recalls Trying Experience Of Young Cub Reporter

By Paul Wichterman

We're getting back to normal at the Record office this week after having a dozen or so of the West High School students write and edit the paper last week. Of course there was a certain amount of confusion around here with that many aspiring journalists on our staff all of a sudden but they got the job done in a very commendable fashion.

The idea back of this venture is to give the students a little taste of the practical side of getting out a newspaper. It had been done by the Record for a number of years before the war and was just revived again this year

There's much to be learned by having an opportunity to do the thing you study about in school. It was interesting to see the enthusiasm with which this year's students took hold of their task. They had many good ideas, so many in fact, that it was impossible to include all of them in a single week's issue. A few of their stories are appearing this week.

The incident calls to mind an experience I had during my senior year at West Virginia University. The journalism students were permitted to put out an issue of the Morgantown Post (a daily paper).

Covers Council Meeting

My first assignment was to cover a council meeting in a nearby town the evening before our paper come out. I arrived at the town hall a few minutes after the meeting had started and to my surprise found the building packed with spectators. After properly identifying myself I was ushered to the front of the room with considerable ceremony. Evidently the villagers were not ordinarily honored by having a representative of the Post give "on the spot" coverage of their meetings.

After my somewhat noisy and distracting entrance the order of business was resumed but to add to the confusion of an already confused cub reporter all the conversation was in a foreign tongue. Having had only a light smattering of German as my language background I sat there completely bewildered, not being able to understand a word that was being spoken.

I soon discovered that the eyes of many of the crowd were upon me and that the situation demanded that I take notes on the proceedings so I pulled out a pencil and some paper and pretended to write furiously. To add to an already difficult predicament the fellow who sat directly back of me insisted on looking over my shoulder every time I pretended to write (apparently checking on my reportorial accuracy).

The meeting dragged on for fully an hour and as soon as it was over I approached the clerk who also spoke English. He quickly informed me that the entire evening had been spent deciding whether or not to erect a new street light.

They had decided to go "all out" and put up the light. My story the next day rated a screaming eight-point single line heading. Such is the life of a cub reporter.

Thanks for helping out last week, fids. It wasn't exactly a vacation for this corner but it was just as much fun.

If I Were Editor Of The Hilltop Record

EDITOR'S NOTE: The following article and poem were written by Annabel Crawford, one of the West High School students who worked on the Record last week. The poem was written after the work on the paper was completed.

If, for some unaccountable reason, and through the mistakes of some responsible party, who shouldn't be responsible, we became editor of the Hilltop Record, the first thing we would do, most probably, is to fall flat on our face from surprise. This would undoubtedly do no damage to our face, but it might injure our dignity somewhat.

The next emotion upon the surface of our tranquil placidness would be that of self-satisfaction and pride of the up-turned nose variety, for which reason we would not wear a hat upon our first day of labor.

Once in the Record office, we would greet those present with the proper amount of dignity. We would then look around for the most comfortable looking chair and place it in front of an equally comfortable looking desk and settle our feet in the proper spot between the wire basket and the telephone.

As one of our first official duties, we would see to it that Paul Wichterman gets a nice long vacation (with pay) so he could go back down to Clarington to those hills of his and be a hillbilly to his heart's content—for a while.

Then we would install a loud speaker directly over Joe Agee's desk, for his special benefit, so that whenever he thought of a joke he could broadcast it all over the office. Also, this microphone would enable all those in the Record office to avail themselves of Mr. Agee's interesting and witty telephone conversations.

As our next act of benevolence we would contact a talent scout from the Metropolitan Opera Company to come out as quickly as he could to give that wonderful singer in the Record press room his chance at fame. He'd be signed right up, to be sure!

Next, we'd resolve firmly and solemnly to give the people of the Hill efficient, wide-spread and thorough news coverage encompassing the things they want to read about most.

After this, we'd feel pretty good, until—inevitably, one of those eternal kill-joys and wet blankets who is under the mistaken impression that the editor of a newspaper is supposed to work, shows up with armfuls of copy and ringing telephones. Then we'd retire to a quiet corner with an ice bag in tow and write a brief and heartfelt article entitled "Why I Don't Want To Be Editor of The Hilltop Record."

Now is the time for a little talk,
Between us old newspaper men.
But without the smell of printer's ink
We hardly know how to begin.

We want to give our deepest thanks,
Heartfelt appreciation too,
To Mr. Hartley and Mr. Wichterman
For all they've taught us how to do.

We're now adept at all the things,
A journalistic job employs,
And most of all we now know how
To sleep through every kind of noise.

But we're just kidding; all we learned
We never ever could forget,
In writing news and features, too,
We really know the way, you bet!

We've worn our shoes off at the heel,
Getting copy and hot news,
We've worn out pencils (all your own)
Proofing galleys; still we'd choose

To do the whole thing up again;
We thank you each and every one
For this great chance you've given us,
We've had an awful lot of fun!

So — whew! We're through! We got it done!
Somehow, through the press's din,
The Hilltop Record made it out
But, Oh Boy, WE'RE all in!

Hilltopper Has Part In Laying Gas-filled Cable

Hilltopper J. S. Coon, 333 Belvidere-av, has a small part in laying the longest gas-filled electric cable in the world.

It will carry power for the Columbus & Southern Ohio Electric Co. from Mound and Canal streets north to Milo Station, at the north end of the Cleveland-av viaduct.

Crews are at work installing the new cable beneath city streets.

The gas-filled cable is a comparatively new type of electric cable. The gas—a "dry air"—acts as a preservative, as contrasted with oils and other types of preservatives used in the past.

Its advantage is that breaks in the line can be detected easily.

Tanks At Ends Feed Gas

A tank at each end of the line will feed the gas into the cable. If there is a break the escape of the gas shows up at the tanks. The tanks will be checked regularly—twice or three times daily.

The cable is drawn through the small openings running between manholes by a small single-wire cable which is inserted by use of another recently developed technique.

A balloon is attached to the end of the wire. This balloon is inserted into the opening, and compressed air blasts it through to the next manhole.

The cable is then attached to the wire and a motor which on a maintenance truck draws it through. The cable is lubricated periodically so that it will slip through more easily.

After each link is installed from huge rolls delivered by truck to the job location, a crew of splicers comes behind, splicing the links.

Before this is done, each link is tested to be sure it contains the proper gas pressure. The cable contains the gas when it is shipped from the factory.

After testing, a splicers helper "paints" each end with soapsuds to discover any leaks which might be present. Then the splicer puts the ends together.

No Tipping Should Get Endorsement

Comes an announcement from the C. & O. Railroad stating that you are no longer to tip employees on the C. & O. This is a welcome bit of news for those who travel.

Tipping should not be necessary to get service. Business firms having services to render through their employees should pay sufficient wages to make tipping unnecessary.

We like the progressive spirit of the C. & O.

Draper Will Be Candidate

Robert M. Draper, 74 N. Roys-av, president of the Columbus Board of Education, will be a candidate for re-election to his office in the November election, he informed The Hilltop Record this week. Petitions for his place on the ticket are in circulation but they will not be filed for some time as it is not necessary for school board members to enter the primary election.

Draper, an attorney, will be seeking his third term on the board. He has been elected by substantial majority on his two previous campaigns. He is a Democrat.

It was not known whether the three other board members whose terms expire this year would be candidates for re-election. They are Joseph Ray, Grace Clifton and Miles (Cap) Hoover.

Swim Tickets On Sale

Robert Case, 87 N. Westmoor-av, announced this week that season tickets to the Hilltop Swimming Pool are now on sale. Plans are being made to open the pool on Memorial Day.

Floyd Green Will Enter Race For Mayor In August Primary

Floyd F. Green

Floyd F. Green, 3046 Crescent-dr, a former mayor of the City of Columbus, officially told The Hilltop Record that he will be a candidate for that office again in the primary election. Reports to that effect had been current for several weeks but this is the first statement released for publication.

He will file his nominating petitions on Tuesday of next week.

Green served as mayor from 1940 to 1943 and was formerly a member of city council from 1928 to 1932. He entered the construction business after leaving office in 1943, and has been president and manager of Root Construction Company with offices at 9 E. Long-st. He has also been engaged in public relations work.

In announcing this move, Mr. Green made the following statement Wednesday morning:

Dethy Services Expected To Attract Hundreds Today

Donald Dethy, (left) 14-year-old shooting victim, is shown here with his sister, Sue Ann, aged 8.

The shooting of a 14-year-old boy Sunday aroused interest of a kind seldom witnessed on the Hilltop.

The youth was Donald Dethy, the son of Mr. and Mrs. Ray Dethy, 3013 Parkside-dr. He died a few minutes after being shot by Joseph Watts, 476 S. Huron-av, just a few doors from his home.

Funeral services for young Dethy are to be held this morning at 9 o'clock in the St. Mary Magdalene Church with Rev. Raymond Bauschard officiating. Burial will follow in St. Joseph's Cemetery by George Sharp.

One of the largest crowds ever present at a funeral service in the church is expected to be present to pay final respects to the youth.

Between 500 and 600 people visited the Dethy residence Tuesday during the day and evening to pay their respects. The family was deeply moved by the interest of the many friends who made themselves known during the past two days.

"Having lived in Columbus for only three years, we did not realize that we had so many friends," he said. "We deeply appreciate all that is being done for us."

The Senior and Junior Holy Name Societies of the St. Mary Magdalene Church were to have special services at the Dethy home Wednesday evening.

A police investigation into the fatal shooting of the boy was being conducted this week. Donald,

Bradley Richardson Is Best French Student In State

A West High School senior was rated the best French student in the state this year and scholastic honors were won by 12 other June graduates at the local school, it was learned this week.

Bradley Richardson, West Jefferson, ranked first among 144 participants in the state scholarship tests in French II with a score of 139 points out of a possible 150. He was followed closely by another West French student, Kathryn Mann, who was fourth best in the state with 134.

Still a third local student rated second in the state in French I. She is Rosemarie Colombo, with a score of 118 out of a possible 140 points.

Richardson

Richard Edris finished eighth in a field of 500 participants in senior social studies with a score of 114 out of a possible 150, while Richard Laymon took fourth place in physics in a field of 617 of the state's best. He had a score of 110 out of a possible 120 points.

In Division I (all first grade high schools), James Cockfield finished third in the district and 13th in the state in the chemistry tests. He had 133 points out of a possible 150.

In the geometry tests, Robert Roller was eighth in the district while Wilma Ferris finished fourth in the district and eighth in the state (Division I) in French I.

Richards and Miss Beard were recently selected as commencement speakers when the June class graduates June 10. A special assembly June 3 will honor the high ranking students and other scholarship winners.

Legion, VFW Auxiliaries To Sell Buddie Poppies Fri., Sat.

Plans for fitting observance of Memorial Day were being formulated by the Camp Chase Post No. 98, American Legion and Westway Post No. 3441, VFW.

Friday and Saturday of this week have been set aside as Buddy Poppy Days when the auxiliaries of the two service organizations will sell the traditional flowers in the stores and on the streets. Funds realized from the sale of the poppies will go to aid disabled veterans and their families.

The poppies are made by the disabled veterans at the Sandusky Veterans' Hospital and are made by both World War I and II veterans.

Memorial Day plans of the VFW group were still in the formative stage, although it is known that members will march in the parade downtown during the morning.

To Decorate Graves

Members of Camp Chase will join in the parade and then devote the day to decorating the graves of soldiers at Sunset and Alton Cemeteries. William Bright is chairman of the Memorial Day committee with William Boothe, Edgar Planck and Chester Wagner as assistants.

Rev. J. Herbert Goewey, pastor of the Hillcrest Baptist Church, will deliver the message at 12 noon at the Sunset Cemetery. Wagner and Boothe will have charge of grave decoration.

At Alton Cemetery Planck and Larry Scales will look after the graves. The Alton Grange will hold services, with Carl Turner as the speaker.

The next meeting of the Legion Auxiliary will be held tomorrow night at 8:15 o'clock at the post headquarters.

They Will Award Trophies At Relays

The Hilltop Relays, to be held at Magly Field tomorrow evening will have more than track stars to catch the eyes of the crowd. This bevy of West High School beauties will be on hand to present each victorious athlete with his ribbon, or trophy, at the conclusion of the event. They will hold forth on a special "victor's stand" erected near the cinder track.

Reading from left to right, they are Pat Wolfendale, 877 Chestershire-rd, Pat Clum, 1089 Thomas-av, Teddi Hill, 458 Helen-st, Pat Perry, 37 W. Chase-av, and Janice Hill, 485 Belvidere-av.

Fathers and Sons to Work on Paper Drive

These father-son combinations will work on the West High Booster paper drive to get under way at 11 a. m. Sunday. There are several other such father-son teams working on the drive but they were not present when this Record photo was taken.

West Boosters' Paper Drive Set For Sunday; Record Subscription Drive Open Til Monday

West High Boosters in a meeting Monday evening expressed hope of having their complete canvass of the Hilltop in The Hilltop Record subscription drive finished by Monday evening.

First reports show that more than 700 subscriptions have been garnered by the various West student workers and that not nearly all the territory has been covered as yet.

Jack Sensenbrenner, chairman of the drive, again pointed out that residents of the Hilltop will be aiding West High to equip the athletic field by subscribing in this campaign and they will also be saving 50c on a year's subscription.

He also pointed out that present subscribers may pay for extensions of their subscription in the campaign and thus allow West High the credit as well as take advantage of the reduction in price.

Keen competition among the student workers was seen this week as the contest got farther along. First prize of $25, second prize of $15 and third prize of $10 will be given by the Record to the three high solicitors at the conclusion of the campaign.

In addition, each team captain, 20 of them in all, will award a $5 prize to the top solicitor in his district.

Awards will be made in an assembly at West High next week and photos of the winners will be published in the Record.

"Persons who have not been contacted yet are urged to call the Record office, Ra. 1125, and a solicitor will be sent around for the subscription. Subscriptions sent to friends off the Hilltop or out of the state will also count in the contest.

Paper, cardboard, magazines and rags. They are all much in demand and will be the object of an intensive drive Sunday starting at 11 a. m. when members of the West High Boosters Club and students of West High School start out to "clean up" the Hilltop.

Twelve trucks and 100 or more students will start out on a street by street pick up of paper, etc., placed on the curb for the Boosters. All money realized will be used to help pay for the electric scoreboard and a press box for Magly Field.

The following firms are contributing trucks to be used in the drive: Koolade Company, driver, Charles Roush; Fairmont Creamery, Marty Griffin; David Davies Packing Company, three trucks — Bob Chrisman, Bill Chrisman and Howard McGannon; Powell Transfer, two trucks — Harry Yank and Bob Reardon; Indianapolis Paper Company, three trucks—Newt Francis, Eugene Buckingham and Mack Pemberton; Jones Lumber and Coal Company, Dale Ross; Tossy's Landscape, Bill Canada.

Dick Francis, president of the Boosters Club, said that there will be no residential pickups made prior to Sunday. Persons having paper for the club are

Hilltopper Will Run For Sheriff

A Hilltopper will seek the office of Franklin County sheriff in the August primary election, it was learned by The Hilltop Record this week.

He is E. Reiss, 397 Catherine-st, an attorney and criminologist. He has lived on the Hilltop for 12 years.

In a letter to the Record this week, Reiss said:

"In making this decision (to become a candidate) I have felt and become convinced that certain unsavory conditions now exist in our county—namely vice and gambling—and little, if anything, is being done by the authorities to combat those evils. The people of Franklin County are desirous of a change and seek an official to 'clean up' the county."

Four Teen-age Boys Arrested Here Tuesday; Admit Several Jobs

A new wave of juvenile delinquency was being investigated on the Hilltop this week as seven youths 14 to 16 years of age were taken into custody during the past five days.

Four boys were picked up by police Tuesday and were being held in connection with a long series of thefts, burglaries and automobile lootings that had been going on for more than three years. A fifth boy was arrested and later released when it was determined that he was not involved in the thefts.

According to Detective Sgt. John Redman and Detective Dell Wilkins, the boys admitted pilfering from parked autos along W. Broad-st, between Wheatland and Westgate-avs. They are said to have admitted breaking a window in the Robinson Electric Store here recently.

To Be Questioned Further

Police said the boys would be questioned further in the hope of clearing up other recent Hilltop break-ins not previously solved.

The boys attend West, Central and Aquinas High Schools. One of the boys is said to have admitted that he started stealing when he was in the sixth grade.

Detective Sgt. John Redman and Detective Dell Wilkins were conducting further investigations into the case.

Three Hilltop Boys Held In Robbery

Three Hilltop boys were being held in the County Detention Home this week pending a hearing tomorrow on charges that they entered the Westgate Grocery Friday night and stole merchandise valued at approximately $25.

The three, each giving his age as 15 years, were apprehended by Constable Quelette near the intersection of Harrisburg-pk and Eakin-rd early Saturday morning. They were riding two bicycles, said to have been stolen from a garage near the scene of the robbery. The store is located at the corner of Huron-av and Sullivant-av.

Police officers said the boys had left their homes here three days earlier and had apparently been sleeping out in cars or wherever they could find shelter. They denied participation in any other robberies committed in the community in recent weeks.

Mrs. W. McCleaster, 3062 Sullivant-av, owner of the store that was robbed, said that the loot consisted of bologna, cigarettes, candy, chewing gum, gloves, etc.

Mrs. McCleaster charged that she was unable to get any response from the West Side Merchant Police, whose service she had signed up for only a few months ago. She stated that repeated calls were unanswered at numbers left for emergency use. It was learned from other sources that a partnership in the business had recently been dissolved and that the 45-minute checks on the place of business of each subscriber were not being made regularly.

Council To Meet Friday

The first meeting of the Hilltop Juvenile Council is to be held at the Hillcrest Baptist Church Friday evening at 8 o'clock.

Don Smith, 2405½ W. Broad-st, chairman of the under-privileged children's committee of the Hilltop Kiwanis Club and the motivating force in setting up the juvenile council, called the meeting for the purpose of getting organized and ready to function. Miss Genevieve Taylor, referee in the Court of Domestic Relations, will serve as instructor in setting up the machinery for dealing with juvenile problems locally.

Four young members were selected from West High School to serve on the council. Other members were announced in an earlier issue of The Hilltop Record.

The West students are Marilyn Hoelcher and Joe Hostetter, sophomores, and Rose Lombard and Tom Greene, juniors.

The underprivileged children's committee last week sponsored 60 crippled children to the Carton Party put on Saturday at the Palace Theater. The party was planned by the Nightingale Cottage, Wing 25.

Set New Mark In Quizdown

John Burroughs, tallying the highest score ever achieved by a Columbus school in the Saturday tournaments, defeated Linden School in Saturday's Dispatch-WBNS Quizdown, by a score of 1000 to 775.

Four of the local contestants attained perfect scores and were awarded pen and pencil sets. They are Dana Deshler, Carolyn Stilwell, Jimmy Haughn and Lee Boye.

Other local contestants were Richard Seba, Joanne Horn, Robert Donley, Carol Koenig and John Fleming.

Bean Prices Soar! No Bean Dinner

There will be no Hilltop Bean Dinner this year.

The reason—the high cost of beans.

That decision was reached Friday morning at a meeting of the executive committee of the Hilltop Business Association. Plans had previously been in the making to renew the annual summer picnic until it was learned that the lowly bean had soared to a price where it is now in the "luxury" class.

Back a few years ago beans were obtainable at from 3½ to 4c per pound. Today they are 18 and 14c.

Reasoned the HBA committee: "You can't hand out a ton of beans "for five" at such prices.

Mrs. Lowry asked that any person who might be overlooked in making the canvass, call her at RA. 9284 or send a check in to the Salvation Army, 138 E. State-st. Checks should be made payable to the Salvation Army Fund.

Early reports from the workers indicate a good response on the part of the public.

Let The Wind Blow!

A friend was complaining to Ruskin about the weather.

"Why, Henry," rejoined the genial philosopher, "there's really no such thing as bad weather."

"No?" was the doubtful retort.

"No," replies Ruskin. "Sunshine is delicious, rain is refreshing, wind braces you up, snow is exhilarating—all different kinds of good weather!"

for the office of mayor I am taking a very important step in my public life.

The city charter of Columbus states that all candidates for city offices shall seek election on a non-partisan ballot but unfortunately the charter provisions are ignored and some party leaders are endeavoring to thrust upon the people, hand-picked candidates, better known as "rubber-stamps." I believe the citizens of Columbus have "Had Enuf" of this type of false leadership during the past four years in the mayor's office. I am unalterably opposed to pre-primary endorsements and would not permit such action during my campaign four years ago. The selection of qualified aspirants to public office in the primary election is an age-old privilege of the voters and when the truth is known I don't think the people will need any assistance to determine their choice for mayor.

As a candidate for mayor, it is not only my right, it is my duty to truthfully direct public attention upon the policies, attitudes and inefficiencies of the all that is being done for us."

incumbent administration, and I campaign, not with any deliberate shall do so throughout the entire intention of "riding" or "smearing" any individual but honestly informing the public upon municipal matters which have become a grave public concern.

A man who aspires to public office is judged and properly so by his record, his ability and his reputation for honesty and fair dealing.

During the next two months I will present my program for Columbus and compare the record of my four-year administration of city affairs with the incumbent administration.

I know the obligations incumbent upon the mayor and I shall exert every effort and put forth every energy to restore the confidence of the people in city government.

I sincerely solicit the support of every citizen who desires honest, sane and intelligent administration of city affairs.

Dethy Services

a student at St. Charles Academy, was shot by Watts, 37-year-old taxi driver, as the youth ran through yards in the Huron-av neighborhood.

Watts claims that he fired only after calling three times for the boy to halt after he discovered someone whom he supposed was a prowler.

Young Dethy was a freshman at St. Charles Academy where he was considered an outstanding student. He was employed at the Economy Drug Store at the corner of Harris-av and Sullivant-av and had left the store only 10 minutes before the shooting occurred, according to Edward Prose, manager of the store. The shooting took place at about 10:45 p. m. The boy had worked until 10:30 and then walked to his home.

Parents of the boy were at a loss to explain his presence on the Watts property, which is almost directly north of the Dethy home.

Raymond Dethy, father of the boy, asked that the public withhold its verdict until all the facts are known. He was directing a private investigation into the case to determine the facts.

In a special statement to The Hilltop Record Tuesday afternoon he said, "If the man (meaning Watts) made a mistake, it is not enough to offer an alibi. He should be made to pay too."

Watts expressed deep regret following the incident, stating that he had not realized that the person he saw was a boy and that he had not shot to kill.

Commenting on sentiments expressed by some that the boy had no business near the Watts home, Dethy made the following statement:

"I hope they never have to go through what I am going through because someone else stepped out of line for a couple of minutes as we all probably have."

In addition to his parents, Donald is survived by a brother, Raymond, 18; a sister, Sue, 8, and his paternal grandmother, Mrs. Hector Dethy of Jeffersonville, Ind.

Tena Wagner Missionary Society of Hilltop Lutheran Church will meet Tuesday evening, May 27, at the home of Miss Dorothy Wharton, 35 S. Westmoor-av. Assistant hostesses will be Mrs. Hulda Carey, Miss Lucille Price and Mrs. John Ricker. The topic leader will be Mrs. Burleigh Emrich.

Tarbutton Busy Drafting Campaign

George Tarbutton, 2917 Crescent-dr, was busy this week consulting Democratic Party workers with the view of mapping his campaign for city council. (Last week the Record was first with the announcement that he would be a candidate in the August primary election.)

The Hilltop attorney said that a sponsoring committee would be named in a few days and that an aggressive campaign for the office would be waged "particularly on the Hilltop." He claims to have the undivided backing of both factions of "faction torn" Democratic party.

LEGAL NOTICES

PUBLIC NOTICE

Probate Court, Franklin, Ohio, No. 123211. Victor Voeller, Administrator, with Will Annexed of the Estate of Barbara Gray, deceased, 358 Wilson Avenue, Columbus, Ohio. Plaintiff, vs. [redacted] Voeller, 358 Wilson Avenue, Columbus, Ohio; Victor L. Voeller, 358 Wilson Avenue, Columbus, Ohio; Raymond Ayres, William Ayres, Glenna Ayres, James Courtney, Barbara Courtney, Mrs. John Coleman, 2648 Tremont Road, Columbus, Ohio; Mrs. Sadie Young, 397 East Mound Street, Columbus, Ohio; Mrs. Anna Buell, 658 High Street, Worthington, Ohio; Mrs. Margaret Russell, Cleveland, Ohio; Frank Snable, Lima, Ohio; Will Snable, Lima, Ohio, Defendants.

James Courtney and Barbara Courtney, whose last known place of residence is Los Angeles, California, and Frank Snable, whose last known address is Columbus, Ohio, are hereby notified that on Feb. 10, 1947, Victor Voeller, administrator with will annexed of the estate of Barbara Gray, deceased, 358 Wilson Ave., Columbus, Ohio, filed his petition in Cause No. 123211 in the Probate Court, Franklin County, Ohio; that they have been made parties defendant in said cause.

Plaintiff further says that on or about the 17th day of January, 1947 Barbara Gray died a resident of Franklin County, Ohio, leaving a Will which was admitted to probate by the Probate Court of said County and State on or about the 18th day of February, 1947, that thereafter administration proceedings were had as to the Estate of the said Barbara Gray, deceased, as more particularly set forth in the proceedings and the records of said Probate Court and that the Inventory and Appraisement has been filed in said Estate. Said Will is attached hereto and made a part hereof.

Plaintiff says that the house mentioned in said Will on Linwood Avenue was sold in 1946.

Plaintiff further says that Ida Courtney and Howard Courtney died after the execution of said Will.

Plaintiff further says there was in the safety depoait box in the Ohio National Bank, Town and High Branch, Four Thousand One Hundred Forty Dollars ($4140.00), Five (5) One Thousand Dollar ($1000.00) United States, Series G. Bonds and a Postal Savings of Five Hundred Dollars ($500.00). That there was in the Ohio National Bank, Gay and High Branch, the sum of Two Hundred One Dollars and fifty-nine cents ($201.59), that Barbara Gray died seized in fee simple of the property located at 1070 City Park Avenue, that the insurance amounted to the sum of Three Hundred Fifty-six Dollars ($356.00) and has been paid to the Administrator herein.

That the said Barbara Gray died, leaving no heirs closer than first cousins, that Margaret Voeller, mentioned in said will, is a first cousin of said Barbara Gray, deceased, and that said Mrs. John Coleman, Mrs. Sadie Young, Mrs. Anna Buell, Mrs. Margaret Russell, Frank Snable and Will Snable are first cousins of the said Barbara Gray, deceased, that Raymond Ayres, William Ayres, Glenna Ayres, James Courtney, Barbara Courtney and Victor Voeller are second cousins of said Barbara Gray, deceased.

That besides the property mentioned in said petition there is a diamond ring and household furnishings.

That there are important, difficult and doubtful questions respecting said Will and the disposition of said property under said Will and that plaintiff is in doubt as to the construction of said Will and as to the rights of parties in the distribution of the property under said Will, that plaintiff is in doubt about the following:

(1) As to whether the insurance is to go to Raymond Ayres, under the provisions of said Will?

(2) That plaintiff is in doubt, since the property on Linwood Avenue was sold prior to the death of said Barbara Gray, whether said devisees mentioned as to receive said property, are entitled to anything under said Will.

(3) That plaintiff is in doubt as to whether 1070 City Park Avenue is to go to the heirs of Ida Courtney and Howard Courtney, who were deceased prior to Barbara Gray's decease, or to Margaret Voeller or to become a part of the residuary estate and be divided among all the cousins mentioned herein.

(4) The plaintiff is in doubt as to whether said insurance is to be paid to Margaret Voeller.

(5) The plaintiff is in doubt as to whether the $4140.00 in cash, which was in the safety deposit box of the Ohio National Bank, Town and High Branch; the five $1000.00, Series G, United States Bonds, also in said safety deposit box the $500.00 Post Savings, also in said safety deposit box, and the $201.59 in the Ohio National Bank, Gay and High Branch after the payment of debts goes to said Victor Voeller.

That if the Court should decide that the five $1000.00 Bonds do not go to Victor Voeller or any other part contained in said safety deposit box, out of which the debts of the estate are to be paid first, and to whom is the balance to go.

WHEREFORE Plaintiff prays that judgment and direction of the Court in regard to the true construction of said Will and the disposition of the property under said Will and as to his duties in the premises and especially to the five questions raised in the petition herein and an order as to the duties of the plaintiff in regard to them.

Delinquency A Problem Of The Century

"Juvenile delinquency is not just today's problem; it has been a problem through the century, but is more tremendous now than it has ever been."

This was the assertion of Dr. J. T. Upchurch, evangelist, publisher and a recognized authority on the delinquency problem, when he spoke before a meager crowd assembled for a union church service in the Hillcrest Baptist Church, Broad-st and Eldon-av, Tuesday evening.

"What's the trouble? We're asleep! We need to wake up! There are men who are willing to fight these battles for us, but even they are under the influence of organized vice."

Dr. Upchurch is well-versed on "organized vice" and has seen much of it during his years of working against it in such notorious places as the Barbary Coast in San Francisco and Chinatown in New York City.

He has operated a home for fallen girls for many years and is founder and general superintendent of the Berachah Junior Kingdom. His speech last evening was a compilation of his religious beliefs and a moving challenge to those present to "do something about the deplorable state in which the world of today exists."

"America is being undermined but no one seems to care," he stated in connection with an attempt to arouse the general public to the point where juvenile delinquency and vice can be defeated.

Dr. Upchurch, whose home is in Dallas, Tex., was introduced by Rev. Harold Dutt, pastor of the Westgate Evangelical United Brethren Church and president of the ministerial association.

West Wins, Loses; End Of Season Near

West High School won and lost on the Magly Field diamond this week as the 1947 season was drawing near the close. After administering a 13 to 2 trouncing to East on Monday, the Cowboys fell victim to Central on Tuesday with a 5 to 3 count.

Weather permitting, West was to go against Linden McKinley Wednesday afternoon on the Linden diamond. Other league games will find West at North on Friday and Aquinas here Tuesday for the league finale.

Chuck Weeks limited East to four hits while his team-mates pounded out 10 bingles and capitalized on five Tiger errors to make up the 13 run total. Ralph Watts tripled and Don Kirk doubled to figure in the scoring.

The score was as follows:

		R	H	E
East	1 0 0 0 1 0 0—	2	4	5
West	7 1 0 0 1 4 x—13	10	2	

Theisen Hurls

Paul Theisen pitched the first six innings of the Central contest and was relieved by Jack Thrush in the seventh. All Central runs were scored after two were out and none on.

West scored in the fourth on three singles and, again in the fifth on a hit batter, a walk and a single. Keller was the leading hitter for Central, getting three for four. Jerry Chinn, who caught both games this week, got two for three against Central.

The score on the Central game was as follows:

		R	H	E
West	0 0 0 2 1 0 0—3	6	4	
Central	2 0 3 0 0 0 x—5	7	2	

Young Tosses No-hit Game

The West Junior High baseball team defeated Champion 3 to 0 at Westgate Park Monday afternoon when Phil Young, junior Cowboy hurler, turned in a no-hit performance.

The game was unique in that while Young allowed two walks, he faced only 18 batters in the six-inning contest. The two batters "put on" were disposed of by picking off one at the first base while the other was thrown out attempting to steal second.

The victory ran Young's record of strikeouts to 24 for the last 12 innings pitched. Bill Thrush doubled and Paul Ellingsworth singled with the bases loaded in the second to drive in two of the three runs. Nafsger worked behind the plate.

West defeated Franklin 5 to 0 last week when Young pitched a two-hitter. Roosevelt will provide the opposition Monday when the two teams meet at Franklin Park.

K of C Bowlers Elect Officers

The annual bowling banquet of the Knights of Columbus Bowling League was held Saturday at the St. Aloysius School annex. One hundred sixty members and their wives were present.

Elected to serve as officers for the coming year were Frank O'Mera, 234 S. Huron-av, president; Carl LaValle, 211 Guernsey-av, vice-president; Ed Redel, 2971 Wicklow-rd, secretary; Earl Patton, 2988 Fremont-rd, treasurer; Ray Dethy, 3013 Parkside-dr, retiring president was named trustee.

Dancing and refreshments followed at the council club rooms.

Winners of the two leagues were Howard Opticians at Hilltop Alleys, and Finneran and Fischer, Hi-Goodale.

West Golfers Will Be In State Tourney

West and Aquinas tied for runner-up honors with 324 scores in the Central District Golf Tournament last week. North, the defending state champion, took top honors with 306 strokes.

The runner-up spot put the West team in the state tourney scheduled to be played at the University Golf Course next Wednesday.

OSU Coach Opens Straw Hat Season

"Presidents of the United States have been wearing this brand of hat for several years now, so it should be good enough for our coach," M. W. Seiller told an audience of Hilltop Business Association fathers and sons last week as he inaugurated "straw hat week" by presenting one of the hats to Wesley Fesler, OSU grid mentor, who was the speaker of the evening.

Fesler (left) accepts the straw as H. G. Deems (right) beams his approval. Flowers held by Deems were given by HBA to Mrs. Fesler (not present). Incidentally, this and other straw hats are available at Seiller's, 2404 W. Broad-st.

Y-Teen Skating Party

Y-Teens added funds to their treasury with the proceeds of a skating party held last week at Smith's Skating Rink. Business managers in charge of ticket sales were Barbara Taylor and Nancy Pavey. They were assisted by a volunteer committee. Miss Frances L. Forbes, sponsor of the Y-Teens, expressed herself as being well pleased with the efforts of the managers and their committee. "We wish to thank the members of the club and the pupils and teachers who made our skating party so successful."

Commencement Speakers

Bob Greene and Ann Knospe won the honor of representing their class as speakers on the commencement program to be given in the Starling Auditorium Thursday, June 12, at 10 a. m. A unit on writing and delivering a speech was worked over in each 9A English class and the best boy and best girl were chosen in each. These competed in a school try-out and the above selections were made. At the same time Rockey Herbert and Roseanna Wickham, who stood in second place, were chosen to speak at the court of honor. Bob Greene's subject is "Education for Making Life Worthwhile," and Ann Knospe's is "What Shall We Do Now?" Rockey Herbert chose to talk about "The Open Door," and Roseanna Wickham will speak on "We, the Citizens of the Future."

Paper Drive

(Continued from Page 1)

asked to hold it until the drive gets under way.

Sensenbrenner In Charge

M. E. (Jack) Sensenbrenner, chairman of the drive, said that refreshments would be served to all who worked on the paper drive. A similar drive put on in early March grossed more than $1000 worth of paper but it is pointed out that the price of paper has dropped since that time.

Sensenbrenner asked that paper be tied in bundles according to the type of material it contains. To emphasize the scope of the task, he pointed out that to "go over the top" it would be necessary to have 150,000 pounds of paper; or 100,000 pounds of magazines or 50,000 pounds of rags.

"The drive cannot be a success unless every home on the West Side does its share," he explained. "Don't you, be one of those who fail the boys and girls of West High."

"You Cant Take It With You," Still Surefire Prescription For Laughs; Put On By Seniors

By Paul Wichterman

We can think of no better spring tonic to make a person appreciate how well off he really is than the laugh riot play "You Can't Take It With You" put on by the senior class of West High School Friday night. Every one ought to see it at least every three or four years for it's one of those plays that is typically American and will be good entertainment for years to come.

The less than capacity audience that witnessed the one-night rendition was scarcely a fitting tribute to the excellent performance put on by the dramatics students under the able direction of Evelyn Hall and her staff of assistants.

We've seen a good many amateur plays but never one with more complete mastery of lines on the part of all players and more excellent timing of entrances. The whole performance reflected the hours of rehearsals that students and faculty members have put into the play.

It would be difficult to pick the outstanding performance of the evening because there were some excellent characterizations but we felt that Charlene Rolsten, in the role of Alice, did a most commendable job. Her diction was good and her stage mannerisms were natural.

Rowena Self as Penelope Sycamore, the play-writing member of the happy-go-lucky Sycamore family, was very well cast. The role of Grandpa Vaderhof, a difficult one for a high school student was convincingly done by Jim Hiland and Ken Dickerson was a sure laughgetter with his performance of Boris Kolenkhov, the Russian.

Kimes In Suitable Role

Robert Kimes couldn't have asked for a more suitable role than the part of Ed, who loved to print anything and everything that came to his mind. Connie Sherman, who played the part of his wife, Essie, did a nice job as the somewhat backward ballet pupil of Kolenkhov.

Don Ochs was impressive in the part of Tony Kirby, who had the almost impossible task of selling the impetus Sycamore household to his wealthy parents.

The lesser important parts were well cast and convincingly played. Ditty Barfield turned in a good performance as Rheba, the colored maid, and Karl Schlottig took the part of Donald, the colored boy who was on relief and thought the government should do something about making him stand in line for a half hour to wait for his relief check every week.

Richard Edris as Paul Sycamore and Bill Woolson as Mr. De Pinna, his scientific assistant, kept things lively with their fireworks experiments.

Joy Bliss had few lines as Gay Wellington but she added much to the general confusion of things and did an excellent performance. Dick Koontz, as Henderson, the Internal Revenue man, Ronnie Barker, as Mr. Kirby, Virginia Woolson, as Mrs. Kirby, and Jo-Ann Heischman, as Ogla, were all good.

Three men from the FBI were played by Dick Cosgray, Dick Robinson and Luke McKeever.

The timing on the riotous ending to the second act was especially good and the curtain closed on a perfect stage full of bedlam.

An orchestra made up almost wholely of junior high students played before the first curtain and between acts. Charles W. Bennett, the director, turned the baton over to Don Story, a student, and Paul Bowers, a practice teacher from Capital University, for a few numbers.

News of Rome

By Mrs. E. C. Sheets

The monthly family dinner was held last Tuesday at the home of Mrs. W. G. Lamb, Buena Vista-av. This is mostly an affair composed of women and their small children under school age, with some of the men folks if convenient for them to come. W. G. Lamb and E. C. Sheets, Sr., and E. C. Sheets, Jr., were on hand. About twenty persons were present. After dinner Mrs. Henry Ely put up her screen and showed family "snaps" which had been taken during the year, which were enjoyed by all. Mr. and Mrs. Henry Ely (Martha Adams) will soon leave to live in Chicago, where Mr. Ely is entering school.

Mr. and Mrs. Latham of Hilliards entertained for their daughter Saturday night in honor of her 16th birthday. Those who attended the party from Rome were Wayne Montague, Pat Sheets and Tom Lamb.

The DAR had its meeting in the Green Room of the YWCA. The playlet, "What the Daughters Do," was heartily enjoyed by the members present. Mrs. McKendree of Buena Vista was the daughter member from Rome.

The Rome PTA held its last meeting of the school year last Thursday. There was an excellent attendance as usual for that last meeting when the graduating class gave its school play, "All Aboard." Every member of the class was used in some capacity to make the play a success. Jim Lamb did very well, playing a horn solo.

The Young Married Class of Columbia Heights Church held its class meeting at the home of Mr. and Mrs. Harold Rings. Ernest Schroeder is the president. Although there was a small attendance, a very good time was had by those present. Delightful refreshments were served by the hostess.

Jim Lamb has been suffering several days from congested muscles in his neck. He had to wear a collar brace and is anxious to get well so he can enjoy vaulting at the school picnic, which will be held Friday on the Rome school grounds. This is an annual affair and thoroughly enjoyed by young and old.

The Hilliards graduating class of 68 members includes pupils from several of the surrounding townships, 11 of whom are from Rome. They are David Baker, class treasurer '47; Don Hammonds, on the team, senior class play; Leo Mitchell, senior play, football; Patti Stauch, newspaper staff; Barbara Tinaple, editor of the school paper '47 Priscilla Warner, basketball, homecoming queen '47; Clyde Wycker, Hi-Y member.

About 20 members of the family of Mr. and Mrs. John Geihl, 47 Greiner-rd, spent Sunday with her sister, Miss Emma Ballenger, with a surprise in honor of her birthday.

Mrs. Huffman, Mrs. Brown, Mrs. Growden, Mrs. Ison, Mrs. Breckler and Mrs. Geihl were in Sidney to attend the county extension meeting.

A rather unusual party was held at the home of Mrs. Coulter, Pasadena-av, Thursday night in honor of her birthday, her nephew and wife, Mr. and Mrs. Billy Coulter, whose birthdays are the same day and date as Mrs. Coulter's.

The Rhodda Guild of the Lutheran Church gave a mother daughter tea at the church. Tables were beautiful in lilacs and pink candles. About 50 mothers were present and Mrs. Madge Draper gave a chalk talk which was thoroughly enjoyed.

Mr. and Mrs. John Warner and daughters of Columbus were guests Sunday at the home of Mr. and Mrs. Henry Warner.

West Band Parents To Meet Tonight

The West High Band Parents' Club will meet at West High School, Room 150, this evening, May 22, at 8, for the regular meeting and annual election of officers. All members are urged to attend.

Rev. Stanley Will Head Ministers

Rev. Stanley

Rev. Chester Stanley, pastor of Highland Avenue Friends Church, is the new president of the Hilltop Ministerial Association following the election of officers Monday morning.

Other officers named for the new year are Rev. J. Herbert Goewey, pastor of the Hillcrest Baptist Church, vice-president; and Rev. D. H. Smoot, pastor of the Hilltop Church of God, secretary-treasurer.

Rev. J. T. Upchurch addressed the meeting held at Hoge Memorial Church. He discussed the juvenile delinquency situation.

This is the final meeting of the ministerial group until fall.

Trifles discover character more than actions of seeming importance; what one is in little things he is also in great.

—Swift.

Tom Bohanon To Be Players Head

Tom Bohanon was elected president of the Glenwood Players Guild at the annual meeting held last week. Other officers for the current year are vice-president, Howard C. Moon; secretary, Betty Moon; and treasurer, Lee Harlow.

Organized in November, 1944, members of the Glenwood Methodist Church for the purpose of developing an interest in dramatics, the Guild has enjoyed a very pleasant and profitable existence.

Recently having produced "Adam's Evening," the seventh play during the two and a half years' existence, the selection committee is engaged in hunting for a suitable vehicle to be given in the early fall months. That this Hilltop organization has become recognized as more than an average group of players is evidenced by the fact that it receives repeated requests to give repeat performances. Their latest production, "Adam's Evening," given before members of Eastgate Lodge Friday evening in the theater at Masonic Hall, and a request has also been received from the Springfield Lodge for a performance some time during the month of June.

Track Events To Start At 6:30 P. M.

Plans are complete for the first Hilltop Relays to be run at Magly Field Friday evening starting at 6:30 o'clock. A nice array of trophies and ribbons has been obtained for awarding to the victors in the various races and field events. The best athletes from the city's senior and junior high schools will be competing.

An admission of 25c is to be charged to help defray the cost of staging the city-wide track event.

Coach Rufus Glass promises that there will not be a dull moment in the program since all races will be finals and some new event will be started every 10 minutes in order to get the whole slate over before dark.

5 Queens Picked

The event will be staged in grand style with five queens reigning at a victory stand where all ribbons and trophies will be awarded. Waiting to bestow the mark of victory upon the athletes will be Janice Hill, Pat Clum, Pat Perry, Teddi Hill, and Pat Wolfendale.

A fanfare of trumpets will announce each presentation.

Trophies have been made available by the West High Boosters, the Hilltop Kiwanis Club and the Hilltop Business Association. Ribbons will go to every winner and trophies to the winning relays, for the winner of the meet and for the high individual.

Charles Beetham, former Olympic distance runner and now assistant track coach at Ohio State University, will be the official starter. Mack Pemberton is in charge of the officials who will pick and time the races. His assistants will be faculty members, visiting coaches and members of the Boosters Club.

C. F. Bateman has been in charge of planning and arranging special equipment.

First Events First

Field events consisting of the shotput, discus, high jump, broad jump, and pole vault will get under way at 6:30 with track events starting at 6:45.

Two representatives from each school will take part in the field events with but one entry in the track events.

Scoring for the individual events will be 6-4-3-2-1 and for the relays 12-8-6-4-2.

Relay Teams Set New Time At West Field

Coach Rufe Glass is mighty proud of his 880 and mile relay teams at West High School this spring and with very good reason. The two teams both won their events in the district meet at Delaware Saturday and set new Magly Field marks in a triangular meet on the Hilltop last Thursday.

Dave Hamilton also qualified for the state event at Delaware Saturday in the pole vault. Other point winners were Dick Lannigan, third in the broad jump; Bob Smith, fourth in the broad jump; and Fred Harper, fifth in the mile.

The mile relay team, made up of Kenneth Evans, Roland Stout, Kenneth Mahan and Walter Hicks, clipped six and one-half seconds off the Magly Field time when a new time of 3:37.5 was written into the books.

The 880-yard relay team turned in a time of 1:34.8 to better the previous field mark by .9 second. The team was made up of Bob Smith, Glen Schraeder, Bruno Masdea and Walter Hicks.

The Cowboys piled up 91½ points to win the triangular meet with South and Grandview here last week. West captured 16 firsts, including the two new field records.

2 Local Teams Win In Openers

In spite of threatening weather the first set of games was played by the Columbus Nite League on Wednesday and Friday nights at the State Hospital diamond. Both Hilltop entries emerged with wins.

On opening night Hilltop Garage downed the Williams and McNabb nine by a score of 5 to 3. Hilltop Van and Storage defeated Lane Askins 8 to 7 in an eight inning contest played Friday night.

Other games saw 740 AC take an 8 to 1 decision from Whittaker Morticians in the season opener on Wednesday while Borean and Meadowbrook trounced Columbus Merchants 11 to 5 in the Friday nightcap.

Dick Smith and "Lefty" Johnson each got three safeties for the Hilltop Garage team.

Westgate Scores Second Win Mon. In Church League

Only two games were played in the West Church League Monday when two of the umpires failed to show up.

Hoge Memorial was victor over Hilltop Church of God in one contest by a 9 to 2 count. In the other game Westgate Evangelical defeated Glenwood by a 5 to 2 score.

The win for Westgate gives the Evans two wins and no defeats. St. Aloysius and West Park are undefeated, with a single win.

They're Tops In Pastime League

Winners of the Tuesday night Pastime League at the Hilltop Bowling Alleys are these members of the Gaffney Beauty Salon. Left to right, they are Dorothy Thornton, 560 Chestershire-rd; Lillian Stout, 191 E. Roys-av; Velma Schulz, 164 S. Terrace-av (captain); Helen Gaffney, 626 Chestershire-rd; and Bernie Olson, 216 N. Ogden-av.

Shank and Saunders Win Trophy

Winner of the Hilltop Business Men's League is the group of men shown in the above Record photo taken by Ray Gaugler. The team is backed by Shank and Saunders Insurance and Real Estate, 2459 W. Broad-st.

Seated (left to right) are Carl Breckenridge, Jack Shank and Danny Wolfe.

Standing are Jack Franken, Fred Wolfe and Joe Wolfe.

Atlas Ebonites Top Recreation Play

Atlas Ebonites won the trophy in the Hilltop Recreation League this year.

Shown in the above Record photo are (seated, left to right) Milt Banning, Doc Strapp and Tom Wolfe.

Golf League Gets Start At Beacon

The Hilltop Wednesday Afternoon Golf League got off to a "sloppy" start last Wednesday.

The pre-league qualifying round was topped by Bill Brandenberg's 79 and the appropriate blind bogey prize of rain jacket was won by Bruce Tanner.

Several golfers are needed to complete the league, so any golfers interested in regular league play should be on hand this coming Wednesday and a position is assured. The play is at Beacon Light.

Wife — Just suppose we wives should go out on strike?

Husband — Go right ahead. I've got a peach of a strikebreaker in mind.

A banquet for members of the league was held at Schmelzer's Restaurant Friday night.

The team also took honors in the league for the high three-game series with a 2395.

The individual averages ran as follows: Stout, 146; Olson, 144; Schulz, 143; Gaffney, 136; and Thornton, 120. West Is Loser To North High

Wally Watkins' two-run triple fell one run short of tieing up the ball game with North High School at Magly Field last Thursday as the Polar Bears took the contest 3 to 2. It was the second league defeat for West this year.

Paul Theisen limited North to six hits, two of them going to Vernon Bardsall, Monty Allison, Polar Bear hurler, was stingy with his offerings as he allowed only three West hits.

Jack Thrush doubled.

At the start of the week four scheduled games had been rained out, two of them being league contests. They were East, McKinley, Grandview and St. Charles.

Two regularly scheduled games remain on the West calendar. The Cowboys visit North on Friday and then play hosts to Aquinas Tuesday afternoon.

Bowling Gifts Are Now In At Seillers

Members of the Seiller's Girls Teen Age Bowling League are invited to stop at the store to get their Elgin-American compact, given in appreciation for the fine team spirit that existed throughout the season just completed.

Girls are asked to contact Miss Krevdo for their gifts.

Heads Westgate Tennis Group

D. K. Finley

At a meeting of the Westgate Tennis Club held recently in the club room of the Hilltop Sporting Goods Co., D. Knight Finley, 733 S. Hague-av, was re-elected president for the 1947-48 season and Francis K. Harvey, secretary-treasurer.

As in the past the club will use the Westgate Park courts as its base of operations but the plans for the coming season call for participation in the recently formed Greater Columbus Tennis League; composed of numerous teams in Columbus and Franklin County. Arrangements for the schedule are being worked out and the initial matches are expected to start the early part of June.

Ranking of players in order to select members of the teams to represent the club in the league matches will be determined by the use of a challenge board, which will eliminate any favoritism in the selection of team members and give every player an equal opportunity to participate.

All devotees of tennis on the Hilltop are urged to get in touch with officials as soon as possible, as membership is limited. A special invitation is extended to women players in the community as an attempt will be made to have a Women's match included in the league play. Those interested should telephone Mr. Finley at RA. 0838 or Mr. Harvey at RA. 4984.

ALL CLEAR on your telephone!

• • •

Our Sincere thanks, Ohio Bell Customers, for your patience and understanding

• •

The strike of the employees of The Ohio Bell Telephone Company has ended and operations have been organized so that full telephone service may be restored promptly.

We regret that the public was inconvenienced and are most appreciative of its understanding and co-operation. This co-operation in holding calls to those of an urgent nature made it possible for us to give a service, which assured the safety and welfare of the communities we serve.

We felt during the strike that we were obligated to tell the public of the issues involved and of the efforts we were making to get our people back to work under conditions which would be fair to the public as well as to the employees. To do this we used newspaper advertising extensively to present the situation in as straightforward and understandable manner as we knew how.

All through the negotiations we considered the obligation which we have to our customers, as they pay the rates which provide the money to pay wages and expenses of operations. Cost of giving telephone service has been rising steadily during recent years with no increase in rates. The present settlement will add further to the cost of furnishing service as it will mean $3,500,000 more annually to the payroll costs alone.

Now we are all back on the job again—and we will do our best, as always, to bring you the finest telephone service in the world—at the lowest possible cost.

We express our deepest appreciation to those employees who, without regard to their personal comfort and at great inconvenience, remained on the job that the public might be given service essential to its safety and welfare.

30 Years Of Service

Down at the Oakley Avenue Baptist Church a week of special services is being carried out in honor of the pastor, Dr. Jacob Ashburn, who has completed 30 years as minister of that Hilltop church.

These few lines fall far short of being a fitting tribute for the long period of service rendered by Dr. Ashburn in the community. It has been our good fortune to have known him for more than 10 years and it has always been an inspiration to hear him preach and see the good work that his labors have effected.

Surely no more fitting tribute could be paid than the respect he has earned of his fellow ministers. He has served as president of the Hilltop Ministerial Association and has always been one of its active supporters. He has at various times preached in most of the Hilltop churches either as an exchange pastor or in union or community-wide services. One of the finest inspirational talks we can recall was given by Dr. Ashburn in the Union Thanksgiving service last year.

We heard a local minister make the statement only this week: "I never had the privilege of working with a finer Christian man that Dr. Ashburn."

Certainly such unsolicited comment bespeaks the feeling of many other of his fellow ministers. Knowing him and the work he has done in the community over a period of three decades, we can think of few persons whose contributions to the Hilltop have been greater. Certainly the problems of race, color and creed would be greatly minimized if we had more ministers and more laymen who thought and lived as Dr. Ashburn has done.

Around West High

By Janet Baker and Judy Jones

The G. A. A.'s are honoring their mothers with a banquet May 28. This will be the last formal function for the graduating seniors.

Betsy Sparks, Gus Cross, Bill Haas and Bob Drayer showed us some fine acting talent in the play written by Annabel Crawford which they presented at the Latin Club banquet the other night.

With good weather it looks like we might have some baseball games after all. That means more of that good popcorn popped by Mr. Stone—the maestro, himself.

Everyone is enthused over the football stadium lights again, as The Hilltop Record Booster subscription drive gets under way. Believe US that is hard work. All over the blackboards we find such sentiments as "It's almost over" and "Only so many weeks." Therefore it is only fitting that we say, "Only 15 days left." (By the way, for seniors there are only seven daze left. Hurrah!)

Most of the critical things in life, which become the starting points of human destiny, are little things.

—Robert P. Smith.

Dear Sir:

The following is a short paragraph showing the thoughts of a buddy of mine, who has a habit of writing things down as they come to his mind. I have his permission, and would like very much for this to be printed in the Record if at all possible.

Tragical, calamitous, disastrous, unmerciful, unscrupulous, inexplorable, all these will apply to the situation which now hangs in the balance, unless a complete and amenable explanation of worldwide affairs is given to the not too well versed world population. It was Abraham Lincoln who said, "All men are created equal." Unless the world at large is instructed and unified in this issue, the third great world crisis is well on its way. Truly it is said that "Great leaders make great countries." Then so why cannot "GOOD leaders make GOOD countries!"

Thanking you immensely,

WALTER T. DICKERSON

People throughout this district can secure Archlock and Arch-Relief Shoes at Minor's Shoe Store in Columbus, third and Broad-st.

In a world of economic upsets, making the successful operation of every business more than ordinary achievement, we wish to pay a particular tribute to the man who has quietly, yet very efficiently, maintained increasingly high standards of service on the part of his company, the Walter T. Dickerson Shoe Co., manufacturers of Archlock and Arch-Relief Shoes, Walter T. Dickerson, president.

Mr. Dickerson has ignored the excuses which so frequently are made these days—that business conditions are too uncertain to warrant expansions in service and equipment. He has had the courage to challenge the keener competition of other firms, and the more exacting demands of buyers, and has met the problems with striking improvements in merchandising methods. As a result the Dickerson Shoe Co. in Columbus can point with pride to the fine type of service which the initiative of Mr. Dickerson has achieved, and we gladly join in giving praise to his genius.

Teacher Is Honored By Members Of Class She Has Taught 17 Years

Phebe Jerman

Sunday, May 18, was a day that will long be remembered by Mrs. Daniel Jerman, 47 Clarendon-av, better known to the girls of the Entre Nous Sunday School Class as "Mother Phebe."

This day completed 17 years which she has devoted to young folks in the Hoge Memorial Church. She has been an active member more than 40 years.

The Sunday School opening services were dedicated to her, and called "Phebe Jerman Day." Herbert Deems and Herbert W. Thomas, superintendents, were in charge and best wishes for her health and gifts were presented at this time.

Norma Benoy, teacher in the intermediate department and past president of Mrs. Jerman's class presented her with a gift from the teachers of that department. In the afternoon the Entre Nous Class and chorus of '47 entertained with a mother-daughter tea in the church. In the past officers and their mothers were among the guests.

A short program was given by the chorus as follows: A piano solo by Janet Baker; a duet by Phyllis Ward and Marilyn Ring accompanied by Donna Thomas; a solo by Mrs. Phyllis Weber Comfort; a trio by Jean Brown, Janet Baker and Clara Spratley, accompanied by Donna Thomas.

Rev. A. J. Wold, the guest speaker, gave a short talk on "Mothers" and complimented Mrs. Jerman and her class on their "fine work in the church."

Lou Saunders congratulated the class and its teacher for their loyalty. He was the superintendent of the Sunday School when Mrs. Jerman took over the work as teacher of this class and has always been a great help to the class. Mr. Deems also gave a short impromptu talk. He, too, has always shown great interest in the class and chorus.

The chorus then gave a group of songs, accompanied by Janet Baker: Brahms' "Cradle Song," "Mother McCree and "Will You Remember" (from Maytime).

This year's officers, under Anna Ray's direction, presented a tribute of love to Mrs. Jerman, with a bouquet of roses, and the president, Louise Henery, presented her with a beautiful gold bracelet. Refreshments were served, with Louise Henery and Janet Baker at the tea table, and Jeannine George and Baileen Gary at the punch bowl. Anna Ray, Lean Roush and Barbara Vina were in charge of refreshments.

These young high school girls and alumnae of the class indicated that they will always remember "Mother Phebe" as a kind, considerate and loving friend, who gave good council and was always ready to help.

She directed the music in the intermediate department for 17 years and has many friends among the boys as well as the girls, and while she has been active in many other organizations, this class and chorus have been her first love. Many programs of music have been given throughout the city. Many parties and enjoyable treats have also been given by these girls and their teacher.

Among the guests were Mrs. Jerman's two daughters, Mrs. T. J. Stiverson (Alice) and Mrs. Earl B. McDowell (Angie) granddaughters, Mrs. Michael Doyle (Jean), Mrs. Donald Bell (Martha), and two great-granddaughters, Prebe Alice Doyle and Susan Jane Bell.

SUNDAY LESSON

Need Temperance For Strong Nation, Israel's Fate Shows

The International Sunday School Lesson for May 25
Scripture: II Kings 17:5-12, 22, 23; Isaiah 28:1-4

* * *

"THE Lord knoweth the way of the righteous, but the way of the ungodly shall perish."

That is as true concerning peoples and nations as it is of individuals. And it is as true today as it was in ancient times.

Ten of the 12 tribes of Israel, it will be recalled, had revolted under Jeroboam, the rebel against Solomon. Jeroboam returned from Egypt to lead the successful revolution against Rehoboam, Solomon's son, when the latter refused to lighten the burdens that Solomon had imposed upon the people. Two tribes, Judah and Benjamin, remained loyal to Solomon's successor in the Southern Kingdom.

The Northern Kingdom, with its 10 tribes, should have been the stronger. But it had in it from the beginning elements of dissolution and defeat. Jeroboam, who came to power, was not long revealing his baseness.

Weakness from within left the nation unprepared when danger struck from without.

The weakness had the familiar aspects of all social failure and deterioration—dishonesty and corruption in public and in private life, licentiousness and debauchery among the well-to-do, disregard of the poor, exploitation of the people.

This is a temperance lesson, and the prophesies of the time in their revelation of the social abuses stress how large a part strong drink had in breaking down morale, bringing woe and destruction upon the nation.

Temperance lessons and lectures are not popular today. The prevalent psychology is favorable to drinking and indulgence, where a generation ago, it was favorable to total abstinence. It is fair to make a distinction between drinking and drunkenness, between use and abuse of intoxicants.

But it is important to remember that intoxicating liquor has in it inherent dangers.

The Northern Kingdom went down in ruin, and any nation that does not overcome evil with good is doomed to disaster.

Volunteers Launch Salvage Drive Here

The Volunteers of America annual drive during spring housecleaning got under way this week, it was announced by Major Susan Thom, director of the local post.

"Every year at this time we appeal to the busy housewife to call on us to salvage the old clothing, furniture, papers and magazines she is discarding," Mrs. Thom reported. "What can no longer be used in one home is salvaged by fresh paint, repair work or reconversion and is then used by another family."

Magazines are sent to prison libraries in the vicinity of Columbus, according to Mrs. Thom. Old newspapers, corrugated boxes and scrap paper are baled and sold to paper mills. Through the salvage program, this Community Chest agency raises more than half its annual budget.

Flag Demobilization Service To Be Held At Hillcrest Sunday

The Hillcrest Baptist Church, Rev. J. Herbert Goewey, pastor, is announcing a service flag demobilization service to be held at the time of its evening service Sunday. The next of kin have been asked to accept the gold stars appearing on the flag in honor of those who gave their lives.

The pastor of the church, a chaplain in the army during the war, will speak and will use as his subject, "Can Dreams Come True?" The large robed choir of the church will sing special music.

Bi-weekly Hymn Sing To Be At Immanuel

The bi-weekly Hilltop Hymn Sing will be held at the Immanuel Baptist Church Sunday night, starting at 9 o'clock.

This regular song fest is held in one of the Hilltop churches every other Sunday night following the regular evening service. An attendance banner is given to the church with the highest percentage of its evening worship service present at the song service.

Dutt To Address Kiwanis; Mrs. Oogi Tells of Internment

Rev. Harold Dutt, 53 S. Powell-av, pastor of the Westgate Evangelical United Brethren Church and president of the Hilltop Ministerial Association, will be the speaker at today's luncheon meeting of the Hilltop Kiwanis Club.

The program will be in observance of church advancement and, will be planned by Harold Fox.

Last Thursday softspoken Mrs. Ami Oogi, an American Japanese now on the instructing staff at Mt. Carmel Hospital, told of her experiences in a relocation center during the war. Without evidencing malice or playing upon the emotions of her all-male audience, the nurse's instructor told how she was taken into custody along with 70,000 other American citizens and thrown into communities where they were forced to live side by side with pro-Japanese aliens who were not loyal to the United States. She described briefly the humiliation suffered in the face of these trying conditions, realizing as they did, that they were prisoners of their own government.

"The federal government set a precedent when it persecuted one minority group," the obviously well-educated speaker told her audience.

"What happened to us during the war could happen to any minority group should the situation be favorable," she said. "It could happen to any group, Catholic, Jew, Negro, Mason, etc."

Mrs. Oogi, who was educated at the University of Southern California, told of the irony of singing "The Star Spangled Banner" while gazing out from behind a wire fence enclosure.

The speaker struck an optimistic note when she said:

"At least a Democracy corrects its mistakes."

She pointed out that the effect of the internment had resulted in many of the American Japanese moving to other sections of the country following the war.

Revival Services Are Continuing

Dr. J. T. Upchurch, nationally known author, lecturer, evangelist, is holding special meetings at the Cochert Memorial Alliance Church each night through June 1, at 7:30. Rev. Jack Falkenberg is directing the music. Special music will be given at each service. The public is invited, Rev. C. C. Dutt, the pastor, announced.

In The Home Happy and Secure

"In the home, happy and secure," reads the caption of this picture. Happy? Yes. Secure? Well, now, that depends.

What will be the foundation of the home that is here being erected? Will it be built upon the sands of frivolous life, born of selfish desire and gratification of the senses? If so, the security of this family is questionable indeed.

If the future of this group is to be built upon the rock of religion and the church, there is no doubt as to the eventual outcome. Lives of respect in the eyes of their community await them. Children raised in the church and in the image of our Lord will assure lives of deep satisfaction for them.

Marriage is an important milestone in life. It is the beginning of a period of years which may stand out like a beacon of light to any wavering soul whose life is touched by the power radiated from the spiritual side of life.

This young couple, dedicating their family to God and the church, are assured of lives that will indeed be "happy and secure." When they or we cross any of the important thresholds of life, it would be well to cling to the promise of Hope and Eternal Life. In this direction lies the only peace of mind that this world can hold for us.

Civilians Ride Supply Train

The train which chugged out of the railhead at Frejus, the beachhead town in Southern France, was loaded with rations and gasoline. The last car was the home of the three guards. We had our blankets, barracks bags, carbines and ten-in-one rations. We also had our little gasoline stove so we didn't have to eat the food cold. Before we had gone very far we found that we were to have plenty of company. At every stop some Frenchmen would pile in with us. They brought their bicycles so that they could pedal away when they reached their destinations. They also carried bread and wine. The car soon became more than crowded, but occasionally some of the uninvited passengers got off. For the entire journey we had at least a few Frenchmen along.

Fuller

At meal time we opened an extra box or two of rations and fed every one in the car. They were glad to get the food. In return they passed around the bottles of red wine.

The first part of the trip took us through the interesting resort towns in Southern France. We passed through Grenoble and Aix les Bain, two fine, clean, little cities that were entirely undamaged by the war. We had the opportunity of spending a few hours in each at a time when few American soldiers were anywhere around.

Bridges Are Precarious

We passed little detachments of soldiers employed in some connection with the railroad. We gave them rations and they provided us with a hot meal.

In several instances the train had to pass over deep chasms where the bridges had been blown. They had been repaired by American engineers using Bailey bridges. With this type of construction, it is utterly impossible to see any of the structure when you are passing over it. It is rather disconcerting to look out of your car and see nothing but a fast flowing river several hundred feet below. In a few instances we walked across the bridges as the loaded box cars inched along behind. The locomotives were not taken across. One engine would push and the train would hook up with another on the other side.

The train sped up the Rhone valley. On either side the magnificent scenery of the maritime Alps could be seen. Resort towns and lodges were throughout the area. These people had seen practically no American troops. They gathered in every rail yard and along the right of way and cheered as we passed.

An electric engine carried us at breath-taking speed around twisting curves and through endless tunnels. Then it began to climb higher and higher into the French Alps. At two places sections of the track hadn't been repaired and the trains had to be unloaded, trucked a few miles, and loaded again onto another train.

FFI Gets Gasoline

One afternoon the train made one of its numerous stops along the right of way. About fifty members of the FFI, armed with many types of weapons approached us and asked for a few gallons of gasoline. From the looks on their faces and the manner in which they flourished their tommy guns, we decided it might be a good idea to allow them to have some. They were quite happy with the 18 gallons we gave them. They probably stole a couple hundred more when we weren't looking.

That night in a tiny hamlet, far from any Americans, the French engineer ordered two carloads of gasoline onto a siding. He said the cars were not fit for service. There is little doubt in my mind that none of that precious fluid was ever used in any American vehicles. We had to go on with the train and leave the two cars there. All we could do was report it at the next railroad office and hope the stranded cars would be traced down.

End of the Line

A couple of times the Swiss border was in sight and the thought visited us, as it visited every GI that it would be pleasant to spend the rest of the war in a pleasant, peaceful, neutral little country.

The railway had been completed only as far as Poligny, a tiny rural town in the rich farming district of southeastern France. This was a point 400 miles from the beach. The supplies were unloaded directly into waiting division trucks, which transported the badly needed materiel forward. Here, after five days, we reached the end of our journey. One of our officers who had made the trip by jeep was waiting to collect us. The next morning we were back at work in a forward gasoline dump. Here we filled the cans from tank cars that stopped at the railhead. Twice daily we loaded the division trucks that came to the area.

(Next week: "Poligny.")

Pistol Tourney To Be Sunday

The Columbus police range at 2609 McKinley-av will be the scene of the first state pistol tournament Sunday, May 25, at 9 a. m.

Sponsored by the Central Ohio Pistol League, the tourney will be held semi-annually with another meet scheduled for next fall.

Anyone over 18 years of age is eligible to enter. Competitors will be classified in accordance with National Rifle Association rules.

Referee will be Ray Bracken; chief executive officer, Glenn Hooven; chief statistical officer, Cpl. A. L. Schmieg, and chief target detail officer, Wade Knight.

Hutchinson Gets Corporal Rating

James Hutchinson, 363 Midland-av, recently received his corporal's rating for his work in the Marine Air Corps at El Toro, Calif. He is a radio repair man.

Cpl. Hutchinson and Richard Hickman were two of 40 boys passing an examination given to 300 a short while ago. Hickman is now back in civilian life.

The two entered the service last year along with several other West High School athletes.

School Levy Must Pass

Elsewhere in this issue is the story of the action of the Columbus Board of Education in placing a two mill levy on a special ballot to be submitted to the voters in July.

The board is to be commended on this action. The state legislature has dilly-dallied around and kicked the Daniels-Cramer bill up stairs and down until cities like this can see little if any relief from the legislature. There is but one remaining solution of the school problem.

It is now a strictly local problem and one that we must decide among ourselves. If we are to have competent teaching personnel next fall when schools open we must pay them more money. If we are to pay them more money we must be willing to provide this money by some kind of a local tax. A two mill levy on real estate seems a logical solution.

There will be many who will immediately respond that rent controlled real estate cannot stand a further burden. It is a fact that some rents need adjustments upwards. But it is a more important fact that our schools must continue to operate next fall regardless of costs. No better solution has been presented.

It is important that those who are interested in the welfare of our children and our educational program do their part by supporting this levy and getting out to vote for it.

Dirt Is Needed To Fill Holes In Local Parks

If you are excavating for a new home and want to get rid of the excess dirt, Ray S. Dietz, superintendent of parks, has a worthwhile suggestion.

He is in need of clean dirt to do some fill-in work at Holton Park and in the city-owned area at the foot of the State Hospital Hill. The area to be filled in at Holton is just south of the shelter house, between there and the stream. It would help eliminate the swamp area there and make available a much larger area for park use.

A cinder road leads back to the place dirt is needed at the foot of "the hill." Mr. Dietz promises that the city will grade off the dirt once it is dumped from the trucks. At least 200 truck loads of dirt can be used at Holton and as much or more on the W. Broad-st site.

Memorial Day Will Be Quiet On Hilltop

Memorial Day is expected to be a quiet day on the Hilltop this year. There is no community observance planned but many local people will take part in patriotic services planned for other sections of the city and county.

Many veterans of past wars will march in the annual parade to be held in the downtown area during the morning. Fitting services will be held in most of the cemeteries, where flowers will be placed on the graves of war dead.

Westway Post No. 3441, VFW, will hold a memorial service at Georgesville Cemetery at 2:30 in the afternoon. Rev. Leo Belles will give the address and a firing squad will be furnished by Capt. Al Frank of Headquarters and Supply Company, Ohio National Guard.

The public is invited to this ceremony, in which all post officers will participate.

Members of Camp Chase Post No. 98, American Legion, will hold services and decorate graves at Sunset and Alton Cemeteries.

Rev. J. Herbert Goewey, pastor of Hillcrest Baptist Church and a chaplain in World War II, will deliver the message in services planned for Sunset at 12 o'clock noon. Chester Wagner and William Soothe will have charge of grave decoration.

Flowers for the graves are being provided by pupils of the Hilltop schools. Legion members are to pick them up today.

A special service honoring those who gave their lives in the Civil War will be held at the Camp Chase Confederate Cemetery Sunday afternoon at 3 o'clock. The service is sponsored each year by United Daughters of the Confederacy, now down to seven living members, in cooperation with Camp Chase Post.

Vernon C. Fiscus, commander of the local post, will be the master of ceremonies. The address will be brought by Lt. Col. Harold G. Haskell of Atlanta, Ga. Rev. Kenneth S. Learsy, department chaplain for the American Legion, will give the invocation. Music will be furnished by the Franklin Post Band.

The service is open to the public.

At Alton Cemetery Edgar Planck and Larry Scales will decorate the graves. Public services had been announced by the Alton Grange but it was learned this week that there would be no service. Plain City is planning a Memorial Day Festival that will run throughout most of the day and well into the night. A group of WBNS entertainers will appear on a variety stage program in the evening. The Plain City Legion Post is planning the event.

Richardson, whose home is in West Jefferson, was one of 11 Ohio youths so honored. Edward B. Smith of Grandview was the only other winner from central Ohio.

The West High senior was recently declared the best French II student in the state as a result of scholarship tests.

The Harvard scholarship is for the 1947-48 scholastic year, and upon maintenance of honor grades by the holders, may be renewed for the duration of the college course.

Approximately $150 in damage and merchandise stolen was reported when thieves broke a side window in the Hilltop Jewelers, 2421 W. Broad-st, Saturday morning.

The loot consisted largely of costume jewelry that would have very small resale value.

Three months ago someone broke the front window of the same store escaping with $220 worth of merchandise.

Gratitude of Greek Boy is Expressed In Letter to Hilltop Girl Last Week

An insight to conditions in Greece was gained last week by Gepe Burch when she received a "thank you" letter from a 15-year-old boy who had received a coat through UNRA.

The letter follows:

Florina (Greece)
the 10th May 1947

Mr. Dear Gene P. Burch

I take the liberty to let you know the following: my name is Nicolaj G. Dimtsas, 15 years old and I am going to the Greek school (gymnasium) and I am going to the night English school too.

A few days ago I got a coat from Unra's distribution and found in a pocket of it your address and I thank you very much and am glad to have done your acquaintance. Now you must know that I am very poor. I have no father. I have only my mother and my uncle who is taking care of me and my mother. But he is also very poor. He gets with difficulty even his daily food. He has been before the war in America, in New York City, for 10 years and my father has been there for 15 years.

During the last war my uncle had the best kandy store but the Germans in 1941 have robbed all the goods and money that were in it and now have nothing. My father was dead by hunger in 1942 and now we beg of you if it is possible, to send us what you can do in order to help us for which we will be very obliged. We will try later to send you my photo and that of my mother and uncle.

Thanking you very much, we expect an answer from you.

We remain yours fatihfully,
Nicolaj G. Dimtsas

Mrs. J. A. Runyan Celebrates 80th Birthday; Author Of Many Poems

Friends and relatives are saying "happy birthday" to Mrs. J. A. Runyan, 125 S. Wayne-av, who is 80 years "young" today.

Although she is unable to leave her home most of the time she still enjoys her friends, who number in the hundreds. For many years she taught a Sunday School class at Hoge Memorial Church, of which she is a member.

Mrs. Runyan was a school teacher and an ardent worker for the temperance cause.

To add to her enjoyment this week her twin grandsons are graduating from high school at Canal Winchester. She has written dozens of poems during her lifetime. The following is a selection from her published volume entitled "Starlight."

FRIENDS

Friendship is such a wondrous thing—
Handclasp, eye flash, and spoken word,
Gladden the heart, enrich the life;
While from afar, beyond the range
Of sight and touch, come messages
Of loving thought, and kindly cheer;
So that we know our friends are there,
As here. And very precious is
The thought, that friends are everywhere.

Wise Is Honored For Mechanical Drawing Work

The Superior Attainment Award was voted to Richard Wise, 557 Woodbury-av, by members of the Triangle Club at West High School last week. The honor is in recognition of outstanding work in mechanical drawing and is voted by fellow classmates when it is felt that deserving work has been done.

"It is a distinct honor," C. S. Kennedy, instructor in mechanical drawing, said in commenting on the selection. The selection this year carried added significance in the fact that Wise is not a Triangle Club member and was voted over the consideration of some club members.

The award was started back in 1934 and Wise is the 10th person to be so honored. His name will be engraved on a trophy that is displayed at the school. Another name, that of Renick Parkey, class of '45, is to be added to the list this year.

Other award winners are Bob Marsh, '34; Warren Keefer, '39; Bob Tong, '38; John Redman, '29; Paul Hupert, '35; James Roberts, '37; Alva Adams, '40; Bill Brookey, '41.

Wise will graduate with the June class and enroll at Ohio State University for the summer quarter. He plans to study industrial engineering. He is a member of the W Association and has been a member of the cross-country and track teams.

Initiation for eight candidates will be held today when members of the Triangle Club hold their annual picnic at Heiltzranch Creek, south of Galloway. The members and Mr. Kennedy, the councilor, will leave at 4 o'clock in the afternoon and remain through the evening.

New members to be inducted are Gene DePaul, John Bobbit, Bill Brown, Bob Ford, Walter Binchley, Dave Myers, Wilbur Ehlers, and Dave Cockfield. Richard DeRobertis, another candidate is at home with scarlet fever and will not be initiated at this time. Bobbitt is a veteran of World War II, having served in the Pacific theater.

Teacher Pay Increases To Be Settled At Polls; Two-mill Levy To Be Voted On July 1

Voters of Columbus will have an opportunity to express their feelings on the teacher-pay issue when a 2-mill levy comes up for consideration in a special election to be held July 1.

A resolution adopted by the Columbus School Board Tuesday afternoon brings the matter before the voters. Sixty per cent of the votes cast are required for passage of the special levy. According to Robert Draper, president of the board, it would make possible "substantial" pay raises for all teaching and non-teaching personnel.

Draper said he did not know how much of a raise this levy would make possible but that it would be an "across the board" blanket increase.

Teachers Leave Classroom

School officials have been alarmed at the increasing number of teachers leaving the profession every year to accept higher pay in private industry. It is understood that a number of local teachers are seriously considering abandoning their work next fall if provision is not made for increases in their pay checks. In the case of some teachers with only a few years of work to their credit in the Columbus system, pay levels are little higher than those being paid for laboring jobs in private industry.

The City of Bexley recently approved a special levy to increase teachers' salaries, already substantially higher than those paid in Columbus.

The levy is expected to yield about $994,000 a year, it is estimated. It would bring the school's operating levies to 9.043 mills, and its levies for all purposes to 9.94. Increases in teachers' pay would become effective in September.

Hilltop Pool To Open May 30

Bob Case

Plans are complete for the opening of the Hilltop Swimming Pool tomorrow morning, Bob Case, 87 N. Westmoor-av, manager of the summer recreation center, announced this week. The pool is located on N. Hague-av at Valleyview-dr.

An ambitious program of events are being planned as the summer unfolds, Case pointed out. Several changes have been made by way of expanding and improving facilities for bathers.

George Williams, basketball and baseball coach at West High School, has been engaged for the summer to serve as recreation supervisor at the pool. This is the first time anyone has served in this capacity. He will head up the recreation program that will include shuffleboard, handball, basketball, etc., in addition to classes in swimming instruction.

Serving as lifeguards this season will be Jody Gram, James Seagle and Don (Andy) Anderson. Instruction in swimming will get under way on a regular basis when school is dismissed.

Improvements this year include enlarged checking space; additions to girls' dressing rooms; concession stand space doubled; benches for spectators; 1000 square feet of new grass beach; 1500 square feet of new cement beach and the addition (at a later date) of the skating rink for recreation purposes.

Case said the pool would again sponsor a swimming team to compete against teams from other pools in the city.

7 Teen-age Boys To Pay for Crimes

To Celebrate 30th Year Of Church Work

Rev. Witherspoon

The Apostolic Gospel Church, 1074 W. Broad-st, will have an all day open house on June 1 in celebration of the 30th anniversary of both the church and its pastor, Rev. W. T. Witherspoon, 300 S. Brinker-av, and in honor of the dedication of the new addition.

Anniversary services will be held June 1 through June 8.

The church which now has a congregation of over 400 and with five branch churches in neighboring towns, started out with a few members in a small building on Brehl-av. In 1925 the church moved to a site on Hayden-av and in 1935 to its present quarters.

The new addition includes the new offices, a nursery and the Sunday School rooms.

Rev. G. C. Chambers is the associate pastor.

A complete schedule of the church services may be found on page 6B of today's Hilltop Record.

Salvation Army Solicitation Continues

The solicitations for the Salvation Army were reported to be coming along nicely this week by Mrs. J. B. Lowrey, 363 Midland-av, chairman of the local drive. The Hilltop has 45 women working on the drive. The workers' goal is to reach into each home in the community and make the drive which will last for about two more weeks a success.

If a home is missed in the canvass, a worker may be reached by calling Mrs. Lowrey at Ra. 9264.

Parents Criticized For "Neglect"

Seven teen-age Hilltop boys arrested as first offenders in connection with a number of local burglaries will be put to work this week to make "full restitution" for their crimes.

The boys, ranging in age from 14 to 16 years, were placed on probation after their arrest last week following a series of burglaries of local business houses over a period of several months. All but two of the boys were placed under the supervision of their own parents with the understanding that the boys themselves will earn the money required to pay off damages held against them. This amount is roughly estimated by officials to exceed $150.

Three of the boys were brought up for hearing last Friday. Two of the three were placed under the jurisdiction of the Alfred Wilson Children's Center. The third was placed on probation to his own parents. The three had admitted robbing the Westgate Grocery and later stealing two bicycles on May 16.

Four Others Arrested

Questioning of the three lead to the arrest later of four more local youths who admitted a series of thefts that dated back several months. The four were brought up for hearing and placed on probation to their parents Tuesday afternoon.

"There was an obvious case of parental neglect in each of these cases," Probation Officer Richard Minor of the Court of Domestic Relations, said in reporting on the hearings.

"The parents had been providing the necessities of life and failing to know what their children were doing much of the time," he said.

Minor recently took over all juvenile cases coming up in the district west of the Scioto River.

Suit Will Be Filed Today

A mandamus suit to attempt to force the Franklin Township Trustees to call a special election in the Camp Chase area of the township will be filed in Common Pleas Court of Franklin County today, Robert M. Draper, 74 N. Roys-av, attorney, said this week.

The issue involves deciding whether or not a new Village of Camp Chase shall be created in an area west of the Hilltop including the new Fisher Body-Ternstedt plant.

The brief to be filed will contain a petition and a map outlining the desires of 41 persons who have signed indicating their preference for the village.

A similar suit was carried to the Supreme Court of Ohio last year. The high court upheld the stand taken by township officials that it was not within their jurisdiction to call the election as requested.

Ed Lantz, 325 Derrer-rd, is one of the sponsors of the petition.

City Provides $75,000 For Sandusky St.

City Council Monday night appropriated the city's share of $75,000 to be used in the Sandusky Street grade crossing elimination project. The city share will be paid out of gasoline tax money now on hand.

According to present plans the grade crossing and bridge project will get under way this fall with the city, county, state, federal government and railroad companies sharing the costs of this badly needed improvement.

It is estimated that two years or more will be required to complete this work.

June 22 Set As New Time For West Boosters' Paper Drive

Rain finally won out Sunday and the West High Booster paper drive was called off after three or four soggy loads of paper were collected on the Hilltop by Booster members and students from West High School.

June 22 has been set as the new date when paper will be picked up at every Hilltop home.

Scores of telephone calls came to The Hilltop Record office Monday and to the homes of Booster members telling of paper that could be picked up at various places.

Meanwhile the Record subscription drive, also conducted by Booster members and West students, was being continued through the week. An unofficial estimate indicates that when all reports are in there will have been more than 1400 new and renewal subscriptions sold during the 10-day drive.

$1.50 Rate Still Available

C. Carlton Hartley, publisher of the Record, said this week that the special $1.50 per year rate could still be had on new or renewal subscriptions for anyone calling in to the office this week. The telephone number is RA. 1125.

It was discovered that many persons were not at home when the West High solicitor called so, realizing that many more persons would want to help the school and save the 50c per year on the special rate, the offer is being held open these few more days.

The school will continue to get the commission on orders thus received.

Dick Francis, president of the Boosters Club, has announced a special business meeting of the club Monday night at 8 o'clock at the school. He urged every member to be present at this important business meeting.

M. E. (Jack) Sensenbrenner headed both the paper and subscription drives for the Boosters.

Students who won prizes in the Record subscription drive will receive their cash prizes in a special recognition assembly at West High School Tuesday morning. A long list of school awards and letters will also be given out at that time.

Watts Faces Manslaughter

First degree manslaughter charges were filed against Joseph Watts, 37-year-old taxicab driver in connection with the fatal shooting on May 18 of Donald Dethy, 15.

The charges were brought by Mr. and Mrs. Raymond Dethy, 3013 Parkside-rd, parents of the dead youth, after police investigation was completed. Watts was allowed to go free after posting bond for $1000.

The shooting occurred near the Watts home, 476 S. Huron-av, about 10:45 p. m. on a Sunday night. Watts said he fired his shotgun at a person suspected of being a prowler in the rear of his and adjoining houses after first giving three commands to stop.

The case has been continued until June 17.

Feeling on the shooting ran high on the Hilltop for several days following the incident. Friends overflowed the St. Mary Magdalene Church for funeral services for the youth last Thursday.

News of Rome

By Mrs. E. C. Sheets

Mr. and Mrs. Ernest Kidwell of the Beacon Light Golf Course, Norton-rd, entertained with a supper last week for about 17 members of the Green-Keepers Association. The country clubs represented were Scioto, Brookside, York Temple, Wyandotte, University Golf Course, Columbus Country Club, Groveport and London Country Clubs.

Most of the graduating class of Hilliards High School have made their plans for the summer vacation and some of them know what they expect to do in September. Maxine Ball, one of the honor students of the class, while being interviewed regarding her employment by the Farm Bureau, was asked how many days she had missed in her last year. Her answer was none, nor had she missed any in the three years previous. Needless to say, a complete record attendance at high school would help any student toward a position. She starts her new work Monday. David Baker is in the employ of the Blonder Wall Paper Co.; Lelia Montague worked during her last summer vacation for the Lewis Studio and she was glad to be called back for a permanent position doing general office work; Patti Stauch is going to help her father, who is in the meat business; Don Hammonds, who has been in the employ of the Roe Moore Dairy for several vacations, is now going to continue in their employ; Lee Mitchell is in the employ of the State Highway Department, until next September, when he expects to enter Otterbein College; Clyde Wyker, who has always been interested in farm work, will now have an opportunity to follow that line of work; Priscilla Warner will be in her father's laboratory doing office work for the summer, and plans to enter Otterbein College in September; Larry Martin, known by his schoolmates as Sonny Boy, will be with the Central Ohio Paper Co.

Mr. and Mrs. Russell Butin of Doren-av, formerly of Rome, announce the arrival of a son in White Cross Hospital. They have named him William Russell.

It seemed the weather man was decidedly in favor of the Rome School picnic which was held last Friday on the school grounds, and gave ideal weather for such an occasion. There were about 300 children on hand to enjoy the picnic spread, which was quite a task to handle. Two long tables were put up in the music room for the smaller grades and their parents and in the regular cafeteria four tables were used. Coffee and ice cream completed the menu. The foot races were held on Pasadena-av and started with a pistol shot to add real excitement to the game. Then when it came to vaulting, the four who stayed the longest at this sport were Jim Lamb, Jim Hansel, Wayne Randall and Dick Swisher. Dick was trying to do 7 ft., 6 in. when he broke the cross pole. Then he tried again and the pole broke a second time, so he was considered winner.

The Gra-Y Girls of the graduating class of Rome had a wiener party in the orchard at the home of Sally Owen on Rome-Hilliards-rd. Eighteen were in the party. Mrs. Owen was the busy chaperon.

In the afternoon on picnic day, the Rome team played the Hilliards team. The only home run of the game was made by Jim Lamb. The Rome pitchers were Jim Lamb and Wayne Montague; Red Sheets, Jim Doherty and Don Hammonds for Hilliards. The score was 14 to 4 in favor of Hilliards.

Mr. Groves, the principal, has been with the Rome School 15 years.

Daily Vacation Bible School Is Set June 16-27

Plans for the Daily Vacation Bible School at Highland Avenue Friends Church on June 16-27 are being completed, according to Lloyd Clark, superintendent of the Sunday School.

Miss Sarah Willis has been appointed director this year. Miss Willis is head of the religious education of the Springfield public schools, and has had wide experience in children's work. She is a graduate of Cleveland Bible College. Mrs. Chester Stanley will be the song director for the entire school.

Classes are being provided for all children from ages four to 14. In addition to courses in Bible, there will be interesting handwork and recreation. Mrs. Harry Clark, Mrs. Cecil Shaver, and Mrs. Lizzie Chambers will be in charge of the beginners department. They promise a wide variety of stories, singing and handwork to help the little ones spend a profitable two weeks. The primary department will study the Twenty-third Psalm and each child will construct his own flannelgraph picture of this Psalm to make it really live for him. Shrine Night To Be Held June 6

Everybody who loves little children, particularly little unfortunates, who can't run and play like their little neighbors are going to see a good ball game and at the same time help correct their situation, if they go to the Red Bird Stadium Friday evening June 6, Shrine Baseball night, said Morgan Evans, and Neath O. Jones, chairman and assistant chairman of the Shrine Baseball Committee.

Aladdin Temple is again sponsoring the Shrine baseball game for the benefit of the Aladdin's Crippled Children Hospital Association, which provides treatment for any crippled child 14 years of age or under, regardless of race, color or creed, if their parents are unable to finance proper treatment.

And to give the ball game the real Shrine color and finish, all of the uniformed bodies of Aladdin Temple, in their red, green and yellow uniforms will do their stuff for an entire hour before game time, the Evans-Jones duo said.

An elaborate program has been worked out. One of the best exhibits that has been staged by the Shrine organization in previous baseball games will be presented. There will be flag raising, music by the band, a program by the picadors, drilling by the patrol and songs by the chanters, the Drum and bugle corps nationally prominent because of its part in Shrine parades at Imperial council meetings also will have a place on the program.

The presentations were made May 20, at the meeting of the American Society of Student Civil Engineers.

Hilltop Juvenile Council Holds First Meeting Friday

A new community organization came into being on the Hilltop Friday night. It is the new Hilltop Juvenile Council started by the Hilltop Kiwanis Club in an effort to help correct the juvenile delinquency problem and aid underprivileged children in a number of ways.

Donald F. Smith, attorney at 2405½ W. Broad-st, the motivating force in this youth movement, presided at the first meeting held in the Hillcrest Baptist Church when 22 persons attended to hear an outline of the proposed plan of procedure. Realizing the solemn nature of the work ahead, Smith called on a minister, Rev. M. E. Nelson, pastor of Wheatland Avenue Methodist Church, to open the meeting with prayer.

This was followed by a brief outline of the plan and purpose of the proposed youth council by Smith. The Kiwanis motto, "We Build," was cited as sufficient evidence of the constructive program of youth work contemplated.

Bernard Shoaf pledged the support of the law enforcement officials in the new work and pointed out the critical need for more and better men in the police department.

Fred Pollock, who is to serve as liaison officer between the new council and the juvenile court, stressed the need for community participation in its own social problems. "I can see a real resource for counseling in this sort of neighborhood group," he said. "The Hilltop can become a demonstration area for the rest of the city."

Eddie Erfurt, former military intelligence officer, pointed out that less than one per cent of repeaters come up where probation cases are carefully handled. "I know it can work," he said.

Dr. Keyser Endorsed Plan

Dr. F. L. Keyser, superintendent of the Columbus State School, endorsed the program wholeheartedly and pledge his support to it. He stressed the importance of correcting bad environment in the lives of young people. He pointed out that some of the patients in the State School would not need to be there had they been raised in suitable environment.

Smith explained that the first phase of work of the council called for a period of schooling that would be under the direction of Miss Genevieve Taylor, referee in the juvenile court.

"We will write our own books as we progress," he told the group of volunteer workers. "This is an American way of doing things." Those attending included six young people who were selected from the sophomore and junior classes at West High School. They pledged the cooperation of young people in attacking the problem of juvenile delinquency.

Smith pointed out that many more adult workers are needed to complete the organization contemplated. Any person wishing to serve on the council in any capacity is asked to contact Mr. Smith or write to The Hilltop Record.

Other meetings of the group will be announced in the near future.

School Picnic Set For St. Aloysius

The annual St. Aloysius school picnic will be held on June 3 with a free lunch served to the children at Westgate Park.

Last Tuesday the children attended Mass and Communion in a body in celebration of Rev. William Maloney's birthday.

A picnic for the servers and choir followed at Griggs Dam.

Mrs. Dorothy Goetz, food and entertainment chairman, was assisted by Mrs. Joseph Gregory, Mrs Lucille Lytle, Mrs. Helen Mack and Mrs. Marie Balthaser.

They Perform Traditional May Ceremony

The fourth and fifth grades of West Broad Street School presented a spring program in the school auditorium Friday morning.

The following children took part in the winding of the May pole progress:

Sheila Kunce (May Queen), Carol Hess (flower girl), Shelby Adams, Melenie Ankrum, Lynne Browning, Donna Contizano, Gladys Cooper, Ruth Evans, Betty Groomes, Shelvajean Harlow, Heather Huston, Judith Krouse, Susan Moore, Joyce Northrop, Betty Trickel, Bonnie Trickel, Joyce Geerhart, William Brannon, Lester Denton, Ralph Dunlap, James Herl, Lawrence Hibbs, John Kuntz, Ronald Kutasy, Fred Lanch, Billy Link, David Mason, James McKenzie, Mark Rector, Tommy Ruker, William Spratley, Ted Walker and Barry Marion.

The custom of throwing shoes at a bride goes back to Biblical times, and shows that the husband is the new boss. When the ancient Israelite indicated a transfer of property to the buyer it was done by giving his sandal to the buyer. An Anglo-Saxon husband hung a slipper in his new house as a symbol of his new authority over the bride. The bride's father gave the bridegroom one of her shoes and he promptly hit her over the head with it, showing at the wedding who was the boss.

West High Finishes 3rd In City Race

The baseball team representing West High School rang down the curtain on the 1947 season by scoring a 4 to 3 win over Aquinas Tuesday. The victory assured the Cowboys of third place in the City League behind undefeated Linden McKinley and North High.

Ralph Watts' steal home in the fifth inning gave the Williams coached nine its margin of victory. Bill Buckingham was the leading hitter for the Cowboys in addition to doing a good job on the mound.

Watts got on first by a single and was advanced to third by a single by Dick Kirk. Tom Boland hit a triple for Aquinas.

The league win gave West a record of seven victories and five defeats in league play. The Cowboys scored 63 runs to 43 for their opponents.

Rabbit Trapping Planned By State

Ohio gardeners and rabbit hunters looked with favor today upon the Ohio Commission of Conservation and Natural Resources' action adopting a rabbit trapping and distribution program for an experimental period of one year to eliminate to some extent city garden damage and to make "city" rabbits available to hunters.

The project will get under way some time in January and will continue for a period of about 30 days and will involve the transfer of urban and suburban rabbits by live trapping to nearby rural sections where food and cover are known to be well established and readily available. Chairman Emory Beetham of Cleveland pointed out that although the program will go into effect generally throughout the state, the areas selected will be left to the judgment of the game management officials of the Division of Conservation.

Bannister To Address Group Honoring Baseball Team

Al Bannister

Al Bannister, president of the Columbus Baseball Club, will be the speaker tonight when the Hilltop Kiwanis Club entertains members of the 1947 West High School baseball team and coaches.

The dinner meeting will be held at Schmelzer's Restaurant, 3178 W. Broad-st, starting at 6:30 o'clock. The affair is being put on by the boys and girls committee under the direction of Phillip Stout, chairman.

This is the first year that any local group has honored the Cowboy baseball team. Last year the West High Boosters held a dinner for the basketball team. This was repeated again this year. For several years the Hilltop Business Association has honored the football team so that all of the major sports with the exception of track now have some regular recognition of their work.

Bannister has been a well known figure in the sports life of Columbus since 1937 when he first came to Red Bird Stadium as secretary of the Red Birds. Later he was made business manager and eventually president of the organization.

Before coming to Columbus he was associated with the Asheville, N. C., Citizen Times, and served as coach and athletic director of the Asheville School for Boys.

He makes his home at 1658 Wyandotte-rd.

Pictures on the 1946 World Series will be shown.

Good Crowd Sees First Local Meet

The Hilltop Relays has become an annual affair.

That decision was reached following the first attempt at holding such an event in the community last Friday as a twilight affair. More than 1500 persons paid the 25c admission to see the city's best track athletes shatter four Magly Field records in what was described as one of the smoothest track events ever staged.

"We were very much pleased with the whole thing," Rufe Glass, track coach at West, commented after the relays were run. Harry L. Zulauf, school treasurer, was gratified at the "substantially black" figures he was able to write into the school ledger. Several Hilltop business men immediately voiced their desires to see this made an annual springtime athletic event.

Next year when the field is equipped with lights it will not be necessary to watch the time element so closely because the lights can be turned on if necessary to complete the track meet.

New Magly Field records were written by Seiler of North, who threw the shotput 49 feet, 10 inches; Kaiser of Central, whose discus heave went for 137 feet, 2 inches; the Central 880-yard relay, with a new time of 48.6, and the mile relay by the Pirates, with a time of 3:36.6.

Coach Glass predicted that the two relay marks would stack up favorably with the best marks set in the state this year.

Central Winner

Central carted off the lion's share of the trophies as the Downtowners piled up an impressive 90½ points to win the meet easily. In second place was East with 60½; West was third with 50½; North followed with 41; Linden was fifth with 31½, and South finished with 14 tallies.

Linden's Bob Walston won high point honors with 15½ points. He won the broad jump, high hurdles and tied for second in the high jump.

The results of the meet were as follows:

Local Bowler Hasn't Missed League Game Here In 18 Yrs.

"An exhilaration of both mind and body, a wonderful feeling that's indescribable," is the way Mrs. Theresa Matchack, 103 S. Warren-av, describes the way she feels after an evening of bowling.

Mrs. Matchack, a member of the Fox Food Shop Team, which bowls at the local alleys in the Hilltop Ladies' League, has been present for each evening of bowling for the past 18 years. At the annual league banquet held Thursday evening at the Variety Club, she was presented with a lamp in honor of her excellent attendance and long-time bowling career.

She first took up bowling in 1929, when urged by Kip Selbach, former owner of the Hilltop Alleys, and at the insistence of her husband and children. Her present average is 149, in the sport which "gives you a chance to meet such nice people and makes you feel good all over."

The Matchacks have five children, two sons, Lawrence and Paul, both married, and three daughters, Gertrude, Dolores and Joan. The Hilltop has been their home for 33 years.

The Fox Food team won the league competition this past season, after breaking a tie with the Seiler's team. "The ladies worked awfully hard," she said, "in order to be able to present that trophy to Harold Fox."

Mrs. Matchack's other interests are baseball and euchre, but bowling rules supreme and she has won several pins and a bracelet through her efforts. Mrs. M. remarked, "When the day comes that I'm not able to go down to bowl, I don't know what I'll do."

West Baseballers To Finish Third In City High League

With one game remaining to be played (as this is being written) the West High School 1947 baseball team stands a good chance of finishing in third place in the City League.

Team members and Coach George Williams will be guests of the Hilltop Kiwanis Club tonight in the first dinner of its kind honoring the diamond performers. Al Bannister, president of the Columbus Baseball Club, is scheduled to be the speaker.

Last week the Cowboys dropped games to undefeated Linden McKinley, which is hanging up its second consecutive baseball crown and the second title for the year. Linden also won the city football championship.

Last Thursday West suffered its second defeat at the hands of the Panthers. Earl Davis, Linden ace, gave up only two hits in administering the 3 to 2 defeat. Jim Slager got the two safeties.

Linden scored the winning tally on a single, an error, a sacrifice and a single in the seventh.

On Friday afternoon the North High Polar Bears piled up eight runs in the fifth inning to down the Cowboys 9 to 2. It was the second defeat administered West this season and it placed the Polar Bears in the second place spot securely.

Theisen worked on the mound for the Cowboys, being relieved by Weeks. Jerry Chinn was behind the plate.

3 Undefeated Teams Are In Church Loop

West Park Methodist, Westgate Evangelical and St. Aloysius remained in the undefeated class of the West Church Softball League after the second full slate of games was played Monday night. Westgate leads the league by virtue of three wins and no losses

In the Monday night play Glenwood shut out Burgess by a decisive 10 to 0 score while West Park defeated Hilltop Church of God 6 to 2.

In the other two games played Westgate Evangelical had little trouble in rolling up a 19 to 0 shutout over Hillcrest Baptist, a newcomer to the league, and St. Aloysius squeezed out a 4 to 3 victory over Hoge Memorial.

The standings to date are as follows:

	W.	L.
Westgate	3	0
West Park	2	0
St. Aloysius	2	0
Glenwood	1	1
Hoge	1	2
Burgess	0	2

TAKE IT EASY

Tomorrow will be the beginning of a long week-end for many persons—meaning as it will picnics, long delayed visits to see relatives and friends, or motoring trips to places of interest. The highways will more than likely be crowded with motorists and accidents will take their toll.

It is the easiest thing in the world to let down on ordinary safety precautions on such a holiday as Memorial Day provides. However, the exact opposite should be practiced. With added traffic, every motorist and pedestrians, too, ought to be extra careful at such a time.

We realize that all the warnings in the world will go unheeded by many who start out on this brief vacation but for every person who does take this message to heart, the chances of an accident are minimized to that extent. People generally don't like to be preached to, but as long as the accident rate continues to mount as it has, every newspaper which feels a moral obligation to its readers will continue to point out the need for caution.

If you are going away this week-end—TAKE IT EASY.

Letters To The Editor

May 21, 1947
1050 C. Hellmon St.
Long Beach, California

Dear Sirs:

About two years ago I lived on the Hilltop. I lived at 200 N. Harris-av. I lived on the Hilltop for four years. I came there with my folks from California. At first I didn't like it, but as time passed I came to like the Hilltop. I went to West Broad and West High to the eighth grade. I have noticed that the people of the Hilltop are more friendly than out here.

I get homesick for Columbus and the Hilltop every time I hear about it. You wouldn't know unless you have moved away from Ohio. I still know a few guys and gals on the Hilltop. A friend sends your Hilltop Record to us to read. We sure enjoy it. It seems like old times.

I have a half year in high school to finish yet. I am in the navy reserve in a torpedo-dive bomber squadron. We fly the "Helldivers" (I'm a radio-gunner,) that were built in Columbus during the war. They are pretty rugged.

I intend to come back to Ohio some time in the next 10 years but I wrote to tell you about your paper. It sure is swell. Especially all of the common news, no politics, that's what makes a paper good. Well, that's about all for now. A former Hilltop resident,

Bob Koch

BALM

It is too much to ask of Spring,
That she remove the scars of sin;
Enough, if April numbs the sting
Of retribution's dark chagrin.

So, blessings on the robin's tune,
On red-winged blackbird's clarinet,
And on the bullfrog's deep bassoon;
They help the weary heart forget.

EDITED MARRIAGE

He married a woman of fine qualities;
She was consistent
And persistent,
And being most accurately kind,
She blue-penciled
Through his every thought,
And edited his mind.

Yet when all his life
Was rearranged,
And she at last realized
They lived estranged . . .
She seemed surprised.

French Town Hospitable

Fuller

The little farming village of Poligny, near the Swiss border, is a typical example of rural France. The town is the hub of all the surrounding agricultural pursuits and the site of a modern dairy college. The cafes and hotels depend on the frequent gatherings of local gentry for business. They are practically deserted the remainder of the time. It is a quaint little village and the people extend the utmost hospitality to those few Americans with whom they became acquainted. They opened their homes and found places for us to stay during the few days we paused there.

This part of France experienced no food shortage. The residents supplied themselves from the rich farms in the vicinity. In the restaurants we were served roast beef, ham, or steak. These were delicacies that no one thought existed in a country which had been drained by four years of occupation. The meals were topped off with the usual wine and this, too, was of a high quality. The price was extremely reasonable. It cost only a few francs for a fine meal in a high class hotel or restaurant. I discovered a small cafe where I ate all my meals. The owner prepared dinner for six of us each evening. He was a master cook and those meals will never be forgotten. We looked forward all day to the time we could sit down in his small dimly lighted establishment and partake of food fit for a king.

The lounging rooms of the college were opened for our use. The radio was able to pick up every station in Europe. However, the powerful German stations came in best and we had a steady diet of Wagnerian music.

Enemy Stiffens

By this time Paris had fallen. American troops were streaming across France toward the Siegfried Line. We plotted the advance day by day on a large map. The Seventh Army to which we were attached had joined the Third and was beginning to move into the Vosges Mountain district.

The supply problem remained acute. The division trucks we loaded were traveling more than 100 miles each day and many vehicles were running out of gas. The British airborn maneuver at Arnheim had failed and with it a chance to sweep into the Hamburg plain and across to Berlin. Then the entire Allied drive slowed. With each passing day the German resistance became tougher and it was obvious more work had to be done. There had been a flash of optimism and a hope that the enemy defenses had fallen entirely apart.

The Germans got really tough in the Vosges Mountains. The terrain was suited to defensive warfare and the tired American divisions that had fought through since the beachhead days had very little left. The progress was counted in yards as the stubborn enemy hung tenaciously to the ridges and retreated ever so slowly back into the Siegfried Line.

Seventh Pauses

In October the American Seventh Army found itself pushing past the town of Epinal, in the heart of the Vosges Mountains.

Here, General Patch's army paused to catch its breath. Behind them was more liberated territory than had been taken by any other army. The Seventh pulled its supply lines up behind it and began to accumulate a surplus. Epinal became the nerve center. Division, corps and army units were grouped there. More headquarters were in that small town than anywhere else I knew. We had nearly all Seventh Army ack-ack there, too, and Jerries were constantly over the area.

The front was a smooth semi-circle extending not more than 15 miles from the town in any direction. Over the period of the following two months the semi-circle was gradually widened. All this time the necessary supplies for further advances were piling up. The biggest morale builder of all was the coming of three new divisions directly from the States. The worn-out veterans were getting a breathing spell.

Smiles

A Tennessee hillbilly discovered a mirror which had been left behind by a tourist.

"Well, if it ain't my old pappy. I never knowed he had his picture took."

He sneaked the mirror home and went up to the attic to hide it. But his wife spied him, and that night while he slept she slipped up to the attic and found the mirror.

"Mummmmm," she exclaimed, looking into the glass, "so that's the old hag he's been running around with."

Around West High

By Janet Baker and Judy Jones

Today was a happy day for many seniors. You wonder why? We bade a fond (?) adieu to those wonderful textbooks. Parting with his Virgil almost broke Don Cross' heart. However he managed to suffer through the day.

Every one enjoyed Miss Allenbaugh from the physical education department at Ohio State, as she spoke to the G. A. A.'s at the mother-daughter banquet last night.

"How long is YOUR report?" is the frequent cry heard from chemistry students these days. All students are requested (they get no grade card unless) to make at least a 20-minute report on some subject pertaining to chemistry. Wanda Archer, Jim Cockfield and Pat Collins were seen in the chaos of worry.

The seniors are having their banquet June 5. Ralph Watts has been frantic to find some one GOOD to be on the program, all talent forthcoming from the class itself.

Too bad West didn't win the relays last Friday night, but the fellas put up a good opposition anyway.

Mr. Randall, teacher at West, was a good speaker for the Memorial Day assembly. The choir thrilled the student body with two beautiful pieces, "Sky Anchors" and "Battle Hymn of the Republic."

June 5 must be marked on everyone's calendar as a date to be kept open for action. Ziggie Coyle's band will play for the Hi-Y, Y-Teen sponsored Rose Ball to be held in our gym, which we are assured won't be recognizable.

The final baseball game was played this week, Tuesday to be exact, with Aquinas, so it is time to say farewell to another sport, and turn to thoughts of swimming and tennis and all the other swell sports which are enjoyed in the good ole summer time. Time to think of something less straining has arrived, so we leave for the present.

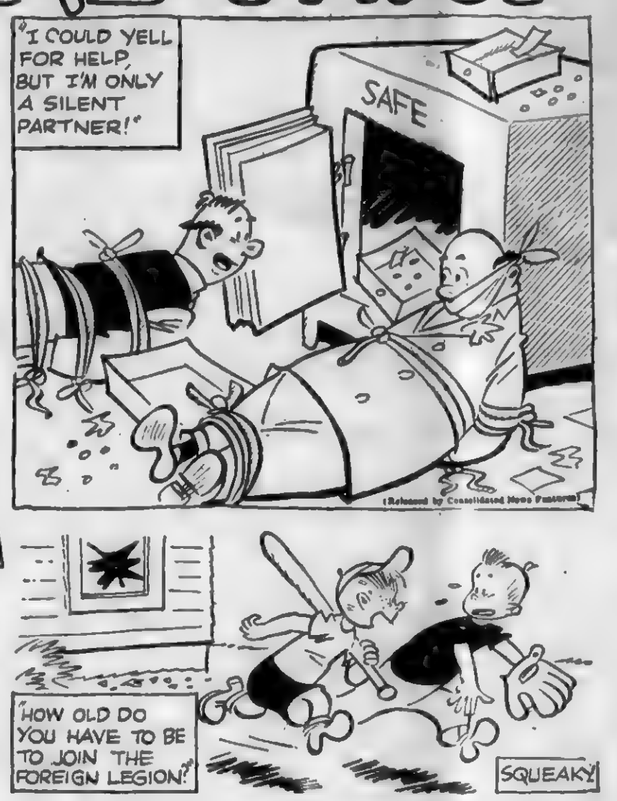
News And Notes On The Girl Scouts

The John Burroughs neighborhood meeting will be held at Mrs. Martin Meisner's home June 2. Pot-luck luncheon will be served at 1 p. m. Each leader has been asked to bring her own table service.

Just a reminder — registration fees for day camp must be in before June 11.

The Far West District was well represented at the council dinner at the YWCA May 28. It was a real family get-together as are all Girl Scout gatherings.

The Junior Day Camp planning group met at Mrs. M. Meisner's home May 17. Two girls from each troop came as representatives to discuss activities for the coming summer.



Troop No. 149 visited the state capitol May 17. The girls were very much impressed with their trip.

Troop No. 8 of the Westgate Methodist Church is planning a wiener roast May 28 to be held in Westgate Park.

Troop 104 has just completed pinafore in earning its sewing badge. Mrs. Stillwell, leader, hopes to enter several of the dresses in the Girl Scout exhibit at the Ohio State Fair this year.

The members of St. James Lutheran Church, located two miles north of Rome on the Rome-Hilliard-rd, are celebrating the 75th anniversary of the erection of the present church edifice, on Sunday, June 1.

A special anniversary thanksgiving service will be held at 10:30 a. m., with Rev. E. A. Joost of Amlin as speaker. At 7:30 p. m. a memorial service will be held in St. James Cemetery, adjoining the church, with the pastor, E. C. Gruge1, as speaker. In October St. James will celebrate another anniversary, the centennial of the organization of the congregation.

A Day of Remembrance

by
MRS. H. H. HERRON, National Historian
Blue Star Mothers of America, Inc.

Again we pause to pay tribute to the sons and daughters who served and died in World War II, and to those who in the years past gave their lives to preserve the freedom of our country.

Mothers through the years have stood by the cradles of their sons and daughters and instilled in them the attributes of the noblest and greatest of earth, and then held constant vigil, waiting, hoping, and praying for their safe return from the horrors of war. Many of those sons and daughters returned but many thousands of others did not and they will be a sacred memory within a mother's heart symbolized by the star of gold she wears.

Again the nation pauses to remember. Flags hang at half mast. Soldiers and little children in every city and town in the country march to martial music and lay a wreath and place a flag on the grave of our heroic dead.

The air is fraught with stillness, heartache, tears and memories. We sense their spirit near us. The tenderness of Maytime pervades all. We think of those lying under white crosses, row on row, in countries all over the world, of lovely flowers, the scarlet poppy, the tulip, hte lily, the forget-me-not, the rose and myriads of others shedding their fragrance and scattering their petals on each mound, the song of birds of white clouds lazily floating against a summer sky and the sound of bugles blowing soft and clear.

Oh yes, we remember these boys and girls who so gallantly went forth to battle and gave their last full measure of devotion, their life, to give us victory. A victory which today seems imperilled. It is our task to maintain that victory and their sacrifices in devoted service to keep Peace on Earth and Good Will among all its people.

To those who place their bloom on loved one's graves,
And feel that life holds naught but emptiness
Know that times hand in kindness ever saves
The heart from too much sorrow and distress.
Yet all deep wounds heal slowly it would seem
But gradually the yearning pain will cease
Then will your grief become a hallowed dream
And in its place will come a strange new Peace.

Bishop Cooper To Hold Services

Bishop Cooper

The Rt. Rev. A. W. Cooper, Reading, Pa., presiding bishop of the Western Conference of the Evangelical Congregational Church, will speak at 10:30 a. m. and 7:45 p. m. in the St. Paul's Evangelical Congregational Church, S. Warren-av at W. Broad-st, Sunday and each evening during the week, at 7:45 p.m.

Bishop Cooper has served pastorates in the East Pennsylvania Conference and was for some years pastor of the historic First Church, Reading, Pa., the largest Evangelical Congregational communion. He was elected as a bishop during his pastorate at the Bethany Church, Tamaqua, Pa., in 1943.

George Blackmoore will direct the congregational singing each evening assisted by the St. Paul's choir. A special musical program will be presented each evening featuring the Gospel Ambassadors Trio, composed of Elsie Jones, Gerry and Martha Baggs, the West Broad Street Presbyterian Choir and Helen Barken. The public is invited to attend.

SUNDAY LESSON

Democracies Today Should Heed the Lesson of Judah

The International Sunday School Lesson for June 1
Scripture: II Kings 19:1-7, 32-37; 20:12-17

• • •

JUDAH became the Southern Kingdom of Israel after the division into the southern and northern kingdoms through Jeroboam's successful revolt against Rehoboam, son of Solomon.

The strength of David and the glory of Solomon soon waned when a people who ought to have been united with a common heritage in history and religion became strife-torn. In this history there is a solemn warning for peoples of today, particularly modern democracies.

The freedom that our democratic lands accord in speech and action is being used by some to promote discord and draw lines of hate and prejudice, sometimes in the sacred name of Christ and Christianity. Along that way surely lies ruin.

The Northern Kingdom, as we have seen, was the first to fall. It was swept away eight centuries before Christ when the armies of Assyria came down upon it. Its people became known to history as the "Lost Ten Tribes." The Southern Kingdom survived for another 136 years, but it also went down, before armies of Babylon.

Our lesson tells of an interlude in this 136-year downfall when a good king, Hezekiah, and a noble prophet, Isaiah, were dominant in Judah. It is the story, too, of a great deliverance prophesied by Isaiah, when a plague of disease struck the great army with which Sennacherib, the Assyrian, came to conquer the people.

But Judah's course, as the title of this lesson indicates, was unsteady. Periods of better living, wise kingly guidance, and welfare were intermixed with periods of bad leadership and idolatry.

Hezekiah himself, though a good king, was by no means perfect. He did a foolish thing when he vainly displayed to envoys from the king of Babylon his wealth and the treasures of his palace. The prospect of loot, in ancient as in modern times, was a fruitful cause of war and invasion.

Alcoholics Anonymous Carries Out Rehabilitation Work in Columbus

A few days ago more than 300 persons met at the First Community Church to learn something of the work of Alcoholics Anonymous. It was the first public meeting where other than alcoholics themselves were invited.

As the name implies, all persons connected with the work remain anonymous. They are men and women from all walks of life who have been the victims of alcoholism, now recognized as a disease, who because of the help they have received are willing to work with others to get them back on their feet.

The first man to belong to the Columbus unit, and largely responsible for the start of the work here is a Hilltopper. To date there are two homes or hospitals where treatment of alcoholism can be effected. Hundreds of men and women have taken advantage of this cooperative plan to rid themselves of the drink habit. Among this number are doctors, lawyers, dentists, business men, housewives and day laborers. Workers in the movement take a personal interest in every new case discovered and the moral effect of their interest goes far toward bringing about a cure.

Any person feeling the need of such help may obtain information by calling WA. 2109.

WORDLESS MESSAGE

Once on a busy street I chanced to see
A woman in whose eyes it seemed that all
The sorrows of a life were shown to me
In one brief glance, and I can still recall
That she walked bravely with her head held high,
As if she saw a purpose in life's plan;
And I who often doubted, questioned why
Troubles assailed, felt chastened . . . though the span
Between our lives be never bridged, and we
May never learn the other's inmost need;
Yet something in her glance appeared to be
A wordless message she would have me heed.

"We Were Boys Together"

"We were boys together." What a wealth of memories rise before us when we make this statement regarding a friend of our youth. How many of us have yearned at times for that happy, carefree period when all of life was a song.

Our good friend "Mike" always waited on the corner for us after Church, and we walked home together. Somehow or other both of us admitted that we felt so much better inside after we had attended Church.

Some of the boys who were our schoolmates never did come within the radiant power of the Love of God as preached from the pulpits of their neighborhod church. Some of these boys seem to have done well in a business way. They are well-to-do and a few famous. But now and then something seems to happen in the lives of each of them which leaves them stunned and helpless, occasionally ruined financially and in the esteem of their townsfolk.

The boys who grew up within the Church, or later joined it, in most respects seem no different, unless their ambitions are more in the field of giving than getting. There is, however, one big difference in men of the Church as compared with men not of the Church. The man who gives his life to his Creator and trusts Him when the big storms of life break upon his head, seems to weather the storm with surprising confidence and peace of mind.

The boy we went to school with may wear clothing that is threadbare, but if the Divine Light shines in his soul, his face will radiate a love for all mankind which he and his fellow Churchmen know reflects a wealth that mere money can never match.

PUBLIC NOTICE

Probate Court, Franklin, Ohio. No. 123211 Victor Voeller, Administrator, with Will Annexed of the Estate of Barbara Gray, deceased, 358 Wilson Avenue, Columbus, Ohio, Plaintiff, vs. Margaret Voeller, 358 Wilson Avenue, Columbus, Ohio; Victor L. Voeller, 358 Wilson Avenue, Columbus, Ohio; Raymond Ayres, William Ayres, Glenna Ayres, James Courtney, Barbara Courtney, Mrs. John Coleman, 2648 Tremont Road, Columbus, Ohio; Mrs. Sadie Young, 367 East Mound Street, Columbus, Ohio; Mrs. Anna Buell, 648 High Street, Worthington, Ohio; Mrs. Margaret Russell, Cleveland, Ohio; Frank Snable, Lima, Ohio; Will Snable, Lima, Ohio, Defendants.

James Courtney and Barbara Courtney, whose last known place of residence is Los Angeles, California, and Frank Snable, whose last known address is Columbus, Ohio, are hereby notified that on Feb. 18, 1947, Victor Voeller, administrator with will annexed of the estate of Barbara Gray, deceased, 358 Wilson Ave., Columbus, Ohio, filed his petition in Cause No. 123211 in the Probate Court, Franklin County, Ohio; that they have been made parties defendant in said cause.

Plaintiff further says that on or about the 17th day of January, 1947 Barbara Gray died a resident of Franklin County, Ohio, leaving a Will which was admitted to probate by the Probate Court of said County and State on or about the 10th day of February, 1947, that thereafter administration proceedings were had as to the Estate of the said Barbara Gray, deceased, as more particularly set forth in the proceedings and the records of said Probate Court and that the Inventory and Appraisement has been filed in said Estate. Said Will is attached hereto and made a part hereof.

Plaintiff says that the house mentioned in said Will on Linwood Avenue was sold in 1946.

Plaintiff further says that Ida Courtney and Howard Courtney died after the execution of said Will.

Plaintiff further says there was in the safety deposit box in the Ohio National Bank, Town and High Branch, Four Thousand One Hundred Forty Dollars ($4140.00), Five (5) One Thousand Dollar ($1000.00) United States, Series G, Bonds and a Postal Savings of Five Hundred Dollars ($500.00). That there was in the Ohio National Bank, Gay and High Branch, the sum of Two Hundred One Dollars and fifty-nine cents ($201.59), that Barbara Gray died seized in fee simple of the property located at 1070 City Park Avenue; that the insurance amounted to the sum of Three Hundred Fifty-six Dollars ($356.00) and has been paid to the Administrator herein.

That the said Barbara Gray died, leaving no heirs closer than first cousins, that Margaret Voeller, mentioned in said will, is a first cousin of said Barbara Gray, deceased, and that said Mrs. John Coleman, Mrs. Sadie Young, Mrs. Anna Buell, Mrs. Margaret Russell, Frank Snable and Will Snable are first cousins of the said Barbara Gray, deceased; that Raymond Ayres, William Ayres, Glenna Ayres, James Courtney, Barbara Courtney and Victor Voeller are second cousins of said Barbara Gray, deceased

That besides the property mentioned in said petition there is a diamond ring and household furnishings.

That there are important, difficult and doubtful questions respecting said Will and the disposition of said property under said Will and that plaintiff is in doubt as to the construction of said Will and as to the rights of parties in the distribution of the property under said Will, that plaintiff is in doubt about the following:

(1) As to whether the insurance is to go to Raymond Ayres, under the provisions of said Will?

(2) That plaintiff is in doubt, since the property on Linwood Avenue was sold prior to the death of said Barbara Gray, whether said devisees mentioned as to receive said property, are entitled to anyth ng under said Will

(3) That plaintiff is in doubt as to whether 1070 City Park Avenue is to go to the heirs of Ida Courtney and Howard Courtney, who were deceased prior to Barbara Gray's decease, or to Margaret Voeller or to become a part of the residuary estate and be divided among all the cousins mentioned

(4) The plaintiff is in doubt as to whether said insurance is to be paid to Margaret Voeller.

(5) The plaintiff is in doubt as to whether the $4140.00 in cash, which was in the safety deposit box of the Ohio National Bank, Town and High Branch; the five $1000.00, Series G, United States Bonds, also in said safety deposit box the $500.00 Postal Savings, also in said safety deposit box, and the $201.59 in the Ohio National Bank, Gay and High Branch, after the payment of debts goes to said Victor Voeller.

That if the Court should decide that the five $1000.00 Bonds do not go to Victor Voeller or any other part contained in said safety deposit box, out of which the debts of the estate are to be paid first, and to whom is the balance to go.

WHEREFORE, plaintiff prays that judgment and direction of the Court in regard to the true construction of said Will and the disposition of the property under said Will and as to his duties in the premises and especially to the five questions raised in the petition herein and an order as to the duties of the plaintiff in regard to them.

Leo has nominated Stokes to tool the sleek beige No. 39 Offenhauser in this race, but has as yet not nominated a driver for the other car, a twin to the No 39 Offy.

Two lopsided scores marked the first full schedule of games played in the Lutheran South-West League at Westgate Park Friday night.

Martin Lutheran swamped Hilltop Lutheran with a barrage of hits to score a 17 to 4 triumph and Rome romped all over Bethlehem to the tune of 14 to 4.

In other games played that night, Emmanuel defeated Grove City 3 to 2, while St. Paul's was taking a close 2 to 1 decision from St. John's.

A Pied Piper Needed On The Hilltop

Wanted: A Pied Piper for the Hilltop!

Hilltop alleys are so rat infested these days that a modern piper with powers to lure them from the community would be a welcomed visitor.

Go up or down most any alley and investigate the situation. Little rats, medium sized rats, big rats, giant rats . . . rats of all sorts, sizes and descriptions.

As a worthwhile pastime for youngsters of the community we suggest that some organization like the Hilltop Business Association conduct a summer Rat Derby with appropriate prizes for the youngster bringing in the most rat tails as evidence of their destruction.

The citizenry would appreciate such a worthwhile campaign and the health of the community would be further protected by such a successful effort

Further Interest In Schools Needed

During the past few weeks numerous groups of high school students have been given proper recognition for their successful accomplishments of the past year. It is that time of the year customary for the passing out of the various honors. All those students so honored are to be congratulated

We've enjoyed observing the interest shown by various groups in the extracurricular activities at West High. The West High Boosters come in for a most prominent bit of praise for their efforts to back up the school athletic program and for banqueting the basketball team.

For a number of years the Hilltop Business Association has honored the football team at one of the finest events of its kind in the state. This year the Kiwanis Club extended recognition to the baseball team by inviting the coaches and team to their meeting. The Band Parents Club has done an admirable job in helping the music department. We of The Hilltop Record have resumed our practice of allowing the outstanding journalism students to edit one issue of the paper each year and are going still further in our announcement this week of a $100 scholarship to be awarded annually to the best journalism student at West. The West Alumni Association has aided the debate team financially

There is still room for additional recognition of extracurricular activities at West. The above groups and others who have aided in this respect should be encouraged to set their sights high for next year and other organizations can well get on the band wagon and pick out a group for recognition

Jerry Watson Mkt. Is Remodeled

The complete remodeling of Jerry Watson's Red and White Market at 3117 W. Broad-st, is being announced this week by Jerry Watson, owner of the store. The floor space has been enlarged, all new fixtures installed and a changeover to complete self service style of shopping has been instituted.

The free delivery feature will be maintained, however, Watson said.

Included in the all-new store fixtures is a 15-foot crushed ice produce rack providing ample space for display of fresh fruits and vegetables.

The food market was started at this location more than five years ago.

HCC To Meet On Thursday At Canteen

The Hilltop Community Council will meet at the Teen Canteen, 2585 W. Broad-st next Thursday, June 12. Phillip Stout, its president, stated that although it is the usual monthly meeting, it will have all the aspects of a specially called gathering.

Charles Reichelderfer, vice-president and special events committee chairman, will announce the final plans for the opening day ceremonies for the school playgrounds and parks.

A considerable portion of the meeting will be thrown open to a discussion on the needs for additional recreational facilities on the Hilltop. Every organization is urged to send its representatives with definite plans for improving and enlarging park and playground facilities.

Final plans for the Teen Canteen's first anniversary celebration, to take place all week from June 14 to June 21, inclusive, will be announced by Gene Jacques, the Canteen's president. Next week's Hilltop Record will also carry the complete program.

The Canteen is taking on a brighter aspect with the painting and decorating being done by the members. The Camera Club has its studio and dark room almost completed.

Ill Health Will Delay Resignation Of Postal Supt.

The Hilltop Station Post Office will not have a new superintendent for some time to come, it appeared this week.

John Raymond, 136 S. Southampton-av, the superintendent, would have retired effective July 1 but recent ill health has altered that situation. He has not been able to work since March 4 of this year and his doctor this week refused to speculate on just when he might be able to go back to his job.

As the matter now stands, Raymond is on sick leave and probably will not turn in his resignation from the post until the doctor pronounces him able to resume his duties.

Speculation has been making the rounds as to whom his successor would be in the event of his retirement. Postal authorities refuse to discuss the matter openly, declaring that there is no vacancy to be considered. However, those in the know indicate that Herb Cooper, now acting-superintendent at Station G, is the man who will get the position.

Band Room Is Being Fixed In Stadium

A special room is being equipped in the stadium at Magly Field for storing the band uniforms, it was announced this week by Irvin F. Young, principal of West High School.

The room will be specially treated for safe storage of the uniforms and other band equipment.

Vanderburg Home Reflects Yesteryear

By Rhoma Van De Mark

A yellow brieplug is the sole modern contribution to an old-fashioned scene as one looks upon the 12-room Vanderburg home, 787 S. Harris-av.

The rest of the picture, especially in this season of the year, is country-like, the expanse of green lawn dotted with flowering shrubs, peony bushes and a rustic iron gate and fence.

The home once stood with "sweet apple" trees on 163 acres of farm land, but in the past 30 years the growth of the Hilltop to the south has nearly enveloped the dwelling. The suburban city has gradually creeped into focus from its lengthy windows, and on all sides are newly built homes.

Inside the stately structure, the scene has not changed much since bricks were hauled for its construction from Thomas' Brickyard located during the Civil War Days where the Sullivant-av gate to the Columbus State School is now situated.

Vandenburg Residence As It Looks Today

At the present time, Mrs. Elsie Vanderburg, a kindly lady who remembers the days of the Civil War, is the sole survivor to what remains of a vast estate granted to the Sullivans in the days when it was necessary to clear the land before "settling."

John Briggs, the Sullivans' broker, bought 163 acres from Michael Sullivan's land grant, acreage which included all land west from Harris-av to the Confederate Cemetery, north to Sullivant-av and south to an unknown point.

Thrifty Farmer

Briggs' son, Henry Clay Briggs, was Mrs. Vanderburg's father, a hard-working man with an eye for business and a profitable knowledge of farming. He helped his father on the farm, living there with his wife and two small daughters.

In the days of the war between the North and South, on a frosty morning when the streams were frozen, Henry Briggs rode across town to the Pennsylvania railroad station. As the train puffed in with a load of Union soldiers who had been exchanged for Confederate prisoners, he strode forward to look the bunch over. One man stumbled toward him, weak from fatigue and hunger, and begged that Briggs help him.

Briggs sold the produce from his farm to Camp Chase, and needed a man to help him with

Press Box For Magly Field Is Delayed

The high cost of materials and labor has caused the postponement of the press box project for Magly Field for a year, Dick Francis, president of the West High Boosters Club, announced this week.

Plans for the press box were explained at a meeting Monday night at West High School. It was revealed that at today's prices approximately $3300 would be required to build the type of press box desired. Plans call for its erection in the center of the concrete stadium on the top rows of seats.

Francis pointed out that the press box project was not being abandoned but was being held in abeyance for a year until more money could be collected into the club treasury. A substantial sum is now on hand above the cost of the new electric scoreboard to be put up this summer.

Meanwhile plans are moving ahead for carrying out the postponed paper drive on June 22. A drive scheduled for May 25 was virtually "washed out" by continued rain throughout the day.

The Hilltop Record subscription drive completed by the Boosters this week resulted in the sale of more than 1400 new and renewal subscriptions. Cash prizes for the West High students who sold the most subscriptions in the contest were awarded in a special assembly at the school Tuesday morning.

A check for $576 was turned over to the Boosters this week by C. Carlton Hartley, publisher of the Record.

Winner of the $25 first prize for the most subscriptions sold during the drive went to Fred Harris, 233 N. Oakley-av. The second prize winner, Al Crosbie, 531 S. Wayne-av, received $15 while Norris Booth, 514 N. Harris-av, won the $10 third prize.

The list of other students winning the $5 team prizes will be found on page 2B of today's Hilltop Record.

Record To Start $100 Scholarship

Plans for the creation of an annual $100 scholarship for the outstanding journalism student at West High School was revealed this week by C. Carlton Hartley, publisher of The Hilltop Record, and Irvin F. Young, principal of the school.

Details of this college scholarship were being completed this week but requirements were not determined. It is understood that it would be known as The Hilltop Record Scholarship and would be applicable at any university or college for any course of study selected.

"It is hoped that this will serve to create increased interest in the field of scholastic journalism from year to year," Hartley said.

This year students from the department of journalism wrote and edited one issue of the Record.

$500 Blaze Won't Delay Formal Opening

A $500 fire last Thursday is not expected to delay the planned formal opening of the Cotillion, formerly Tom's Restaurant, 2776 W. Broad-st. John Apostolon, owner of the restaurant, after surveying the extent of the damage, said that the opening would be held about the middle of June. The date will be announced soon.

The blaze started in the kitchen when grease and paint ignited as a service man was connecting a gas stove. Smoke quickly filled the dining room and the flames had gained considerable headway by the time firemen arrived.

The fire started just about the time school was being dismissed and soon several hundred spectators, mostly children, had gathered to watch the excitement.

Record Want Ads Sell Peonies Too

Mrs. J. H. Beachler, Jr., 384 S. Eureka-av, is "counting her peonies" after successfully advertising them in the Hilltop Record classified pages and receiving more than 50 calls for them.

Whether you have something to sell or want to buy something, you will be smart to use the Record want ads as a medium of exchange. They cost little, and are effective. Call RA. 1125.

How many sports fans can recall the days when the West High School football team had a backfield composed of Miller, Kurtzhalz, Wheeler and Gray?

On display at The Hilltop Record office is a clipping of a newspaper picture showing this quartet, which was heralded as "West High's splendid backfield." There is no indication as to the year when the article appeared in the Columbus Dispatch but mention is made of a recent victory over Commerce on the Ohio Field.

Ed Allen, 2133 W. Broad-st, a building contractor, found the yellowed clipping stuck between the rafters of the Clark residence at 47 N. Oakley-av. It will be recalled that fire did extensive damage to that dwelling a few weeks ago and it was while the repair crew was at work that the clipping was discovered. Apparently it was put there at the time the house was built.

Coach Leahy was the first grid mentor of the school. He served in that capacity from 1910 to 1925, thus placing the date of the clipping back more than 22 years at least. West High School was opened in 1908 in what is now Starling Junior High School.

Further information on this team would be welcomed from any person who recalls the team and other members who composed it.

Why the 2-Mill Levy

By Paul Wichterman

Two questions will likely be asked concerning the proposed 2-mill school levy to be decided at the polls on July 1 in a special election. They are:

(1) Why do teachers and other school personnel need a raise at this time?

(2) Why is the issue being decided by special election rather than on the August primary or general election ballots?

The answer to the first question is best given by a brief analysis of the present salary setup. Columbus teachers start at an annual salary of $1425. The maximum obtainable is $3050, for which the teacher must be equipped with a full master's degree plus 13 years of teaching experience.

Superintendent George Roudebush points out that the starting salary is considerably less than many young girls are able to draw in private industry after only a few months' training in a business college. Since 1941 only teachers with a full four years of college training are hired in Columbus for even elementary class room work.

Living Costs Up 43%-50%

Various business indexes show that the cost of living has risen anywhere from 43% to as much as 50% since 1940. On top of that teachers and school administrative officials prior to 1939 were exempt from paying federal income tax. The average income tax paid today by teaching personnel amounts to approximately 10%. (That figure varies with the individual family situation.)

Thus, in effect, the increase in the cost of living for teachers generally since 1939 amounts to something near 60%. During those years the salary level has risen only approximately $400. Originally the starting salary was $1000 with a top of $2625.

In the re-adjustment period following World War II many of the male teachers have had a problem of re-locating. Families that formerly rented modestly priced singles, doubles or apartments found "no vacancy" signs staring them in the face. The outcome in many cases was that they were forced to buy houses at badly inflated prices from salaries that have not profited by inflation. Many of them find it difficult to make payments and maintain houses that they did not want but were forced to buy in order to have a roof over their heads.

The answer to the second question can best be answered in the words of Supt. Roudebush, "All school employees need help now."

Teacher contracts are renewed July 1. They have 30 days after that time to resign if they choose. Unless "substantial" increases in salary are forthcoming, many of them have indicated they will not return to the class room next fall, so it is imperative that the matter be decided before August 1.

Another factor enters into the necessity for the special election at this time. The school budget is drawn up normally by July 1. It must be submitted to the county budget commission not later than July 20. So, to insure the availability of funds to pay increases next fall, the issue must be settled by special ballot.

If approved by 60% of the voters who go to the polls on July 1, the 2-mill levy will provide "across the board" increases of about $500. This, added to a $125 raise anticipated from state funds made available by the Daniels-Cramer bill, will provide a raise of approximately $625 for teachers, stationary engineers and other operating personnel.

Two West Seniors Excel in Scholarship and Athletics

Agonis Winner

West High School's Agonis Award winner for this year is Don Borror, president of the senior class and holder of six varsity letters in three major sports.

The recognition was officially made in the school assembly at West Tuesday morning.

Borror has participated in football, basketball and baseball, earning two varsity letters in each, plus two reserve letters. Last year he was winner of the Hauntz Trophy, awarded each year to the outstanding junior athlete.

The Agonis selection is made on the basis of athletic ability plus scholarship work. He has maintained a three-point average for his high school work.

On the football field, Don has played every position on the line. He started his senior year at end, was shifted to tackle and was even called upon to play some guard. He has likewise filled the center position on a number of occasions. He played in all except one game during his junior year.

Plays Outfield

In baseball he has always played the outfield, most of the time in center. During the summer of 1945 he led the entire Knothole League with a hitting mark of .406.

He has played all positions on the basketball team, ending his senior year at a guard post.

Don has served as treasurer of the W Association, sergeant at-arms of the Hi-Y, and was one of the representatives to Boy State last summer when he served as mayor of one of the cities.

Don Borror

He has application in at Ohio State University and at Capitol University. He expects to attend summer school at OSU and plans to study medicine.

He is the son of Mr. and Mrs. Curtis Borror, 104 S. Westgate-av. His father operates the Borror Electric Company at 640 W. Rich-st. A younger son, Richard, is a junior at West. He is on the track team.

Harvard Scholar

A west High School senior will be a freshman at Harvard University next fall.

He is Bradley Richardson, highest ranking male member of the graduating class, selected to give one of the senior addresses. The other senior class speaker will be Bettirae Beard.

Richardson was advised last week that he had won a freshman scholarship at Harvard, renewable each year through undergraduate years by maintenance of required grades. He had previously been accepted at Dartmouth College.

The West High senior who lives at West Jefferson won a number of district and state scholastic honors this spring. He was the highest ranking French II student in the entire state this year, was first in the district and was given honorable mention in the city in the senior scholarship tests. He has had a 3.87 average for his high school work up until the final grading period. He has majored in languages, having four years of Latin, two of French and two of Spanish.

National Honor Student

He was president of the Spanish Club last year; president of the Latin Club this year; a member of Hi-Y, French Club, W Association, National Honor Society and L Society in his junior year.

He earned two letters in cross-country and was on the track squad. He received a medal from the French government last year and again Tuesday of this week for his outstanding work in French. Last year he was selected as one of the three local boys to attend the Legion Boy State at Miami University. While there he was selected to serve as the state director of public welfare.

Richardson plans to concentrate on government and languages with the view of going into international law or the diplomatic service. He expects to spend five years at Harvard and then finish up at the Woodrow Wilson School of Diplomacy at the University of Virginia.

West Junior High School will graduate 255 students with exercises to be held on June 11 at 10 a. m.

Dr. Harold Harris, pastor of the St. Paul's Evangelical Congregational Church, will preach the baccalaureate sermon. The invocation will be given by Rev. Harold Dutt, pastor of the Westgate Evangelical United Brethren Church, while Rev. J. Herbert Goewey, pastor of the Hillcrest Baptist Church, will give the benediction.

The senior banquet will be held at 6:30 tonight. This will be followed by a formal and semi-formal "Rose Dance" in the gymnasium. "Ziggy" Coyle and his band will furnish the music.

Presidents Day Planned For Kiwanis

Part president's day will be observed with a luncheon meeting of the Hilltop Kiwanis Club today at Schmelzer's Restaurant, 3178 W. Broad-st.

Jim Miles and H. G. Deems, the two past presidents, will be in charge of the meeting that is to be of a surprise nature. Miles promises that it will be a "stimulating and worth while" program.

Last Thursday evening Al Bannister, president of the Columbus Baseball Club, talked before the local club with members of the West High School baseball team and coaches as guests. Kiwanis attendance was described as "poor", many Kiwanians having left on Memorial Day trips out of town.

Bannister gave an inspiring talk on some of the qualities and attributes of a good athlete. His talk was described as one of the best of recent months.

planting. The soldier, William Ely, a Kentuckinn, could not go home until hostilities ceased. Briggs scrubbed and deloused the soldier, hired him, and Ely became a part of the household. His last job before the end of the war was hauling the bricks for the new Briggs home from Thomas' Brickyard.

Marries Doctor

In 1887, several years after the Briggs home was completed, one of Henry Briggs' daughters, Elsie, descended the winding staircase to the tune of a wedding march, marrying a promising young doctor, Charles Russell Vanderburg.

Vanderburg became one of the outstanding physicians of his time. His most remarkable achievement was the invention of a force respirator with which he saved several lives.

After his marriage to Elsie Briggs, a beautiful young lady who was talented in painting dishes and pottery, he lived only five years when he died of consumption.

Dr. Vanderburg was a graduate of Ohio State University Medical College and Bellevue Hospital, New York City. As a newspaper of that day wrote of him at his death at the age of 32, "he belonged to the class of active brain workers who achieve much in a short time."

In response to a popular demand for older doctors, he grew a magnificent looking beard and purposely combed his hair to allow a hereditary streak of gray to show. His outward appearance then silenced many such statements as "I don't want that young doctor."

Invents Respirator

Of keen insight, he toiled many hours on the invention of the force respirator. His first opportunity to prove its benefit was written about in local newspapers as an astounding experience in which a suicide victim was to all appearances brought back from death. The article, printed in an 1890 issue of the Ohio State Journal, is reprinted here in part since it best explains first-hand what transpired on that day more than 55 years ago.

"An incidental remark gave the writer a clue to a recent remarkable occurrance not intended for publication but worthy of record as a bold and apparently successful effort of medical science. The facts as developed by an investigation were as follows:

"At 244½ S. Fourth-st, over Rauschkolb Brothers' Drug lived an unfortunate man named George Davis. He is about 35 years of age and has been helpless from paralysis for seven years. On Monday, Dr. W. F. Whitten was called to see Davis, who was suffering more than ordinary. It was found that he had taken an overdose of morphine.

"The patient sank rapidly, his respiration became slower and slower, and it was evident that he would not recover unless heroic treatment should be resorted to. Dr. Whitten sent for his colleague, Dr. C. R. Vanderburg, who has secured a patent on a machine he calls a force respirator.

"At 5 p. m. Davis had apparently ceased to breathe and the force respirator was applied to pump air into his lungs and start breathing again. Drs. Whitten and Vanderburg worked with their patient until midnight, when he aroused sufficiently to talk. The respirator was used three hours before the patient was able to breathe without medical assistance.

"A reporter called on Dr. Vanderburg last evening to see the force respirator and the doctor kindly explained its construction. The doctor stated it was the only instrument of its kind in America. The patent consists of a rubber cup which fits closely over the mouth and nostrils, with an apparatus connected by a rubber tube with a large bellows supplying the air. It is an entirely new thing.

"The patient was as well as could be expected last evening although not pleased with being 'called back to life'. He wanted to die and end his sufferings. The case is a remarkable one."

Just before his death Dr. Vanderburg warned his young wife, "If I could live, I would make something out of this. Don't waste your money on it."

The respirator has since been developed by other men of science.

After her husband's death, Mrs. Vanderburg returned to her parents' home where she lives now with her nurse, Mrs. Della Bolenbaugh, and an old friend, Miss Lillie O'Dell.

Home Well Preserved

The house is a masterpiece of preservation, each piece of furniture still in near-perfect condition. A massive grand piano boasting huge carved legs dominates the "parlor." The secret for the shining finish on the wood was kept by its inventor, an old gentleman who died without divulging the process by which he could keep wood glossily-finished indefinitely without "checking" or "crazing."

A French music box playing eight tunes graces the piano's top. Inlaid glass lamp shades, paintings and vases and hand-painted china by Mrs. Vanderburg add to the charming aged atmosphere of the house's interior.

Upstairs a solid walnut high-backed bed towers in the master bedroom, and inlaid ivory keyholes stud the chests of drawers. One of the first Edison victrolas is a reminder of days gone by, equipped with cylinder-shaped records of some of the world's greatest operas.

Throughout the years Mrs. Vanderburg has sold the farm land until out of the original 163 acres, only three remain in her possession, composing the tract immediately surrounding her home.

Nimble Fingers 4-H Sewing Club Meets

The Nimble Fingers 4-H Sewing Club met May 27. The club had two demonstrations. One was on harmonizing colors, by Reva Nichols, and the kinds of materials to use, by Nancy Growdon. The members then made 4-H book covers. They made a green cover with a 4-H emblem in the center and a border along the right edge.

The mothers were invited so that they might become better acquainted with the type of work they would do this summer and the type of material they would use. After the meeting a tea was held.

The next meeting will be held Thursday, June 4.

Services Held At Camp Chase For 2260 War Dead

A United States flag and the Confederate battle flag were placed side by side near the headstone of each of 2260 graves in Camp Chase Cemetery Sunday as a part of annual ceremonies honoring the Confederate soldiers buried there. Flowers were also placed on each grave.

Vernon C Fiscus, commander of Camp Chase Post No. 98 of the American Legion, presided over the traditional memorial services held under the auspices of the United Daughters of the Confederacy assisted by the Legion. Mrs. W. M. Prior, of the Robert E. Lee chapter of the UDC, was chairman of the program. Funds for decorating the graves are raised annually by southern chapters of the organization.

Lt. Col. Harold G. Haskell, Atlanta, Ga., was the principal speaker. A firing squad from Fort Hayes fired a volley of shots over the graves and taps were sounded. The band from Franklin Post No. 1 played for the service.

The 2360 graves mark the final resting place of Confederate prisoners of war who died at Camp Chase during the Civil War days from 1861 to 1865.

A Youth For Christ Rally will be held Saturday, June 7, at 8 o'clock at the Salvation Army Hall, 138 E. State-st. Rev. W. Howard School is the director of the affair. There will be a singspiration, music and a message presented by Jim Lowden who is with a YFC party which will leave for Southern Europe this fall. The public is invited.

Hit-Skip Driver Pleads Guilty To Manslaughter

George Hailey, 40, of London, driver of an auto that killed two Hilltoppers early in January of this year, pleaded guilty to second degree manslaughter in Criminal Court here Monday. He pleaded guilty to charges of reckless operation and unlawful speeding which constituted the manslaughter charge in the court of Judge Cecil J. Randall.

He was fined $200 and costs and sentenced to six months in the workhouse for failure to stop after an accident, by the municipal court.

Charges grew out of the deaths of John B. Goodman, 65, and his son-in-law, Oron T. Collins, 51, both of 202 N. Wayne-av. The two were struck on Jan. 23 as they attempted to cross W. Broad-st near the N. Wayne-av intersection.

Paul Theisen started the season in excellent form for the Green Cabs nine. Working on the mound he fanned 17, allowed but three hits and then hit a double and two singles to help score his team's nine runs.

CARD OF THANKS

GARNETT — We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from our many friends and neighbors in Columbus and other cities in our sad bereavement in the loss of our beloved husband and father, Fred Mansfield Garnett. We especially thank Rev. C. F. Lutz, the Jerry Spears Funeral Home and Evans-Mohr and employees.

Mrs. Fred M. Garnett and family

IN MEMORIAM

In loving remembrance of our dear son and brother, Pfc. Robert Dwight Worthen, who gave his life for his country, June 7, 1944, in France.

Dear boy of mine, how I miss you!
Your spirit true and brave:
Your gentle touch, your voice so kind,
The happy smiles you gave.
Your willingness to render deeds
Of kindness to us all:
Your devotion firm and steadfast,
I ever will recall.
O, yes, I miss you more and more,
The yearning in my heart,
Will never cease until that day
When we meet — no more to part.

Ethel Titus Worthen

This chorus is directed by Garnet Keith Menge and the members include: Sunya Slane, Helen Gammel, Phyllis Cartright, Gean Junk, Jackie Evans, Beverly Kendall, Pattie Munson, Norma Spradling, Catherine Spradling, Violet Teremi, Wanda Teegardner, Elsie Crawford, Selma Wolfe, Barbara Gordan, Mary Leach, Norma Southard, Virginia Southard and Norma Black. Each year a flag presentation is made to a worthy group who have contributed to the GAR organization and in recognition of entertainment furnished by Sunya Slane at previous conventions together with the Avondale Choir this year, it was decided she should award the flag which she designated be presented to the Avondale Church through Rev. Mills. Wednesday evening at 6:30 Garnet Keith Menge will present a program of songs at the Auxilliary to the Sons of Union Veterans banquet. Following the banquet a band will play for dancing in the Wallick Suite in reception to Mrs. Bertha E. Church, department president of the Women's Relief Corps. A floor show will also be presented by Sunya Slane, Joan Janette and Bee McDonald.

Boy Is Killed In Truck Crash

Robert Clyde Miller, 11, was killed Sunday when the truck in which he was riding was in collision with an automobile near West Jefferson.

The boy's father, Clyde M. Miller, driver of the truck, was pinned beneath the truck with his son, but was freed by another truck driver. He is in Mt. Carmel Hospital suffering from burns about his legs and head lacerations. The truck burst into flames following the crash.

The boy's mother was thrown clear of the overturned truck. The family lives at Valley View Ranch on Big Darby Creek in the vicinity of Galloway.

Robert Metz, 40, of 3026 Wicklow-rd, suffered bruises to his left leg when his auto was in collision with another car at Richt and Hawkes-av Monday night.

His wife, Marjorie, 35, suffered a possible fractured clavicle while their two daughters, Kathleen, 13, and Barbara, 12, suffered cuts and bruises. All were treated at Mt. Carmel Hospital.

The driver of the other car was Robert T. Barbee, 1462 Thomas-av. He was uninjured, according to police reports.

Among those injured in mishaps was two-year-old Carol Beechler who was injured Saturday evening when he was hit by an auto while running across the street in front of his home, 369 Wrexham-av. He was treated at Mt. Carmel Hospital for abrasions on forehead and knee.

Services will be held in the Wylie S. Shroyer Funeral Home with burial in Green Lawn Cemetery.

Paul Winstel, the restaurant proprietor, said Shepard, an employe, had complained of feeling ill and went home about 4 p. m. He was stricken upon his return to work Monday evening.

The new Evangelical United Brethren Church Softball League got under way Tuesday night with two games being played on the Westgate Park diamonds.

Rickett-Johnson Vows Read At St. Aloysius

April 12, Miss Mary K. Johnson became the bride of Mr. Alfred B. Ricketts at St. Aloysius Church at 10 o'clock. The ceremony was performed by Rev. Fr. William Maloney.

Miss Johnson is the daughter of Mr. and Mrs. Homer Johnson, 401 S. Terrace-av, and Mr. Ricketts is the son of Mrs. Marie Ricketts, 2413 Pomeroy-pl.

The bride wore a gown of heavy white satin. Her veil of illusion was held in place by a coronet of orange blossoms and she carried a prayer book covered with two purple orchids.

Mrs. Ronald Thompson served as matron of honor. Misses Rose Marie Preest and Nancy Lou Johnson, sister of the bride, were bridesmaids.

Miss Madeline Ann Arata was the miniature bride.

Don Pitton served as the best man and Carl Ricketts and John Piacentini were the ushers. Both Mr. and Mrs. Ricketts are graduates of Central High School. Mrs. Ricketts is employed at the personnel office of the Kroger Co., and Mr. Ricketts is attending Ohio State University.

Easter Sun. Wedding Event Is Revealed

Mr. and Mrs. Virgil A. Dickerson of Ravenswod, W. Va., announce the marriage of their daughter, Ireta, to James Durwood Sauer, son of Mrs. A. H. Lochard, 659 S. Wayne-av.

The couple was married Easter Sunday at 3 p. m. in the Wilson Avenue Church of Christ, the Rev. H. Myron Kauffman officiating.

The bride wore a powder blue crepe dress complemented by black and white accessories and an orchid corsage.

Protest May Affect Lead In Nite Loop

The undefeated status of 740 AC in the Columbus Night Softball League threatened to be tumbled this week when a decision is forthcoming on a protest filed by Hilltop Garage and Service.

The protest, scheduled to have been heard on Wednesday, is expected to stand. It concerns the alleged ineligibility of Ed Simon, a 740 AC player. If the decision is given in favor of the local team it would include Hilltop Garage in a three-way tie for first place up until last night. Each of the three would have two wins and one loss for a percentage of .667.

Red Birds and the Minneapolis Millers, can be secured at the ticket booth in the lobby at the Masonic Temple.

PUBLIC NOTICE

Probate Court, Franklin, Ohio. No. 123211 — Victor Voeller, Administrator, with Will Annexed of the Estate of Barbara Gray, deceased, 358 Wilson Avenue, Columbus, Ohio, Plaintiff, vs. Margaret Voeller, 358 Wilson Avenue, Columbus, Ohio; Victor L. Voeller, 358 Wilson Avenue, Columbus, Ohio; Raymond Ayres, William Ayres, Glenna Ayres, James Courtney, Barbara Courtney, Mrs. John Coleman, 2648 Tremont Road, Columbus, Ohio; Mrs. Sadie Young, 287 East Mound Street, Columbus, Ohio; Mrs. Anna Buell, 665 High Street, Worthington, Ohio; Mrs. Margaret Russell, Cleveland, Ohio; Fred Snable, Lima, Ohio. Will Snable, Lima, Ohio, Defendants.

James Courtney and Barbara Courtney, whose last known place of residence is Los Angeles, California, and Frank Snable, whose last known address is Columbus, Ohio, are hereby notified that on Feb. 10, 1947, Victor Voeller, administrator with will annexed of the estate of Barbara Gray, deceased, 358 Wilson Ave., Columbus, Ohio, filed his petition in Cause No. 123211 in the Probate Court, Franklin County, Ohio, that they have been made parties defendant in said cause.

Plaintiff further says that on or about the 17th day of January, 1947 Barbara Gray died a resident of Franklin County, Ohio, leaving a Will which was admitted to probate by the Probate Court of said County and State on or about the 10th day of February, 1947, that thereafter administration proceedings were had as to the Estate of the said Barbara Gray, as more particularly set forth in the proceedings and the records of said Probate Court and that the Inventory and Appraisement has been filed in said Estate. Said Will is attached hereto and made a part hereof.

Plaintiff says that the house mentioned in said Will on Linwood Avenue was sold in 1946.

Plaintiff further says that Ida Courtney and Howard Courtney died after the execution of said Will.

Plaintiff further says there was in the safety deposit box in the Ohio National Bank, Town and High Branch, Four Thousand One Hundred Forty Dollars ($4140.00), Five (5) One Thousand Dollar ($1000.00) United States, Series G, Bonds and a Postal Savings of Five Hundred Dollars ($500.00). That there was in the Ohio National Bank, Gay and High Branch, the sum of Two Hundred One Dollars and fifty-nine cents ($201.59), that Barbara Gray died seized in fee simple of the property located at 1078 City Park Avenue; that the insurance amounted to the sum of Three Hundred Fifty-six Dollars ($356.00) and has been paid to the Administrator herein.

That the said Barbara Gray died, leaving no heirs closer than first cousins; that Margaret Voeller, mentioned in said will, is a first cousin of said Barbara Gray, deceased, and that said Mrs. John Coleman, Mrs. Sadie Young, Mrs. Anna Buell, Mrs. Margaret Russell, Frank Snable and Will Snable are first cousins of the said Barbara Gray, deceased; that Raymond Ayres, William Ayres, Glenna Ayres, James Courtney, Barbara Courtney and Victor Voeller are second cousins of said Barbara Gray, deceased.

That besides the property mentioned in said petition there is a diamond ring and household furnishings.

That there are important, difficult and doubtful questions respecting said Will and the disposition of said property under said Will and that plaintiff is in doubt as to the construction of said Will and as to the rights of parties in the distribution of the property under said Will, that plaintiff is in doubt about the following:

(1) As to whether the insurance is to go to Raymond Ayres, under the provisions of said Will?

(2) That plaintiff is in doubt, since the property on Linwood Avenue was sold prior to the death of said Barbara Gray, whether said devisees mentioned as to receive said property, are entitled to anything under said Will.

(3) That plaintiff is in doubt as to whether 1078 City Park Avenue is to go to the heirs of Ida Courtney and Howard Courtney, who were deceased prior to Barbara Gray's decease, or to Margaret Voeller or to become a part of the residuary estate and be divided among all the cousins mentioned herein.

(4) The plaintiff is in doubt as to whether said insurance is to be paid to Margret Voeller.

(5) The plaintiff is in doubt as to whether the $4140.00 in cash, which was in the safety deposit box of the Ohio National Bank, Town and High Branch; the five $1000.00, Series G, United States Bonds, also in said safety deposit box the $500.00 Postl Savings, also in said safety deposit box, and the $201.59 in the Ohio National Bank, Gay and High Branch, after the payment of debts goes to said Victor Voeller.

That if the Court should decide that the five $1000.00 Bonds do not go to Victor Voeller or any other part contained in said safety deposit box, out of which the debts of the estate are to be paid first, and to whom is the balance to go.

WHEREFORE, plaintiff prays that judgment and direction of the Court in regard to the true construction of said Will and the disposition of the property under said Will and as to his duties in the premises and especially to the five questions raised in the petition herein and an order as to the duties of the plaintiff in regard to them.

CONVERSATION ON PRICES

(Reprinted from Headlines, a weekly real estate publication, by special permission).

Even with the arrival of spring, golf, baseball, and fancy turned to love, the most popular subject of conversation is prices. Everyone has ideas on the matter, mostly about getting them down. Strangely enough, it's always the other fellow's price they want reduced.

Talking about prices is like talking about the weather. The plain truth is that the national economy rests upon inflation (call it dollar deflation if you like), and whether we like it or not, we simply have to make the best of it. Roughly, the dollar is slightly more than a half dollar by pre-war standards. Actually, there is by now probably a closer relationship between prices, costs, and incomes than most people suspect.

The public talks loosely about high prices regardless of the fact that, in most instances, income has kept pace with higher living costs. Mr. Average Citizen simply likes to think that his swollen income is due to his own genius rather than the fact that he has been traded out of his old dollar for two smaller ones.

We have yet to meet a man who felt that his own wage or salary should be reduced as a contribution to the deflationary spiral. If prices are to be cut, then wages and salaries must be cut (and brother, that means you and me, not just me). If any sane person believes that reducing national income to depression levels is the panacea for our ills, he is indeed in a sad state.

We remember when prices were so low that we could not afford to buy. Come to think of it, we never remember a time when we didn't complain about the high cost of living.

Of course, there are excesses in the price structure—opportunists in a scarcity market. There's also a dangerous philosophy of doing less for more pay that needs revising. Competition and free enterprise are the antidotes—not blind and indiscriminate buyer resistance, which is nothing more or less than slowdown tactics in reverse. We should like to remind you that the federal government has contributed greatly to inflation.

There may be those who believe that the general price structure can be brought down without ruinous deflation, but they are painfully silent in leading the way in personal sacrifice to that end.

Our hunch is to try to stabilize at the present level. It may be a choice between two evils, but when you are skating, thin ice is better than none at all. The main thing is to promote a free exchange of goods and services among 140 million Americans with the prospect eventually of tapering off from inflationary standards.

All we need is faith in our country and our institutions and courage to go ahead. There are many signs that point to an end of major post-war adjustments. It should not take an expert to sense that the vast production capacity of the country is being geared to meet the unprecedented shortages we have known. The greatest part of our prosperity lies ahead.

So the next time we meet a high price, let's look it squarely in the eye and say, "O. K., pal, here's where I slip you some of these phony little dollars."

Seventh Moves Into Alsace

For two months the Seventh Army was engaged in a close slugging match with the Germans in the Vosges mountain district of Eastern France. All Army units were within a few miles of Epinal, the capital of "The Department of the Vosges" which was used at the time as principal communication center and supply base for the two corps that made up the American Seventh. Division, corps, and army headquarters were all in the city as well as practically all ordnance, signal, and service troops.

Fuller

Evacuation hospitals occupied buildings within Epinal. The city was heavily guarded by Ack Ack units. For several weeks we experienced several alerts each night. However, no heavy raids came about.

As the front gradually extended northeast of the city, some of the units moved ahead, but for the duration of eight weeks Epinal was the hub of all Army activity.

Winter Arrives

This was the season of late autumn and early winter. The first real cold came in November several weeks before any winter clothing had arrived. There was plenty of nip in the air. The French civilians spent busy days chopping wood for the winter fuel supply. They warned us that the winter in the Vosges was winter at its worst. The dire predictions of the French came true. In December, the snow was several inches deep. The precarious roads that wound through the high mountains were covered with ice, and army vehicles inched along carefully to avoid skidding over precipices.

In late fall, the French 1st Army which was operating on the extreme right flank made a surprise move and broke through the Belfort Gap to reach the Rhine river near the Swiss border. This inspired one of the fellows to remark, "Those Frogs are really hopping over there." They were hopping too. By this fine effort, they vindicated themselves in the eyes of a lot of people who were rather skeptical of their fighting ability. They captured the important Rhine City of Strasbourg and forced the Germans to pour men into a small pocket at Colmar.

Germans Withdraw

In early December, the Seventh Army brought so much pressure on the Germans that they began to retire from the Vosges. The new divisions made substantial headway and when the older divisions were committed again the Jerries fled into the Alsatian Plain. Here they were pursued and lost heavily, withdrawing finally into the old Maginot Line. The Seventh held all of Alsace except the northern tip and the Colmar pocket, by mid December. Saarburg and Saverne in central Alsace became headquarter towns and principal supply centers.

We moved to Hagenau eight miles from the Rhine river and only a few miles from the German Maginot strongholds in the north. Hagenau had been heavily damaged and fiercely contested before finally falling. The people in all of Alsace spoke German and we had the feeling for the first time of being in unfriendly territory, although the French Tricolor flew from all windows in towns and villages. From the first day in Hagenau we had an uncomfortable feeling that everything wasn't going just right. That feeling was pretty general among the units. This was real payoff territory. Eight miles away lay the broad forbidding Rhine river and beyond that Germany and a lot of tough desperate Germans. We had the jitters.

Next week: Alsace.

Around West High

EDITOR'S NOTE: This is the final in a series of Around West High columns written during the semester just ending by Janet Baker and Judy Jones.

Seniors Soliloquy

Our blissful carefree high school days,
Are the happiest time of all, we're told.
With fondness and sad memory
We'll recall them when we're old.

We've had some swell times at West High,
Some times that we won't mention, too,
We'll just remark with dignity!
Yippie! O Boy! Hot Dog! We're through!

The State track meet was held last Friday and Saturday. West was represented in the finals Saturday by the mile relay consisting of Meyhand, Evans, Dennis and Stout.

Tonight's the big night for all the Seniors and everyone else who is attending the Rose Ball. The decorations supervised by Janny Lombard are really something to see (picket fence and all).

Mr. Kaylor really gave Karl Schlottig and Connie Sherman a dirty deal when they were required to have reports on the last two worksheets the last day of school.

We were talking to Ginny Nebel last week and she said she would like to take over this column. We know she would be good for the job. Here's wishing her luck.

Junior High prom tomorrow. We know they will all have a fine time.

Baccalaureate will be held next Sunday with Rev. Harold Dutt and Rev. Harold Harris being the speakers.

The Band Parents are having their picnic up along the river June 8. Some of the kids that will be having a good time will be Bill Sterling, Martha Smith, Jimmy Hill, Keith Smith, and Mr. Bennett.

Columbus Rose Show To Be Held June 15

The Columbus Rose Club is sponsoring the ninth annual Rose Show on Sunday, June 15, from 2 to 9 p. m. The show will be held on the mezzanine at the Neil House.

Anyone who wishes to compete is welcome. All specimen roses must be grown in an out-door garden. Anyone wishing further information may contact the publicity chairman, T. M. Magruder, 43 E. Gay-st, Room 1410.

SUNDAY LESSON

Religious Reforms Instituted by Good Son of Bad Father

The International Sunday School Lesson for June 8
Scripture: II Kings 22:10, 11; 23:1-5, 21

• • •

ONE of the mysteries of life is why good men should sometimes have evil sons. However, it is a compensating fact that sometimes evil men have good sons.

Both facts are strikingly illustrated in the history of the kings of Judah who came after Hezekiah. Hezekiah was a relatively good king, and his long reign was marked by safety and prosperity. deliverance when the hosts of Assyria were destroyed.

But the impressive influences were soon forgotten in the long reign of Hezekiah's son, Manasseh. It is recorded that he not only shed innocent blood, but he set up altars and practices of idolatry and turned to all methods of sorcery and abominable practice. His son, Amon, proved no better, but he reigned for only two years. Then his own servants slew him.

Then came the good son of a bad father, Josiah, Amon's son, then a boy of 8. He ruled Judah for 31 years.

Josiah was aggressive. He vigorously attacked the idolatrous places and restored the Temple as the place of true worship.

It was in this restoration of the Temple that the "Book of the Law," the book of Deuteronomy in our Bible, was discovered. It became the occasion for an impressive dedicatory service in which king and people made a covenant to obey its precepts and serve the one God.

Centuries later Jesus proclaimed the spiritual nature of the true God, whose worship is in spirit and in truth and is not confined to temples, mountains, or other professedly holy places. But the effect of the reforms under Josiah was to purify religion of its abuses. In its emphasis on the holy place it destroyed the unholy places. And unholiness, whether in place or in person, is the denial of essential goodness and of all true worship.

News of Rome

By Mrs. E. C. Sheets

Rev. Elwood Rose of Columbia Heights Church attended the Southern District Conference held in Cincinnati last week. Mrs. Rose went down over the week-end.

Mrs. Jim Snyder and children of Maple Drive accompanied Mr. Snyder's parents, Mr. and Mrs. J. C. Snyder of Zanesville to Buckeye Lake. Jim Snyder is still with the government in Japan but anxiously awaiting word to return home.

The Breckenridge family of Maple-dr, Mr. and Mrs. Hanes of Delaware, Charles Coulter and David Baker spent Decoration Day in Cincinnati and Coney Island.

Officers of the WSCS of Columbia Heights Church were entertained at a tea at the old Deacon Home, S. Washington-av. Many officers of other church societies were also there. Mrs. George Terry, president of Columbia Heights Society, Mrs. McKendree, supply secretary, Mrs. Lee and Mrs. Ball represented Columbia Heights Church.

Mrs. W. G. Lamb and Mrs. Ernest Schroeder entertained for Cleo Thoma at the Schroeder home Tuesday with a shower. Cleo is getting married June 15 in Columbia Heights Church with an open church wedding to Stanley Griggs of McDowell-st. They expect to live on Pasadena-av.

Mr and Mrs. William McKenzie (formerly Wanda Grimm of Lexnox-av) announce the arrival of a baby daughter in Mt. Carmel Hospital.

Mr. Harrison of the Triangle store in the Riebel Building has been in the hospital for several days. He is reported as getting along well and will soon be released.

The regular meeting of the Ladies Class of the Columbia Heights Church was held at the home of Mrs. Garretson, Maple-dr. About 18 answered roll call. After delicious refreshments served by the hostess the meeting adjourned. The next meeting will be at the home of Mrs. Cox, Norton-rd.

About 25 attended the family pot-luck at the home of Mrs. W. G. Lamb on Buena Vista Decoration Day.

Mr. and Mrs Jack Dougherty of Rome-Hilliards-road are home after a visit with Mrs. Dougherty's parents in Halle, Mich.

Mothers from both the churches of Rome will have Bible School classes in June. Children are encouraged to become regular scholars at Columbia Heights Church or St. Pauls Lutheran. They will be well taken care of for the morning and at the same time, receive some educational instruction.

Mr. and Mrs. Henry Warner and children, Priscilla and David, are home after spending the holiday with her parents in Peoria, Ill.

Mr. and Mrs. James Whalen and children of Buena Vista-av, and his two brothers and sister, Mary, of Fisher-rd, visited their mother in Cleveland and also attended the wedding reception of their niece, Carol Harris, which was held at the Owens Plantation.

Quite often when one thinks of 4-H Club, he thinks of girls only. Not so, with the Alton Advancers Live Stock Club, which is going into its 17th year under the leadership of Harold Hart. The organization meets about once a month and at present has 19 members. The purpose of the club is to promote better farming as well as better bred live stock. The last meeting was held at the home of Tom Lamb, Buena Vista-av.

Mr. and Mrs. Kenneth M. Romosier, Buena Vista-av, are vacationing in Lake Worth, Fla. They are guests of his parents, Mr. and Mrs. Fred Romosier, former Hilltop residents.

Come—Bring A Friend

Blighted Life

Blighted trees may be compared with blighted lives. When the blight strikes, its object withers. Blight is a disease. In human lives, from the standpoint of the spiritual side, it is sin. Sin, and separation from the Holy Spirit, has withered millions of lives of our generation. Down through the ages, it has cursed human life.

A life without religion is like a ship without a rudder. It moves aimlessly, gets nowhere and accomplishes nothing constructive. But take that same life, lead it into the church, nurture it with the guidance of God's word and the faith in His plan and that same life can accomplish literally the impossible.

A blighted forest is a dismal sight. A blighted life—just one—is more distressing than all of the withered trees of a once beautiful forest. There is one important difference between a blighted tree and a blighted soul. The tree, nor its owner can do anything to change the condition. The person with a blighted life, needs but to seek God, ask His forgiveness and trust faithfully in Him.

The churches of this community stand ready to give a helping hand to the blighted lives, to the hungry soul. The ministers of every denomination stand as representatives of God's church, willing, even eager, to set the feet of drifters back onto the Way of Life again.

Children raised in the influence of the Church and Sunday Schools have a better opportunity of avoiding blighted lives than those whose actions have never been tempered with the power of God's Love. Go to your church on Sunday. Help save the world from blight.

These Girls Are Featured In Summer Symphony

This chorus of dancing girls has a featured spot in the program Summer Symphony to be given at West High School Friday, June 13, at 8 p. m. It will be the seventh annual revue put on by the Keith School of Dancing.

In the front row are (left to right) Mary Ann Oberting, Nancy Robinson, Frances Muchmore, Mary Ann Newland, Marian Gibson, Patty Lamprecht, Mary Ann Robinson and Donna Contisano.

The back row is made up of Joyce Roberts, Barbara Parrett, Marilyn Story, Rita Puseeker, Carol Dum and Florence Ankrum.

These 14 dancers were given a nice reception in this year's Hilltop Business Association Minstrel. They will again show their ability in rhythm and precision.

Summer Symphony is a four-act revue beginning with a woodland scene and ending with a tribute to Flag Day. More than 200 youngsters will take part in the revue.

Charles Everly of Summers and Son will entertain at the keyboard of the Hammond Organ.

Another feature of this year's entertainment will be Virginia Anderko and Jeanne Barkheiser, pupils of Miss Charlotte Schneider, who will present an intricate acrobatic number. Miss Schneider, teacher of acrobatics and tap, is now associated with the Keith School of Dancing.

To make it a complete afternoon of thrills, Howard F. Foley, co-chairman, has added an air show of navy fighter planes and a parachute jump to the centerfield by a Columbus paratrooper.

Admission will be $1, but children 12 years old or under will be admitted for 50 cents. There will be free parking. Enter the Essex-av and E. 17th-av gates. A crowd exceeding 20,000 is expected.

More News Of Old West Teams

Chet Wagner came to the office this week to show us an old photo of a West High football team of 1915. The picture was somewhat aged or we would reproduce it.

Chet found it while cleaning up his basement this past week. He didn't remember all the gang but he did recall the coach was Mr. Leahy. Yip Owen was halfback, Abbey Swain was a half, Slyh Matheny was full, Charley Hoar was tackle, Cohagen was end, Dick Cott was quarterback, Jackson was a tackle and Von Haines a tackle. Others couldn't be recognized.

Joe Fodey, cashier of the Brunson Bank, called to add a note about some old timers too but we'll let P. W. take up on that story next week.

Thoughts Of Food

That first quart of red ripe strawberries from our garden was about the tastiest of the season . . . Speaking of taste, nothing tastes better than one of Jane Jones' angel food cakes . . . Outstanding in my recollection of eating places over the country was the evening at Cullochi's in New York City . . . Jacques place in New Orleans, where you never knew what was coming next . . . a spot in San Francisco where they were serving seven course dinners and the best food you ever tasted for $1.50 as late as October, 1945 . . . The best fish I ever ate was out on that island in the Elambeau flowage up at Mercer, Wisconsin, when we took the pike right off the hook and transferred him directly to the pan . . . and the spiciest soup I ever gargled was at ComAirPac at Pearl Harbor where the cook never failed to upset the pepper pot . . . and of course we ate beans for breakfast in the Navy, and they were good . . . a local delicacy any housewife can prepare is frozen rolls from the grocery . . . try them for excellence . . . always will remember that my mom could cook macaroni and tomatoes together just the way I liked them . . . Hold the phone while I go out and search for a sandwich.

They Are Human

A reader calls to advise that he and others witnessed an attendant of the Columbus State School beating one of the inmates who attempted to escape from the grounds last Sunday. When criticized the attendant gave off with foul language and continued his beating.

The incident is reported in a hope that the proper authorities may know that the public is not in accord with such treatment of inmates. They are still human.

Too Short To Headline: Subbing this week in the editor's chair for P. W., who has returned to his old home for a vacation . . . Comes a note to remind us that the tax books are open and that County Treasurer Norris expects over $5 million to clear through his office before the books close on July 28 . . . There will be a shortage of gasoline and fuel oil comes late summer, is the prediction . . . And don't lie awake nights figuring how much you will save on your taxes next year through the tax reduction, 'cause it just appears to be positive that there will be no tax reduction after Mr. Truman vetoes the bill and the Senate fails to get up enough steam to go over his head . . . Watts & Mauger Electric, you know Freddie, have moved to their new location at 2389 Sullivant where they are doing all types of electrical work . . . Mrs. H. R. Gibson and Mrs. J. Earle Taylor of the Highland Garden Club will be among the hostesses for the 17th annual convention of Garden Clubs held at the Seneca today and tomorrow . . . Floyd Green has opened campaign headquarters in the Southern Hotel . . . Members of the Hilltop Community Center project committee state that they are gathering data but as yet are not ready to make a report . . . Pfc. Paul Lappe, stationed with the 13th Air Supply Sqdn., near Tokyo, called Sunday from Japan to congratulate his parents, Mr. and Mrs. Stanley Lappe, 181 S. Roys-av, on their 28th wedding anniversary . . . Certain banks have received word that no more sugar rationing accounts are to be opened, which seems to be a clear indication that it is all over and it would seem advisable for the housewife to buy all she can right now with her stamps ere the price goes up . . . Westgate Restaurant is installing an air-conditioning system . . . This week's paper comes to you through the cooperation of our Greenfield Daily Times, following a breakdown of the Record press Tuesday a. m.

Price Control By "S-A-D"

How are you and the law of supply and demand getting along together these days?—at loggerheads, or on nice, friendly terms?

No doubt it's with you as it is with most people: it all depends upon what you want.

If you want a new car or a good used car, or if you want to rent, buy or build a house, you're in a seller's market where the supply is strictly limited and the price is steep.

But if your youngster, for instance, wants some "magic bubble" fluid and one of those wire bubble-makers; they can be had for 10 cents the set, they're that plentiful now. Eighteen months ago, or thereabouts, the can of fluid and the six-inch length of wire sold for 79 cents. Today, for 10 cents, you also get twice as much fluid!

Not that a novelty like the bubble juice is to be compared with an automobile or a house, but it does illustrate that the venerable and dependable law of "s-a-d" can be a potent factor in price control.

Hilltonia Church Plans New $60,000 Building Project

The Hilltonia Evangelical United Brethren Church will start on a $60,000 building project in the near future, it was determined last week by the administrative council.

Plans are being made for the construction of the first unit of the new sanctuary on the two lots directly north of the present church at 522 Columbian-av. The present church building will continue to be used as the educational unit until such time as the second building unit might be erected.

Rev. Glendon Herbert, pastor of the church, stated last week that an architect would be employed soon to start drafting plans for the new church. By action of the administrative council last Wednesday night, the church board of trustees was named to serve as the building committee along with any other persons they might need.

Trustees are George Roberts, Roger Rickenbacher, D. H. Blake, Mrs. Clara Wassner, Mrs. Orvie Smith, H. L. Pennell, Everett Boyer, Girden Mugrage and H. H. Clay.

According to Rev. Herbert the new worship auditorium would provide permanent seating for 300 with arrangement to add temporary seats for overflow crowds. The building committee already has arrangements completed for $23,000 in cash to start the project. The home mission board of the denomination will assist in financing the new church project.

It's Here Again! Friday, The 13th

Friday, the 13th.

For those persons who have a horror of that date—here it is again. But take heart, it will only plague you once during the entire year of 1947.

So beware on this unlucky of unlucky days and don't let it get you down. Don't start on a journey on that day or violate a long list of other "don'ts" that carry the bad-luck curse, for those that believe in it—that is.

Boat Races To Be Held By Legion

Swim Classes Will Open

Registration for classes in the second annual "Learn To Swim" campaign, sponsored by Radio Station WBNS and the Franklin County Red Cross will be open to children 5 to 13 (inclusive) years of age during the week of June 15.

Children entering the "Learn To Swim" campaign may register in person at the Hilltop Swimming Pool. The number of entrants will, necessarily, be limited due to pool facilities. W. R. Middendorf, director of first aid, water safety and accident prevention of the Franklin County Red Cross advises early registration during that week.

At the close of the five-week learning to swim period, elimination contests will be held. Winners will be entered in the final meet to be held the first week in August at the Ohio State University natatorium.

Red Cross trained instructors will teach the classes, however, the time that the classes will be held will be determined by each pool manager.

WBNS will again this year present certificates to those learning to swim and will award medals to those finishing in first, second and third places in the final meet.

Transcribed programs by means of wire recorder with Bill Corley, special events reporter for station WBNS, interviewing the different youngsters in the "Learn To Swim" campaign will be aired weekly on Mondays, 4:30 p. m. starting June 9.

RATS! Given Warning Of Forthcoming Rat Derby

The Hilltop is going to have a Rat Derby . . .

There are those who think they run a rat race every day but this is no relation to that subject — this is a race to get rats!

Members of the executive committee of the Hilltop Business Association voted Tuesday afternoon to sponsor a rat derby following the suggestion in The Hilltop Record last week that such a campaign was needed to eliminate these rodents from the community.

And since the suggestion came from the Record it seems the responsibility will fall back on the publisher of the Record, C. Carlton Hartley, to see the race through to completion. He was named by Dr. R. J. Miller, president of the association, to head a committee to conduct the campaign. Other members of the committee will be announced next week as will complete details and rules to govern the event.

Some very valuable prizes will be awarded to the youngster who has the most rat tails to his credit at the conclusion of the event and dozens of smaller prizes will go to those who take part.

So, on the ball, you pied pipers, and start cooking up ideas on how to eliminate Mr. Rat from the Hilltop. The rat population is about to be reduced. Watch for details.

HCC To Discuss Recreation Needs

The Hilltop Community Council will hold an important meeting tonight at 8 o'clock at the Teen Canteen, 2585 W. Broad-st. Every organization is urged to have a representative present so that recreational facilities may be discussed in full.

Hearse Disappears — Boys Take Rides

"The Case of the Disappearing Hearse" — these words would make an ideal title for a modern mystery thriller based on Friday the Hilltop would have been an ideal setting for the novel.

While funeral directors were making a call at an apartment at the corner of W. Broad-st and S. Eureka-av, "unseen beings" asserted themselves and drove off in the company's ambulance.

Three-quarters of an hour later, after sending for another vehicle, directors of the Woodyard Funeral Home recovered the vagabond hearse, which two young boys had nonchalantly entered and driven off.

The boys were turned over to police but no charge was made against them by the company.

246 West Seniors Awarded Diplomas

In an atmosphere of combined solemnity and happiness which prevails at commencements, 246 graduating seniors marched to their places in the auditorium of West High School Tuesday night, before a capacity audience.

With the mercury hovering around the top of the thermometer, families and friends of the graduates tried to "grin and bear" it while vigorously fanning themselves with wilted programs. Nine of the graduates were veterans of World War II.

Class speakers were Miss Bettirae Beard and Bradley Richardson, highest ranking girl and boy senior.

Richardson, who was recently awarded a scholarship to Harvard University, spoke first, stressing that "we should think of 'world' instead of 'hemisphere' problems." His approach to the Russian problem urged "diplomacy and tact with Russia and not appeasement."

He concluded his brief and effective speech with "You, the citizens and voters of today, and we, the citizens of tomorrow, must meet our challenge now through understanding of Russia and reciprocal trade agreements with all countries if we want to lead the world into an era of peace and prosperity unprecedented in the annals of history."

Miss Beard compared the graduate and his voyage in life to the Greek story of Ulysses' voyage and the tempting "singing sirens."

"Three evils plague our venture in life—lack of direction, deviation from the ways of honesty, and self-pride. We cannot succeed in life unless we can set for ourselves a goal, be honest, and think of others."

The graduating class presented two musical numbers, "The English Hiking Song" and O'Hara's "One World." Superintendent of Schools, George Roudebush, presented the class to Robert Draper, president of the board of education, who distributed diplomas.

Local Couples' Love For Photography Leads To Camera Clicking Position

Wilma Sohl

By Esther Weakley

The hobby of one of the Hilltop's most interesting young couples, which was only a hobby for years, has turned out to be quite profitable for them. For the past four years, Mrs. Sohl has been one of the staff photographers at the Columbus Citizen, the only woman to hold this position there.

She has covered general assignments, murders, fires, etc., but specializes in fashion shows, cooking schools and other events of special interest to feminine readers. Her most recent work was with Alice Bargar Black on stories of Lazarus' slip-cover clinic, The Maramor, and a series known as "What's New in the Stores."

Mrs. Sohl's only hobby in which her husband is not interested is sewing. Their common interests are color photography, motorcycling, hunting and fishing. Born in Bellefontaine, she has lived on the Hilltop most of her life, as has Mr. Sohl.

Mr. Sohl is employed at Jaeger Machine Co., and does free lance photography evenings and week-ends. They have spent many vacations in Canada and have beautiful colored photographs of scenery taken there.

Columbus School Costs

The inadequacy of appropriations for schools purposes in Columbus is convincingly shown by a publication released within the past year by the Ohio Chamber of Commerce. It is entitled "10 Years of Expenditures, Cities, Schools and Counties in Ohio."

The report covers a 10-year period, 1935 through 1944, and lists the total current operating expenditures of Ohio city school districts in 123 of the state's largest cities and villages.

It is particularly significant that only seven other city school districts show as low a rate of increase for that period as Columbus. All of the remaining 115 districts show increasse ranging from Columbus 11.9 per cent to as much as 127.6 percent in the case of Springfield.

A glance at a few of the large school districts shows the following increases: Akron, 25.5; Canton, 46.7; Chillicothe, 52.4; Cincinnati, 17.5; Cleveland, 13.3; Delaware, 67.3; Hamilton, 96.3; Lancaster, 54.0; Marion, 37.0; Middletown, 63.6; Newark, 45.8; Portsmouth, 54.1; Springfield, 12.6; Steubesville, 22.6; Toledo, 19.7 Youngstown, 29.7; Xenia, 79.3; and Zanesville, 27.4.

To come closer home, the Village of Upper Arlington school operating expenditures have increased 49.8 percent during the 10-year period; Grandview Heights shows an almost identical rate of increase, 49.4; while Bexley has a 98.5 percent increase not including a recent increase in teachers' pay voted a few weeks ago.

The average of increases for all of the 123 cities and villages covered is 31 percent. The average for the 30 largest city school districts is 27.4 percent.

We believe that all persons who have the interests of their children at heart will vote to support the 2-mill school levy on July 1. Its passage will provide salary increases of approximately $500 for all teachers and other school personnel.

It will be further noted that teachers' starting salary back in 1935 was only $1000 per year as against the present starting level of $1425. Thus it can be seen that teacher pay increases have constituted only a small part of the 11.9 percent increas during the 10-year period.

The passage of this levy will insure a higher caliber of teachers and will encourage the more likely teaching prospects to enter the local teaching field. It will not throw school expenditures for Columbus out of line. As a matter of fact, Columbus will continue to remain well below the average increase in school expenditures as shown in the recent Ohio Chamber of Commerce report.

VOTE YES ON THE 2-MILL LEVY ON JULY 1.

Alsatain City Is Hot Spot

Hagenau fell to Allied troops after a terrific struggle in the early part of December. This northern Alsatian City was located in the northern tip of the American salient which pushed into the tough Maginot Line positions which the Germans had taken up. The Rhine river lay to the east and the near bank was occupied by American troops south to Strasbourg.

To say Hagenau was vulnerable is an understatement. Heavy German forces were fewer than 10 miles away to the north and east of the city. They could shell it at will. Fighters based across the Rhine made frequent flights over the city. The clear cold winter days were ideal for flying and the air was filled constantly with planes of one type or another. More often they were enemy than ours.

Fuller

Front Shifts

The day we moved into Hagenau news came of the disaster in the Ardennes far to the north. However distant, this had an immediate effect upon our front. Divisions were rapidly moved northward to cover Third Army territory. The Third sent its Armored might streaking to the rescue in the Belgian Bulge and some Seventh army divisions had to replace those which had been operating with the Third in the Saar. This shuffle of the front left the Seventh spread pretty thin. New divisions, green and only partially equipped, were rushed into action in Alsace.

As the Bulge was being reduced in Belgium, the Germans in an effort to keep the Allies off balance mounted an offensive in Alsace. For days we knew of their preparations. They became more and more aggressive. The Seventh went on the defensive and waited for the blow to come. Small thrusts were made by the Jerries to keep everyone guessing. The freezing weather added to the difficulties the divisions were suffering. It was hard to stay at full strength because of casualties due to exposure and trench feet.

The feeling out process continued and everyone became more tense. Faces were strained and tempers short. The almost daily staffing of the roads and fields nearby and the nightly air-raids plus the occasional artillery shells which fell outside the city added to the general uneasiness.

City Blacked Out

The people spoke German and all the bright eyed little tow-headed kids who stood around and begged for choco-lot had fathers and brothers in the German Army. The civilians went about their business by day and didn't fraternize with us nor we with them. At night they went into their blacked out cellars and didn't venture into the streets. No light gleamed in Hagenau after nightfall. German observation from towers across the Rhine could detect as much as the flicker of a match. American security patrols moved along the cobble stone streets in a business-like fashion hurling sharp challenges at anybody or anything that stirred. The click of a rifle bolt could be heard for blocks.

Germans dressed in American uniforms and speaking perfect English slipped across the Rhine each night and made their way into the American lines seeking information. Everyone who was challenged was made to say something typically American such as "Where did the Dodgers finish last year?" The man who didn't know had some real explaining to do.

The houses were boarded up as if the people were intimate with war and knew just what to do to meet an emergency. Indeed, they didn't seem particularly concerned over the fact that their city had only recently been "no-man's land" and seemed to be headed for the same fate again very soon. There had been no mass exodus from the quaint little town. The people had merely locked the doors, boarded the windows and moved into the cellar, depending upon the sturdy construction of the dwellings to protect them from concussion. After the war passed they ran up the Tricolor and continued about their daily pursuits pausing to show a little concern over Herr Mueller whose fine "Gasthaus" had a hole in the second story where an artillery shell hit, or to shake their heads sadly as they passed the rubble heap that had been Heinrich's butcher shop. They had endless supplies of potatoes and sauerkraut and with these staples managed to live pretty well. However they didn't move out of their cellars or take the boards from the windows. When questioned about this they said they expected the Germans to come back and they might as well continue to live in the cellars until they were certain to whom their town would eventually belong.

(Next week: "Germans Return to Hagenau")

Starling News

Library Workers' Picnic

Twenty-one Starling Junior High library workers attended a wiener roast arranged by their chief, Mrs. Mary Ann Wiseman. They met after school Thursday June 5, at Westgate Park, where various forms of recreation were enjoyed, with the eating proving to be of greatest interest. Mr. Wiseman also was present.

Starling 9A Party

Starling 9A's were entertained at a graduation party at the school auditorium Friday afternoon. After a program of variety numbers featuring a dance act by Betty Chenos and a juggling number by Frank Burzine, every one took part in a grand march. This was followed by a group of charades in which teachers pantomimed popular songs. Room 13R took the honors by guessing the largest number of the 15 songs represented. After a lunch served by teachers, dancing was enjoyed.

PUBLIC NOTICE

Probate Court, Franklin, Ohio.

123311 - Victor Voeller, Administrator with Will Annexed of the Estate of Barbara Gray, deceased, 858 Wilson Ave., Columbus, Ohio, Plaintiff, vs. Margaret Voeller, 858 Wilson Avenue, Columbus, Ohio; Victor L. Voeller, 858 Wilson Avenue, Columbus, Ohio; Raymond Ayre, William Ayres, Glenna Ayres, Jane Courtney, Barbara Courtney, Mrs. J. Coleman, 2648 Tremont Road, Columbus, Ohio, Mrs. Sadie Young, 267 East Mound Street, Columbus, Ohio; Mrs Anna Buell, 868 High Street, Worthington, Ohio; Mrs Margaret Russell, Cleveland, Ohio, Frank Snable, Lima, Ohio; Will Snable, Lima, Ohio, Defendants.

James Courtney and Barbara Courtney whose last known place of residence was Los Angeles, California, and Frank Snable, whose last known address is Columbus, Ohio, are hereby notified that on Feb. 10, 1947, Victor Voeller, administrator with will annexed of the estate of Barbara Gray, deceased, 858 Wilson Ave., Columbus, Ohio, filed his petition in Cause No. 12:211 in the Probate Court of Franklin County, Ohio; that they have been made parties defendant to said cause.

Plaintiff further says that on or about the 17th day of January, 1947 Barbara Gray died a resident of Franklin County, Ohio, leaving a Will which was admitted to probate by the Probate Court of said County and State on or about the 11th day of February, 1947, that thereafter administration proceedings were had as to the Estate of the said Barbara Gray, deceased, as more particularly set forth in the proceedings and the records of said Probate Court and that the Inventory and Appraisement has been filed in said Estate. Said Will is attached hereto and made a part hereof.

Plaintiff says that the house mentioned in said Will on Linwood Avenue was sold in 1946.

Plaintiff further says that Ida Courtney and Howard Courtney died after the execution of said Will.

Plaintiff further says there was in the safety deposit box in the Ohio National Bank, Town and High Branch, Five Thousand One Hundred Forty Dollars ($5140.00), Five (5) One Thousand Dollars (1000.00) United States, Series E Bonds and a Postal Savings of Five Hundred Seventy-Seven ($577.00) That there was in the Ohio National Bank, Gay and High Branch, the sum of Two Hundred One Dollars and fifty-nine cents ($201.59). That Barbara Gray died seized in fee simple of the property located at 1070 City Park Avenue; that the insurance amounted to the sum of Three Hundred Fifty-six Dollars ($356.00) and has been paid to the Administrator herein.

That the said Barbara Gray died, leaving no heirs closer than first cousins; that Margaret Voeller, mentioned in said will is a first cousin of said Barbara Gray, deceased, and that said Mrs. Sadie Coleman, Mrs. Sadie Young, Mrs. Anna Buell, Mrs. Margaret Russell, Frank Snable and Will Snable are first cousins of the said Barbara Gray, deceased; that Raymond Ayres, William Ayres, Glenna Ayres, Jane Courtney, Barbara Courtney and Victor Voeller are second cousins of said, Barbara Gray, deceased.

That besides the property mentioned in said petition there is a diamond, silver and household furnishings.

That there are important difficult and doubtful questions respecting said Will and the disposition of said property under said Will and that plaintiff is in doubt as to the construction of said Will and as to the rights of parties to the distribution of the property under said Will, that plaintiff is in doubt about the following:

(1) As to whether the insurance is to go to Raymond Ayres, under the provisions of said Will?

(2) That plaintiff is in doubt, since the property on Linwood Avenue was sold prior to the death of said Barbara Gray, whether said devisee mentioned as to receive said property, is entitled to anything under said Will.

(3) That plaintiff is in doubt as to whether 1070 City Park Avenue is to go to the heirs of Ida Courtney and Howard Courtney, who were deceased prior to Barbara Gray's decease, or to Margaret Voeller or to become a part of the residuary estate and be divided among all the cousins mentioned herein.

(4) The plaintiff is in doubt as to whether said insurance is to be paid to Margaret Voeller.

(5) The plaintiff is in doubt as to whether the $5140.00 in cash, which was in the safety deposit box of the Ohio National Bank, Town and High Branch; the five $1000.00, Series G United States Bonds, also in said safety deposit box the $800.00 Postal Savings also in said safety deposit box, and the $2 1.59 in the Ohio National Bank, Gay and High Branch after the payment of debts goes to said Vic or Voeller.

That if the Court should decide that the five $1,000.00 Bonds do not go to Victor Voeller or any other part contained in said safety deposit box, out of which the debts of the estate are to be paid first, and to whom is the balance to go.

WHEREFORE, plaintiff prays that judgment and direction of the Court in regard to the true construction of said Will and the disposition of the property under said Will and as to his duties in the premises and especially to the five questions raised in the petition herein and an order as to the duties of the plaintiff in regard to them.

Wet Season To Show Effect On Ohio Wild Life

Ohio's wildlife population, according to division of conservation game management men, is now feeling its third consecutive annual set-back by wet spring weather and will very likely affect the weight of hunters' game bags next fall.

Conservation Commissioner H. A. Rider stated recently that it is indeed a wonder that we have any game left at all following such weather experiences during the mating seasons as 1945, '46 and '47. "Wildlife," he said, "normally can hold up under a bad season now and then, but when they come year after year, wildlife suffers to the extent that during the hunting season we are no longer harvesting our surplus but our digging into our brood stock."

Reports are reaching the Columbus conservation headquarters from all parts of the state from field personnel of the division of conservation and from farmers that on many occasions rabbit and pheasant nests have been found deserted because of chilled eggs or drowned rabbit litters.

In most cases hen pheasants will lay and hatch a second clutch of eggs after the first has been destroyed by high water or cold weather but the result is that birds by hunting season are not as fully grown as when hatched earlier in the spring. In the case of rabbits which produce on an average of two or three litters per doe, the rabbit population suffers a loss of one or two early spring litters when cold wet springs hit the state, and this cuts deepy into the total production for the season.

Conservation district supervisors meeting last week in Columbus indicated in reports from their districts based on findings in the field this spring together with an existing scarcity in wildlife that the only solution points to shorter open seasons in the fall on both rabbits and pheasants until the over all population is strengthened.

SUNDAY LESSON

Internal Integrity Needed Now as in The Day of Israel

The International Sunday School Lesson for June 15
Scripture: II Kings 23:31; 24-7; Jeremiah 36

THE Northern Kingdom had fallen before the hosts of Assyria, and its people, carried off into exile or dispersed, had become "the Lost Ten Tribes" of history. The Kingdom of Judah, or Southern Kingdom, lasted another 136 years, but it soon met its downfall and the exile of its people to Babylon. From that defeat and exile, however, there was to be a glorious return and a rebuilding of Jerusalem.

Two things must be borne firmly in mind if we are to understand those times.

Such lessons are particularly appropriate for the United States and Canada, for these democracies face new and unforeseen responsibilities and dangers in their relation to the rest of the world.

The two things to remember about Israel's situation are that the prophets of the time were more important than the kings and that Israel, too, had lost any isolation it might have had.

A small tribal group in the era before rulers and empires had set out for world conquest and had now become a kingdom situated between great contending powers. It was always, therefore, in physical danger and in the additional danger of allying itself with one against the other and of the consequences of making a wrong choice.

It was under these circumstances that the prophets urged against entangling alliances and appealed for a high integrity in Israel itself. The prophets could not alter Israel's physical situation any more than we can alter our "one world" situation today.

It is quite possible that even a highly moral and spiritual integrity might not have spared Israel a fate of martyrdom. But what a different fate it would have been from going down in weakness and sin!

What is more to the point, the only real hope of Israel's safety and contribution to the nations lay in the preservation of her integrity. Internal honor and honesty, avoidance of intrigues and entanglements, and wise diplomacy would have been her proper course—the course our countries should be following today.

A Fine Program

Last Thursday noon meeting of the Hilltop Kiwanis Club was one of the best we have experienced. The program of vocal selections by the girls' chorus of the Columbus State School was tops.

The girls started off with a selection from "Oklahoma" and in rapid fire presentation sang for half an hour and delighted the group with some of the old favorites.

The school and particularly the ladies in charge of this type of work are to be congratulated on their efforts.

Reroute The Gas Trucks

Residents of Demorest-rd have a legitimate complaint that deserves some attention from the city traffic department.

At all hours of day and night large gasoline trucks take this route from Broad to Sullivant and back. Speed is not too much of an element and the matter presents a danger spot. Demorest is a residential street and as such should not have to tolerate this nuisance.

Drive-In Theater Being Built On West Broad West Of City

Work is already under way to construct a drive-in theater on W. Broad-st, just west of the city, it was learned this week.

The outdoor theater, designed to accommodate 750 automobiles, is expected to be in operation before the end of the summer, an official of the F & Y Construction Co. said.

The drive-in center is to be built on a tract of land extending from Dwight-av west along the north side of W. Broad-st. It is approximately a quarter of a mile west of the corner of Wilson-rd and W. Broad-st and will occupy an area of 10 to 12 acres.

The spokesman for the F & Y company, architects and contractors of the project, admitted that other units would be added to the theater at a later date but that "nothing can be released at this time concerning them." Reports have been numerous that a large restaurant and complete recreation center would be included in the overall development.

Excavation is now under way and steel is already on the job for the drive-in theater, it was learned. However, CPA restrictions still limit certain phases of the project at this time.

According to plans already drawn for the theater, it will be one of the finest in America. It will be known as the National Drive-in Theater.

Chinese Motif

Plans call for architecture of a Chinese motif. A 45-foot wide drive will lead off U. S. Route 40 to the main entrance. A tall, stately pylon will grace each side of the entrance. Circular wing walls, connected to the pylons, will be centered with large glass display frames, topped by attraction sign panels. Two huge masonry bases, one at the front edge of each wing wall, will support heroic proportioned Chinese lions.

Each auto will be provided with an individual, in-a-car speaker. The screen tower, surrounded by a Chinese garden wall, and constructed of steel trusses, will support transite covering.

Refreshment concessions and rest room facilities will be provided. The entire parking area will be paved and well drained.

6 West Grads To Join Army

Six members of the 1947 West High School graduating class will leave for Cleveland Monday for physical examinations preparatory to entering the United States Army.

The group includes Don (Andy) Anderson, George Lohr, Bob Glasgow, Jack Trimmer, Don Ochs and Jack Steele.

The boys have signed up for 18 months' service and will be sent to Fort Bragg, N. C., for their basic training.

HCC Favors School Levy

At its monthly meeting Thursday the Hilltop Community Council unanimously endorsed the two mill school levy to come before the voters at a special election July 1. All members were urged to support the levy.

Mrs. Elizabeth Shaw, of the Hilltop Parents Association, presented the minutes and recommendations of the various groups represented at a special meeting held at the office of The Hilltop Record a few weeks ago to discuss the recreational needs of the Hilltop. After considerable discussion the report was adopted and referred to the executive committee for further action.

Gene Jacques, president of the Canteen, presented the first anniversary all-week program.

Tentative plans for a Fourth of July program were discussed. The matter was to be investigated further by Phillip Stout, president, and Charles Reichelderfer, chairman of the special events committee.

Hilltop Pharmacist Dies Here Thursday

Glenn Gordon Howell, 53, of 2237 Sullivant-av, proprietor of the Hilltop Pharmacy, 2235 Sullivant-av, died Thursday at his home.

He was a graduate of Starling Medical College and the College of Pharmacy at Ohio State University. He had operated a drug store for 30 years. A native of Wakatomika, Ohio, he had lived in Columbus 50 years.

Mr. Howell was a member of the Masonic Lodge.

He leaves his wife, Mrs. Deborah Howell; a son, Glenn Howell, 2802 Dibblee-av; a daughter, Mrs. Paul Hughes, Somerset, Ky.; a sister, Miss Dencie Howell, Columbus, and two grandchildren.

Funeral services were held Saturday at the Floyd Born Funeral Home. Burial was in Sunset Cemetery.

Dance To Close Special Week At Teen Canteen

Jim Hill, a West High School student, and his band will furnish the music for next Saturday's dance at the Hilltop Teen Club. This dance is the wind-up of a week's celebration of the group's first birthday anniversary. Doors will open at 8. Admission will be 25c for members and 50c for guests, tax included.

The group will present a skit entitled "Shot-gun Wedding" for the parents and friends at open house Friday night. Also on the program is piano artist, Earl Parlette. All Hilltop business organizations are being invited to this affair.

Fred Warden Hilltop druggist, presented movies for the Teen Club Wednesday night. They were very interesting scenes of Canadian fishing trips. Thursday night the camera club will set up a studio in the living room of the old Weber home to take pictures of all comers.

The Teen Club now boasts of an active membership of 115 and a fast moving program for the coming summer months. The new sidewalk and volleyball court should be completed by next week. Any and all teen-agers who are interested in this community project should join soon, as the membership is limited to 200 because of lack of space.

Salvation Army Drive Is Open Through June

Any organization, club or church group wishing to give to this home missions project is asked to contact Mrs. Merry at RA. 6122.

Mrs. Jessie Shaver, 274 Nashoba-av, co-chairman, will have charge of home contributions.

Anyone living south of Sullivant-av who desires to aid in this work may get in touch with her at RA. 1830.

Columbus School Costs Low

By Paul Wichterman

The cost per pupil expended by Columbus ranks seventh among eight major Ohio cities a recent survey made by the Bureau of Educational Research at Ohio State University, reveals.

The average cost of all expenses relative to the education of a pupil in Columbus is $137.34 per year. Only Canton, with $136.56, is lower than the Columbus system, the survey shows.

Typical of costs in other Ohio cities are Cleveland with $168.54; Cincinnati with $173.28; Youngstown with $156.38 and Dayton with $150.89. The average cost for the eight largest cities is $156.03.

Passage of the two-mill school levy on July 1 plus the benefits of the Daniels-Cramer school subsidy bill would place Columbus starting salaries at approximately $2050, school officials point out. This would still be considerably lower than starting salaries in many states and cities but would be a big improvement over the present $1425 starting salary that is being shunned by the better students coming out of college this spring.

West Virginia now has a statewide minimum of $1800 and minimums of $2400 have been established statewide in Indiana, California and Washington.

George Roudebush, superintendent of Columbus schools, points out that teachers will not profit from the Daniels-Cramer bill this year. The city will get approximately $255,500 in 1947. From this sum an operating deficit of $200,000 must be subtracted. In 1948 it estimated that a general salary increase of $125 per year will be possible. Revenue from the anticipated passage of the two-mill school levy is expected to make possible an increase of $500 per teacher and other employe.

Addition of the two-mill levy to the Columbus tax rate would make it still lower than nearly any major Ohio city. It will not violate the promise made to Columbus voters for passage of the $24,000,000 bond issue for improvement and construction, sponsored by the Metropolitan Committee in 1945. At that time voters were promised that the tax rate would not exceed 20 mills during the next five years. Addition of the two-mill levy would make the city's tax rate 18 mills, it is pointed out.

Voters who are not properly registered have until tomorrow evening to re-register with the Franklin County Board of Elections, 214½ S. High-st. Frank Marsh, clerk of the board, said his office would be open from 8 a. m. until 4:30 p. m. Any person who has moved or has failed to vote during the last two years must register in order to be eligible to vote in the July 1 special election.

The need for every person who has the interest of the children at heart to vote on July 1 and to encourage their friends and neighbors to support the two-mill levy is urgent. A 60 per cent majority is necessary to approve the levy.

Failure of this measure could not help but do a grave injustice to the children of the Hilltop and of our city. Teachers need pay increases to maintain a decent standard of living in these days of increasing living costs. They cannot be expected to do their best work when it is necessary for them to hold other part-time jobs in order to make ends meet. This is actually being done by many of them today—not by choice—but out of necessity.

Other local groups this week endorsed the two-mill levy as being essential to the continued welfare of the schools. The Hilltop Business Association and the Hilltop Community Council added their voices to those favoring the levy.

Previously the Hilltop Kiwanis Club, West High Boosters Club, Southwest District Scouters, Westway Post, VFW, and the West High PTA had endorsed the measure.

2 Cattle Returned To Hart-rd Owner

Harold Chenowith, 864 Hart-rd, has two head of cattle back in his twn pasture again after having been "rustled" less than two weeks ago.

A 900-pound whiteface steer and a Guernsey heifer were found in southern Ohio where they had been sold recently as a result of some good detective work on the part of the owner and Franklin County sheriff's deputies.

A man from the Hart-rd community is said to be under arrest in connection with the theft.

Glider Want Ad Brings 24 Calls

Mrs. D. E. Wells, 2640 W. Broad-st, sold a glider by noon Thursday through a two-line ad in the want ad pages of The Hilltop Record. After the sale she received nearly a dozen more calls, bringing her total number of calls on this item to approximately two dozen.

The price of her ad was one quarter, considerably less than the price she received from what she sold. Record classified ads save you money, save you time and reap rewards. Call RA. 1125 before 9 a. m. each Wednesday and see for yourself what they can do for you.

The New Magly Field Scoreboard

This is what the new electric scoreboard will look like when it is installed at Magly Field in connection with the lights for the field. The West High Boosters Club is paying for the board, which is already on order.

RATS
Will Be The Object Of Open Warfare Soon

Members of the committee from the Hilltop Business Association appointed to formulate plans for a rat killing drive on the Hilltop have decided against a contest to be conducted by youngsters alone and are soliciting the help of all adults and youngsters in their efforts to get rid of the rodents.

The committee has decided that an effective campaign can be conducted only by use of proper rat poisons and are thus insisting that the program be carefully supervised by adults.

Present plans call for the enlistment of volunteer workers, both among members of the association and residents of all sections of the community.

When a sufficient number of supervisors have been registered a meeting will be called at which time full details of the campaign will be explained.

In the meantime an effort is being made to solicit enough money from business firms and interested individuals who care to contribute to make it possible to buy the ANTU rat killer in wholesale quantities to be distributed free to block supervisors for use in a properly conducted campaign.

A committee made up of C. C. Hartley, Harold Fox, Clarence Story and Bill Coon, has estimated the rat population of the Hilltop to be approximately 50,000, this estimate secured from reliable sources.

It is the hope that during this cleanup it will be possible to reduce this population to a minimum.

Later announcements in the Record will carry details of the conduct of the drive and will solicit support of Boy Scout troops in gathering evidence of success of the drive. Arrangements are being made to remunerate the troops in some way for their services.

Persons having a distinct rat problem are asked to communicate with The Hilltop Record and an effort will be made to assign workers to this district.

Volunteers who are willing to assist with the plan are also asked to call the Record and leave their names, addresses and phone numbers so that they may be contacted at the proper time.

More complete details will be carried in the Record next Thursday.

BEES
In Weather-boarding Creates Local Problem

A certain Hilltopper maintains "bees in your bonnet" are not nearly as provoking as "bees in your weather-boarding."

Without so much as an identifying insignia, a "fighting squad" of bees flew in one sunny morning last week, swarming noisily between the homes of the Marquis Van De Mark family and Mr. and Mrs. Ted Woda, 79 and 85 N. Wayne-av.

"Queenie" looked the situation over and, without listening to protesting neighbors below, beckoned all the little drones and workers on, plastering themselves rock-pile fashion beneath the eaves of the Van De Mark residence.

Without further ado, the squadron buzzed in several dime-size holes where a light meter had once maintained residence. Within minutes the black mass disappeared, leaving only a few guards outside, evidently to tack up a "Do Not Disturb, Bees at Work" sign.

The whole colony is working furiously now, shuttling industriously back and forth between the forbidden holes and the rose bushes in the neighboring yards.

In the meantime the Van De Marks are losing sleep over how to rid the household of its newly-acquired friends. First, they contacted the university in hope that the entomology department could "charm" them away, but without being residents of the North end, the "bee men" could do nothing for them.

After contacting several others, all to no avail, the family has finally decided that either the bees will stay to make honey or the wall will have to be torn down. Not wishing to destroy their home, they will keep the bees, unless there's an available Hilltopper who would like them.

With all that potential honey there ought to be someone with an eye for business who would consider working the pied piper trick on bees.

SQUIRREL
Bites Three Persons Here

A squirrel went on a rampage on N. Burgess-av Monday, biting three people before being felled by a shotgun blast by Harry Chapman, 21, of West Jefferson. Examination by the City Board of Health revealed that the animal was not rabid as at first feared.

Chapman was bitten by the rodent as he was leaving the home of Mr. and Mrs. Art Kimmel, 38 N Burgess-av, where he had just completed reading the gas meter. Earlier the same animal had attacked 9-year-old Cecil Neff, Jr., son of Mr. and Mrs. Cecil Neff, 90 N. Terrace-av, and Dana McBride, 30 N. Ogden-av.

Dr. Frank Griffin of the board of health said that examination of the brain of the squirrel revealed no signs of rabies. He surmised that the animal had young ones nearby and was concerned over their safety.

The incident created considerable excitement in the neighborhood over the week-end.

Bees, Squirrels, Rats And Rustlers Help Make News On The Hilltop

Unseasonable weather over the week-end constituted only one of several unusual news happenings on the Hilltop this week.

A swarm of bees took up residence behind the weather-boarding of a N. Wayne-av home, notwithstanding the protests of the bewildered Van De Mark family.

A squirrel bit a nine-year-old N. Burgess-av boy and later attacked a gas meter reader and another resident of that area before being felled by a shotgun blast.

A committee of business men was drawing up plans to launch a community-wide Rat Derby to help rid the Hilltop of these unwelcome rodents.

A Galloway man had an overcoat stolen from his arm as he walked down W. Broad-st one warm (?) June day this week.

Cow rustlers were active down on Hart-rd as one farmer reported the theft of two of his cows from a pasture field.

The thermometer continued to hover in the 50's and 60's most of the time from Saturday afternoon through most of Tuesday and the weather man still couldn't get that "possible scattered showers" out of his prediction.

In spite of all these happenings—it was a quiet week on the Hilltop.

Boosters' Paper Drive Will Be Held Sunday

Paper, Magazines, Cardboard and Rags Wanted To Improve Magly Field

The final West High Boosters Paper Drive of the summer will be conducted Sunday starting at 11 a. m. Papers magazines, cardboard or rags will be appreciated by the collectors made up of Booster members and West High students.

M. E. (Jack) Sensenbrenner, 335 Guernsey-av, is chairman of the drive that was postponed from last month as a result of continued rains. Proceeds will be used to make improvements to Magly Field.

Students and helpers are asked to report to West High School at 11 o'clock to be assigned to trucks to help pick up the paper. Refreshments will be served to all who work on the drive.

Mack Pemberton, football coach at West, asked that all boys who plan to come out for football next fall report for duty Sunday to help with the drive. Coach R. C. (Rufe) Glass has urged track candidates, also to help gather up paper.

A sound truck will tour the streets of the Hilltop Thursday and Friday evenings to broadcast a reminder to every resident that his collection of paper and rags is needed.

Trucks Donated

Trucks are being donated by several Hilltoppers without charge to the Boosters.

Sensenbrenner made the following appeal to residents and students:

"This will be our last big drive until fall—so clean up that garage and basement and help the fund for a bigger and better West High athletic field.

"ATTENTION ALL WEST HIGH STUDENTS.

"We are counting on you to be at the high school between 11 a. m. and noon. This is for your school and remember we will be looking for you.

"Place your paper, magazines and rags on the porch or curb. This will be a great help to the collectors. Please tie bundles if at all possible.

"Your cooperation will be appreciated. Thanks to everyone who in any way helps to make this drive a success."

Any person who may be missed on Sunday is invited to call RA. 2080 or Richard (Dick) Francis, Booster president, at RA. 0725. An attempt will be made to clean up any calls on the following day.

A few more trucks could also be used to help with the pickup, Francis said. Any busines firm or individual having a truck that he would be willing to donate is asked to get in touch with Mr. Francis.

A few months ago the Boosters put on a paper drive that grossed more than $1000. It was the biggest single drive ever put on in the city by any group, it is believed.

A new electric scoreboard is already on order to be installed at Magly Field for use this fall. Lights for the playing field are to be installed this summer so that all except one of the next season's home games will be played under the lights.

West High School is one of the last schools in the city to be without lights for its gridiron. Next year the Boosters plan to erect a press box on the stadium.

Playground Openings To Be Monday

Official opening ceremonies of the five Hilltop playgrounds will be held Monday at 1:30 p. m. The program is being planned again this year by the Hilltop Community Council in cooperation with the City Recreation Department and the Board of Education. Charles Reichelderfer is the general chairman.

At Westgate Park, Mack Pemberton is the supervisor. Mrs. P. B. Benton and Mrs. Ray Cave will be in charge of the program.

At Holton Park, Ernest P. McClain is supervisor. Mrs. H. C. Whipple and Mrs. E. F. Lutz are in charge.

At Glenwood Miss Betty Rush is supervisor. Mrs. Edw. F. Thompson and Mrs. R. Hastelow are in charge.

At John Burroughs the supervisor has not yet been named, but Mrs. Edward Bradfute and Mrs. J. W. Bowers will be in charge of the program.

At West Broad Street School Mrs. Earl Abram and Mrs. R. E. Davis will be in charge of opening arrangements. The supervisor has likewise not been named at this time.

Prizes for the many events are being donated this year by the Hilltop Business Association and the Kiwanis Club.

The programs at each playground will open with the raising of the American Flag; "To the Colors" by Boy Scout Buglers, accompanied by color guards of Boy Scouts, Girl Scouts and Camp Fire Girls.

Prizes will be awarded for the best decorated bicycle, tricycle, baby buggy or wagon.

Foot races, athletic events and games will round out the programs with prizes being awarded the winners.

Street Painting Nears Completion

Barring too many interruptions by the weatherman, safety zones and other street markings will be painted on all of W. Broad-st and Sullivant-av this week, Safety Director C. C. Cole reported.

A crew of workmen started to paint Broad-st last week but got in only two days of work. Continued rains kept the painting crew inactive through all except two days of May and up to now the record hasn't been much better for June.

The project will include all new center lines, cross walks, safety zones and curb markings.

Permanent colored block for marking safety walks at principal intersections on the Hilltop are on order but may not be received in time to use this summer, Cole said. Painted markings may be put down at present to be replaced by the permanent markers when they arrive he said.

The Hilltop is to get the first of the new street signs as soon as they arrive, Cole told The Hilltop Record. An order for $27,000 worth of signs has been placed to give more adequate warning signs at intersections.

VFW Endorses 2-Mill Tax Levy

The following resolution was adopted June 6 by Westway Post No. 3441, VFW, relative to passage of the 2-mill school levy on July 1:

Westway Post 3441, Veterans of Foreign Wars of the United States, located at 2393½ W. Broad St., and one of the representative organizations of the Hilltop, wishes to go on record as favoring the proposed two mill levy to be voted on July 1—for the purpose of improving the salary schedule for Columbus school employees.

It is essential from a civic and social standpoint for our community to have and to keep well trained and well qualified teach-

It is our belief that finances adequate to do this can and should be made available to the Board of Education. This can be done by passage of the two mill levy.

We urge our membership and all other citizens of this community to support the proposal.

Henry A. Levy, Adjutant
Charles W. Geddes, Commander

West Year Book Ready By June 30

The West High School year book The Occident, will soon be off the press and will be ready for distribution to students by June 30, H. L. Zulauf, faculty manager, said this week.

Time and place where the annuals may be obtained will be announced in next week's Hilltop Record.

The delay in completion of the annuals resulted from difficulty in getting engravings, Mr. Zulauf said.

Rain Delays Work On W. Broad

Continued rains have thrown the U. S. Route 40 highway project approximately 30 days behind schedule, Robert Werner, 187 N. Harris-av, highway engineer, said this week.

Paving of the south half of the four-lane roadway from the city limits west to Georgesville-rd had orginally been scheduled for completion by Sept. 1, but will not be finished until the end of the month, Werner said.

The underground work has been completed and work on the subgrading, curbing, etc., will progress rapidly once workmen get a break in the weather.

The three-C Highway is being covered with a coat of asphaltic concrete between the city limits and Grove City, Werner also announced. Work started on this project Monday morning and is expected to be completed in 30 days.

Werner said that the resurfacing was being done to preserve the pavement and to make the road less slippery in wet weather. Robert J. Dienst and Son have the contract for the work.

Right-of-way Clear

The last piece of property needed to clear the right-of-way for the Sandusky Street Bridge project was obtained last week, thus clearing the way for early progress on that much needed improvement. Plans are going through the final checking stage by city, county, state and federal authorities. Signing of the plans is expected by some of the interested parties this week, it was learned.

Money for the project has been set aside by city, county, state and federal officials and a final estimate preparatory to advertising for bids will be completed soon, it was learned.

HBA Members Meet Tuesday

Sixty-five members of the Hilltop Business Association were entertained at the home of C. Carlton Hartley, 1370 Wilson-rd, Tuesday evening in the final meeting until fall.

The evening was devoted largely to games with only a short business session.

During the business meeting a resolution was adopted endorsing the two-mill school levy to be voted on in Columbus July 1, and plans were outlined for conducting a rat elimination program this summer.

Five more candidates were voted into membership. They are Broad-Warren Market, 2656 W. Broad-st; Recob's Bakery, 2840 W. Broad-st; George Schaaf, real estate, 649 S. Wayne-av; Edward J. They Exchange Wedding Vows

Mr. and Mrs. Robert Leon Humphreys

Hilltop Lutheran Church was the scene of the marriage on June 3, in which Miss Jeanne Lauer became the bride of Mr. Robert Leon Humphreys of El Reno, Okla. The bride is the daughter of Mr. and Mrs. Charles J. Lauer, 86 S. Sylvan-av, and the groom is the son of Mr. and Mrs. Leon A. Humphreys, 630 E. Town-st. Rev. Carl Driscoll, cousin of the bride, officiated at the 7:30 o'clock double ring ceremony, assisted by Rev. Russell Olson.

The bride, in turquoise blue crepe with a hat of matching maline, wore a corsage of pink sweetheart roses and pink carnations.

Miss Yvonne Lauer, sister of the bride, was maid of honor. She wore a frock of pink with a corsage of yellow roses.

Mr. Stanley Brown of Oklahoma City, Okla., a fraternity brother of the groom, acted as best man.

Mr. E. W. Lauer, Jr., cousin of the bride, and Mr. I. G. Everett were the ushers.

The wedding was preceded by music, played by the church organist, Ruth Warren.

A reception was held at the bride's home following the ceremony for the immediate families and close friends. The bride's mother chose an aqua crepe dress with white accessories and a corsage of gardenias, while the groom's mother was attired in black chiffon with black accessories and wore a corsage of white gardenias.

The new Mrs. Humphreys is a graduate of West High School and attended Franklin University. The groom attends the University of Oklahoma in the college of geology and is a member of Sigma Chi Fraternity.

The couple left June 4 for Norman, Okla., where they will make their home.

"that's a fine home you're building!"

YES, I think I'm going to like it.

I wish I had a home of my own.

Well, why not?

My wife has the idea that it would be a great worry if anything happened to me.

Nothing to it, my boy. The arrangements I've made with the SUN LIFE OF CANADA will clear the mortgage in the event of my untimely death.

I never thought of that. What about the cost?

Insignificant! In fact, it adds very little to the carrying charge of the mortgage.

IF you are a home-owner, make your investment safe for posterity. A SUN LIFE man will be glad to talk it over with you.

Vacation Days Bring Added Traffic Hazards

"Yes, Skinny, school's over," a cry similar to this has been heard in some Ohio communities already, and the next two weeks will bring such joyful cries all over the state.

J. C. Hiestand, president, Ohio State Safety Council, calls attention to the fact that any daylight hour may see youth playing in or near our streets, and highways. The school boy safety patrols are not on duty near play areas, and the youthful pedestrian is practically uncontrolled.

Last year, many of the injuries to school age pedestrians occurred during summer months. Motorists need to be more than usually alert lest a child dash into the path of his car, traveling at a speed which will not give either youth or driver a chance to avert a tragedy.

When passing parks, playgrounds or picnic spots, slow down—it won't lose a minute and may save a life.

Parents should caution their children constantly to be alert and cautious in crossing streets and roads. Play in or near the road should be discouraged. Ball games and playing tag are two big problems which the motorist cannot do much about—yet they produce quite a few accidents.

Intensive, Continuous Efforts Needed to Halt Traffic Deaths

By Major Gen. Philip B. Fleming
Administrator of the Federal Works Agency and General Chairman of the President's Highway Safety Conference

Last year 33,500 persons died in automobile accidents in the United States.

That fact may not register very strongly. After all, 33,500 is just a figure.

Maybe you can visualize the extent of the slaughter a little better if you will imagine that many people lined up in parade formation and marching from noon to sundown to pass a reviewing stand.

Or, suppose all those people had been killed at the same place—in front of your home, say. Then you could have stood on your front porch day and night, week in and week out, and witnessed a death on the average every 13 minutes.

That's as many as live in such a city as Elkhart, Indiana, or Paducah, Kentucky or Watertown, Massachusetts. They are all dead now, killed in accidents that could have been avoided. Hundreds of thousands of orphans, widows and bereaved parents are left to mourn in every city in the land.

Even so, 1946 was not our worst year for traffic fatalities. All things considered, the record for that year was pretty good. The most tragic year in motoring history was 1941 when 37,512 persons were killed. That was the high point to which traffic fatalities had steadily climbed over a 30-year period beginning about 1912 when 1,758 died. After 1912, the popularity of he automobile grew and so did the number of deaths. Year by year the number killed increased, with a few exceptions—notably during the war when gasoline rationing drastically curtailed driving.

After Japan surrendered and gasoline rationing was abandoned, fatal accidents shot upward. In the first four or five months of last year, people were being done to death in such staggering numbers that it was confidently predicted the fatality list would exceed that for 1941. So, when I say that the record for 1946 was "pretty good," what I mean is that it might have been much worse, that the rising curve of fatalities was turned downward, and that the number killed in proportion to miles driven was substantially less then in the year before. The improvement seems to be continuing into 1947.

It is significant that the tide turned last year following the President's Highway Safety Conference held at Washington early in May. Alarmed by the senseless and inexcusable slaughter, President Truman called together the governors of the states, mayors of the larger cities, legislators, engineers, judges, educators, and other outstanding citizens to see if some means could not be devised to put an end to it.

The conference adopted an action program which contained recommendations of experts on various phases of the problem. Engineers, for example, showed how safer highways could be built. Lawyers stressed the importance of uniform traffic regulations. Judges and police officials drew up a list of the best techniques for traffic law enforcement. Educators drafted a program for teaching safety in the schools.

The 2,000 delegates to the conference took the action program to their home communities, determined to put it into effect among their own friends and neighbors. Some 20 of the governors called safety conferences of their own to supplement the president's conference. So did the mayors of some of the larger cities.

Everywhere it was agreed that brief "spasm" campaigns for traffic safety, which run for a few weeks and are then forgotten, bring no lasting benefits. Rather, the need is for intensive effort on the part of police, judges, educators, engineers, and the general public every day of the year. Each one of us, as driver or pedestrian, must not only support the efforts of our public officials, but we must accept in good faith our own individual responsibility. Each man, woman and child must accept in his conscience, as before the law, the responsibility for the consequences of his own acts.

Where the action program has been put into effect and backed up by intensive effort, you will find traffic fatalities declining. Where public officials are conducting only occasional "spasm" crusades and the public is indifferent, you will find such fatalities rising.

Fishing License Must Be Visible

Ohio fishermen were warned again this week by the law enforcement section of the division of conservation that the law requiring that fishing license badges "shall be visible on outer garment when fishing" will continue to be enforced and fishermen apprehended not obeying this law will be subject to immediate arrest.

Commissioner H. A. Rider said, "For several years now we have been trying to break up this business of letting fishermen get by with excuses that their license badges were at home on another hat. We have numerous case history reports from game protectors who have followed through on a number of occasions and found that the fisherman could not produce the 'other hat.' "Naturally," Rider said, "such stringent enforcement steps on the toes of those who do actually have a license at home or on another hat but we are continuing to enforce the law as it is written, in order to be fair to those many thousands of people who obey the rules."

Perry Colvin Recalls Early Days On Hilltop Before Super Food Markets

Few motorists driving down Binns-blvd, know that the street was named after David Binns and his son, Emmitt, prominent Hilltoppers when most of the surrounding territory was pasture land.

Many of the Hilltop thoroughfares were endowed with names of well-known persons who occupied eminent positions in the neighborhood. Perry Colvin, 123 N. Eureka-av, an old-timer who will celebrate his 75th birthday August 4, recalls a few of these incidents.

Well-known on the west side of Columbus in the days of "yesteryear" were the Derrer brothers, George and Jonah, and their father, Michael. Derrer-rd took its name from this family.

Where the Spears Funeral Home is now located, William Harris once owned and operated a dairy, his land running through to Sullivant-av. Harris-av was named for him.

A second dairy furnished milk for the State Hospital and was located where the Allen Funeral Home now stands. Eldon Smith was owner and from his name, Eldon-av got its title.

Mr. Colvin remembers other interesting things about the days when horse-drawn street cars turned about and returned to "town" at the foot of "Asylum" hill. When he was 13 years old he watched the bricks being hauled to build the Thomas home, which later became the Weber residence, and is now the Teen Canteen. He recalls, also, a combination blacksmith shop and livery stable at Broad and Hague, and the old tavern at Broad and Chase correctly called "Four Mile House."

Married In 1900

Mr. Colvin did his "courting" in a horse and buggy, driving 22 miles to call on a young lady of Plain City who later became his wife. The girl, whose name was Ada, married Perry Colvin in 1900. She died in 1940.

Among Mr. Colvin's most cherished memories are the long-anticipated trips to Broad and High with his father. Unlike today, there were no grocery stores along West Broad-st, and the Colvins found it necessary to do their shopping at Wheeler's grocery, located where the Deshler-Wallick is now situated. The family banking was done on the corner of Broad and High where a huge Negro policeman stood sedately at the front door.

Colvin, as a boy, attended Rome school, a building now being used as a residence on Norton-rd. In 1880 he transferred to the Butler School on Hall-rd, newly-built that year. The members of his class at that school still hold an annual class reunion the first Sunday in August to renew old friendships.

Mr. Colvin sums up his feelings toward the Hilltop in a few words. "I have seen this section of Columbus grow from a mere pasture field to its present populated state, and feel that I am just another spoke in the wheel."

13 Club Gives Out-board Motor

River rescue work by the Columbus Fire Depariment emergency squad will be materially aided as a result of a gift from the 13 Club, local social and charitable organization.

The club recently presented the department with an outboard motor to be used in rescue work.

Mrs. Deilchle, Leader

Girl Scout Troop No. 103 presented the West Side Day Nursery with 18 spool dolls, made by the girls of the troop, for the children at the nursery. Wilma Kenworthy, Glenna Walton and Barbara Williams represented the troop.

Girl Scout Troop No. 103 a hiking did go Monday, June 16, stopping at Westgate Park for cookout and opening day at the playgrounds.

Billfold Is Lifted

Dennis Parsons, 118 Belvidere-av, reported to sheriff's deputies that he was robbed of his billfold, a ring and a wristwatch by two women who gave him a ride in their car in N. High-st over the week-end.

Local Boys' State Delegates Give Report On Experiences

Three Hilltop boys are attending the American Legion Boys' State now in session at Delaware. They are James Cockfield, Ralph Panos and Donald Watkins, sponsored by the Camp Chase Post No. 98, the Hilltop Kiwanis Club and the Hilltop Business Association.

The following account of activities at this annual affair is reported by Panos in a special letter to The Hilltop Record.

The first thing we did here when we arrived was to register and be assigned to a city and county. After I found out what dormitory I was in, I met all the boys in my city and started to campaign. Today I was elected mayor of Paterson City.

After lunch all the boys kept campaigning for their respective offices. This lasted till dinner time.

For dinner we had roast beef, mashed potatoes, corn, milk, salad and chocolate cake. So far the food here has been excellent. Saturday evening the entire Boys' State met at Gray Chapel. We were introduced to the commission of Boy State who are at the head of Boys' State. They outlined who and how we were to carry out our caucus meeting for the election of state and county offices.

After church Sunday, we went to the state convention. We just made temporary appointments at this meeting to prepare for the afternoon session. In the afternoon we elected the Nationalist party selections for the state offices.

In the evening we again met at Gray Chapel and had a pep rally for both parties. Each party laid down its platform for the boys to consider. Party officials tried to convince us to vote for their party by giving high class speeches. We then were told by a member of the commission who will conduct our election in each city Monday morning.

The following are exceprts from a letter received Wednesday morning from Donald Watkins:

There are three dormitories here that we are using. Each one is a county and there are five or six cities in each county or dormitory. Since there are three delegates from Camp Chase Post No. 98, each of us is in a different county.

Everyone is campaigning for himself or someone else. There are papers, posters, bands, banners, etc. Last night we had a caucus of each party. When you get here you are automatically assigned either to the Nationalist or the Federalist party.

At the party caucus we elected delegates to the state and county conventions. I spent most of this afternoon watching the Nationalist convention. This evening there was a political rally and what a time we had, as you can imagine.

Tomorrow is a big day. On the slate are elections and inauguration. Most of the food we've had so far has been very good and we've had enough of it.

It is getting pretty late and time to hit the hay so the councilor just told me. So, be seeing you.

Donald Watkins

Jim Cockfield had the following additional information to add to the account of life at Boys' State:

I am sorry that I haven't been able to follow the other fellows' activities from Columbus, therefore everything I tell you will be strictly from a personal viewpoint.

Upon our arrival . . . I found myself assigned to Mecow City of Elden County. I thought the campaigning was getting pretty "hot" when I walked up the steps of Elden County but within four hours it was bedlam. The whole campus where we were situated was one conglomeration of signs of every size, shape and color. We also had about a half dozen assorted bands. We even had a "hillbilly" quartet. My own slogan was "Win With Jim."

I had planned to run for state attorney general but after I was elected to the state caucus the delegation from our city outlined some political strategy in which we supported another fellow by the name of Stede who already had the backing of seven cities. Now I am running for city treasurer and I am also planning on taking the bar examination tomorrow. By the way, I was assigned to the Federalist party and in case anybody's interested, those Nationalists don't have a chance.

The food here was excellent up until the last two meals, but the commission has promised to remedy the situation. There's the chow call now, so I guess I had better run. (Hope there's an improvement in the food.)

Jim Cockfield.

P. S.: We vote this morning at 9 o'clock.

Here Are Hints On Gravy Making For New Brides

There's scarcely a bride who doesn't stumble a little when it comes to making gravy. Yet, according to Roba Staggs, home economist, this is one item that every bride should know how to make for good gravy is an essential part of a great many meat dishes.

There are two types of gravies, says Miss Staggs—the natural pan gravy that is often served with a roast, and the thickened gravy or meat sauce. Pan gravy is made simply by adding boiling water to meat drippings, using half as much water as drippings. Then salt, pepper, and perhaps a bit of worcestershire sauce are added for seasoning.

Thickened gravies are not as difficult as they seem, if the home maker follows three simple rules: Measure the ingredients carefully; blend them thoroughly; then stir and cook for three to five minutes, until the starch (which is usually in the form of flour) is thoroughly cooked.

Gravy made from beef, veal or lamb drippings is usually a brown gravy. Cooking the flour and fat together until the flour is browned helps to give a rich brown color. Cream gravy — or light gravy made with milk or cream—is very often served with pork.

When served on mashed potatoes but biscuits, bread dressing spaghetti or rice, gravy not only extends the meal, but also adds nourishment to the meal. The fat in the dripping has energy value; and research has shown that some of the vitamins in the meat go into the drippings during cooking.

INJURED IN AUTO CRASH

Frank Richards and his wife, Helen Marie, 378 S. Terrace-av, suffered chest injuries and body bruises early Sunday morning when the auto in which they were riding was in a collision with a car driven by Ralph Van Winkle in the 1800 block of McKinley-av.

They were treated at Mt. Carmel Hospital.

Now Firemen Can Ignore Falling Walls

A converted Sherman tank with water nozzles instead of a cannon goes into action as a fire-fighting machine to defy blazing aircraft or exploding ammunition. Known as an "ammunition dump fire fighter," the remodeled land dreadnought is expected to revolutionize methods of combatting dangerous fires by permitting fire fighters to march right into the middle of the blaze with [illegible]

Watts To Face Co. Grand Jury

Joseph E. Watts, 476 S. Huron-av, was bound over to the grand jury under bond of $1000 in connection with the fatal shooting of Donald Dethy on May 18. The hearing came up in police court Tuesday.

Watts had previously entered a plea of innocent and the case was continued until Tuesday of this week. He is being charged with manslaughter in connection with the death of the 14-year-old Westgate boy. Charges were filed by the victim's father, Raymond A. Dethy, 3013 Parkside-dr.

Donald was shot and killed when Watts mistook him for a prowler after seeing him in a neighbor's yard.

Atlantic Crossing On Queen Elizabeth Recalled By Vet

EDITOR'S NOTE: No doubt several Hilltop veterans of World War II crossed the Atlantic Ocean on the giant Queen Elizabeth, queen of the seas. The following account of one crossing is recalled by Ed Schambs, circulation manager of The Hilltop Record. The huge vessel loaded at New York on New Year's Day, 1944.

We said goodby to the U. S. A. as we slid quietly out of New York aboard the gigantic Queen Elizabeth.

The French liner Il de France was scheduled to sail with us but due to hull trouble the passengers had been transferred to our ship. We now sailed alone into the wintry Atlantic with approximately twenty-five thousand soldiers aboard.

The Queen Elizabeth's speed enabled her to outrun submarines, therefore, she did not need to travel in convoy. This was not much consolation as we thought of the wolf packs waiting in the Atlantic.

Course was changed every seven minutes to avoid torpedoing of the proud giant. Rigid orders were enforced as to any refuse thrown overboard. No cigarettes, orange peels or other types of garbage left the ship. One of these tiny articles seen by a surfaced sub would send them after another gory prize.

Quarters were jammed; men lived in the, mammoth swimming pools, and many an unfortunate G. I. was forced to face an Atlantic winter on deck for the entire trip. A stateroom built to accommodate two, now became the home of 24 men.

Our initial course took us south along the coast and then out into the Atlantic. Due to some unknown order our course was abruptly changed to a northern one which we traveled for four days.

The fourth night orders were issued by the loudspeaker system that the heating plant was broken and we should all sleep in our clothes. This notice was not encouraging as the heat was steadily pouring through the registers in our room and we knew trouble was afoot.

The night passed in endless hours of shifting courses, turned down motors, and blacked out rooms as we fled from the packs we knew were somewhere below.

Morning dawned and we were on deck en mass to greet the rough seas pounding the great ship. These seas were a sure sign that the pack had lost their prize. Darkness descended at 2:00 p. m. so we knew we were in the vicinity of the Arctic Circle.

The next day still found us in rough seas but making good time. An announcement was made that our destination was England and with luck we would arrive the next day. The entire day was spent in the usual shots, physicals, and in trying to make head or tail of British money. This sixth and last night aboard the floating city was uneventful.

Morning dawned and the air of expectancy concerning the sight of land ran high. Thousands of rumors ran through the ship and land was sighted a thousand times.

This relaxation was interrupted by the drone of a bomber headed our way. Dead silence fell as the drum of its motor drew nearer. Suddenly a great cry arose from the ship as the plane was recognized as an American B-24 sent out to escort us in. Those pilots will never realize the thunderous ovation they received as they flew over us and dipped their wing, then started their task of mother hen leading her giant chick into the River Clyde, Scotland, and firm friendly land once more.

John Mutchler Rites Will Be Held Friday

His body was discovered in his parked automobile along Route 33, south of Logan, in Hocking County. He had been visiting friends in that area and had complained of being ill and had decided to return home.

An employe of the local school for 36 years, he had retired and built his home at 29 N. Westgate-av in 1941. His wife died during the past winter.

He is survived by a son, Dwight, of Chicago; a brother, Guy Mutchler, Rutland, Ohio, and two grandsons.

Friends may call at the Spears Funeral Home until the time of services at 10 a. m. Friday. Rev. James F. Lorenz will officiate, with burial at Sunset Cemetery.

He was a member of Westgate Masonic Lodge, Scottish Rite, Shrine, IOOF and Rebekahs.

New 2, 4-D Is Effective Weed Killer For Lawn

Now is a good time to clean up the lawn with the new and promising weed killer, 2, 4-D. It is appearing on the market under a great variety of trade names, according to F. E. Welton, agronomist at the Ohio Agricultural Experiment Station. Most of these are in one or another of the three following forms: (1) Powders or tablets (usually sodium or ammonium salts of 2, 4-D), (2) Concentrated water solutions, and (3) Oily liquids. These products are essentially equal per unit of actual 2, 4-D.

2-4D is exceedingly potent, experimental work having shown that a very dilute solution, 0.1 per cent, will kill most lawn weeds, especially while they are young and in an active state of growth. Some weeds, however, like common chickweed, ground ivy and sorrel, require a stronger solution. In mixed populations, therefore, representing weeds of varying degrees of tolerance and different ages, it is often advantageous to use a stronger solution—a 0.15 to 0.3 per cent—and thus avoid necessity for repeating treatment. However, a very strong solution may kill the bent grasses. In general, the directions given on containers are based on solutions of approximately 0.1 per cent.

Enough solution should be applied to moisten thoroughly the leaves—about five gallons per 1,000 square feet—and it is best applied in a pressure sprayer. 2, 4-D is hard to remove from a sprayer but it can be done by rinsing thoroughly with tri-sodium phosphate solution (one heaping tablespoon per gallon) or household ammonia solution (one tablespoon per three pints of water), allowing it to remain in the sprayer 36 to 48 hours.

Great care should be exercised to keep it off valuable shrubbery and garden vegetables for it is known to injure many kinds of plants.

Statue On Capitol

The 19-foot bronze female figure which surmounts the Capitol of the United States is the "Statue of Freedom." Originally named "Armed Freedom," it was modeled in Italy by Thomas Crawford from plans approved by Jefferson Davis, who was chairman of the Committee on Public Buildings in 1850. The plaster model was shipped to this country where it was cast in bronze. At the base of the statue a wide circular band is inscribed: "E pluribus unum" ("from many, one"). The statue was set in place on December 2, 1863.

Patricia Bailey, 17, of 248 Clarendon-av, told Cleveland police this week that there was nothing to a story told by two companions that she had been abducted at the end of a hitch-hiking ride to that city.

Considerable concern was shown for her welfare when Lillie Belle Fore, 21, of 1444 Wendell-av, and Margaret Haynie, 19, of the same address, reported to Cleveland police that Miss Bailey had been forced to accompany a couple who picked them up in Mt. Vernon.

The local girl told police she had gone to Cleveland to visit a sister, but because of her late arrival, decided to stay at the home of a friend.

Dr. Whitehead Gives Silver Set To WSCS of Glenwood Methodist Church

Fifty-one years ago, members of the Glenwood Methodist Church presented a beautiful and useful six-piece silver set to one of their favorite sons, Dr. Howard Whitehead, a charter member of the church and an enterprising young doctor just out of Starling Medical College three years.

The gift was given him at a gala reception celebrating his marriage to Miss Emma Slack, a slender young miss from Galena, Ohio. Scene of the reception was the William Smith residence, now the Noble Allen Funeral Home on W. Broad-st. (Eldon-av was later named after Smith's son, Eldon).

During the next 50 years the picturesque silver set occupied a prominent position in the hearts and lives of the Whitehead family, and with age and use, it was necessary to have it re-plated several times.

The same set was recently returned to the Glenwood Church when Dr. Whitehead gave it to the Women's Society of Christian Service at its May meeting.

Included in the group are a tea urn, coffee urn, sugar and creamer, spoon holder and butter plate.

Present at the luncheon was only one woman of the original group which presented the lovely gift to the doctor, Mrs. D. J. Marshall.

This is only one of many gifts which the doctor has given the church. Now on order are chimes for attaching to the organ, and several months ago he gave the money for a set of dishes for use by the WSCS.

The doctor resides at 2230 W. Broad-st, where he practices medicine in an adjoining office. His housekeeper is an old friend of the Whiteheads. Abbie M. Chenowith, who with her husband lived with the doctor 21 years ago.

News of Rome

By Mrs. E. C. Sheets

James Snyder, of Maple-dr, who is stationed in Japan, phoned home Saturday night. The family is looking forward to his arrival earlier than was first planned. Jim Snyder, Jr., a graduate in the West High class this year, is working at the Moores & Ross Co., until September, when he expects to enter Ohio State University.

Saturday afternoon Mrs. Casper H. Benson, 2175 E. Broad-st, entertained the Columbus Chapter, D. A. R., at her home with Flag Day program. Mrs. McKendree, who is a member, took her daughter, Mrs. James Whalen, as her guest. This organization is very dear to Mrs. McKendree, whose great-great-grandfather Stacey fought under General Washington. Stacey had the official position of tax collector for Great Britain, but disliked his job so much that he offered his services among the first to fight with Washington. Stacey fought with the others, without pay, until the war ended. He was one of the men who formed the Connecticut Land Company, and was given 1,000 acres along the Ohio River, where Marietta is located. Mrs. McKendree likes to tell about the pioneers wanting to be on good terms with the Indians as soon as possible. This Stacey and others taught some of the Indians points in masonry and one day after Stacey had provoked the Indians, they were going to burn him to the stake and had him tied. When he saw the bushes move, he gave the distress sign and an Indian stepped out and put a stop to the burning. This incident is in the files at the Mound Cemetery at Marietta. Mrs. John D. Zook had charge of the program and her guest artists were Mrs. Willard Butterfield and Yolando Sasola.

Mrs. Kent Richey of Pasadena entertained her mother, Mrs. W. A. Sesslar, and aunt, Mrs. Lilly Rowand, of London, Thursday afternoon.

Mr. and Mrs. Willis McKendree (Wanda Grimm) and their baby, Fay Darlene, who have been with her mother, have returned to their home, Norton-rd.

Mr. and Mrs. Henry Beeman, Forsythe, Montana, were guests last week at the home of Rev. and Mrs. Patterson, Maple-dr. Mr. Beeman was delegate at the general assembly, Grand Rapids, Mich.

Cub Pack 31 held its meeting at Valley Ranch on Big Darby, with a family picnic, which was well attended. Many prizes were awarded and a general good time was had by all.

Dorothy Stauch and LaDonna Coulter spent their vacation in New York City, sight-seeing and shopping. They were particularly impressed by Rockefeller Center.

Mrs. Howard Geyer (Joan Reibel), Walcutt-rd, who has been on the sick list for several days, is getting along nicely now.

Among the five young folks from Wesley Chapel and Columbia Heights Church who will attend the fellowship institute at Lakeside-on-Lake Erie are Phyllis Armstrong and Dian Kasler. As Rev. Rose will have a class at the institute, Mrs. Rose will have charge of the morning worship service next Sunday.

A triple shower was held at the home of Mrs. George Terry Tuesday evening when she entertained for Mrs. Willis McKenzie, Mrs. Ken Richey and Mrs. Dick Glass. As Mrs. Glass had just come home from the hospital that afternoon, we were very glad to become acquainted with her mother, Mrs. Walkup, who had arrived from Saratoga, Okla., a few days before. Owing to the fact that Mr. and Mrs. Glass had been stationed in many different camps, Mrs. Walkup had never seen her son-in-law. Pictures, which are not too reliable, were the only means they had of finding each other at the busy union station. After several minutes, which seemed much longer, they found each other and came to their home on Norton-rd.

Another very pretty wedding took place Sunday afternoon at 2:30 when Cleo Thoma of Maple-dr became the bride of Stanley Griggs of 47 Mill-st. The bride, who was given in marriage by her father, Jacob Thoma, was beautiful in a gown of all lace over white satin styled with bustle and a two-yard veil. Her only jewelry was a three-strand pearl necklace, a gift from the groom. Her attendants were Mary Barret, who wore a floor length gown of light blue, and Mrs. Lawrence Fink, who was dressed in pink. She carried a white Bible, a gift from her brother, Lawrence Fink. There was a half hour of special music by Elma Lou Reibel and Martha Clellan, who also sang "The Lord's Prayer" during the ceremony. Charles Griggs was best man for his brother. Lawrence Fink and Harold Hart were the ushers. Little Lind Ward was the ring bearer, who was very grown-up in her floor-length lace dress. At the reception which followed, the bride's mother wore pink crepe, with corsage of very small white roses and lace hat. The groom's mother wore turquoise crepe, with corsage of white roses and lace hat. They left late in the afternoon for their honeymoon cottage in Lancaster and will be at home upon their return, at Pasadena-av.

The heroine of a new novel is described as being pretty, economical, industrious, an excellent cook, and not talkative. The author states in a foreword that no reference to any living person is intended.

Happiness

Student polls are nothing new at Dakota Wesleyan University, Mitchell, S. D., but when Carol Crouch was asked by "The Fresno Cosmian" reporter "When are you the happiest?" she certainly had the answer: "The happiest moments of my life," Carol gurgled, take place on Saturday and Sunday mornings when 6:30 rolls around. I wake up, laugh heartily for three minutes, then turn over and go back to sleep."

Food, Feed or Liquor

We have heard it said many times lately that the grain which is used in liquor manufacturing is not wasted because of the high value of the residue in the shape of brewers' and distillers' dried grains. Glowing advertisements have attempted to show that grain can be converted into alcoholic beverages and still be worth more as feed than in its original form.

The National Grange has produced some figures taken from data compiled by the United States Department of Agriculture which are very interesting.

These facts show that during the year beginning July 1, 1944, 7,895,100 tons of corn, wheat, rye, barley, and sorghums were used in the production of alcohol, distilled spirits, and fermented malt liquors. During the same period only 827,700 tons of brewers' and distillers dried grains were produced. It proves again that you cannot make milk, meat, eggs or pork out of the grain that is worse-than-wasted in alcoholic beverages.—Pennsylvania Grange News.

Returning from his day's toil to his happy little home, father greeted his family.

The Germans Return To Alsace

The week between Christmas, 1944, and New Year's was an eventful one in Alsace. There were unmistakable signs that the Germans were coming back. The population sensed it and so did we. Day after day units moved out of Hagenau back toward more secure spots near Saarburg and Saverne. For those of us who had been with the Fifth and Seventh Armies for several campaigns this was a new trend. Never before had we been forced to move back. The Seventh was steeling itself for the blow that everyone knew was coming. The retreat was slow and orderly, and was for the purpose of taking up better defense positions. It seemed by the great streams of vehicles on the road that the entire army was pulling out.

Fuller

The Germans stepped up the tempo. Planes raided Hagenau by day and by night. The few units which remained there were on edge. We expected to be ordered out at any minute and had equipment ready to load on trucks. But days passed and we remained as practically the only American occupants.

Plane Brought Down

The Jerries had a nuge railroad gun across the Rhine which they kept in a cave. We named it "Alsace Alice." All the time I was in Hagenau this fearsome field piece fired intermittently and wreaked havoc throughout the vicinity. This worry, in addition to the air raids and mounting danger of an all-out attack, gave rise to a form of jitters known as the "Hagenau Twitch." The chief symptoms were inability to sleep at nights and a keen desire to be somewhere else, some place like New York City.

The Jerries bombed us Christmas day while we were eating our turkey dinner. Aside from ruining a few appetities, no damage was done. That night while on guard I heard the distinctive sound of a German plane. It became louder and louder. Four Ack Ack guns barked simultaneously. A streak of flame plummeted toward the earth. A sharp crash gnawed into the darkness and then all was quiet.

The clear winter days were marked by instances such as these. Strafing was common. Often white faced drivers paused at the area for a cup of coffee. As they warmed themselves they would relate how their convoy was machine gunned by a low flying plane, and even as they talked, the roar of Jerry diving to blast the road outside would send us hurtling face downward on the cement floor.

We were treated daily to the great sight of hundreds of heavy American bombers droning overhead. They were on their way to blast cities in southern Germany. Majestic white vapor trails marked a path in the sky behind them. At night similar formations of British Lancasters passed over. The heavy sound of the engines filled the air for hours at a time. We knew as we lay there that some place was going to catch it. It was rather obvious that we were much better off than the people on the receiving end of those bombs.

New Year's day we had another turkey dinner and this time no German planes disturbed us. As the night closed in everything was relatively quiet. Then the captain pulled into the area in his jeep. He was excited. He had orders to move and move fast. Trucks arrived and the equipment was loaded in record time. He was excited. He had orders to move and move fast. Trucks arrived and the equipment was loaded in record time. The temperature was near zero as the company began to move out. Vehicle after vehicle pulled away, headed toward Epinal, the town we had left several weeks earlier. We were quitting Hagenau just as had all the other units several days before.

Three Remain

The people who lived nearby were up and chattering like monkeys. They were more excited than we were. They realized as we did that in a matter of days, possibly hours, the German panzers would be back in town. It was morning when the last truck pulled away. However, three of us were still there. We had been left behind to bring the equipment which hadn't been loaded that night.

When we took stock of the situation, we found we were in sole possession of 45 rounds of ammunition, plenty of bread, three Christmas boxes with cheese, water, in the form of icicles hanging from buildings, no transportation, no communication and no assurance that we would get out before German Tiger tanks pushed their noses under the ancient stone archway which overlooked the narrow cobblestone street leading to the little brick house where two privates and a sergeant had set up headquarters to await the arrival of the trucks which were to take us back to the safety of Epinal. The trucks were due the next day, but as the sun set the following night they hadn't arrived.

PUBLIC NOTICE

Probate Court, Franklin, Ohio. No. 122211 — Victor Voeller, Administrator, with Will Annexed of the Estate of Barbara Gray, deceased, 856 Wilson Avenue Columbus, Ohio, Plaintiff, vs. Margaret Voeller, 856 Wilson Avenue, Columbus, Ohio; Victor L. Voeller, 830 Wilson Avenue, Columbus, Ohio; Raymond Ayres, William Ayres, Glenna Ayres, James Courtney, Barbara Courtney, Mrs. John Coleman, 3648 Tremont Road, Columbus, Ohio; Mrs. Sadie Young, 987 East Mound Street, Columbus, Ohio; Mrs. Anna Buell, 686 High Street, Worthington, Ohio; Mrs. Margaret Russell, Cleveland, Ohio; Frank Snable, Lima, Ohio; Will Snable, Lima, Ohio, Defendants.

James Courtney and Barbara Courtney, whose last known place of residence is Los Angeles, California, and Frank Snable, whose last known address is Columbus, Ohio, are hereby notified that on Feb. 18, 1947, Victor Voeller, administrator with will annexed of the estate of Barbara Gray, deceased 856 Wilson Ave., Columbus, Ohio, filed his petition in Cause No. 122211 in the Probate Court, Franklin County, Ohio; that they have been made parties defendant in said cause.

Plaintiff further says that on or about the 17th day of January, 1947 Barbara Gray died a resident of Franklin County, Ohio, leaving a Will which was admitted to probate by the Probate Court of said County and State on or about the 10th day of February, 1947, that thereafter administration proceedings were had as to the Estate of the said Barbara Gray, deceased, as more particularly set forth in the proceedings and the records of said Probate Court and that the Inventory and Appraisement has been filed in said Estate. Said Will is attached hereto and made a part hereof.

Plaintiff says that the house mentioned in said Will on Linwood Avenue was sold in 1946.

Plaintiff further says that Ida Courtney and Howard Courtney died after the execution of said Will.

Plaintiff further says there was in the safety deposit box in the Ohio National Bank, Town and High Branch, Four Thousand One Hundred Forty Dollars ($4140.00), Five (5) One Thousand Dollar ($1000.00) United States, Series G. Bonds and a Postal Savings of Five Hundred Dollars ($500 00). That there was in the Ohio National Bank, Gay and High Branch, the sum of Two Hundred One Dollars and fifty-nine cents ($201.59), that Barbara Gray died seized in fee simple of the property located at 1076 City Park Avenue; that the insurance amounted to the sum of Three Hundred Fifty-six Dollars ($356.00) and has been paid to the Administrator herein.

That the said Barbara Gray died, leaving no heirs closer than first cousins; that Margaret Voeller, mentioned in said will, is a first cousin of said Barbara Gray, deceased, and that said Mrs. John Coleman, Mrs. Sadie Young, Mrs. Anna Buell, Mrs. Margaret Russell, Frank Snable and Will Snable are first cousins of the said Barbara Gray, deceased; that Raymond Ayres, William Ayres, Glenna Ayres, James Courtney, Barbara Courtney and Victor Voeller are second cousins of said Barbara Gray, deceased

That besides the property mentioned in said petition there is a diamond ring and household furnishings.

That there are important, difficult and doubtful questions respecting said Will and the disposition of said property under said Will and that plaintiff is in doubt as to the construction of said Will and as to the rights of parties in the distribution of the property under said Will, that plaintiff is in doubt about the following:

(1) As to whether the insurance is to go to Raymond Ayres, under the provisions of said Will?

(2) That plaintiff is in doubt, since the property on Linwood Avenue was sold prior to the death of said Barbara Gray, whether said devisees mentioned as to receive said property, are entitled to anything under said Will.

(3) That plaintiff is in doubt as to whether 1070 City Park Avenue is to go to the heirs of Ida Courtney and Howard Courtney, who were deceased pri.. or to Barbara Gray's decease, or to Margaret Voeller or to become a part of the residuary estate and be divided among all the cousins mentioned herein.

(4) The plaintiff is in doubt as to whether said insurance is to be paid to Margaret Voeller.

(5) The plaintiff is in doubt as to whether the $4140.00 in cash, which was in the safety deposit box of the Ohio National Bank, Town and High Branch, the five $1000.00, Series G. United States Bonds, also in said safety deposit box the $500.00 Postl. Savings, also in said safety deposit box, and the $201.59 in the Ohio National Bank, Gay and High Branch, after the payment of debts goes to said Victor Voeller.

That if the Court should decide that the five $1000.00 Bonds do not go to Victor Voeller or any other part contained in said safety deposit box, out of which the debts of the estate are to be paid first, and to whom is the balance to go.

West Park Downs Westgate To Take Over WCL Lead

Westgate Evangelical UB was toppled from the undefeated class in the West Church League Monday night by West Park Methodist in a hard-fought 9 to 7 contest. The Methodists remain the only undefeated team in the loop as the first round of games was completed.

Rain and other factors entered into the picture to cause postponement of two complete sets of games in the first round. Four clubs still have three games to make up.

Double headers will be the order Monday night when the second round of play opens. The following schedule of twin bills will be played (weather permitting) at Westgate Park, starting promptly at 6 o'clock.

Burgess vs. West Park, No. 1
Westgate vs. Hoge, No. 2
Hilltop C of G vs. Hillcrest, No. 3
St. Aloysius vs. Glenwood, No. 4.

In other games played Monday night Glenwood decisively shut out Hillcrest by an 18 to 0 score. Burgess took the long end of a 9 to 5 count from Hoge Memorial and St. Aloysius trounced Hilltop Church of God 11 to 1.
